Bishop Honoured on Tenth Anniversary

Citizens of Haileybury and District Join in Paying Homage to His Excellency Bishop Rheame at Banquet in Cathedral Hall.

Wednesday of last week was the tenth anniversary of the consecration of Rt. Rev. Bishop Rheame as bishop of the diocese of Haileybury. Special observance was given to the occasion and many throughout the district will be interested in the occasion. From the columns of last week's Haileyburian there is given below a full and comprehensive story of the celebration. The Haileyburian says:—

"Citizens of the town and the district to the number of about 300, joined in paying homage to His Excellency, Louis Rheame, Roman Catholic Bishop of the far flung Diocese of Haileybury, at a banquet held on Wednesday evening in the parish hall of Holy Cross Cathedral here, to celebrate the tenth anniversary of his consecration. People of the Protestant faith joined with the Roman Catholic people in the celebration and there was ample evidence of the peace and harmony which prevails between the two in this community. Members of the Roman Catholic clergy and ministers of the other churches were present in numbers, together with leading citizens of the town, to offer greetings to His Excellency and to wish him success in his work in the diocese and a safe and pleasant journey when he leaves in the near future on a trip to Rome.

"The celebration of the anniversary commenced with Pontifical High Mass in the Cathedral at 10 a.m., at which His Excellency officiated. A sermon in French was preached by Rev. Father Rouillier, Nedelec, Que. and former parish priest of Haileybury, and an English sermon by Rev. Father O'Gorman of Timmins. The church choir from North Temiskaming gave the musical part of the service. At 4 p.m. a Benediction service was held and the banquet followed at 7 o'clock. There were some 40 priests of the Diocese present, together with Father Chapleau of North Bay, Father Lorrain, Bonfield, and Father Gravel, Pembroke.

"Following the banquet, which had been prepared by the newly organized Catholic Women's League, Jos. A. Legris acted as chairman for the evening and proposed the toast to the Pope and the King, which was responded to by the singing of the National Anthem. Mr. W. A. Gordon, expressing his regret at being unable to attend and do honour to one who had rendered a distinguished service to Temiskaming, the chairman's duties were exceptionally heavy, as he spoke in both French and English, but he carried them off in his usual fine style and paid a sincere tribute to the good work of His Excellency, stating that one only had to look around to realize what he had done for the town of Haileybury and the diocese. The honour being paid him was well deserved and was not too much for what he had done, the chairman said.

"An address to His Excellency in French was read by Mr. Simard which was followed by one in English by Mr. T. J. Meagher. The latter extended to the bishop a tribute of homage, gratitude and good wishes from the English-speaking members of the Church, spoke of the great work His Excellency has done in the past 10 years for the diocese and the parish, not only in material things but in spiritual teachings, and promised filial obedience and faithfulness to him and to the Holy Father whom he was soon to visit.

"Greetings from neighbouring towns were brought to the Bishop, first by Mr. Jos. Beemans of New Liskeard, who presented an address in French, and second by Mr. R. H. McGowan of Cobalt, who spoke in English. Mr. McGowan assured His Excellency of the homage, fidelity and loyalty of the English-speaking Catholics of the diocese, termed him a worthy successor to the late Bishop Latulippe, "whose love lingers in our hearts" and extended congratulations and good wishes for the future. "We hope we may be true and loyal children and we want a place in your esteem and affection and to be worthy of your prayers," Mr. McGowan concluded.

"Mayor Geo. T. Hamilton extended to His Excellency greetings on behalf of the municipality and the appreciation of the citizens of Haileybury for his good works. "He is not only the Roman Catholic Bishop," His Worship said "but he belongs to us all and no man has done more to bring together not only the French and English-speaking Catholics, but the Protestants and Catholics." Bishop Rheame had always been ready to co-operate to the fullest with the municipality, the mayor assured the gathering and he promised the co-operation in return of the community. Mr. Hamilton concluded his address by reciting the appropriate poem, "The Face in the Cathedral," assuring His Excellency of the hope and prayers of the community that he might have a long and successful life in the diocese.

"It was towards the end of the programme when His Excellency was called upon to address the gathering, which he did in both languages, first in French his native tongue, and then in English. In the latter he said that if many in the audience were meeting him for the first time it was because of the vast territory he had to cover in his visits to all parts of the diocese. He might often be seen at the railway station, he said, for he travelled in a "poor man's car" on the T. N. O. and was almost always either coming or going. He was 20 years a priest before he was a Bishop, spending that time in Ottawa and only leaving the city once every four years. He was paying for that, now, he said, and told something of the vast extent of the Diocese of Haileybury, which stretched 500 miles north and south and 524 miles east and west. In it there were 65,000 Roman Catholic people, 60 parishes and a great many

lency to pronounce a blessing which he said "will not hurt any of you and will do many of us a great deal of good." The singing of "O Canada" concluded the programme."

