### McKim's 1934 Directory Canadian Publications

The 1934 McKim's Directory of Canadian Publications is just off the press. This edition is the twenty-seventh, the first having been published in 1892, several years after A. McKim Limited, Canada's premier advertising agency, was established.

The most complete directory of its kind in Canada, the book contains exhaustive information on advertising media throughout the Dominion. Newspapers, magazines, trade papers and miscellaneous publications are all listed, together with information on provinces, cities and towns where publications operate; showing populations and industries and essential features of each market.

### Many Fine Gardens at South Porcupine

Accident on Davidson Road. "Guest House" Being Built at Dome. Graduation Dance at Continuation School. Other South Porcupine and Dome News.

South Porcupine, Ont., May 29th, 1934. Special to The Advance.

We offer congratulations to the women of our fellow townspeople who have won prizes at the Anniversary Fair in Timmins. To Mrs. A. Ewing, six prizes have been awarded:—four for entries of plants, one first prize for fancy work (buffet scarf), and one first prize for embroidery (bathtowel and wash cloth). To Mrs. Toderan a first prize for a beautiful handmade carpet, and a second for a hooked rug. And to little Audrey Jamieson a third prize for art.

The Eastern Star dance, held in the Continuation School hall on Friday last, was, as usual one of the nicest dances of the season. Unfortunately, with two other dances in the camp, and the attraction of the fair, the attendance was not as great as usual. But the usual excellence was displayed in the lunch and the music—the orchestra of Al Pierini providing untiringly the rhythmic setting for the tepid-sweat art.

We are sorry to report little Terry Wilson, son of Mr. and Mrs. Tom Wilson, as being in St. Mary's hospital after emergency appendix operation. His condition is satisfactory.

Mrs. Griffin, of Kirkland Lake, is visiting friends in town.

Mr. John Gibbons was up from Noranda visiting his parents over the week-end.

Earle Hamilton returned home for the summer from Toronto University, this week.

Mr. and Mrs. Ed. Whitman, with little daughters, Jean and Nancy, were visiting in town this week. Mr. Whitman is superintendent of Teck-Hughes mill, Kirkland Lake.

Mrs. E. Ewing, Sr., was visiting her son this week-end from Kirkland Lake.

Earl Vachon of the Coniarum got a nasty shaking up, as well as fourteen clips in an arm wound, when his new Oldsmobile car collided with J. Miller's Ford V-eight on the Davidson road on Sunday night—finishing up in the back yard of J. McCann. The car is a wreck. Mr. Vachon is progressing nicely in the hospital here.

Mr. Donaldson, of Kirkland Lake, spent two days in camp, visiting friends this week.

The Dome Athletic Club have just completed a new gymnasium, at the back of the rock-pile at the Dome, for the use of the boys.

The Dome Mines Company are building a new "Guest House" at the property, on the site of the old tennis court. The building will be for the use of directors and their guests.

Born—On May 24th, to Mr. and Mrs. Dennis J. Vendette, of 68 Spruce avenue—a son.

Died—On May 24th, Dennis Joseph Verdette, infant son of Mr. and Mrs. D. J. Vendette. Interred in Timmins cemetery on May 25th.

We are glad to be able to report Mrs. Percy Andrews, as being home from hospital and recuperating nicely.

Mrs. Hancock, of Cochrane, was visiting Mrs. W. Rayner on Tuesday.

The Boy Scouts are presenting a play "Woodcraft" at the Continuation School on Friday, June 1st. Please do not forget the date, and make it a point to be present, if possible.

Mrs. Redpath, who has been spending a few weeks in Vancouver, returned home this week. Mr. and Mrs. Redpath left on Tuesday for a short stay in Montreal.

The Graduation (2nd annual) dance

held by the High School students in the school on Thursday last was an unqualified success. The attendance was good and the nice crowd report a nice time. One visitor remarked on the excellent behaviour of the students as well as on the pretty, fresh gowns worn by the girls. Several "grown-ups" were interested enough to be present and enjoyed the dancing as much as the pupils. A pleasing feature of the evening was the presentation (made by Mr. Gordon Cross, manager of the Junior Hockey Club) of a cup given by Mr. Purdy for the hockey player who, throughout the season, played the "cleanest" hockey. After lunch was served the Junior hockey boys were asked to line up on the platform, and Mr. Cross delivered a very nice speech to them, complimenting them on their work during the past term and saying that he appreciated their co-operation with him as manager, and that he had enjoyed working with them. He kept them all guessing as to who had won the cup until the actual presentation, when Clarence McCaffrey (one penalty only in the whole season) was called to possess the coveted honour. Amid much applause "Fat" responded, "It was a popular choice, evidently. This cup now belongs to the winner. It is not to be turned over next season, and is called the "Purdy Clean Play Cup." As "Intercollegiate Northern Champions" the Continuation School Hockey team were then called to the front, and each presented by their star right winger and captain, Carlo Cattarello with School crests donated by the Literary Society of the Continuation School.

Mr. Purdy spoke of the pride he felt in these boys, and the pleasure it gave him to feel the honour they had brought to their school. The presentation of a book (entitled "It Can Be Done") was made to Mary King, also by the Literary Society in recognition of the hour she had brought to the school by winning the Oratorical Contest at North Bay recently.

Miss Gaughm, of Sault Ste. Marie, is a guest at the home of Mrs. Ahl this week. Mrs. Ahl has just returned from North Bay.

