Mention of New Chief by Cornwall Newspaper

The following reference to Chief of Police Wm. Rich is made in a recent issue of The Times, of Tavistock, Cornwall, England, the clipping from the Cornwall newspaper being passed on to The Advance by a Canadian reader. The item from The Tavistock (Cornwall) Times reads as follows:—

FORMER LIFTONIAN Appointed Chief Constable in Ontario.

"News comes from Timmins, Ontario, Canada, that at a special meeting of that town council, Mr. William Rich was appointed chief constable of the municipal police force. The duties commence immediately at a salary of 150 dollars per month, with house, fuel, and light.

"Mr. W. Rich, who is the son of Mr. H. Rich, builder, of Lifton, was, before going to Canada, in the Metropolitan Police, and later at Scotland Yard.

"During the war he served in the

Military Police and the Secret Service, and in Canada has served in the Ontario County Police and the Provincial Police. During the one-and-half years he has resided in Timmins he has been employed at the Hollinger Gold Mine.

"The new chief's first act was to ask all members of the town police to resign, to take effect in 30 days, and if they wished they could apply to be re-instated, and all complied with his request.

"This drastic action by Mr. Rich appears to be in accordance with the wishes of the council to have the department re-organized. He explained to the men his policy to raise the standard of efficiency, and to give the town an improved service.

"His many friends in Lifton will be interested to hear of the success of his undertaking."

J. W. Horsay New President Standard Brands, Limited

At the annual meeting of Standard Brands Limited, held at the head office of the company in Montreal, it was announced that J. W. Horsay, who for four years has been vice-president of Standard Brands Limited with headquarters in Montreal, has now been elected president of the company succeeding Corwin Wickersham, who was recently elected vice-president of Standard Brands Inc., New York, where he has taken over executive direction of the foreign department.

Mr. Horsay assumes the presidency of Standard Brands Limited well qualified to direct the affairs of that company, having been associated with the sales development of Standard Brands products for more than eighteen years. He started his Canadian business career as assistant district manager of the Fleischmann Co., Toronto, in 1919; was progressively assistant district manager and district manager up to 1927 when he was appointed Canadian division manager.

Upon the organization of Standard Brands Limited in 1929, Mr. Horsay was elected vice-president in charge of Fleischmann products division. Later he assumed sales direction of Chase and Sanborn products and now finally has taken over complete direction of the company's affairs throughout Canada and Newfoundland.

Mr. Horsay during his long association with the Fleischmann Company and Standard Brands Limited has been most active in the development of the Canadian baking industry and the bakery trade. He is also well known to the grocery trade of the Dominion and is receiving congratulations and good wishes from all sides on his promotion.

Moose Hunting Only in North Hereafter

Amendment to Act Bans Shooting of Moose South of Nipissing. Badges for Hunters. Licenses for Non-Residents, Etc.

Every moose hunter in Ontario will be obliged to come to the North Country in order to bag his game, according to an amendment to the Game and Fisheries Act introduced in the Legislature last week by Hon. G. H. Chalmers, Minister of Game and Fisheries. South of the French and Mattawa Rivers, shooting will be prohibited.

Reduce Fee

The fee for non-resident licenses to shoot game birds and rabbits is reduced from \$20 to \$15. Non-resident hunting licenses, permitting shooting of deer, game birds and rabbits, will cost \$25. This is a new type of license. The amendment also provides that the open season for muskrat south of these same two rivers will be stabilized annually by order in council.

Must Wear Badge

An another section, provision is made whereby badges issued with hunting licenses shall be worn in a conspicuous place by the licensee when hunting.

With the introduction of elk at Burwash Industrial Farm park, the Chapleau game preserve and in Algoma, provision is made whereby the same penalty of killing applies as in the case of hunters who kill moose out of season.

No change is made in the \$40 fee for general non-resident hunting licenses.

In case that hunters fail to wear their badges, their licenses will be nullified.

Dome Football Club Enjoy Fine Banquet

Happy Event Held at South Porcupine on Friday Evening Last. Presentation of Windbreakers and Sweaters to Members of Dome Team.

South Porcupine, Ont., March 28th, 1934. Special to The Advance. A banquet was held in the Oddfellows' hall, South Porcupine, on Friday last for the members of the Dome Football Club and their wives or girl friends.

The Dome Mines Football Club are winners of the league competition, also winners of the "Boxer" Cup (annually competed for), and the N.O.F.A. donated a sum of money to purchase badges for the winning team. Now the club members are tired of badges, so an arrangement was made whereby sweaters or suede windbreakers could be substituted for the badges.

