Town Police Solve Puzzle of Break-ins

Theft of Goods from Warehouses Bring Court Cases. Many Other Charges at Police Court Here This Week.

There was a busy police court here this week with quite an array of cases and considerable variety in the charges. David Hill, of the township of Evelyn, in the Connaught area, was charged with illegally having a still, the charge being made by E. C. Glendenning, R.C.M.P. Provincial Officer. Strickland found the still last week and brought Hill to the local jail. The case was adjourned for a week at least, as Hill had to be taken to the hospital for treatment. He had been acting queerly from the time he was locked up, and police were of the opinion that he appeared to be suffering from imbibing too much moonshine liquor. In any event he was a sick man on Tuesday and was transferred to the hospital for treatment.

Mrs. O. Perrin, Third Avenue, was fined \$100.00 and costs for possession of liquor not obtained on her permit. The local police had a charge of selling liquor against Henry Daches, 167 Birch street, south. Sergt. Holley and some of the town force raided the place on Monday night, Daches being arrested at the time, but later allowed out on bail. The case was adjourned till next Tuesday when it came up this week.

An ordinary case was dismissed. Two ordinary common drunks were assessed \$10.00 and costs, while two others took thirty days instead.

A charge of driving without a chauffeur's permit was remanded till called on, the accused getting the necessary permit in the meantime.

A week's adjournment was made in a game and fisheries act case laid by Warden Eddleston.

A local citizen was dismissed on a charge of failing to provide for his family, his claim being that he gave them money when he could do but that he was out of work sometimes.

Five different motorists paid \$10.00 and costs each for speeding.

A reckless driving case laid by Provincial Constable Strickland was adjourned for a week.

A prospector encountered by Provincial Officer Strickland while the said prospector had liquor in his pack sack drew a term of three months in lieu of a fine.

Acting Chief R. Paul and Sergt. Holley and their staff cleared up several robberies in town recently. A lad of seventeen was charged in court with the theft of a bicycle and other articles from Marshall-Ecclestone's and also goods from the Ideal Hardware. The police recovered the greater part of the goods. A. G. Carson C.A.S. inspector, spoke on the lad's behalf saying it was a first offence and the boy had been a good lad hitherto. The boy was given suspended sentence on a two-year term when he pleaded guilty to the charges.

In juvenile court the police also had four lads under sixteen for stealing a box of raisins from Gamble-Robinson after a break-in to get the goods. Another lad was charged with receiving stolen goods. The five boys were placed on parole with A. G. Carson, C.A.S. inspector.

IN MEMORIAM

BERLINGHOFF—In loving memory of Mildred Berlinghoff, who died May 13, 1933. To think you could not say good-bye before you closed your eyes; For us you always did your best; May God grant you eternal rest. Not just to-day, but every day. In silence we remember. —Sadly missed by Mother, Sisters and Brothers. -19p

IN MEMORIAM

DUNSTAN—In loving memory of a dear Wife and Mother, Beatrice Dunstan, who passed away May 8th, 1931. In the graveyard softly sleeping, Where the flowers so gently wave, Lies the one we loved so dearly, Whom we loved, but could not save. Just a thought of you, dear Mother, Just a memory kind and true, And a token of affection, That our hearts still long for you. —Sadly missed by Husband and family. -19p

Drowned Near Rouyn on Way to Agitate Strike

A despatch from Rouyn on Tuesday of this week says:—"Albert Deschenes, organizer for the Lumberworkers' Industrial Union, was drowned today and two companions narrowly escaped when their canoe capsized in rapids about a quarter of a mile from the junction of the Ottawa and Kenogjiew rivers, not far from Clerion Depot. One of the companions was named Robert Levasseur but police tonight had not ascertained the name of the other. In a borrowed canoe, the three had left here to attempt, police learned, to organize a strike among drive-workers employed by the Canadian International Paper Company along the Ottawa river.

