## Following Illicit Liquor to its Source

Town Police Make Arrests, Seize Car  
Carrying Illicit Liquor, Seize Big  
Still. Two Men go to Jail.  
Equipment Confiscated.

There has been considerable sale of "moonshine" in town recently and so when Chief Jones and his men found ten gallons of illicit liquor in a car on its way to town, they took the proper procedure in tracing the liquor to its source and going after the source. It was on Saturday last that Chief Jones and Constables Gauthier, Holley and Paul stopped Ben Cossette in his car on the way from Sandy Falls to town. In the car with Cossette were Leo Cousineau and Geo. McLaughlin. Also there were ten gallons of good moonshine whiskey or alcohol. After seizing the car and its liquor consignment and locking the three men up for breach of the liquor laws, the trail was followed out in the country about seven miles where not far from Sandy Falls a remarkably fine still and full equipment was discovered in the bush. There was a fine log shack to house the equipment and supplies and the still was in active operation when the police arrived. At that time Jos. Elaire, was in the very act of putting a jar under the drip pipe from the coil of the still when the police addressed him. He was so dumfounded at the unexpected arrival of the police that he could not answer for a minute. He did not have time to think or run or anything. It was a real surprise party. There was a log shack of excellent construction. In this shack were three stoves, bedroom and kitchen equipment and a plentiful supply of food. Elaire said eventually that the equipment and everything was his. The police took him in charge to add to their collection for the day at the Hotel de Jones. If Elaire was surprised, the police also were astonished at the large still found and the very complete equipment, to say nothing of the bountiful supply of food. There were two quarters of beef, 800 lbs. of sugar, 450 yeast cakes, 20 lbs. butter, half a case of eggs, 1 ham, 2 slabs of bacon, a score of cans of tomatoes and other vegetables and fruits, rice, bread, and all the trimmings. Also there were 200 lbs. of bran, 11 barrels of mash fermenting, 210 gallons of mash in the secondary stage, 19 gallons of superior moonshine, 30 gallons of first-run moonshine, and other items of interest. Six gallons of moonshine were destroyed, as were also barrels of mash, etc. The still, much of the equipment and supplies were brought back to Timmins. The still had a capacity of 25 gallons. It was in full operation, the coils going through the outer air and thus being easy to handle. At police court this week charges of infractions of the law were laid against all concerned. As will be noted by the police court report elsewhere in this issue Elaire will serve six months and Cossette three months for their part in the affair. Cossette's car was also confiscated. So the loss all round is a heavy one. Cousineau and McLaughlin had the charges against them dropped, Elaire taking responsibility for the still and Cossette for the illegal transportation of liquor. McLaughlin told the police that he had simply gone to Sandy Falls in the car for the pleasure of the trip.

Some of the perishable food stuffs seized will do a lot of good, being turned over to the Children's Shelter. The sugar and some other items will likely be sold by the Dominion police. The seized car will be auctioned off by the authorities.

## SLOMA DRY CLEANERS MAKE SPECIAL CHRISTMAS OFFER

As will be noted by the advertisement elsewhere in this issue the Sloma Dry Cleaners, 69 Third Avenue, are making a special offer for work done during the Christmas season now on. In view of the large patronage and support given the Clorex odorless dry cleaning system, the special prices for Christmas are offered to further popularize this method of odorless dry cleaning.

## Russian Village Restaurant and Delicatessen Opens

Something considerably out of the ordinary in the way of restaurants opened at 55 Third avenue, Timmins, on Saturday afternoon last when the Russian Village Restaurant and Delicatessen made its formal bow to the public. The new restaurant is elegantly equipped and furnished and presents a very attractive appearance. It is making its chief appeal, however, on the fact that it is different to the usual restaurant, claiming this difference in the food, the dishes served, the service and the general atmosphere. At the formal opening on Saturday there was a steady stream of customers and these found the claim of being different had foundation in fact. There was a novelty about the menu, caviare and other delicacies being featured. The pleasing arrangement in attendance and this was a feature greatly appreciated. This orchestra played classical music, folk music and the better class of modern music. The orchestra delighted music-lovers and pleased all who enjoy the harmony of instruments well played. If the Russian Village Restaurant and Delicatessen can maintain the high standards of music, food, service and novelty shown in its opening days it should find an increasing volume of patronage from day to day.

