Value of the Government Services of the Province

A correspondent writing to The Advance this week from Toronto says:—"In the year 1932, free government services at a total cost of almost \$120,000,000 were available to the people of Ontario. Our social services are more advanced than those of any other government in North America, yet the provincial revenues do not depend, as they do in some provinces, upon a provincial income tax. Our ordinary revenue of \$61,373,000 is derived chiefly from taxes upon luxuries, amusements, use of the highways, business, etc. The largest single item is the gasoline tax, \$12,629,000, and the next largest are succession duties and licenses for motor vehicles, \$8,081,000 and \$7,218,000 respectively.

"Yet our automobile license fees are less than those of other provinces. The cost of the province for borrowed money both in interest and service charges is less than that of other provinces. Our roads are built upon a comparatively economical basis. Our prisons and reformatories are costing less to maintain from year to year. There has been a marked decrease in crime. The Ontario Research Foundation is discovering means of saving money for

agriculture and industry.

"In face of the solid and steady achievements of a government ten years in power, the public should again endorse the administration."

Cobalt Man is Drowned When His Canoe Upsets

His reported action in seizing the limb of a tree growing on an island in the Montreal river is stated to have cost the life of Flavy Apps, 28, former resident of Latchford and lately living at Cobalt, who was drowned near the mouth of the river. The canoe in which he and William Skyhar were riding. The body was swept away in the swollen stream. Provincial Constables Leslie Heaney and R. O. Stromberg went down to investigate, and said that according to the survivor, Apps had grasped the branch of a willow as they were paddling upstream from Ragged Chutes and when they were about a mile from the power plant at Hound Chutes. The canoe upset, throwing both into the water. Both managed to seize branches of trees, but Apps had to relinquish his hold, while Skyhar was starting out for help.

Meeting of Council at South Porcupine

Flood Conditions at South Porcupine Discussed. South Porcupine Y.P.S. Elects Officers. Other News of South Porcupine and The Dome

South Porcupine, Ont., May 16th, 1934. Special to The Advance.

Mrs. "Bud" Cahill is in hospital recovering slowly from an operation. Miss Frances Wright spent the week-end in Ottawa, returning on Tuesday.

Harold O'Grady, who has been visiting his sick brother in Ottawa, returned to-day.

Born—on May 11th, at 45 Golden avenue, South Porcupine, a son, to Mr. and Mrs. John E. Telford.

Mrs. Hall, of Dome Mines, held another delightful benefit bridge at her home on Wednesday night of last week. The winner of the ladies' prize was Miss Lynch; Mrs. Rutherford, of Timmins, came second. Mr. C. Kemsley carried off the men's honors, with George Starling second. Last week the names of Mrs. Purdy (first) and Mrs. Leiteman (second) were inadvertently omitted from the account of Mrs. Hall's first party.

On Wednesday night a large gathering of the young people of the Anglican church met at the home of Mrs. Reynolds, Connaught Hill, to elect officers for the coming term. Archdeacon Woodall was present to conduct the meeting. The following were elected:—President, Victor Thomas; vice-president, Wm. Hall; secretary, Miss E. Wilkes; treasurer, Archie McPhate. A very nice lunch was served and a happy evening spent. After the service at the Anglican church on Sunday night the Archdeacon installed the officers elected.

The members of the bridge club and two tables of guests were entertained last Wednesday evening at the home of Mrs. Percy Richards. Mrs. McDowell was the guest to win the first prize. Mrs. Fairhurst winning second. The Flood (honorary member) and second to Mrs. Bessette.

Among the local people attending the Liberal-Conservative nomination meeting at Porcupine Junction last Wednesday were:—Messrs. Evans, J. E. Mason, Battrick, Graham, Cosco, O'Shea, Cameron and Wilson. Ladies attending were Mrs. D. D. Wilson, Mrs. Graham, Mrs. Dipololo, Mrs. J. Thomas and Mrs. M. Thomas, Mrs. Serret and Miss Brinton.

Mr. Frank R. Williams, of Sky's staff, leaves to-day for North Bay to return on Saturday with his bride from Port Arthur.

We are glad to hear that Mrs. J. Dogue is recovering from a sharp attack of pleurisy with pneumonia.

The skating rink officials elected at a meeting held last week are:—Mr. V. Evans, president; Ronald Mansfield, vice-president; committee, Messrs. J. Cattarello, D. McLellan and G. Holmer.

