## Elegant New Homes at South Porcupine

Additions This Year to Fine Residences at South Porcupine. Fatal Accident at the Ankerite. Other News of South Porcupine and District.

South Porcupine, Sept. 12th, 1933. Special to The Advance.

An unfortunate accident occurred at the Buffalo-Ankerite Mine on Monday when a man named Peter Mortensen fell from a tank in the mill ten feet to the cement floor below, injuring himself so severely that he died five minutes after being admitted to the hospital. He has no known relatives in this country. An inquest is being held on Thursday afternoon.

On the same day a man fell from the scaffolding at the new "dry" at the Dome, twelve feet to the floor below. He hit his shoulder on a cement block and received a nasty bruise and shaking up but was able to get back to work next day. In the minds of the public these two accidents were confused and there was quite a widespread report that the man injured at the Dome had died. Fortunately this was not so and by the time this is in print he will be well recovered from his mishap.

Mr. Alex Reid, of the Dome, is holidaying in Southern Ontario. Mr. and Mrs. Hobart Esselstine arrived in town on Thursday last and have taken up residence in the western section of Bruce avenue.

Mr. and Mrs. Percy Richards and daughter have moved into their handsome new bungalow at the corner of Moore street and Bloor avenue. This residence is a credit to the town be-

ing one of the finest, both as to interior and exterior, ever erected here. It has a full size basement, five large rooms on the main floor and an airy attic space on the second floor. It also has a large bath room and has the latest and most modern ideas in homeliness and conveniences. There is a large stone fire-place in the living room, a handsome built-in china cabinet in the dining room, built-in linen cupboards next to the bath room and built-in ironing-board, refrigerator cupboard, and cupboards for every conceivable need in the bright airy kitchen. A large pillared verandah finished in polished B.C. fir leads in to the front of the house. The house is finished in restful harmonizing tints of browns and a touch of green and is surrounded by a spacious lawn occupying the greater part of two lots, which is now prepared ready for landscape planting. On the opposite side of Moore avenue Mr. W. Fairhurst has done considerable renovating to his fine home there. On the corner of Bruce and Moore Dr. Harper has added an addition to the cut-stone residence recently purchased from Dr. Russell, and the other corner is occupied by the residence of Chief McInnis, making this part a section of which a town larger than South Porcupine might well be proud.

On Dome avenue there are three new homes of less pretensions but well built and comfortable, and with conveniences. Two of them erected by Jarvi and Passi are to be occupied by Messrs J. Maccasar and H. Gillam. The other is being erected by Mr. Haavisto. The two new homes built by W. D. Pearce on the ground formerly occupied by the old O. K. Restaurant, each consisting of five rooms and bath with their tastefully painted and finished exterior, are a decided improvement to that part of

the town. They are occupied by Messrs Pagsley and Val Ray. Mr. O'Shea's five-roomed house with basement on the corner which was formerly the Majestic theatre is another addition to the town and is occupied by Mr. and Mrs. Roseburg. There are various other new homes in the process of completion throughout the town.

There was a bridge dinner given at the home of Mr. and Mrs. Ben Curtis, Dome Extension, Monday in honour of their fifteenth anniversary. The friends gathered presented Mr. and Mrs. Curtis with a floor lamp as a token of good wishes for their continued happiness.

Friends of Mrs. James Armstrong at the Dome and Dome Extension gave her a surprise party prior to their moving into town to take up residence in the McIntosh house on Bloor avenue, occupied by Mr. Hadden, and which Mr. Armstrong has recently purchased. Col. A. W. Gray of Toronto, Grand Master of the Sovereign Grand Lodge of Ontario of the I.O.O.F., will be in South Porcupine on the evening of Monday, September 25th. There will be a banquet after the meeting.

Little Miss Mary Kemsley, of the Dome, entertained a number of her young friends on Tuesday, September 12th in honour of her fifth birthday.

Mrs. Arvi Maki has returned by motor with her father and sisters to Sault Ste. Marie for a visit at the parental home there.