## GOOD NEWS AND BAD NEWS ABOUT THE WEATHER TO COME

An old-timer of Porcupine has said that if we get warm, fine weather in early June and July that it means an early winter, one really starting in November. This summer it was very warm in May, June and July, while about the middle of October there was snow and very cold weather. The cold has continued and appears to be the commencement of the winter all right. It looks as if this old-timer were right about the weather signs. Anyway, he says now to watch out for 50 to 55 below zero in January and February. That does not sound so good. However, he gives the comfort that there will be an early spring. Wait and see.

## Excellent Position of the Imperial Bank

Fifty-Ninth Annual Statement of This Bank Shows Gratifying Results in Period When Business Difficulties were Acute.

The 59th annual statement of Imperial Bank of Canada, for the year ended 31st October presented to the shareholders at the annual meeting in Toronto on Wednesday, 22nd November, shows gratifying results in a period when business difficulties were more than ordinarily acute. The hopeful feature in the general business situation is reflected in the fact that public deposits with the bank have grown by about four and a half million dollars to a total of \$104,400,000. Considering the times through which Canada has been labouring, this increase is both substantial and significant.

Profits were about the same as the year before, but the statement generally, indicates that trade throughout the country is at least ready to begin an upward trend.

Current loans—that is, advances to farmers, merchants, business men, manufacturers, etc.—amount to \$57,465,000. These are the business loans as distinct from Government and Municipal financing and call loans upon market collateral. The somewhat greater activity in the financial markets is evidenced by the growth by \$600,000 of call and short loans in Canada.

The balance sheet shows a position even stronger than at the end of the previous year. Not only have the gross assets grown several million to \$134,491,101, but the percentage of those assets in liquid form has increased to better than 58 per cent of the total liabilities to the public. Holdings of cash and the equivalent of cash (such as amounts due from other banks, deposits with the government, etc.) grew from \$19,675,000 to \$22,366,000. The bank's investments in Government bonds and municipal and British bonds likewise increased materially. Some decrease in loans to provincial governments and to municipalities is taken as evidence that the financial position of these governments has been improved somewhat in the year.

## Five Guns Stolen in Town Monday Night

Man Charged with Theft of Three  
Guns Dismissed and Charge of  
Stealing the Other Two is  
Withdrawn. Other Cases  
at Police Court This  
Week.

The two cases, or rather series of cases, at the police court here this week creating the greatest interest were those arising in the one case from a big still captured some seven miles out in the country by the local police, and in the other case from the theft of five guns. Elsewhere in this issue reference is made to the seizure of the still and of liquor coming from that still. This gave rise to several charges. The police found ten gallons of illicit liquor in a car owned by Ben Cossette, Leo Cousineau and Geo. McLaughlin being with him in the car at the time. These three men were charged with illegal possession of liquor, and the car was seized. At police court this week Ben Cossette was fined \$500.00 and costs or three months on this charge while the charge against the other two was withdrawn. Cossette's car was also confiscated. A similar charge of illegally having liquor preferred against Joe Elaire, of Sandy Falls, was also withdrawn. In tracing the source of this illicit liquor the police discovered the still in the bush near Sandy Falls and Joe Elaire being found in actual operation of the still, and admitting to the police that he was running it, was charged with violation of the Inland Revenue Act, the charge being laid by H. Allen, R.C.M.P. Elaire on this count was fined \$500.00 and costs and three months in jail, or six months if the fine is not paid. Elaire left yesterday for Haileybury to begin his term. It looks at present as if he would take the six months rather than pay the fine and still serve three months.