Accordingly the "Rebekahs" were asked to put on a banquet, and a party was arranged for Friday night. Judging by the many complimentary remarks passed on the excellence of the fare provided we take it that the banquet was a huge success.

The committee sent out invitations to representatives of the McIntyre Club who were the "runners-up" in the competitions, and Mr. Joyner, Mr. W. Morgan, Mrs. Morgan, Mr. Bennett and Mrs. Bennett accepted. Mr. E. Finchen, secretary of the N.O.F.A., was also present with Mrs. Finchen.

"Scotty" Wilson, who is president of the N.O.F.A. was also invited, with Mrs. Wilson, but owing to being on the sick list was not able to accept; however, he sent his best wishes to the boys and hopes to be with them at the beginning of the playing season.

Mr. John Pell, Sr., acted as chairman of the assembly. Mrs. Morgan was asked to present the sweaters and windbreakers, which she did in a very gracious manner, congratulating each member in turn.

Mr. Joyner, Mr. Morgan, Mr. Bennett, Mr. Finchen and Mr. Honer all added their quota to the congratulatory remarks on the success of the team.

After the sumptuous supper, to which full justice was done, the party was entertained with music from Mr. Hallam, of Timmins, who played his accordion; also Dave Allen played Scotch reels on the same instrument.

Then the company adjourned downstairs when Mrs. Blair, Mrs. Rudkin, Mrs. D. White, Jim Foster, J. Fernie and Ron Jones contributed songs which were thoroughly enjoyed.

Thereafter Dave Auld, with his accordion, also Dave Allen played sets of the "Eightsome Reel" and also the "Highland Schottische".

Taxation of Canadian Gold Mining Companies

Under present conditions gold mining companies which are operating at a profit are among the most fortunate corporations in the Dominion, as their product has appreciated considerably in value while the expenses of winning it have not been raised appreciably, says a recent issue of The Sudbury Star. There is a tendency, therefore, among the public authorities charged with raising money by taxation, to have as their aim, by falling revenues and annual deficits, to increase the taxes on the gold mines. But there is a distinct danger thus of "killing the goose that lays the golden eggs." The gold mining companies are already heavily taxed, and these taxes are

yielding a handsome revenue to the Dominion government and to the provincial governments concerned, as well as to the municipalities in which they lie.

In order to set forth clearly the present facts, a paper entitled "Taxation of a Canadian Gold Mining Company" has been prepared by E. D. Fox, accountant and secretary of the McIntyre Porcupine Mine. This will be presented at the annual meeting of the Canadian Institute of Mining and Metallurgy in Quebec on Thursday, April 5. Taxation is a subject that is of vital concern to a large number of the institute's members, and Mr. Fox's paper is composed in such a way that it is likely to create a good deal of lively discussion.

Mr. Fox assumes the case of a company, typical of the average large gold mine, treating ore worth about \$9 a ton at the rate of about 1,600 tons a day for a gross annual recovery of \$5,564,100, and a net operating revenue of \$3,485,000. After an allowance of \$750,000 for depreciation, the net taxable income is \$2,725,000, or just half the gross income.

Dominion Gets Biggest Share In Ontario the tax comes to \$255,451; in Manitoba it is \$220,650; and in Alberta it comes to \$224,798. Whether or not the five per cent. dividend tax is absorbed by the company—in some cases it is—it is a tax on profits and if this figure and municipal taxes are added, the Ontario tax for example would come to \$350,026.62. Mr. Fox found it impossible to compute exactly the amount in other provinces, due to the fact that insufficient information is available.

Thus it appears that a gold mine with a fifty per cent. net profit of the amounts mentioned, pays over thirteen per cent. of this profit, and nearly twenty-five per cent. of the taxable net profit in taxes to the dominion, provincial and municipal governments. The hypothetical case cited by Mr. Fox can be used as a reliable guide in computing the taxes in other cases, as well as serving to draw attention to the very substantial sums now paid into the public treasuries by the gold mines.

Bowmanville Statesman—This old world has been going on a long time. It has had many and mighty troubles, but, somehow or other, it emerged from them all fairly successfully. That is likely to be the case in the existing embarrassments.

Renfrew Mercury—When Mr. Humphrey Mitchell Labour M.P. introduced a resolution recently, against the further granting of titles, he put the Prime Minister on first base—for the resolution will surely be voted down. Well, Mr. Mitchell, as a political strategist, you win the 1934 booby prize.
