Kirkland Lake Man Victim of Shooting

Phelix Rozwalka Shot in Back in Broad
Daylight as he Leaves Store in
Kirkland Lake.

Just as he was leaving a Kirkland Lake grocery store in broad daylight on Monday afternoon, Phelix Rozwalka, 27 years of age and unemployed, was shot in the back by some person now unknown. A bullet passed through his back, shattering his hip bone and lodging in the lower abdomen. He was hurried to the Kirkland Lake Red Cross hospital where he was operated upon for the removal of the bullet. He is reported as in a critical condition.

According to word reaching town on Tuesday from Kirkland Lake, Rozwalka was shot as he was leaving by the side entrance of Spondor's grocery store, Lebel and Kirkpatrick streets, Kirkland Lake.

No one saw the man who fired the gun and police are at a loss to find the motive for the shooting. While the streets were crowded at the time, it being payday at the mines, no person can be found who can throw the faintest ray of light on the affair.

Rozwalka, a Polish immigrant, staggered back into the store holding his side and said to R. Spondor, owner of the establishment, "Somebody shoot me. I no steal nothing." Dr. R. Rumbell ordered him removed to hospital. Chief of Police William Shane said later "The shooting so far is a mystery. Until we learn from the doctor what make of bullet it was we cannot do much."

I. Orlanda, who was walking about 5 feet from the man when the shot struck him said "I heard a noise from the west and saw Rozwalka put his hand on his side."

Rozwalka's condition is critical. A native of Poland, Rozwalka came to this country in April, 1928, taking up residence in Sudbury. He came from Sudbury to Kirkland Lake in 1930. He has not worked since coming to Kirkland Lake and was living at 49 Taylor avenue with his wife, Josephine, aged 20. They have both been on relief for some time.

New Liskeard Speaker:—Canada, even though not one of the world's richest nations in ready money, seems to be standing the pressure even better than the United States, our mines contributing largely to the help of this country.

Note—This ad. appeared before but replies were lost by head office. Apply box number M. D., Advance, Timmins, Ont.

Several Jail Terms at Court This Week

Windsor Man Given Six Months or \$500.00 and Csts. Several Three Month Terms for Illegally Having Liquor. Other Cases.

There was more than the usual number of cases at police court here on Tuesday, there being 32 cases on the docket.

Paul Horoky, of Windsor, Ont., and Seraphin Douillard, of the same place, were charged by Constable Allan, R. C. M. P., with violation of the Excise Act. The two men were picked up in town by the R. C. M. P. in a coupe car, with 48 gallons of alcohol in the rumble seat. Horoky pleaded guilty and was fined \$500.00 and costs, or six months. He will likely take the jail term by all appearances. Douillard pleaded not guilty, and was remanded for one week pending return of an analysis of the liquor seized. He is in jail in the meantime or until bail of \$500.00 cash or \$1000.00 property is forthcoming. The men were caught in a laneway on Balsam street south. So far as the police know these men have never been in town before. Douillard claims that he simply drove the other man here, Horoky not having a driver's license, and Douillard coming here himself to look for work. A R.C.M.P. who used to be in Windsor says he knew Douillard there.

A man charged with non-support of his family and whose case was called last week was remanded again to next week.

A violation of the motor by-law was before the court but was remanded to next week.

Miss Loretta Lemaire and Mrs. Willie Herbert, of the London Cafe, pleaded guilty to charges of immoral living, and each of them was fined \$25.00 and costs, the same being paid forthwith.

Oscar Forest, 79 Hollinger Lane, was fined \$100.00 and costs for illegally having liquor.

For violation of the excise act, Chas. Rondeau, Mountjoy township, was fined \$200.00 and costs. A still was found on his premises by the R.C.M.P. In lieu of the fine he will have a jail term of three months.

Rossir Rioux, 70 Birch street north, was given ten days in jail at Halleybury, with hard labour for being drunk in charge of a car. Rioux bumped another car last week and did not remain at the scene of the accident. He was arrested later by Sergt. Moore who found him intoxicated in charge of a car.

A charge of illegal possession of liquor resulted in Adelard Brazeau being fined \$100.00 and costs or three months. He is taking the jail term so will spend Christmas at Halleybury. This will be the third successive year that he has spent Christmas at Halleybury, the other two years also being terms for breaches of the liquor laws.

John Birau, Birch street, charged his wife, Dominique Birau, with the theft of a trunk and some documents and other articles. Mrs. Birau apparently left her husband and his claim is that she took along with her the trunk and other articles belonging to him. The case was adjourned for a week, the magistrate apparently hoping that the couple might adjust their difficulties in the meantime.

Sesare Genuzie, Birch street south, was charged with illegal possession of liquor and fined \$100.00 and costs. A gallon of wine was seized at the time of his arrest.

