on Saturday, July 14th, 1934

from 3.00 p.m.

### Camp Here Visited by Young Geologists

Bennett T. Sandefur, Miami University, Oxford, Ohio, Brings Party of Students to Timmins. Much Interest in the Visit

Visitors to the Timmins park and bathing beach at Gillies Lake on Sunday afternoon were interested in a truck bearing an Ohio license number and driving into the tourist camp where it discharged a passenger list of eleven young men. In a very few minutes they had made camp and were enjoying a cooling dip in the lake. Later in the evening a query from The Advance brought forth the information that the party consisted of Bennett T. Sandefur, teacher of Geology, Miami University, Oxford, Ohio, and ten senior students. These students were:—Jack Berryhill, Robt. Radabaugh, A. H. Metzger, James Fisher, George Watson, Roger Griffith, George Cermak, Joseph Kelly, Robt. Gries, Warren Roundbush, Bennett T. Sandefur, B.S. (Kentucky), M.S. (Kentucky), is in charge of the party.

The party is visiting all the important mineralized regions of Eastern Canada. The trip covers 7000 miles, over a period of two months. The tour goes east as far as Moncton, N.B., north as far as Timmins, west to the Salt, crossing back to the U.S.A. and going to the Keewatin Point of Michigan. This same group covered about 10,000 miles through the Western United States last summer, visiting all the important parks and mining areas.

All in the group are students of Miami University and are majoring in geology or in a combination of geology and mining. They sleep out all night during the trip, do all their own cooking and practically all their own laundry work. The cost for the summer is \$135.00, this including all food, lodging and travel expense.

Last year on the whole trip they had only one puncture. This year they were struck by a runaway team in Timmins on July 9th, the carrier at the rear of the truck being demolished. The points on their itinerary this year include:—Bay of Fundy, Theford Mines, the Geological Survey at Ottawa, Calabogie, Timmins, Kirkland Lake, Noranda, Rouyn, Cobalt, Sudbury, Houghton, Mich., Centre of Progress exhibition at Chicago, and then home.

As to whether the young men were enjoying the tour or not, you had only to look at them to know the answer. Not only are they securing information of the greatest value and interest to them in their university course, but they are also having a delightful time and enjoying the tour in a most whole-hearted way.

The party expressed pleasure at the reception accorded them at both the Hollinger and the McIntyre. They planned to leave for Iroquois Falls and Kirkland Lake yesterday at noon.

### LIBERALS ORGANIZE 20TH CENTURY CLUB AT COCHRANE

Cochrane recently organized a 20th Century Club for Juniors to support the ideas of the Liberal party and for general political discussion. The honorary presidents include Hon. Mackenzie King, Mitchell Hepburn, Jos. A. Bradette, and J. A. Habel. Mr. Casey is president and Mr. McKinnon secretary. The annual meeting will be held in September. The establishment of this new club at Cochrane was largely due to the able work of Mr. Angus, vice-president of the Ontario 20th Century Clubs.

### COCHRANE BRIGADE PLEASED WITH TOURNAMENT HERE

In the report last week of the District of Cochrane Firemen's Association tournament at Timmins on July 2nd, The Advance noted that the visiting brigade were well pleased with the event here and with the treatment accorded them at the event. Proof of this is given in the brief report of the event given last week by The Cochrane Northland Post. The Post says:—"On Monday the Cochrane Volunteer Fire Brigade went down to Timmins for the Second Annual Tournament of the Cochrane District Firemen's Association, and brought back two of the most coveted prizes. On the wagon race the Cochrane team came first with a time of 41 4-5 seconds, what is believed to be a real record for this event. The Cochrane boys also took first place as the best dressed brigade attending the tournament. The Cochrane team report a splendid tournament this year with a large crowd in attendance, the best of treatment, and

### Meeting of Council at South Porcupine

Items of Interest in Township Council Business. Shower for Bride-to-be. New Bride Welcomed to South Porcupine

South Porcupine, Ont., July 11th, 1934. Special to The Advance.

A regular council meeting was held on Monday night with all councillors and Reeve Gallagher present. Correspondence was read. The Moneta incinerator question was discussed again. A meeting is to be arranged for Wednesday, July 11th, between Councilors Clark and McInnis, with the mayor of Timmins, to find a solution for the nuisance. A foreigner, suffering from tuberculosis, now a public charge, is to be sent home, after notifying the Immigration Dept. Council are agreed to extend waterworks at Schumacher from Third avenue to High school, with 8-inch main with necessary valves and hydrants. Councilors Kerr, Clarke and McInnis will investigate meter installation conditions at Schumacher, and report re complaint lodged with council concerning taking of pipe fittings from cellars where work is being done. Authorization was granted for putting sewer and catch basins from north side of Bruce avenue, South Porcupine, in front of Ireland's across to south side, and from there around the post office and down Main street to the swamp. A needy case of a good citizen and old-timer was discussed, and he is to be assisted. Engineer was instructed to cut brush on sidewalk from Railroad street to crossing, also on side of road. Prices are to be obtained on half-ton truck for township foreman for township work only. General routine business was gone through. Engineer is also to repair the road to the springs temporarily.