## Enjoyable Picnics Near Moss Mines

Beach at Round Lake One of the Most Beautiful in the North. Happy Times by Families Living at the Moss Mines.

In a recent issue The Advance had a humorous reference sent in by an old friend of this paper regarding a picnic held by employees of the Moss Mines. The item mentioned an unfortunate accident at the picnic when one man had his leg broken and another incident where two men were fined for having liquor. The friend's letter concluded, "Nevertheless, a pleasant time was had by all."

The article was checked up by J. D. Tolman, general superintendent of the Moss Gold Mines, Limited, who seems inclined to think that the item was a malicious misrepresentation by someone who had been discharged from the mine. In this belief, Friend Tolman, is wrong, for the letter has not an atom of malice in its funny carcase. If Mr. Tolman knew the author of this, but now that the attempted joke missed fire the author of the bad marksmanship will have to remain anonymous for his own safety.

Writing in regard to the matter, Mr. Tolman says:—"At the Moss we now have about twenty-three families, who have all come in during the past nine months, and they and their children have had some very enjoyable picnics at Round Lake, about thirteen miles from here, at one of the most beautiful beaches I have ever had the pleasure of seeing. These picnics have been held on change Sundays during the summer and have given an opportunity of enjoyment and better acquaintance among all employees. They have been quiet and orderly affairs."

In reference to the event to which the item no doubt referred Mr. Tolman says there was one of the picnics at which one man had a bottle of gin and for this breach of the law and regulations the offender was checked up by the provincial police who were present at the picnic. The man was fined as a consequence. At none of the other picnics was there any liquor. Among seventy people or more present at the picnic in question there was no other disorder, so the record may be admitted to be very creditable.

"The accident to Jack McLeod was very unfortunate," Mr. Tolman writes. "Jack McLeod slipped under the truck when it started up after stopping to let off some other members of the party upon the return trip."

**BEARS PLENTIFUL IN THE NORTH LAND THIS YEAR**  
Bears are reported as unusually plentiful in the North this year. They have become so bold that they have been appearing quite close to the towns. While there were some tall tales about bears in the Timmins vicinity early in the summer, these stories have proved to be without foundation. No one has been killed by bears in this vicinity, though one week both a boy and a girl were seriously reported as being killed by bears near Timmins. There have been no authentic cases reported of bears injuring anyone in the area near here, but there are reports of other damage done by bears, such as attacking stock on the farms of settlers, stealing goods and destroying property in their search for food or their notorious curiosity. A number of bears have been seen near Timmins by settlers, berry pickers and others. Similar reports come from other parts of the North as noted in The Advance on different occasions. Elsewhere in this issue is a reference to a big black bear shot near Hearst. Here is a paragraph from The Northern Tribune, of Kenaukasing, last week, in reference to bears: "Black bears are reported as numerous and troublesome this year. They have been boldly marauding cabins, tearing out window casements and causing other damage in their eagerness to get at delectable fare. A big black fellow was shot in broad daylight close to Moonlight Camp at Remi Lake; another one was bumped off at Smoky Falls after he had mauled over a store of eatables in a cabin; and Hearst reports another big bear laid low there, all in one week. Actually the bruins are not to be feared very much, as they will amble away if given a chance; but for the damage they do they are a nuisance."

Trinity United Church was a profusion of flowers, fruits and vegetables on Sunday for the Harvest Festival services, conducted by the Minister, Rev. M. Tait. It has been many years since there was such a large congregation. It was necessary to put chairs in the aisles to accommodate the congregation. There were special anthems by the choir as well as solos and duets. On Monday night a social and sale of the produce was held. A short programme was enjoyed and Mr. J. G. Harris very capably auctioned off the wares, which netted a good sum. With the Sunday collections upwards of two hundred dollars was taken in. Next Sunday will be "Rally Day" and the Sunday School children are asked to be at the church at ten thirty o'clock in the morning to assist in the morning service.

Her silk net veil was caught with pearl ornament. She wore white gloves, white satin slippers and hose to match, and carried a bouquet of roses and sweet peas, and also wore the gift of the groom, a Baguette watch.