The theft of the five guns was also interesting and somewhat complicated. Early Tuesday morning the proprietor of a lunch counter on Third avenue reported to the police that two guns had been stolen from the rear of his shop. As the guns had been borrowed by him for a little hunting trip the loss was all the more serious. Suspicion was turned to a young man in town and while this man was being sought, there was a call for the police at the rear of the Bardessono block, a man being seen by one of the neighbours acting in a suspicious manner. When the police arrived on the scene the man had disappeared but three guns were found lying in the snow. The description of the man agreed with that of the man being sought on suspicion of the other theft. When the man was arrested the neighbour positively identified the man as the one seen in the yard. It was found that the three guns, together with a bag of boots and clothing also found, had been stolen from a Miner's room not far away. The thief had apparently cut his hand going through the screen or the window, there being blood on the bag containing the clothing. Mr. Miner did not want to press the charge and when the case came before Magistrate Atkinson the man was dismissed on this count. The other charge, that of stealing the two other guns was withdrawn. The two guns were found under some ladders on Cedar street. As a consequence of the good work of the police in these cases both Mr. Miner and the other man recovered their guns.

A local business man was charged with failure to make tax returns but the charge was withdrawn, the necessary returns being made in the meantime.

A dispute over the ownership of a dog resulted in a charge of theft being laid by N. Tailifer against J. Marcott, of Tisdale. The case was dismissed and Mr. Marcott keeps the dog. The complainant said that he had bought the dog from the pound. The poundkeeper thought this was the same dog that he had kept in the pound for the necessary time and then disposed of it to the complainant. The defendant, however, was able to show that this was his dog and that he had had it for some time. The evidence suggested, that so far as the dog was concerned it was a case of mistaken identity.

Mrs. Annie Boychuk, charged with obstructing the police during a recent search of the premises for liquor had the charge against her dismissed.

Wm. Splawnyk, of the London Cafe, charged A. Waselowski with assault. It appeared that the cafe man sought to collect room rent from Waselowski and not being able to do so wanted to have Waselowski leave the premises. In resenting Splawnyk's attitude, Waselowski said to have bunted Splawnyk in the face with his head, the collision breaking Splawnyk's nose. Waselowski was fined \$25.00 and costs or thirty days. The fine and costs were paid.

Last week there was only the one single solitary, common drunk. This week's police court had the same number of individual cases of common drunks. The one common drunk on Tuesday was fined the usual ten and costs or thirty days. Failing to pay the fine and costs he left on Wednesday to start on his term of thirty days. He will be out for Christmas, though he will not be back in time for the Turkey Stag this year.

## ARRESTED LAST NIGHT FOR SERIOUS OFFENCE TO CHILD

A man from one of the lumber camps near town was arrested last night by the town police on a charge of unlawfully assaulting a child of about six years of age, the little girl being his daughter. The charge was laid by another relative of the little girl. The accused man's wife and child live in town, but he has not living with them recently.

Both a senior and a junior team has been entered this season in the N. O. H. A. by Kirkland Lake.

## Dozen Boys in Juvenile Court for Wilful Damage

There were twelve boys before Judge Atkinson in the Juvenile court here this week on the charge of wilful damage. Bruno Carron, owner of the toboggan slide at the end of Balsam street, south, complained to the police some weeks ago that the framework of the slide had been torn down and a cabin near it had also been destroyed. The police did some good work in following up all possible clues and eventually lined up the twelve boys, some of whom admitted a part in the work of destruction. They claimed, however, that damage had been done before they touched the shack or the framework of the slide. There was a total damage of probably \$225.00 done. When the boys came before the court on Tuesday afternoon the charges against two of them were dismissed, while each of the other ten boys were allowed out on suspended sentence. It was strongly impressed upon them that all wilful damage should be avoided and that the destruction of property of value could not be permitted either because some damage had already been done or because of Halloween or other occasion. The boys ranged in age from 8 years to 15 years, the most of them being around twelve.

## Some Striking Facts on the Charity Stag

Bean Supper Alone Worth the Price of Admission. Not to Mention the Pies. Accommodation for 150 Tables at Cards.

It won't be long now! Just three weeks until the famous Charity Turkey Stag—in St. Anthony's parish hall, Timmins, on Friday evening, Dec. 15th, under the management of Lap LaPrairie, who has ten previous big successes to his credit in the way of providing unique entertainment to the public and assuring Christmas cheer for the needy in the district. Some particulars of the eleventh annual Charity Turkey Stag should not be out of place here and now.

