Teams all Close in Mercantile League

No Big Scores Rolled on Monday Evening, but There were Few Bad Ones. Much Interest Shown in the Bowling Battles.

The four teams in the Mercantile League met on Monday night and although no big scores were rolled, there were few bad ones. All the teams were close, only three points dividing the first and last teams. Consequently, there was plenty of interest in Monday night's meeting.

On alleys 1 and 2, Bucovetsky's were battling with Nationals and trying to get out of the cellar position which they shared with Sinclairs. The Bucks rolled a nice game in the first to win by 62 pins. Bill Tonkin was one reason that they won. He rolled a nice string of 259 to help his team-mates make a total of 963. The second game saw the Bucks emerge victors again, this time by 76 pins. C. Studor was the big noise this time. The third game was a bad one for both teams and Nationals squeezed out to win by 31 pins. Both totals were low this game.

On 3 and 4, Pierces, the leaders stepped away from Sinclairs to increase their lead and leave Sinclairs stranded in the cellar. Pierces won the first game by 58 pins and had to roll over the thousand mark to get it. In this game Tomkinson and Reid, rolling against each other, turned in two good scores. Reid was the better with 242 while Tomkinson was not far behind with 224. The second game saw Pierces go over the thousand mark again to win by 159 pins. Three men passed the two hundred mark for Pierces this time, with Carswell rolling his best one, 222. In the third game both teams dropped badly, both turning in their lowest totals for the night, Sinclairs took this one by 84 pins

FEELS 50 lbs. SLIMMER

After Losing Only 5 lbs.

"I started taking Kruschen Salts a month ago," a young woman writes. "I have lost 5 lbs. in weight, and I feel as if I have lost 50 lbs. I am full of vigour, whereas before I was listless and worried over little things. But if my troubles were doubled, they would not worry me to-day—thanks to Kruschen—(Miss) V. P.

Here's the recipe that banishes fat—take one-half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning, for "It's the daily dose that takes off the fat." When you take Kruschen daily it means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

Modify your diet, and take gentle exercise. The stomach, liver, kidneys and bowels are tuned up, and the pure, fresh blood containing these six salts is carried to every part of the body. Then follows "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

to avoid being white-washed. The honour roll is composed of only three men this week. Chippy Studor just had enough to take high score and incidentally the donation offered for the highest total each week. He had a total of 622. The other two men were A. Tomkinson, 611, and Ed. Reid, 606.

All-Britain Social Club Resuming for the Season

The All-Britain Social Club are resuming the society's activities for the season. All members and intending members are asked to have their dues paid on or before Nov. 15th. Also they are asked to hand in their children's names and ages at the same time.

A social will be held on Wednesday, Nov. 15th, in the Hollinger Recreation hall and all members of the club are asked to kindly bring refreshments. The event will commence at 8 p.m. sharp. Anyone wishing to join the All-Britain Social Club may pay their dues to G. Jopson, president, or to E. Tomlinson, secretary, Box 1800. In the meantime members are asked not to forget Wednesday, Nov. 15th.

St. John Ambulance Three-Night Event

International Minstrels and the Haunted House to be Presented at St. Anthony's Hall, Nov. 30th, Dec. 1st and 2nd, Saturday Matinee.

Rehearsals are well under way for the forthcoming performance of the International Minstrels and "The Haunted House," to be presented at the St. Anthony's Parish hall for three nights, and Saturday matinee, Nov. 30th, Dec. 1st and 2nd. The plays will be given under the auspices of the St. John Ambulance Brigade, of Timmins. The Brigade is an important humanitarian organization and has done much good. They help when help is most needed and they are sponsoring the Minstrels and "The Haunted House" to enable them to continue their worthy work.

Comedy and thrills are combined in the rare and unusual presentations by noted groups of artists. Both the Minstrels and the "Haunted House" are produced and directed by Helen Meyerhoff, and both are well sprinkled with songs, novelties, colourful music, dancing, comedy, gorgeous costumes, brilliant lighting effects, and the stage settings are to be modern. It is an excellent company and under the guidance of that talented directress, should prove one of the most outstanding entertainments ever sponsored by any organization here.

There is a rattling good orchestra that will do its share of entertaining, as well as provide good music. It will be good to get some real thrills and laughs. According to advance information you will laugh till your sides ache. "The Haunted House" is unlike anything a travelling show company has ever presented in Timmins. It carries a good plot, along with the usual hokum slap-stick comedy. Watch for the announcement of the cast. You'll be surprised! Prices are so low, you can bring the whole family, even the cat, for what the usual prices of one admission would be. See Sambo guarding the "Will" in a house full of spooks. You'll like it.

Marbuan Gold Mines Successor to March

New Company Organized with a Million Shares of Par Value of \$1.00. Has Acquired all Property of the March Gold.