There were several ordinary drunks, some of them so ordinary so far as their drunkenness was concerned that they were given terms at Halleybury for second or third offence. Two were given three months at Halleybury for the third offence for drunkenness. One other was fined \$50.00 and costs for a second offence, with the alternative of thirty days. He favoured the thirty days. Three others paid \$10.00 and costs for being salubriated.

Some stone throwing by boys caused an argument between two men, the one being the father of a boy accused of stone-throwing and the other a man who had a window broken by the stones thrown. The argument progressed into physical action and the man who felt he was insulted by being assaulted had his assailant in court. A nominal fine of \$5.00 and costs was imposed.

In Juvenile court, three boys, one eleven years old, and the other two each thirteen years old, were charged with the theft of a bicycle. They were each given suspended sentence, ordered to report once a week to the probation officer for three months, and to each make restitution to the extent of 75 cents for damage done, the bicycle being returned to its lawful owner.

Another series of cases in the Juvenile court charged four boys with theft from T. & N. O. cars. These boys, their ages being from 13 to 15 years, had broken into four T. & N. O. cars and taken away a quantity of articles therefrom. The articles were inexpensive, and most of the stolen goods were recovered. Two charges were laid against each of these lads. On one charge one boy was dismissed but convicted on another and given suspended sentence. He was placed on parole for one year and ordered to make restitution to the extent of \$5.30. The other lad was given a similar penalty, the restitution in his case being placed at \$14.55 in the one case and \$5.30 in the other. The two other lads were remanded to next week for sentence.

**PORCUPINE BRANCH C. I. M. M.
TO HONOUR BALMER NEILLY**

Porcupine Branch of the Canadian Institute of Mining and Metallurgy is giving a Presidential Supper in honour of Balmer Neilly on Wednesday evening, Oct. 18th, in the McIntyre Recreation hall, Schunacher. The event will commence at 6 p.m.

Record Size Potatoes Grown at Golden City

Frank Rodger presented The Advance this week with two record-size potatoes grown at Mr. Rodger's summer home at Golden City, on Wilson's farm. It may be noted that the quality of the potatoes is even more notable than the quantity. They are what may well be termed two-meal potatoes, one of these potatoes furnishing enough potato for two meals for the ordinary man, while the quality is such as to tempt the normal man to make a meal of the one potato. The potato in appearance and flavour leaves nothing to be desired. The one potato weighed 1 pound 15 ounces, while the other tipped the scales at 2 pounds, 4 ounces. Solid, mealy, clean and tasty, these potatoes are a good proof of the claim often made that for full-size market garden produce of high quality the North Land can not be excelled.

War Memorial Was Criticized at Legion

Meeting Monday Voiced His Views on
Present Condition. Austin Neame
Gave Fine Address on Con-
vention Matters.

The first general meeting this season of the Canadian Legion in Timmins was held on Monday evening in the Oddfellows' hall. It was one of the most largely-attended meetings for a very considerable time, extra chairs being required to accommodate the members.

President Tom Parsons, occupied the chair.

The financial report showed a good balance on hand but the summer activities had made its mark. The Week of Wonders just about paid its own and the Relief Fund prize draw a small profit.

Several new members were added to the branch, two taking the initiation. Plans were completed for the holding of Decoration Day, reference to which is made elsewhere in this issue.

Mention was made of the visit of Capt. Innis, of the Poppy Day campaign committee of the Provincial Command. It is planned to have an open meeting on Saturday, Oct. 7th, in the Oddfellows' hall. Capt. Innis is a talented speaker and well versed in the ideas and objects of Poppy Day.

There were very pointed references regarding the war memorial at the Spruce street park. One comrade voiced his opinion in very terse language but the main complaint was the pieces of two by four lumber upon the memorial at the present time. One comrade said it reminded him of a gallow. Several others voiced strong dissatisfaction of the memorial and a resolution was unanimously passed urging the town authorities to have the wood removed at least.

Past President Austin Neame, the delegate, gave a very concise report of the provincial convention at Windsor last month. In opening he said "Perhaps you think the depression has hit the Legion! Well it hasn't! We have over 2,000 more members in Ontario than we had this time last year. The present strength stands at 14,400 fully paid-up and a total strength of 17,700 the other 3,300 being men who are unable to pay their dues but are retaining membership. In Service bureau work it was gratifying to learn that over 60 per cent. of the work done was for ex-servicemen not in the Legion. One of the highlights of the address was the short review of the economies effected in the administration of the head office. Some good resolutions were passed and these all met with the approval of the local members. In closing Austin Neame touched upon the appointment of Councillor Morton, of Kirkland Lake as the zone representative for his immediate district. Then with his usual style he read a portion of Col. Roper's speech at the London convention of the B. E. S. L., the speech which the London newspapers featured for days. It dealt with the Legion's proposal for an interchange of trade within the Empire. A number of leading businessmen are leaving Canada in the near future, headed by Sir Arthur Currie. They will place their proposals before the British public, and in this way it is hoped to make for more employment. The men who compose the Canadian Legion to-day, helped the Empire in times of war. They are now out in full force to help it again in promoting trade within the Empire.