The bean supper served at the Turkey Stag from 5 p.m. till midnight is in itself worth the price of admission. It might be interesting to mention that the preparation of the bean supper requires 300 lbs. of white beans, 130 lbs. salt pork, 12 gallons molasses, and the necessary amount of sugar, salt and mustard. When the Turkey Stag was asked how they got that delicious flavour to their beans they stated that the most important part was the cooking and the fact that all the beans are cooked in earthenware pots and that accurate mercury thermometers were placed in the ovens to assure a uniform temperature all through the cooking period.

The rye and brown bread made for this supper is made up from a recipe of an old French-Canadian camp cook and contains a small quantity of molasses which makes an appetising combination with the baked beans.

The apple pies are made up to the recipe as given in the Boston cook book and last year's pies were so well liked that the attendance at the party ate up 225 pies before nine o'clock. To assure an ample supply this year Lap LaPrairie is making arrangements to have 400 pies.

It can truthfully be said that no better coffee can be served in any home or hotel than that supplied at the Turkey Stag. It takes seventy pounds of coffee and 25 gallons of fresh table cream to meet the demands of this one evening.

As in past years there will be accommodations for about 150 tables of bridge, euchre, cribbage or five hundred. The card players make up a party of four players to a table and play for at least an hour and twenty minutes, when the winner receives the table prize of one turkey.

A sextette of singers and flute players will entertain with singing of Christmas carols and this sextette will appear in costumes as used by carol singers in the 13th and 16th centuries. A new feature at the Turkey Stag this year is the appearance of Italian and Spanish singers in national costume. These men are local miners who have never appeared in public before and it is prophesied that they will be one of the big surprises of the year.

A team of accordion players have been working hard for the past month on new renditions which will be heard at this year's Stag Party for the first time in this camp.

Tommy Stephens, who has had charge of the Turkey Stag orchestra for the past nine years, has his boys all lined up and promises that his part of the programme will be the best yet. The decoration of the hall for this one night this year will even surpass last year's decorations.

Tickets are already on sale for this party and anybody spending 75c. towards this good cause gets his money's worth. There are also prizes offered for lucky number on those tickets purchased previous to December 5th, when a drawing will be held to ascertain the winners of at least six hogs and six turkeys. It would therefore be advisable for any of the men who intend to come to buy their tickets before Dec. 5th. By doing this the Turkey Stag committee has a fair idea of what food and accommodations to prepare as the pre-sale of tickets is a good indication of what the attendance will run.

Requests for Christmas hampers have already started to come in so that the investigation committee in connection with the Turkey Stag will be able to make an early start this year.

A very enjoyable dance was held on Friday evening last at the McIntyre Recreation hall, the music being by Al Pierini and his Vagabond Kings. There was a good attendance and all enjoyed the event. The special prizes for the evening were turkeys and other fine species of the fowl family.

## Chicken Stagette for the Legion Christmas Fund

This year the Timmins Branch of the Canadian Legion, are holding a Chicken Stagette, the event to take place in the Oddfellows' hall on Saturday, December 9th. For the past five years the Legion has held a Christmas party for the children of its members only; this year it is planned to go further and include the children of unemployed ex-servicemen and those of deceased ex-servicemen, also the children from the Shelter. Further reference to this is made elsewhere in this issue. To secure funds for this event whereby close to 500 children will receive a present and have an enjoyable evening, the entertainment committee will hold the Stagette as mentioned above. A draw for a large list of prizes is also being held in connection, and is great value for the small charge asked. Chickens, all grade No. 1 milk-fed birds will be given as prizes for the various games. For a real profitable night in which you will be helping some kiddie have a Merry Christmas you should not miss the Legion Chicken Stagette on Saturday, December 9th, in the Oddfellows' hall.

The next regular meeting of the Timmins town council is scheduled for Monday afternoon, Nov. 27th, commencing at 4 p.m.