That a new company, the Marbuan Gold Mines, Limited, has been organized as an Ontario corporation, and that it has acquired all the property of the March Gold Mines, Limited, is the information given out last week by the Northern Miner. In referring to the matter The Northern Miner says:—"Marbuan Gold Mines, Ltd. has been organized with a capital of 1,000,000 shares of \$1.00 par value as an Ontario corporation. The company has acquired all of the property of March Gold, Ltd., in the township of Deloro, Porcupine camp, situated about one and a half miles southwest of the Dome mine. The March Gold operated a mill on the property during a part of 1926, resumed operations in 1927 and resumed operations in the summer of 1932, during which period over \$1,000,000 in gold was produced. There is a 150-ton cyanide mill on the property which was operated at approximately 200 tons per day during the period of operations.

"The company recently leased its mill to the Buffalo Ankerite Gold Mines Ltd., for a period of six months and work in the mill has been about completed so that the same will be put in operation in the near future. The Buffalo Ankerite Gold Mines, Ltd., will either mill its surplus ore through the Marbuan mill during this period of time or one of other mining companies in the immediate vicinity which do not have mills will be put through the Marbuan mill during this period of time.

"Title to the property was acquired after legal proceedings were taken on bonds issued by the company and practically all of the creditors of the old March Gold company have taken stock in the new company in liquidation of their obligations. The Marbuan Gold Mines, Ltd. owns the property free and clear of all encumbrances at the present time, excepting a small mortgage of \$6,000 to the Workmen's Compensation Board. The total amount of stock issued at the present time is 500,007 shares.

"Plans are now under way to de-water the Marbuan property and to resume immediate work to develop sufficient ore ahead of the mill so that at the expiration of the present lease the new company can operate from its own mine without further delays.

"Many of the present stockholders of the Marbuan Gold Mines, Ltd., are stockholders of March Gold, Inc. and the new company has planned to offer the balance of its stock to March Gold, Inc. stockholders at a very reasonable price before making any public offering. Mr. Edward G. Kinkel, who is the president of the Marbuan Gold Mines, Ltd., is managing director and secretary of the Buffalo Ankerite Gold Mines, Ltd.

"The present board of directors of this new company is very hopeful that with the present condition of the gold market and with sufficient working capital that this excellent mining property can be returned to one of the satisfactory producers in Ontario and with the same conservative operation as is now carried on at the Buffalo Ankerite Gold Mines, Ltd., that it can become a dividend-paying mine.

"The company has arranged for adequate finances to carry on an active development programme pending the issuance of certificates of rights to the March Gold, Inc. stockholders."

Ukrainians' Observe Holiday, November 1

After Six Centuries of Oppression, the Ukraine Arose a Free and Independent Nation, Full of Life and Hope.

There are a large number of loyal Canadian Ukrainians in Timmins and district, who, while giving full loyalty to their adopted country, Canada, still remember with affection and deep heart interest, the land of their origin. One of these loyal Canadians of Ukrainian origin told The Advance this week that while the Ukrainians here observe July 1st, Armistice Day and other Canadian national holidays, their Ukrainian national holiday is Nov. 1st. In this connection he gave The Advance the following article from the last issue of The Ukrainian Weekly, a loyal American-Ukrainian newspaper published at Jersey City, N.Y. This loyal Canadian Ukrainian says that the Canadian Ukrainians hold similar views to their United States brothers, with the exception that their loyalty is to Canada not to the United States, but their love for the Ukraine is of equal depth. The article from The Ukrainian Weekly reads:—

The First of November
"The 1st of November is a day of gladness and rejoicing among the older generation of American-Ukrainians, for it recalls to their memories that memorable 1st of November back in 1918 when the land of their birth and early life—Western Ukraine—cast off its six centuries old chains of oppression and persecution and arose a free and independent nation, virile with life and hope.

"Their joy is all the more intense because that memorable day marked the end—temporary to be sure, but an end nevertheless—of those intolerable political, economical, and cultural conditions which, under the Austrian nominal and the Polish actual rule, drove them to forsake their ancestral homes and dear ones in search of a better life—as it was impossible for them or any Ukrainian to wrest a decent living or attain any position of importance, whether it be in business or cultural fields.

"It recalls to their minds the events of that day fifteen years ago which were to have such a far-reaching effect upon the Ukrainian nation; when the Ukrainians with the aid of Ukrainian youth seized Lviv, the capital of Western Ukraine, in the name of the Western Ukrainian Republic; when a young student, Stephen Pankiwski, climbed upon the high tower of the Lviv city hall and hung there the blue and yellow banner of Ukraine, which swirling in the early morning breeze proclaimed to the world the joyful tidings that a new nation had been reborn—that Western Ukraine had freed itself from foreign domination. And the older generation well remembers that in this resurrection of the Ukrainian state, the leading part was played by the Ukrainian youth.

"Such thoughts of those glorious bygone days bring a feeling of gladness, which turns to sorrow however, when our American-Ukrainians remember that after the heroic fighting in the nine months war which followed with Poland, the Ukrainian forces and government had to finally evacuate Western Ukraine for it was impossible to hold out any longer without ammunition and equipment in a struggle with a foe whom France was unceasingly supplying with equipment, officers, tanks, cannon, munitions, and everything else that was needed.