A bazaar is being planned, we understand, among the Finnish members of the United church, to take place in the United church here on Tuesday, May 29th. The members of the church are gradually increasing, under the pastor, M. W. Leeman, of Timmins. Service is being held regularly in the Finnish tongue on the first Sunday of the month at 2 p.m.

A splendid attendance marked the morning service of Mother's Day in the United church. Special parts of the service were taken by the children of the Sunday school. An acoustic was

The Women's Missionary Auxiliary of the United Church announce a
TEA AND SALE OF HOME COOKING

in the church basement from 3 to 6 p.m. on

Saturday, May 19

put on by the children of the Dome under the tuition of Mrs. Libby, and "Pageant of Joy" under Mrs. Purdy's guidance, the theme of the whole service being "Joy." Lily Brown told a special "Mothers' Day" story. Three baptisms—two children of Mrs. Courtney of the Dome and Mrs. Rickward's child—were solemnized at this service.

A large docket was presented on Tuesday for Magistrate Atkinson at the local police court. Of three men charged with having liquor one paid \$200 and costs and the other two \$100 and costs each. One Schumacher woman paid \$100 and costs on a similar charge. One woman's case (ditto) was adjourned for a week. One girl summoned for speeding—case adjourned for a week. One man—on the same charge—paid \$10 and costs. Two cases of reckless driving—one paid \$20 and costs, the other \$10 and costs. Case of assault adjourned from last week—three months' hard labor. Another reckless driver had his case adjourned. A charge of robbery with violence, which occurred last Sunday in Schumacher, was held over till next week.

A regular council meeting was held in the council chambers on Monday night with reeve and councillors all present. Several items of correspondence were read. A Salvation Army request for a tag-day was granted. A petition was presented by the secretary of Ratepayers' Association, S. S. No. 1, re the flood conditions at South Porcupine. It was explained by the reeve and Councillor Kerr, who remembered the incident, that after the 1928 flood an investigation of the causes of the annual overflow on Railroad street, produced the fact that in a distance of six miles from the outlet of the lake there is only approximately a drop of six inches in the fall of water, and in 37 miles (from Lakes Porcupine to Night Hawk) only a drop of 17 1/2 feet in all. This outlet meanders through weeds, scrub and mud. After 1928 two thousand dollars had been spent in "brushing" the creek to try to remedy conditions. The council promised to see if the Government engineers could make some move whereby something can be done. At the north end of Moore street 150 feet of sidewalk are to be put in, the street fixed and a light put at Dome and Moore streets. Regarding a petition for opening Spruce street, Moneta, for a crossing over the T. & N. O. Ry., the clerk will investigate former correspondence regarding this matter, as there is a crossing on Pine street only two hundred feet away. Indigent and relief cases were heard and disposed of. Discussion regarding the widening of the railway crossing at Dome Road—Clerk will communicate with North Bay after engineer has investigated and given information regarding same.

Kirkland Lake is to vote on Monday May 21st, on the question of daylight saving. Halleybury has turned the daylight saving matter down flat, holding that it is inconvenient and of no particular benefit to anyone.

District Pipe Band Worthy of Support

Name of Organization Changed to "Porcupine District Pipe Band." Ready for Engagement or to Teach the Pipes

Since its inception in 1933 the Pipe Band has been carrying on under the direction of a committee of three. A meeting was called last Friday evening, May 11th, at the Central public school, with the purpose of augmenting the committee. The meeting brought out a representative attendance and there was much interest and enthusiasm shown.

The name of the organization was changed to "Porcupine District Pipe Band," the whole district being represented and the idea being to make the pipe band an institution of service to the whole camp. The Porcupine Pipe Band is asking for the support of the people of the Porcupine and in return offer community entertainment and stirring music for general and special occasions. If it is desired Pipe Major McLellan, assisted by Piper Hugh O'Neill, will go anywhere in the district to teach a class the playing of the pipes. The pipe band attended the Conservative convention at Porcupine Junction last week and this engagement was of great encouragement to them. The five hundred delegates present seemed to be well pleased with the music of the pipes and this gives the pipe band courage to say that they are open for engagement, both charitable and otherwise.

The names of the newly-elected officers and committee are as follows:—T. Arnott, president.

A. Roberts, vice-president.

W. Stewart, treasurer.

G. Adamson, secretary.

Committee: G. McLellan, H. O'Neill, D. Cotcher, J. Cowan, A. Allison, J. H. Feltmate, W. Adamson.

