

Interesting Field Day Held at Mattagami Public School

Weather Last Wednesday was Slightly on the Cool Side, but Mattagami School Pupils Did Not Worry. Notable Programme of Sports. List of the Winners in the Various Events During the Day.

On Wednesday, Oct. 4th, the pupils of Mattagami School made their way to the school-ground to strive to outdo their classmates in friendly competition. The afternoon was rather cold but was unfeared by most in the excitement of the moment.

The races were well organized and were run off with clock-like regularity. The sack, potato, and shoe race caused much enjoyment as the contestants tumbled, headlong, chased fallen potatoes or tried to put on shoes many sizes too small.

The final event was the pole vault, and as Oliver Aalto hurled himself 8 feet upwards he topped off a splendid afternoon.

Mr. Luxton, member of school board, with the aid of a trusty "Big Bill" cap gun, got the races off to fine starts.

Results of the races were as follows:

- Senior Girls**

AFTER ACCIDENT SHE PUT ON WEIGHT

Kruschen Took it Off Again!

A woman sends the following account of the consequences of an auto accident in which she was involved:—

"A year ago I had a very bad automobile accident, which left me more or less a cripple. Having to lie in bed so long, and being unable to move, I began to put on flesh. When I was able to walk a little again, I found I was 144 lbs., and being just under 5 feet you may guess how I was placed. So I thought I would try Kruschen Salts, and I must say they have done me a lot of good in every way—but chiefly in keeping my weight down. In three months I lost 6 lbs. Then I left off taking the Kruschen, and I soon went up to 142 lbs. again. So at once I got more Kruschen, and am again steadily reducing. My weight last month was 134 lbs."—(Mrs.) W. H. M.

Kruschen combats the cause of fat by assisting the internal organs to perform their functions properly—to throw off each day those waste products and poisons which, if allowed to accumulate, will be converted by the body's chemistry into fatty tissue.

TORONTO KIWANIS PLEASED WITH WELCOME GIVEN HERE

The Toronto Kiwanis Club members visiting here last week were well pleased with the hospitality shown them by the North and especially by the people of Timmins. How they felt about the treatment received at Timmins is probably well expressed by the following editorial note published in The Toronto Globe on Tuesday morning of this week. The Globe's editorial note said:—"Toronto Kiwanians who visited Timmins and were royally entertained will retain happy memories of Northern hospitality. Timmins folk know how to make their guests feel at home, and delay their departure."

Runaway Team Caught by Chief Jones This Week

Apparently Chief Jones intends to preserve law and order in town on all occasions and in all circumstances. Also, he does not intend to let anything get by him—not even runaway horses. On Monday just as the chief was going home to lunch a runaway team came tearing up Fourth avenue at wicked pace and it looked as if both property and lives might be endangered when the horses reached the area near the post office where there was so much traffic. The runaway team appeared to become more and more excited and uncontrolled, the panic of the horses being increased by the banging of the trailing whiplashes against their heels. There had been no permission given for such a dangerous parade, however, so the chief decided it should be stopped. And he stopped it. He got out in the road and signalled the animals to stop and as they failed to do so he took effective measures to make them observe Timmins law and order. He showed he was an expert in stopping and capturing a runaway team, and soon the animals were restored to their owner with a caution to watch them better so that they might not endanger life and safety on busy streets.

"Cavalcade" at Goldfields Three Days Next Week

Many who have seen "Cavalcade," the famous British picture coming to the Goldfields Thursday, Friday and Saturday of next week, Oct. 19th, 20th and 21st, are very enthusiastic about this film. The plot, the filming, the acting, everything about the picture, is said to be unusually good. "Cavalcade" is ranked high indeed among the recent pictures and few motion picture fans will care to miss it.