The gardens are now receiving much attention from all householders. We have never before noticed so many new patches of ploughed and spaded land being prepared for seed as this year. The whole town seems to be determined to beautify, and clean-up. Have you all noticed the beautiful appearance of the gardens in the west end? The daffodils and tulips are making the gardens of Messrs. Alexander, Costain, Harper and Fairhurst look like a bit of Old England. And, we noticed a few or so ago these same gardens under inches of flood water—and two days after the water went off—up came the yellow and blue crocuses. We went over the hothouses of Mr. McKenzie yesterday down by the lake and the plants are making a wonderful showing. He has over a hundred thousand in different stages of growth—and they seem to have received no ill effects from the flood. Long before South Porcupine gardens started to blossom, however, the Dome gardens were in bloom, those at the hospital being especially beautiful.

**LUNCH COUNTER INSTALLED AT WOOLWORTH STORE HERE**

The latest innovation at the F. W. Woolworth Store here is the installation of a lunch counter. The fittings and arrangements for this new lunch counter are along the most modern lines and the new department promises to be a popular one.

Friends in Timmins will be interested to learn that a son was born to Mr. and Mrs. Sam Elles at Kirkland Lake last week. Mr. and Mrs. Elles were formerly residents in Timmins.

### Junior C.G.I.T. Girls Picnic at South End

Presentations at South Porcupine to Miss Campbell and Mrs. Hussey. New Fokker Plane Arrives. Other South Porcupine and Dome News.

South Porcupine, Ont., May 29th, 1934. Special to The Advance.

Miss Smythe, of the hospital staff, is holidaying at the parental home at Stroud. We are sorry to hear she has been quite sick while away.

Mrs. S. Pearce returned this week from Waukenshene.

Mr. and Mrs. R. Dixon left on Monday for Red Lake Gold Shore Mine.

Mr. Fred Watson, of Noranda, was a visitor at the home of Mrs. Starling this week-end.

We are sorry to hear that Mr. Joe Smith is in hospital.

Mrs. Purvis is also a patient at the hospital.

We understand that dewatering has begun at the Canusa Mine, and that things look promising for re-opening in the near future.

Last Saturday afternoon the fire department learned that a fire at the Ankerite had got out of hand and after demolishing an old shaft house was menacing further property. Some of the brigade members went out to lend a hand if needed, and took out chemical extinguishers but found that the fire rangers had the fire under control. Burning slash accounted for the fire.

Mrs. F. Caswell is visiting this week at Kirkland Lake.

Last week in police court here a Schumacher woman was found guilty of having liquor and was fined \$200.00 and costs which was paid. L. W. Huzine was fined \$10 and costs for reckless driving. One speeder paid \$10 and costs. Five drunks paid \$10 and costs each. A man charged with breaking into premises and unlawfully entering was given two months in jail.

We have been requested by the police department to publish the names of reckless drivers (not speeders) as a warning to others who might feel disposed to treat lightly, the lives of their fellow creatures (and, possibly their own).

At this week's police court session Louise Whuzine was charged with reckless driving and was fined \$10 or 30 days, a Younrier, on the same charge, paid \$50.00 and costs or 30 days. N. Bobinac, convicted of being drunk in charge of a motorcycle, got 10 days hard labour without the option of a fine. Toivo Niemi, charged with failing to stop at the scene of an accident, had his case dismissed. R. E. Kendall, charged with robbery with violence was committed for trial on June 12th.

The chief also wishes to call attention to the following as a warning to others: D. Hollows, of North Bay, was fined \$1 and costs for not carrying a car driving license. A. Jones, of Timmins, received the same penalty for the same offence. This week J. Dobanovich, charged with assault, was dismissed. Two others (Zarcovitch and Brikly-ach) were sent down for trial on the same charge.

The Junior C.G.I.T. group of girls held a picnic on Saturday just outside the town on what is known as "first rocks." This is an annual affair to conclude the year's "business" meetings. They were accompanied by Miss E. Campbell, of Timmins, who is their "leader" in this work. Miss Campbell has been doing Junior work here in the North for six years now, and as she has completed seven years with the C.G.I.T. (which is really missionary work) she will take her year's furlough this year starting next week. In appreciation of the kindness and competence of Miss Campbell the girls presented her with an address and a beautiful scarf at the picnic. On returning to the church they sought out Mrs. Hussey, who three years ago organized them under the title of "Jolly Juniors" and made them ready for Miss Campbell's guidance, and Jean Andrews, acting for the rest, presented her with a silver card tray and an address of appreciation. Mrs. Hussey was much touched by the kind thought of the children and expressed her thanks for the nice little gift. Mrs. Hussey, who leaves on Monday with Mr. Hussey for Toronto will not return to South Porcupine before taking up residence at Kincairdine. We wish Mrs. Hussey every success in her new home and through life, and feel sure that the people of Kincairdine will appreciate her many kindly qualities and helpful service, and that she will make us many new friends as she is leaving old ones in South End, to regret her departure.

A very nice party was given on Tuesday night at Dome Extension at the home of Mrs. Hogg in honour of Mrs. Wm. Thomas, who is leaving shortly for a trip to the Old Country. Bridge was played and a very lovely lunch partaken of, and a most enjoyable evening spent by all.

Mrs. Burton is leaving on Friday for Toronto to attend the annual Toronto Conference of the United Church. Mrs. Burton has been appointed by the church to go as a delegate. Before returning she will visit friends in Buffalo.

The Finnish bazaar held on Tuesday in the United Church was a decided success. This year the financial returns were extremely satisfactory, and many attended the bazaar. During the afternoon coffee was served, along with the famous Finnish coffee bread, and cake. Some lovely home-made cut-work and fancy work was on display and found a ready sale.

Mr. Ed. Ahl has brought back the new six-passenger cabin Fokker plane, and has been busy from daylight till dark since leaving Montreal. He is transporting forest fire rangers to the different areas of burning activity. Only this morning he has taken thirty-five rangers into the Elk Lake area.

While Mr. B. Levinson was attending the Timmins fair last night, he witnessed an unusual incident. In the crowd standing by the exhaust of the