A pipe band is of value to any community and with the support of the public the Porcupine District Pipe Band will no doubt prove a noteworthy asset to the camp in general.

A number of fire rangers have been started at their duties for the season and the number will be added to shortly to bring the force to about the same number as last year. At present the fire rangers are busy seeing to the removal of any fire hazards in the bush that can be dealt with.

MANY OCCUPATIONS SHOWN ON NORTH BAY RELIEF LIST

An official list compiled at North Bay shows that there are a great many occupations and callings represented by those on the relief lists in North Bay. The same no doubt is true of other towns and cities. The North Bay city relief officer has made a careful tabulation of the occupations of all on the city's relief list. This shows the following to be the normal calling of the North Bay relief list:—

Accountants, butchers, bookkeepers, bricklayers, blacksmiths, building contractors, brakemen, bakers, boiler-makers, bridgemen, carpenters, clerks, cooks, chauffeurs, carmen, candymaker, dairymen, expressmen, electricians, farmers, firemen, gardeners, glaziers, hostlers, car and timber inspectors, labourers, lumber jobber, machinists,

millwrights, telegraph operators, piano tuners, pipefitters, painters and decorators, plasterers, plumbers, realtor, rod men, riveters, stenographers, shippers, saddlers, sawyers, sectionmen, section foremen, steam shovel operators, saw-filers, saw-setters, salesmen, steam pipe fitters, stewards, stone-masons, teamster, tie inspectors, upholsters, vulcanizers, watchmen and yardmen.

ATTENTION HOUSEHOLDERS

Wrap all Garbage in paper
Keep your Garbage Can covered
Use plenty of Chloride of Lime which can be procured at the Town Hall free.
Householders using well water must boil it for at least 20 minutes.
All Outside Toilets must be made fly-proof.

A handier and more convenient book for the pocket. Contains the largest possible number of leaves for 5c.

