THESE YOUNGSTERS START EARLY IN PUBLICITY GAME

The following little article is from The Amherstberg Echo last week: "Say, Mister, we want to get our names in the paper." The speaker was Louis Goodchild, aged nine, and with him was Leon Wenczicki, of the same age. "And what did you do to get your names in the paper?" we asked. "Why we opened the swimmin' season," they replied in chorus. "Opened the swimmin' season? Why there is still ice in the river and the water is mighty cold." "Well, you see it was this way," volunteered little Louie. "We were playing on a cake of ice and Leon stumped me to jump in, clothes and all, so I took a dive and Leon followed right in behind me. See my clothes are still wet." Seeing is believing—and believe it or not both the kids had on wet clothes, so I assured them that their names would appear in The Echo this week and they went away happy. Guess these kids believe in the old adage "It pays to advertise," and then again we mustn't let their dear public down.

General A. E. Swift, D.S.O., of Dane, has been elected president of the Kirkland Lake branch of the Canadian Legion. Bob Laver is the recording secretary again, with Jim Cormick re-elected.

YOUR LIVER'S MAKING YOU FEEL OUT OF SORTS

Wake up your Liver Bile —No Calomel needed When you feel blue, depressed, sour on the world, that's your liver which isn't pouring its daily two pounds of liquid bile into your bowels. Digestion and elimination are being slowed up, food is accumulating and stinging inside you and making you feel wretched. More bowel-movers like salts, oil, mineral water, laxative candy, or chewing gum, or roughage, don't go far enough. You need a liver stimulant. Carter's Little Liver Pills is the best one. Safe. Purely vegetable. Sure. Ask for them by name. Refuse substitutes. 25c. at all drugstores.

No Northern Roads in Highways Dept.

Hon. Leopold Macaulay Replies to Letter from President of Northern Ontario Associated Boards of Trade. Reply to Reply.

In the last issue of The Advance there was published a copy of a letter sent to Hon. Leopold Macaulay by W. O. Langdon, president of the Northern Ontario Associated Boards of Trade, urging the spending of some of the money set aside for highways on needed roads in the North, the highway to connect Porcupine and Sudbury for instance.

To this letter Mr. Langdon received the following reply this week:—

Toronto, April 5, 1934 W. O. Langdon, Esq., President, Northern Ontario Associated Boards of Trade, Moysey Block, Timmins, Ontario.

Dear Mr. Langdon:—I have your letter of the 3rd instant with respect to our programme of road construction, and which, as you state, is all in Southern Ontario.

The reason for this, of course, is that the jurisdiction of the Highway Department extends only to the organized counties in Southern Ontario, all road construction in Northern Ontario being looked after by the Department of Northern Development under the jurisdiction of the Honourable Mr. William Finlayson.

Under these circumstances, I am taking the liberty of sending your letter on direct to Mr. Finlayson, as he would have entire charge of the building of any road between Porcupine and Sudbury.

Sincerely yours, L. MACAULAY, Minister of Highways.

To Hon. Mr. Macaulay's letter Mr. Langdon this week made the following reply:—

April 9th, 1934 Hon. Leopold Macaulay, Minister of Highways, Queen's Park, Toronto, Ontario.

Dear Mr. Macaulay:—I have your letter of the 5th instant. I, of course, appreciated at all times that the construction of roads in Northern Ontario came under the jurisdiction of the Department of Northern Development and at the same time that I wrote to you on the third instant I sent a copy of such letter to the Honourable William Finlayson.

It is quite true that this Board of Trade expresses the view of the Boards of Trade in Northern Ontario but at the same time we believe that we keep uppermost in mind the welfare of the whole province and suggestions contained in my last letter are respectfully submitted as being in the best interests of the entire province.

Yours truly, W. O. LANGDON, President Northern Ontario Associated Boards of Trade.

OFFERING OVERSUBSCRIBED FOR ST. ANTHONY MINE SHARES

Officials of St. Anthony Gold Mines, in a progress report, states that the recent offering of 300,000 shares of new stock to shareholders has been oversubscribed. Good progress is being made with mill installation and it is stated that the power plant will be completed and power available at the property in the early part of April. Conversion of equipment from steam to electric drive is progressing satisfactorily, and should be completed before power is available. Operations at the property are now under the direction of H. W. Darling, M.E., while Lawrence B. Wright continues as consulting engineer and geologist.

Local Young Lady Wedded at South End

Miss Maria Maretta and Egidio Fenado United in Marriage. Another Bonspiel at South Porcupine. Other News from South Porcupine and the Demer.