They set out early today from Clerion Depot to paddle up the Kenogjiew and had only gone a little distance when the fatality occurred. Deschenes attempted to swim ashore and was drowned while the other two men clung to the canoe and were picked up about an hour later by a boat, manned by an Indian. Owing to water of the river being 20 feet above low water level, due to spring flooding, no effort could be made at present to locate the body."

LOCALS

Work has been started on the construction of the lawn bowling green for the St. Matthew's Lawn Bowling Club. As noted in The Advance last week the green is located near St. Matthew's church.

Friends of W. H. Wilson were pleased to see him able to be out and around again this week after several months at home from the effects of frost-bitten fingers. It was necessary a couple of weeks ago to amputate some of the fingers on the left hand, the frozen fingers having become infected. Although carrying the one hand bandaged and in a sling "Scotty" is as cheerful as ever and is now apparently well on the way to complete recovery after a painful and uncomfortable time.

Officers Ontario Command to Visit the Legion Here

Capt. Jules Ferry, of Sudbury, president of the Ontario Command of the Canadian Legion, and Archdeacon McIntosh, of Dundas, second vice-president, are to visit the branches in the North from June 20th to June 24th, and of course Timmins will be among the centres visited.

Shooting at a constable who was attempting to arrest him, Frank Temple accidentally wounded his own son. Later Temple shot two of the officers, one dying as a result of the wounds.

A kind-hearted English vicar one day observed an old woman laboriously pushing a perambulator up a steep hill. He volunteered his assistance, and when they reached the top of the hill said, in answer to her thanks: "Oh, it's nothing at all. I'm delighted to do it. But as a little reward, may I kiss the baby?" "Baby? Lor' bless you sir," she returned, "it ain't no baby, it's the old man's beer."

TOO LATE FOR CLASSIFICATION

FOR SALE—Small five-roomed house, hardwood floors, conveniences; garage and good garden lot; \$1000; terms. Apply to 300 Spruce Street, South, Timmins. -19p

"Full Steam Ahead" for the MINING Industry"

—HON. CHARLES MCCREA, Ontario Minister of Mines.

"FULL STEAM AHEAD!" In an interview at Toronto on Wednesday, May 2nd, the Hon. Charles McCrea, referring to the adjustment of the Budget provisions, declared "The slogan now for the Mining Industry should be 'Full Steam Ahead.'"

"FULL STEAM AHEAD" has long been Canada's motto in the development of the natural resources with which she is so richly endowed. For TIME is always an important factor and today, when speed is particularly essential in the matter of mining activity, Crawley and McCracken—"Canada's Biggest Cook"—supplies a vital link in the chain of service that makes the most speedy achievement possible.

"FULL STEAM AHEAD" is only possible when every unit is geared to full production, when every man is doing the thing for which he is specially trained or adapted. The mining executive to perform executive duties, the mining official to study and plan the work, the mining corps to carry through. And the important matter of camp detail and management handled by Crawley and McCracken who have specialized in this service for more than 20 years.

"FULL STEAM AHEAD" means service for the men who do the prospecting, at the point from which they work out, however far afield it may be... service to the drilling crew... service to the workers at the camp from the very beginning and through to the mill and the boarding-house of the established mine site... service to assure the wellbeing and contentment of every man engaged in the enterprise.

"FULL SPEED AHEAD" Crawley and McCracken—"Canada's Biggest Cook"—has been attuned to "full speed ahead" for more than two decades—supplying the good food, the efficient service and the orderly camp management that have meant uninterrupted and loyal service in Canada's mining development. In the maintenance of railways—in highway construction—in power development work—in lumber operations—in every field of activity where speedy progress is essential and men in numbers have to be fed and cared for "Canada's Biggest Cook" has been part of the picture.

"The Biggest Cook"

If interested in the story of how we furnish service that means "Full Speed Ahead" in enterprises similar to yours—write, wire or telephone and a Crawley and McCracken representative will consider with you in detail how our service will fit in with your requirements.