ZIG-ZAG

Drive the others... Price the others
STUDEBAKER

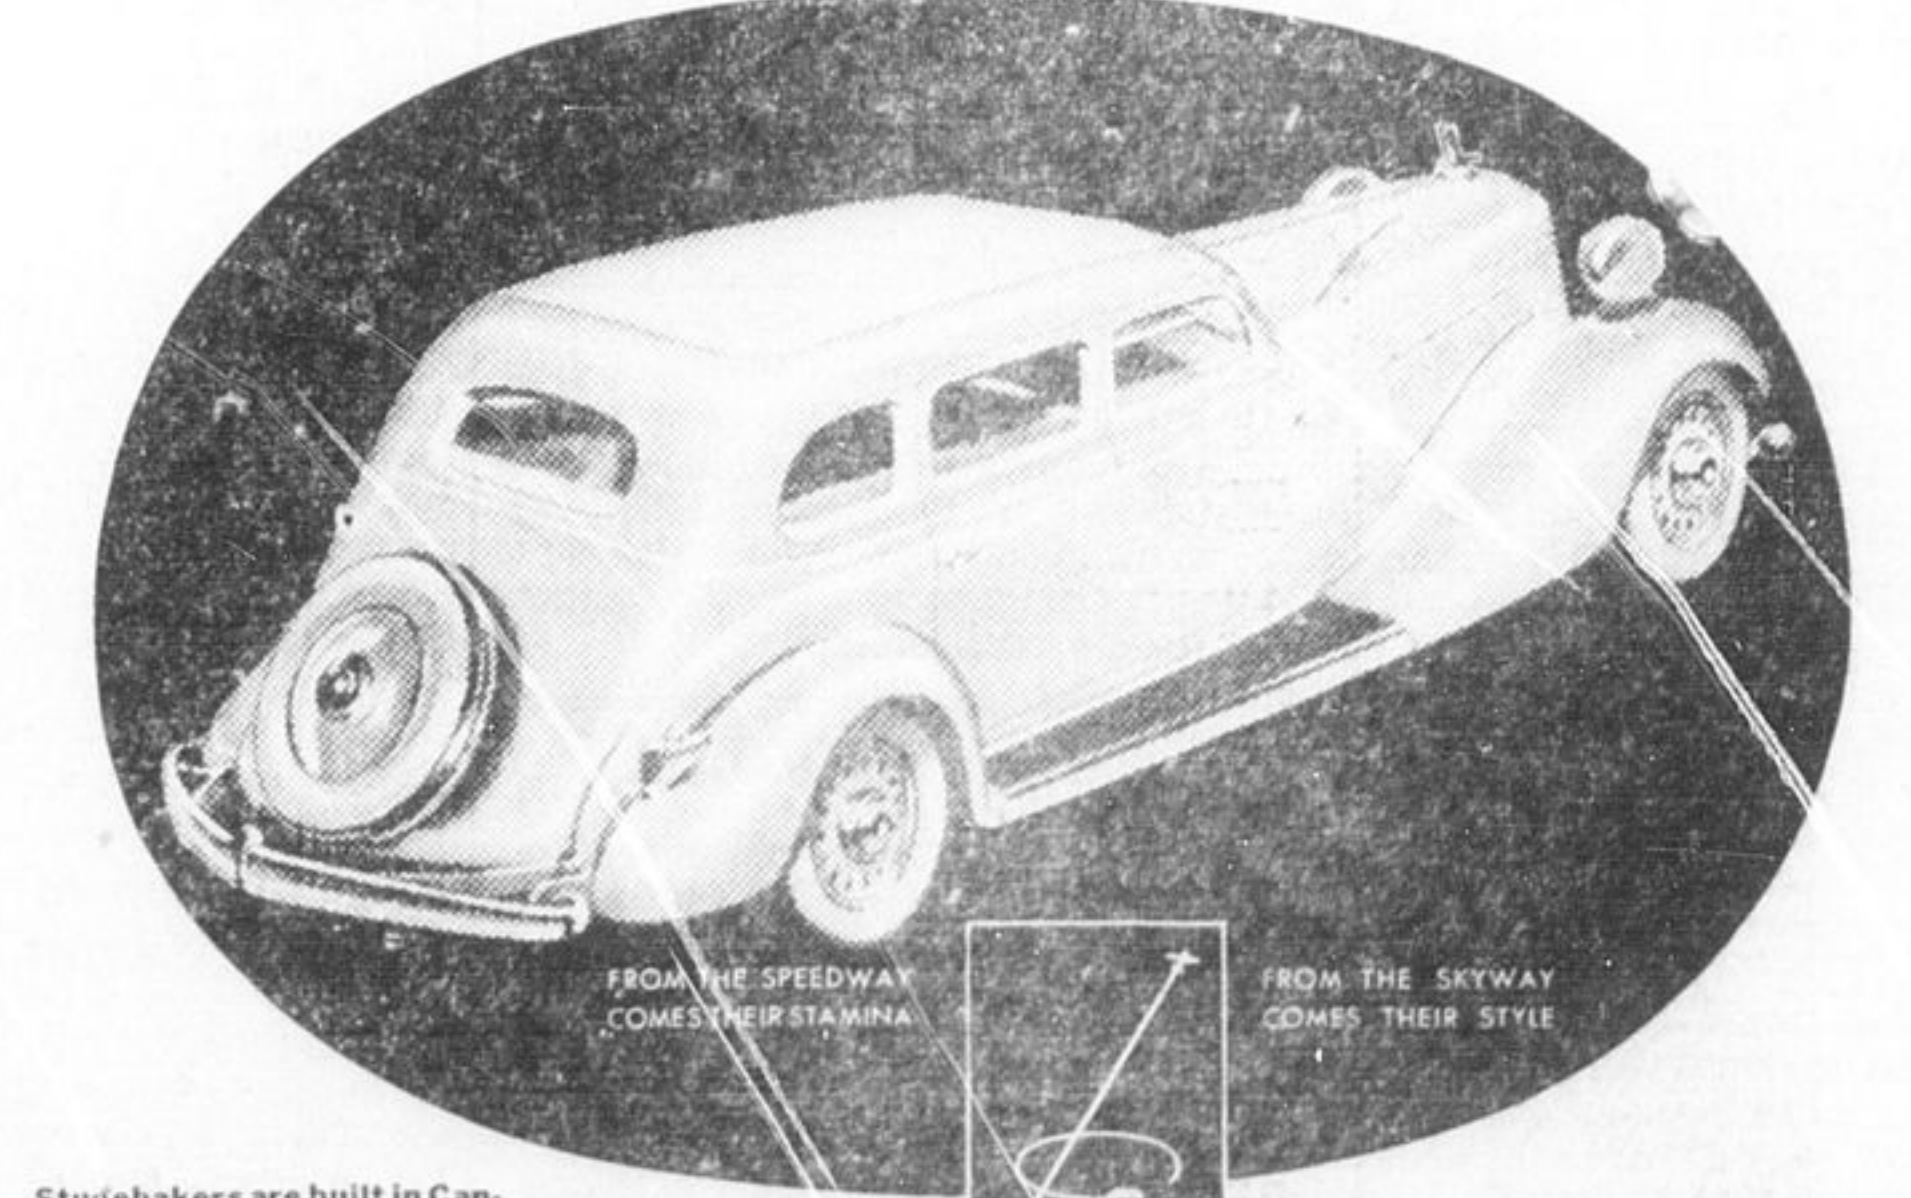

Now only
\$1039 and up
Including Taxes and Complete Equipment
FREIGHT ONLY FROM WALKERVILLE TO BE ADDED

MOST other car prices are considerably advanced today over last year. But Studebaker prices are \$265 to \$755 lower than last year.

Here are cars with stamina that stems straight from years of triumphs in stock car and speedway racing. Cars with beautifully streamlined bodies of steel reinforced by steel. Cars that ride more restfully than any others due to Quadripos

Suspension which scientifically cradles the action of all four wheels.

Drive the others and price the others—and see for yourself how these 1934 Studebakers stand out in both comparisons. See how Studebaker excels in handling ease—and in road stability—how the solidity of Studebaker construction impresses you. Whatever your plans or price ideas, come in for a trial drive today.

Studebakers are built in Canada by Canadian Workmen as all Canadian Studebakers have been for 23 years.

Timmins Garage Company Limited
Timmins, Ontario

STUDEBAKER PRICES ARE \$265 TO \$755 LOWER THAN LAST YEAR.

Tuxis

The regular meeting of the Excelsior Tuxis Square was held Monday night last with fifteen members present. Praetor Morrison occupied the chair. The minutes of the last meeting were adopted as read. Distribution of food supplies for Father and Son banquet was made and arrangements completed for annual church service. The report of the annual meeting of the Provincial Boys' Work Board was read and particular attention given to three matters directly concerning Northern Ontario, viz: The unattached boy; Leadership training camp for Northern Ontario and the taking over of the explorer work by the Boys' Work Board.

This week's scheduled basketball game produced a real thriller as five minutes overtime was needed to decide a winner, the Pirates again taking the decision over the Aces by a score of 27-25. A number of the boys enjoyed boxing and wrestling bouts while the others were playing basketball.

Trail Rangers

The Seneca group held their regular meeting on Thursday night last with eight members present and our Mentor, Mr. Burns, presiding.