### Death of Mrs. M. Byrnes Early Resident North Bay

One of the first residents of North Bay, Mrs. Margaret Byrnes, passed away Thursday afternoon, July 5th, according to a despatch from North Bay last week. Although Mrs. Byrnes had been ill for almost four years her condition did not become serious until a few weeks ago when few hopes could be held for her recovery. The late Mrs. Byrnes was in her 78th year at the time of her death.

The funeral took place on Monday morning of this week from her late residence on McIntyre street, North Bay, Rev. Fr. J. C. Humphrey officiated at the funeral mass in St. Mary's cathedral. Interment was made at St. Mary's cemetery.

Mrs. Byrnes is survived by five daughters, Sister M. Cecile, of St. Joseph's hospital, Port Arthur; Margaret, Schumacher; Mrs. S. R. Folkins, Beatty Mine, Noranda; Mrs. J. R. Ledgerwood, Winnipeg; Mrs. L. O'Kane, North Bay, and two sons, James Byrnes, Savant, and W. J. Byrnes, Mactier. She is also survived by 16 grandchildren. Mr. Byrnes predeceased his wife ten years ago.

### Timmins Wins First in Junior Lacrosse

Mayor Richardson Centres First Ball to Start Junior Lacrosse League Here This Week

The Junior Lacrosse League opened here this week. Mayor Richardson centred the first ball at the official opener.

South Porcupine arrived with only part of a team, as several of their men had to work as it was pay night. They played a great game and went down gamely.

Play was even at the start, then Clement took a long pass from Theriault to start the ball a-rolling. Cauffman evened for South Porcupine. Delmonte missed an easy shot but returned to fool Myers with a high one. Cauffman missed an open net and Richard did the same for Timmins. Roach evened the score about 30 seconds before the whistle. Score, 2-2.

After play was left in centre field for some time Lauzon scored as Arundel and Delmonte drew their checks out. Delmonte's goal was disallowed as he took the pass in crease. Score, 3 to 2 favour of Timmins.

The Porokies came back strongly but Bastien cleared Arundel scored from close in. Theriault was penalized for holding and South Porcupine used the advantage and Cauffman scored on Myers' pass as he carried the ball past centre. Theriault returned to the field to score as the period ended. Score, 5 to 3 for Timmins.

The last period opened with South Porcupine tired but fighting gamely. Bcston was given plenty of work to do by the Porokies forwards. Jemmett threw a hard one past Myers to start scoring. Hogarth rushed the length of the field only to miss his shot. Arundel and Lauzon scored in quick succession. Laffin made a spectacular rush down the field only to miss an open net as Bastien sprawled. Burns finished scoring to make the score 8 to 4, favour of Timmins.

Several old-timers were present, including Messrs. McGuire, Easton, Laird and Theriault, and expressed pleasure at the brand of lacrosse the boys put up.

All the South Porcupine boys played heads up lacrosse, and Timmins boys are showing a vast improvement in form over previous games. The Timmins defence is strong, with Hogarth's length seemingly covering half the field. Bastien played a heady game in goal and the Timmins forwards showed that they should be feared.

Timmins—Bastien, goal; Hogarth, Gauthier, defence; Lauzon, rover; Delmonte, centre; Arundel, Jemmett, forwards; Richard, McPhail, Clement, Theriault, subs.

South Porcupine:—Myers, goal; Laffin, Burns, defence; Cauffman, rover; Turner, centre; Roach, Dagenais, forwards; Starr, McKay, subs.

Ottawa Citizen:—In a hundred years or so, all girls will be beautiful, says a Boston professor. And then the cosmetic manufacturers will probably start work on the males.

### Record for Cabbage at South Porcupine

Visitors to and from South Porcupine. Dome and McIntyre Play Classy Football at Dome. Other South End and Dome News

South Porcupine, Ont., July 11th, 1934. Special to The Advance.

What we consider a record for outdoor cabbage-growing has been achieved by Mr. Alex McKenzie—this is July 11th—and this morning Mr. McKenzie brought us a cabbage—heart nineteen inches in circumference and hard and firm. He would like to know if anybody can beat this record for the North!

Mr. and Mrs. Purdy and little daughters left on Friday for vacation in Toronto and other points south. On their return they will take up residence in W. Fairhurst's house on Bloor avenue, which we understand has been purchased by Mr. Purdy.

Court of revision sat this morning in the council chambers. All business was satisfactorily disposed of. The Air Transport Co., have been running (or flying) on schedule between Sudbury and South Porcupine. Captain Sanderson, of Port Erie, president of "Fleet Aircraft" is a visitor this week at the home of Mr. and Mrs. Ed. Ahr.