Northerner's Impressions on Trip Going to South

Last week The Advance gave an article from The New Liskeard Speaker showing Zalek Vertlieb's impressions on a trip going South. He had some more of these impressions in another article last week and these are given herewith. With all the impressions of Southerners coming north it is interesting at least to read those of a Northerner going south. Here is what Zalek Vertlieb says last week:—

"After leaving Cobalt it was getting too dark outside, but I noticed that near Gillies and Latchford there was not so much lumber in piles as two years ago, and a number of cars were placed for loading. Lumbering is going to look a little brighter from now on, as most of the large stocks have grown smaller, and there are good chances of the lumberjack, river driver, and saw mill men going back to their various jobs this coming season, after a complete shut down of about two years. If lumbering and newspaper industries will come back it will not only give employment to thousands in the bush mills and on the railway, but to many in machine factories for equipment, throughout Canada. Soon after we came to "Timogomi", Ontario's most famous summer resort, where people from all over Southern Ontario and thousands of American tourists come for their vacation. The scenery and the lakes and woods are most beautiful. The layout of the small lakes in the moonlight and the shores lined with small spruce, with such gentle slopes, make a picture one never forgets. In fact, all along the T. & N. O. from Temagami to North Bay is a paradise to any nature lover. As the train rolls along the lake is first on one side of the track and then, as if by magic, it swings to the other side of the track. The beauty of it cannot be described even by a great poet, let alone by a poor Conservative like me, and this keeps up for over sixty miles. It was getting too dark to look out of the window, so I started looking inside the car to see if there were any pretty ladies."

"Extending his thanks for the observance of the anniversary of his consecration, His Excellency said he wished to all a welfare second to none, "a welfare that will keep you not only good citizens of the country, but of heaven, for what we are aiming at is a better life after this," he concluded.

"An orchestra and a choir from Ville Marie both under the direction of Father Lambert, the venerable priest, who is well known in Haileybury, gave selections at intervals during the programme, and solos were sung by Mrs. F. M. Fleming of Haileybury, and Mr. W. Jones of Cobalt.

"In closing the programme Mr. Legris tendered thanks to His Excellency and to all who had participated in the celebration, mentioning in particular Father Pelchat, who originated the idea, the artists, who had contributed to the programme, the Catholic Women's League and the speakers, together with all who had attended and thus showed their appreciation of the Bishop's work in the diocese. He asked His Excel-

WARMING NOURISHING ECONOMICAL delicious in flavour

A hot breakfast of Purity Oats provides quick and lasting nourishment for your family these cold mornings. Money could not buy a more invigorating breakfast, yet each delicious, steaming dish of Purity Oats costs less than one cent—the most economical breakfast you can serve. WANTS TO GET THE PATTON CUP AWAY FROM TIMMINS

Writing last week in his columns of "Sportology" in The North Bay Nugget, "Observer" says:—"Wonder when Timmins' dominance in interscholastic basketball circles is going to end? The High Schoolers of the gold diggings have held the Patton Cup, the senior boys' titular emblem, for three years in a row, and each season repulsed invasions by the North Bay Collegiate Institute and Kirkland Lake High teams. The Teck Township scholars raised quite a holler last spring when a referee's decision counted them out a rather hectic series. Saul held the trophy for a year or two, then it moved down to Sudbury and from there to here—and it was here only a part of a season when down swooped the Gold Miners to carry it away to what has proved to be a well-fortified citadel. How about grooming the Normalites for an attack this year? The budding female tutors of last year snatched the Lockett Shield from the grasp of the Sudbury High lassies."