Announcement of our church service next Sunday night and our Father and Son banquet on Monday night was made to the group and all were requested to be present on these two occasions.

Weather permitting, our next meeting will take the form of a ball game on the cyanide.

Jack Easton gave a very interesting talk on "Radium," its source, uses, etc.

The Shawnee group held their regular weekly meeting on Thursday night last with seven members present and our Mentor, Mr. Gillies, presiding. Our Mentor gave us a short account of his last survey trip. Then each boy was asked what he would do if given ten dollars. Some of the answers were amusing and some showed real thought but there certainly were a lot of ways suggested by which a fellow could spend his ten.

Arrangements were made for a basketball game with the Pathfinder group on Saturday morning. This game was duly played, our group winning by the close score of 9 to 8. The Pathfinder group held their regular meeting on Wednesday night with twelve members present and our Mentor, Mr. Roach, presiding.

After the opening ceremony we had a lively geography match, the balance of the period being taken up with group games and a lively game of basketball.

Junior Trail Rangers

Our regular weekly meeting was held on Friday night last with twenty-five boys and three Mentors present.

Instruction was given in the Pathfinder degree; tests were held on the Promise and Code; several group games were played, and then we dispersed.

General

Northern Ontario is well represented on the Provincial Board for 1934-35. The vice-president, Earl Orchard, hails from Sault Ste. Marie and is the mainspring in Trail Ranger and Tuxis work in that city. We also have two district vice-presidents, F. S. James of Sudbury, and P. T. Moaisley of Timmins.

Now that the summer season is opening up, this column would suggest that groups consider the possibilities of hikes, paper chases, weekend camps, etc. to keep interest alive through the outdoor season.

All groups please note and attend in full strength our annual church service on Sunday evening, May 20th, at 7 p.m., and our annual Father and Son banquet on Monday evening, May 21st, at 7 p.m.