"These recollections and feelings are not limited however, merely to the older generation of American-Ukrainians; but to the younger generation as well. For our youth takes part in the November holiday manifestations. It hears, reads, and studies about this heroic phase of Ukraine's struggle to free itself. It has been witness to the Polish "pacification" and other atrocities which Poland commits upon the Ukrainian people in an effort to stamp out the hopes which eternally spring in the hearts of the Ukrainians that in the near future there will come another November the 1st—another Day of Independence; but a permanent one this time.

"And to make this hope come true, shall be our task. For us, American-Ukrainian youth, the 1st of November is the Ukrainian Fourth of July; and we realize that like the American nation had to first pass through a period of stress before it really became a nation—so much Ukraine.

"And therefore, we shall help shorten this period of stress for Ukraine, help the early realization of the Ukrainian aspirations for freedom—by exposing to the world's opinion the injustice that is being practiced upon the Ukrainian people, and further—by making the oppressors of Ukraine realize that the basic doctrine upon which the American Declaration of Independence was founded is still applicable today—and that is, "that governments exist by the consent of the governed, for the purpose of securing to men their inalienable rights of life, liberty, and the pursuit of happiness, and that revolution is a sacred duty when governments seek to destroy or invade these rights."

Montreal Gazette:—"Health Week" was held in the prefecture of Hyogo, in Japan. Enthusiasm ran high and the occasion was celebrated by a public feast. Next day 1,100 people were reported to be ill from food poisoning and three have died.

President of the Rebekahs Entertained at Ottawa

Mrs. Ethel Keene, of Timmins, President of the Rebekah Assembly of Ontario, was the guest of honour at many social functions during her official visit to Ottawa, Rebekah District No. 20. Mrs. Keene, during her visit to the capital city, was the guest of her District Deputy President, Miss Emma Bothwell, and her mother, Mrs. Wm. Bothwell.

On Oct. 27th, Mrs. Keene was the guest of honour at a banquet, tendered her by Rosemount Rebekah Lodge No. 194, after which she visited the lodge officially. During the evening, a presentation was made of a silver cake basket and a bouquet of bronze and yellow "mums." On Oct. 28th, the officers of Ottawa Rebekah District 20 entertained at a delightfully arranged luncheon, at which the guest of honour was presented with a "needlepoint" bag, and a dainty shoulder bouquet of roses and lilies-of-the-valley. The District Deputy President, Miss E. Bothwell, later, entertained at a tea and reception, when over a hundred callers, paid tribute to Mrs. Keene. On Oct. 30th, Hazel Rebekah Lodge No. 40, arranged a banquet, after which the lodge was visited officially. A beautiful gift of linen, and a bouquet of pink "mums" were presented Mrs. Keene, from the officers and members, and a shoulder bouquet of orchids and lilies-of-the-valley, from the degree staff. On Oct. 31st, Mrs. J. Evans, P.D.D.P., entertained at a small dinner party, at "The Old Forge," Britannia Heights. Later that evening, Highland Park Rebekah Lodge No. 115, was visited officially, when a Madeira luncheon set, was presented. The guest of honour later visited Ottawa (Subordinate) Lodge No. 220, on the occasion of their

ONLY THE FORD V-8

gives you these
outstanding features
at a low price

Read what you would pay for Ford Quality in any other car

HERE, in black and white, are the reasons for the outstanding quality and leadership of the Ford V-8. Not opinions—not sales ballyhoo or mere words unsupported by evidence—but definite facts and figures. They prove, beyond shadow of a doubt, that the Ford V-8 is the greatest value ever offered in a motor car. If any other low-price car had these outstanding features it would cost you hundreds of dollars more than the Ford V-8.

V-type Eight-cylinder Engine—The Ford is the only low-price or medium-price car with a V-type eight-cylinder engine. All other cars with this type of engine sell from . . . \$3715 to \$6492

Aluminum Cylinder Head—One reason why owners of the Ford V-8 report 20 to 25 miles per gallon. Gives more power and uses less gas. Only two other cars have all-aluminum cylinder heads as standard equipment. One sells for \$895 and the other for . . . \$1170

80 Horsepower—Only one other car, according to the rating of the Society of Automotive Engineers, has more horsepower per pound of weight than the Ford V-8. That sells for over . . . \$7000

Safety Glass—This is standard equipment throughout on all Ford De Luxe closed cars. Only one other car selling below \$1000 gives you this added protection in driving. The others are priced from . \$1530 to \$7625

Torque-tube Drive—An important high-quality feature of the Ford V-8 and other fine cars. The other cars using it cost . . . \$1465 up

Three-quarter Floating Axle—One manufacturer puts this axle in his high-price cars, but not in the low-price car. If you want to get it in any car but Ford you have to pay from . . . \$1905 to \$7625