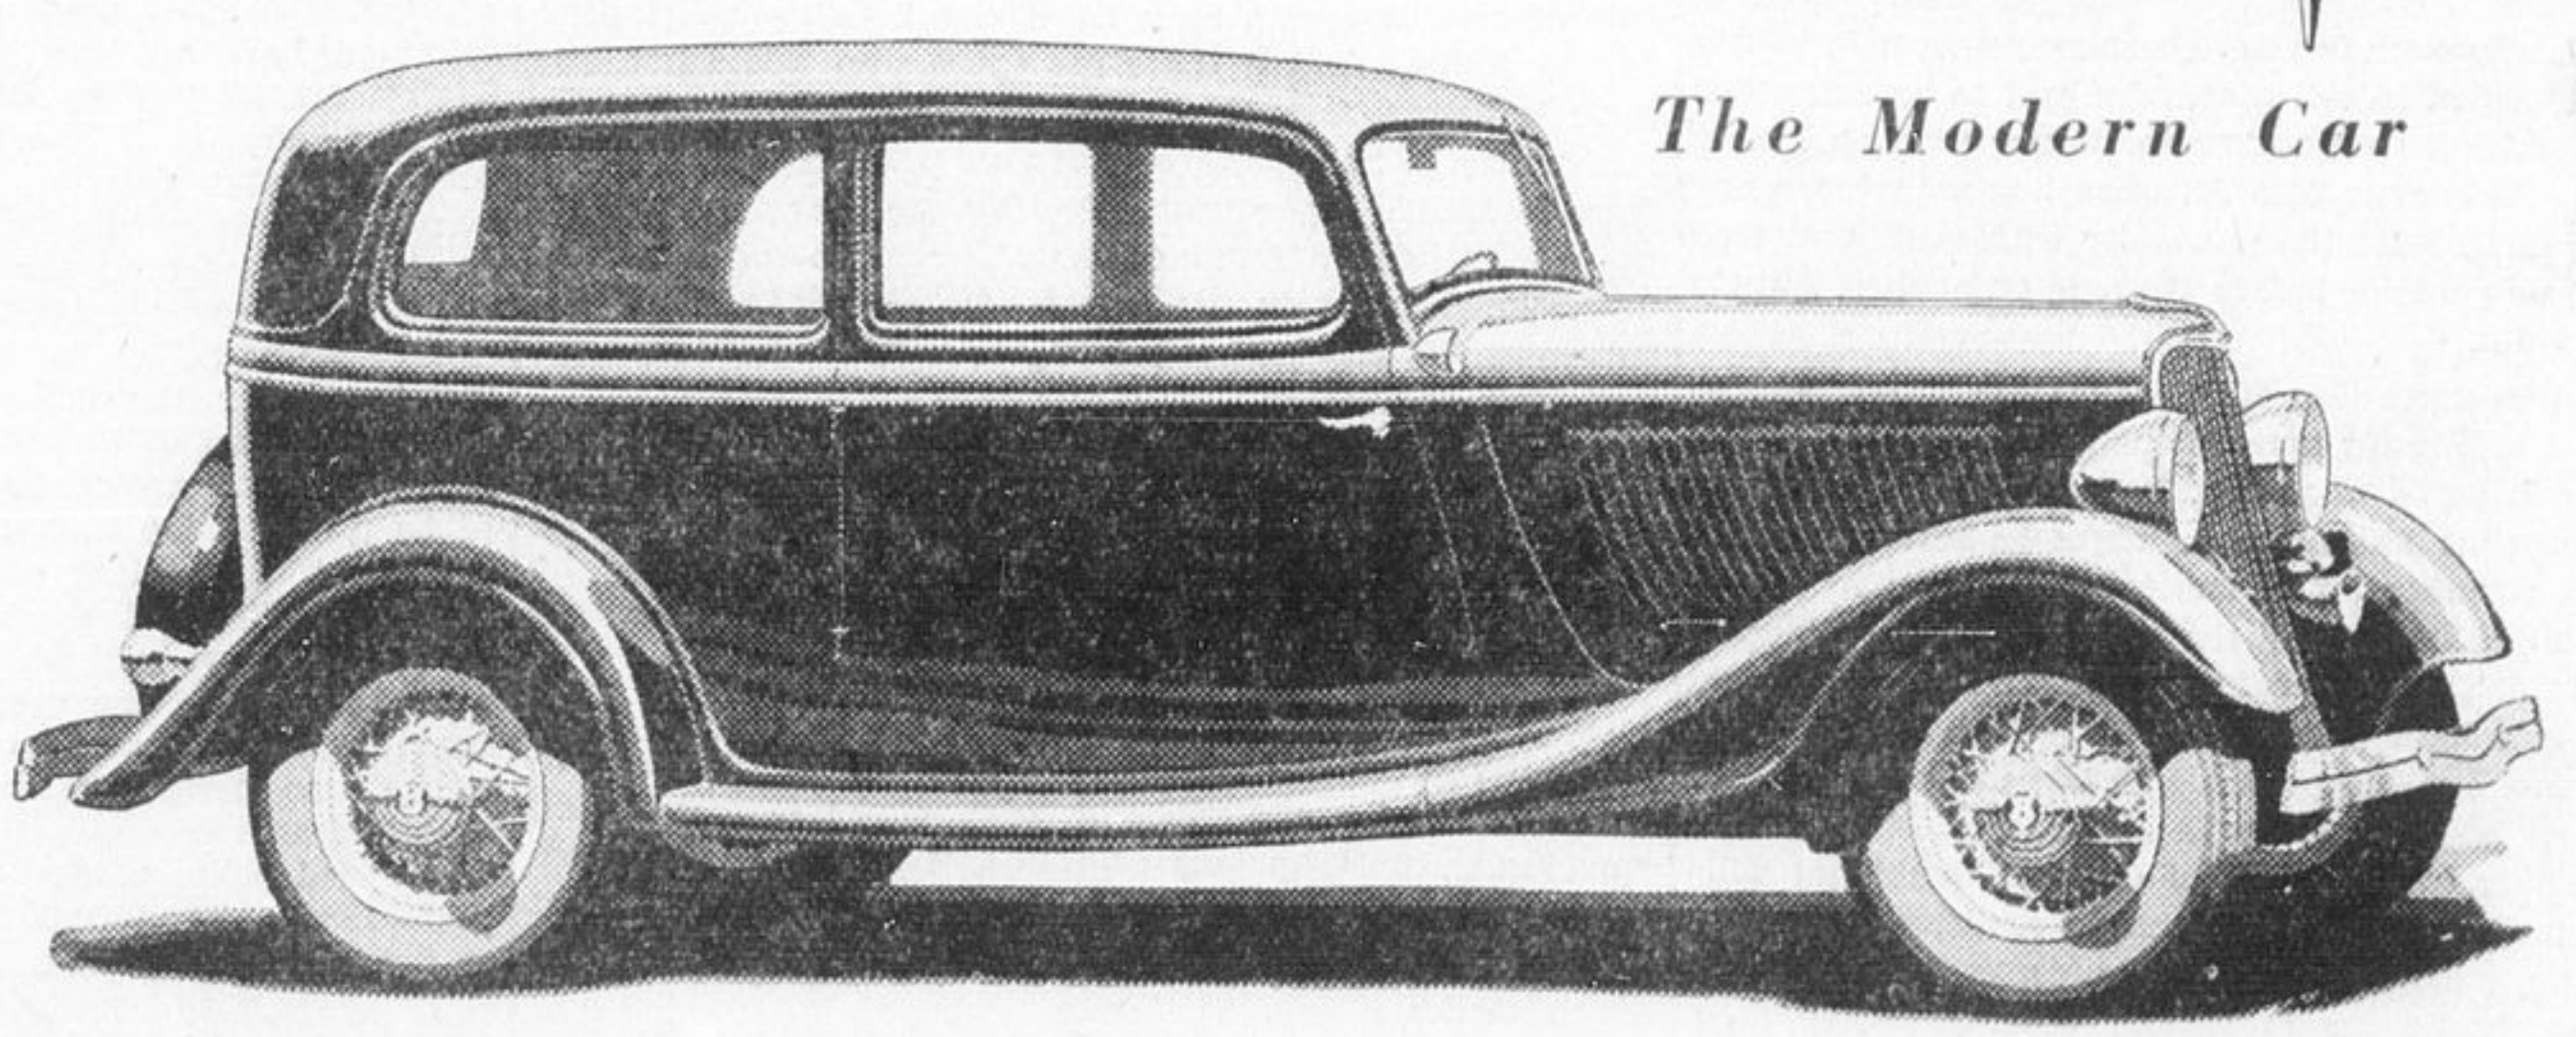

St. Mary's Journal-Argus:—Rural life still has its fascination. The hot chicken suppers are again in our midst. One of them is in our own personal midst, as we write. In spite of the so-called depression the chickens are just as tender, the crust is just as flaky, the pumpkin pies are just as toothsome and the patronage that these happy social affairs are receiving appears to be just as big as of yore.

THE TREND IS TOWARD THE V-8

BUY TOMORROW'S CAR...TODAY

THE eight has always been a great car to drive. But it was costly to buy and expensive to operate. Then along came Ford with a new kind of eight-cylinder car. An eight-cylinder car in the price class of the "4" and as economical to run.

The success of the 1933 Ford V-8 has set all motor manufacturers thinking and the trend is definitely toward the V-8. In the words of Henry Ford—"The V-8 is the coming car for the majority of drivers. It will be only a short time until motor manufacturing practice will follow the trail we have blazed."

Carefully kept cost records show remarkable gasoline mileage in the 1933 Ford V-8. In Toronto, L. G. Donald reports 23.44 miles per gallon and adds—"I know that for certain periods I was getting 26 1/2 miles to the gallon."

O. A. Gerrow, of Oshawa, Ontario, writes: "The economy of operation is far above my expectations. My average gas consumption is 22 miles per gallon in

city and country driving." Hundreds of other owners of the 1933 Ford V-8 report 22 to 25 miles per gallon.

Here's something else to remember when you're thinking about cost of operation and up-keep—

Genuine Ford parts cost less and the Ford flat labor rates are more than 39% less. You can buy a lot of gasoline on what you save there.

All we ask is this—see and drive the New Ford V-8. It's the greatest all-round value ever offered in a motor car and you ought to know about it. The trend is toward eight cylinders and there's no need for you to be satisfied with less. Get tomorrow's car — TODAY!