Sudbury Boy Helps to Capture Bad Tame Bear

Some weeks ago The Advance made reference to a tame bear at Sudbury that broke away from its moorings and caused considerable excitement in the city of Sunday collection. This bear has been at it again. This time it took a boy to capture the animal after it had given the police the run-around. The story is told by The Sudbury Star as follows:—

"Two constables and a police dog failing to capture Showman Charles Geary's tame bear when it raided the Pine St. West territory about 4 o'clock Wednesday afternoon, it remained for a young boy, Gordon Dowdall, to seize its chain and tether it to a verandah post. The animal is now caged. The bear had been tied to a tree, but managed to slip its chain and ambled up the street in search of food. Mrs. C. Riley, 412 Pine St., telephoned the police station when it climbed her verandah, and Inspector Ed Pyle and Constable Joseph Beaudoin responded, accompanied in the police car by Chief Loudon's dog. Hand gripping his revolver Beaudoin attempted to shoo the animal away from the crowd of youngsters which rapidly assembled, but Bruin wouldn't shoo. Finally young Dowdall got hold of the loose end of the chain dangling from its neck."

Concert on Sunday Pleases Big Crowd

Goldfields Filled for First of the Series of Concerts Planned Under the Auspices of the Timmins Society for the Advancement of Music.

On Sunday evening after the church services the first of which is planned to be a series of concerts under the auspices of the Timmins Society for the Advancement of Music was presented in the Goldfields theatre. The crowd attracted by the event filled the theatre to capacity and a number had to be turned away for lack of further room. The programme proved to be one of much interest to music-lovers and these concerts will undoubtedly prove popular if the high standards of the first event is maintained. In the course of his remarks as chairman on Sunday evening Bernard Sky suggested that it was the intention to hold these concerts every two or three weeks during the winter. He said that Timmins had lots of talent that was known and appreciated and it was hoped to bring out new talent that would be equally popular. By the way Mr. Sky was a big hit as a chairman, his geniality keeping the crowd in constant good humour.

The programme for the concert was a very pleasing one, and every number given was greatly enjoyed. Encores were the order of the evening and some of the recalls were very insistent. All the artists were popular, but two were singled out for very special and merited appreciation. These were Miss James and Miss Gilda Toner. Miss Gertrude James, who is Home Teacher for the Canadian National Institute for the Blind, at present in Timmins in the course of her work, proved a vocalist of special talent and her presentation of classics, such as "The Rosary," delighted all. Miss Gilda Toner was the outstanding popular favourite of the evening and her gifted playing on the accordion merited all the approval given her. She was insistently recalled at every appearance.

The trio, Ed Nathanson, violin, Walter Pospichel, cello and H. Walter piano, pleased the audience with their talented presentation of a number of selections. In some of the numbers Miss Gilda Toner and her accordion were added to the other musicians to the delight of the audience. Among the numbers given by the trio and the quartette were—"La Cinquantine," "Hungarian Czardas," "Hungarian Dance," "O, Solo Mio," "Play, Fiddle Play," and "Dark Eyes."

During the evening there were pianoforte solos of special merit by Miss Adeline Nathanson and Miss Ann Smering, these talented young ladies also playing the accompaniments for other numbers.

Another special number on the programme was the violin solo, "Czardas," by Ed Nathanson, who won general approval and applause.

Many Dolls and Toys at Fire Hall, but More Wanted

The call for toys and dolls by the Timmins fire brigade has met with notable response. The boys of the brigade are asking people to turn over broken toys or discarded ones and they will be repaired and made as good as new by the boys at the fire hall in their off time. A large number of toys and dolls have been handed over to the fire hall. But more still are needed. If you have any toys or dolls you want to discard just hand them over to the boys at the fire hall. The idea is that the dolls and toys after being repaired and re-decorated are to be given to children at Christmas who would otherwise not have any Christmas joy of this sort. The firemen used this idea last year and delighted over a hundred youngsters.

PREMIER FAVOURS CENTRAL BANK FOR THE DOMINION

A despatch over the F. O'Hearn & Co. private wire yesterday says:—

"Winnipeg, Oct. 11.—Any government of Canada would be "recruct to its duty," if it launched out at this time upon a policy similar to that laid down by the National recovery programme in the United States, Prime Minister Bennett declared last night, addressing an audience of some 3,000 men and women in Winnipeg's Civic Auditorium. The premier also indicated his approval of a central bank for Canada. Such a bank would control the operations of credit and currency. In the case of Canada a central bank was desirable if this country was to be freed from financial servitude. At present, he explained, there was no direct exchange transactions between Canada and London and the value of the dollar in relation to the pound sterling was practically determined by transactions in New York."
