Read this very enthusiastic letter:

"Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market.

"My friends often laugh at my fondness for All-Bran. It gives such a clean taste in the mouth, and I do not feel satisfied until I have had my All-Bran.

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."-Miss Amy Person. (Address furnished upon request.)

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines-often harmful. Just eat two tablespoonfuls daily for most cases, try it three times daily. If not relieved this way, see your

"Mrs. Mary Stokes, wife of Jock Stokes "pro" at the Kirkland Golf Club, narrowly escaped harm in a fire which broke out in their home at the golf course early Monday morning of this week when flames destroyed the building and its contents.