South Porcupine, April 11th, 1934. Special to The Advance.

The "Sky" bonspiel, held in the curling rink last Wednesday night was another grand night for the curlers and their friends. The audience was again an enthusiastic one, and the games played very keen and close. Four ends only were played in each game. In the first encounter, Fulton won from Basso, Sky from Brooks. Cestain from Evans, LaForest from McInnis, Longworth from Fairhurst, Sauder from Cantor. In the second round Sauder won from Laforest, Costain from Longworth, Fulton from Sky, Cestain won the bye, and in the final elimination, Sauder was victorious over Fulton. The final victor was Sauder whose vice-skip was Somerville; second, Fenato; lead, Arnott. Costain's team was composed of Fleming, vice-skip, Kavanagh, second, and Fairhurst, lead. The prizes were donated by St. Sky and were exceptionally nice. The first team won a lovely cock-tail shaker apiece. The second prizes were four sets of military brushes in leather cases. These bonspiels have been enjoyed by all, both curlers and friends, and seem to have struck the right note in promoting interest in the grand old game of curling, and in providing a social bond between the curlers. It is too bad that the end of the season is in sight, but there is always another year!

We are glad to report Benny Tomchick as getting along nicely after his appendix operation.

The monthly card party of the Rebekahs is to be held this Friday (13th) and is to take the form of a 13th drive.

On Saturday the sad news came to us that Mrs. Donley, mother of Miss Rose Donley, who was reported seriously ill last week, had died in Pembroke. Our sympathies are offered to Miss Donley who, in the course of eight years of service on the public school staff here, has endeared herself to us and our children. The late Mrs. Donley, who

WHY PAY 10c FOR JAVEL WATER—USE "JAV" 5c at all Grocers

was buried in Pembroke on Sunday, leaves four children to mourn her loss—one son in Kirkland Lake, a daughter in Ottawa, another in Latchford and, Miss Rose, of South Porcupine.

Miss Verne Laforest was the guest of her sister, Mrs. Harper, of Toronto, over the week-end.

A number of old South Porcupine friends of Mr. and Mrs. Dalton went out on Monday night to Timmins to wish Mrs. Dalton many happy returns of her birthday. Quite a large gathering of Timmins friends were there also and all had a very lovely bridge party together. We are pleased to report that our bridge players are not to be outdone by Timmins bridge enthusiasts however, the two ladies' prizes being brought back to South Porcupine by Mrs. Laforest and Miss P. Kennedy.

Mrs. Asselstine (wife of our senior hockey goalie) is doing very nicely in the hospital here after appendix operation.

Mrs. McDowell, of the Bank of Toronto, spent the week-end visiting her mother in Toronto.

Miss Jean Pearce, of Toronto, has returned to that city after spending a week in the camp visiting friends in Timmins and South Porcupine. Miss Jean Pearce is sister to Miss Violet Pearce who is well known to all Odd-fellows and Rebekahs of the district as the Rebekah Assembly secretary.

Friends of Miss Violet will be glad to hear that she is recovering nicely from her latest accident. She had the misfortune to fall through a trap-door, and was quite badly hurt. She has had quite a series of accidents in the past year having previous to her falling, been in two car accidents.

NO EXPERIMENTS in the New Ford V-8

THERE are no experiments in the New Ford V-8 for 1934. No little things blown up big to make sales. No fancy coined names. Just solid substantial value.

That is why we say you buy Proved Performance when you buy a Ford V-8. The reliability and dependability of its V-8 engine, clutch, transmission, torque-tube drive, rear axle, frame, spring suspension and every other vital part have been proved by millions of miles of use by hundreds of thousands of owners.

Keep those points in mind when you are deciding which car to buy in 1934. You're always more sure of 100% satisfaction when you buy a car that has proved its worth and withstood the test of time.

The Most Economical Ford Ever Built

You get proved economy as well as proved performance when you buy a New Ford V-8. It gives exceptional gasoline and oil mileage and saves you many dollars because of its reliability and freedom from repairs. Scientific dynamometer tests show that the Ford V-8 engine delivers more horsepower per gallon of fuel than any Ford engine ever built.

TUNE IN FRED WARING AND HIS PENNSYLVANIANS. A half-hour of glorious music. (Columbia Broadcasting System) Every Sunday night at 8:30, and every Thursday night at 9:30 (E.S.T.). And in the meantime—"Watch The Fords Go By."