A very hearty vote of thanks was accorded Past President Austin Neame for his inspiring address.

A social hour was held in which several of the old favourites obliged with some fine songs. The meeting closed with the National Anthem.

**WITNESS MAKES SERIOUS
CLAIM IN NORTH BAY CASE**

The charge that James Carleton, accused of setting fire to a cottage and barn of J. J. Sava, in Widdifield township on September 5th, attempted to persuade witnesses to testify that he was with them the night in question, featured Carleton's preliminary hearing before Magistrate C. S. McGaughey at North Bay last week. Carleton was committed for trial, but released on his own bond.

Albert Holbrook, North Bay, told the court that Carleton had asked him to swear he had seen him on the Fisher street bridge, in North Bay the night of September 5th. "I haven't been on the Fisher street bridge for two months," Holbrook claimed.

**OFFICIAL RE-OPENING OF
ROYAL ONTARIO MUSEUM**

Invitations have been issued by the chairman and board of trustees of the Royal Ontario Museum for the official re-opening of the museum on the afternoon of Thursday, Oct. 12th, at 3 p.m. at 100 Queen's Park, Toronto.

Sudbury Observes Jubilee of Nickel

Sudbury's Newspaper Gives Graphic
and Attractive Review of all Fea-
tures of the Nickel Industry,
1883 to 1933.

Last week the nickel industry at Sudbury achieved its fiftieth anniversary. That in itself is an event worthy of attention. The special edition issued by The Sudbury Star to note the occasion is equally noteworthy. The special supplement to The Sudbury Star is printed in excellent way on good paper and bound in large size magazine form. It will make a souvenir of historical value for the occasion. The issue is arranged in attractive form, has a large number of interesting and valuable articles and is profusely illustrated.

The cover page of the feature edition tells the story of the contents in concise way. "The Story of a Great Canadian Industry — International in Scope," are the words carried between the panelled dates 1883 and 1933. A picture is shown of drilling operations into the face of solid nickel-copper ore in one of the rich mines of the Sudbury district.

The opening pages are given over to congratulatory messages from the Dept. of Mines at Ottawa, Premier R. B. Bennett, Premier Geo. S. Henry, Premier Leonard P. D. Tilley, Premier Brownlee, Premier Harrington, Hon. G. Howard Ferguson, Premier Bracken, Premier Tolmie, Premier Taschereau, Premier J. T. M. Anderson, Premier J. D. Stewart, and others, touching on the importance of the nickel industry to all Canada.

Then follow articles dealing with all phases of the nickel industry. These include: "Fifty Years of Achievement," by Robt. C. Stanley, president of the International Nickel Company of Canada; "A Short History of Nickel"; "The Golden Jubilee," an editorial; "Where the Grim Rocks are Conquered," dealing with the smelting of nickel ores; "Pioneers who Charted the Rock Ribbed Wilds," touching on the faith and resourcefulness of the prospectors and miners; "Ontario Mines Department an Important Factor," by Thos. W. Gibson, Deputy Minister of Mines for Ontario; "S. J. Ritchie's Graphic Story of Nickel's Triumph"; "Sudbury, the Hub of Nickel's Industrial Progress"; "Dominion Mines Dept. Assists Progress," by W. B. Timm, chief of the division of ore dressing, Dept. of Mines, Ottawa; "Supplying Low Cost Power to Northern Ontario," by Hon. J. R. Cooke, chairman Hydro-Electric Commission; "Nickel in Other Lands," by Paul D. Merica, assistant to president of International Nickel; "Ontario's Mining Chronology"; "A Chronicle of Early Days in the Nickel Industry";

Was Rozwalko Shot in Mistake for I. Spondor?

In last week's issue of The Advance reference was made to the statement by Isadore Spondor, the noted marathon swimmer, whose home is now at Kirkland Lake, where his father conducts a grocery store. Spondor alleges that some of the swimmers in the recent C.N.E. marathon swim were doped and that because he knows about this his life has been threatened. The authorities do not place much faith in this story, but there it is. On the other hand at Kirkland this week a man was shot just after he came out of Spondor's grocery. The police look upon the shooting as a complete mystery. Here is a chance for some of the emotional newspaper reporters to put two and two together and make quite a few. Why not have the mystery cleared by suggesting that Rozwalka was shot in mistake for Isadore Spondor? It might be easy to make them much the same appearance from behind, no matter how either of them appear in contrast to the other. Rozwalka was shot in broad daylight on street in Kirkland Lake on Monday afternoon. Reference to this shooting will be found on another page of this issue.