Miss Betty Gallagher and Mrs. Jones are holidaying in Toronto.

Mr. D. Hickson, hockey coach, is in Toronto, consulting a specialist concerning car-trouble.

Miss Clara Taylor, of Toronto, is the guest of Mr. and Mrs. Jack Porter.

Miss Lillian Huot was in Kirkland Lake broadcasting all last week, returning home on Friday.

Mr. Edgar Donnelly, of Campbell's Bay, is visiting his uncle and aunt, Mr. and Mrs. T. Cahill.

A charming bridge party was given on Monday night at the home of Mrs. McLean, Dome Mines, in honour of Miss Rita McLean, of Quyon, who is visiting her brother, Mr. McLean, this week. Mrs. J. McCaffrey carried off the first honours, second prize going to Mrs. T. Cahill, and third to Miss Francis Wright.

A very sudden death occurred on Sunday afternoon at Pottsville when John Pushka, who was cutting hay was suddenly seen to keel over. Help was immediately at hand, but it was discovered that he had passed away. Dr. McLaren was called at once but pronounced life extinct, and the cause was given as "sunstroke." He was married and leaves a family of three small children. He had not been in the best of health.

Miss Joy Tindle, of Monteith, is visiting Mrs. M. Smith this week.

Mr. Freddy McLellan was the guest of Master Douglas McLellan this week.

The strawberry tea, held in the United Church last Thursday afternoon, was a financial success and was very ably conducted, the tea being excellent in every way.

Mr. Ed. Kennedy and Mr. J. Waters are on holiday in Ottawa.

Miss Phyllis McCann is spending her vacation at Port Hope, visiting her sister, Mrs. Watson.

The game opened with some nice play on both sides. A clever move from the Dome forwards ended with a tricky shot from Whyte—Brockbank making a spectacular save which gave the fans a momentary thrill. A few minutes later Rodgers hit the crossbar. Bennett then made things hot around the Dome goal and in the scuffle—McQuire kicked the ball past Baxter—giving the first goal of the game to McIntyre.

Dome then started to apply the power play, but it met with a rugged defence and half-time arrived with no further scoring.

McIntyre kicked off to open the second half and some nice football was seen from both teams but the fans couldn't get anything to enthuse over until Galbraith shot a nice one past Brockbank to even the score. A few minutes later Foster let W. Whyte right in on Mac's goal, but Brockbank brought off another nice stop when it looked all up. But the goal was not long delayed as the whole Dome forwards moving up in a body, and the ball going from one to the other, got it inside the 6 yards box to give Brockbank no chance. This was the best goal seen at the Dome for a long time.

With ten minutes left to play it looked as if the Dome had the game in the bag, but the Mac's thought otherwise and they went down and Hendry slipped one past Baxter to tie it up again. Rankin then came on for Randall on McIntyre's right wing and his second kick sent over to Bennett who made no mistake to leave Baxter helpless. There was a little doubt about this goal as Bennett was in an offside position when he received the ball. The Dome went off with a rush, but time was close, and the whistle went to end the game with Dome in McIntyre territory.

Last year the New Liskeard district had over a dozen rather serious motor car accidents around the Dominion Day holiday, but this year not a single accident of any consequence was reported during the holiday week-end.

### News and Notes of Timmins Girl Guides

Enjoyable Meeting on Friday Evening. Last Inspection of the Company. Enrolment, Colour Party and Other Features

(By P.L., J.T.)

Last Friday the usual Girl Guide meeting was held at Central school. The meeting opened with half an hour of softball. Then the whistle was blown for patrols to fall in for roll call and inspection.

Captain Cranston took inspection, and the marks were read by Lieutenant Tilley.

After inspection the company marched into horseshoe and the colour party raised the flag.

Lieutenant Tilley supervised the game as soon as the flag had been raised. When the game was over Captain Cranston sent the Guides to their corners. After this, Captain Cranston took the usual Morse code class, and Lieutenant Tilley the legends.

Helen Landers passed her good carriage, Morse code (sending) was passed by Christine Brown, Helen Landers and Joan Tessier. Slavov Mannerich passed her knots for Tenderfoot class.

An enrolment took place by Cap-

tain Cranston, Lieutenant Tilley and Lieutenant Habb, when Slavov Mannerich, Jean Cowan, Louise Ellis, Helen McNamara and Irene Soullert were brought into the Great Sisterhood of the Girl Guides.  
When the enrollment was over the colour party took down the colours and the meeting ended with the singing of "Teach Us to Love," and "Taps."  
**PRODUCTION AT THE HOWEY SHOWS GAIN IN THREE MONTHS**  
Average recovery at the Howey Gold Mines, in the Red Lake district, showed a gain, according to a report for the three months ended June 30. The mine in that period treated 119,000 tons of ore from which gold to the value of \$471,000 was recovered, or an average of \$3.95 a ton, as compared with \$3.57 earlier in the year. Costs averaged \$1.90 per ton before taxes, and depreciation, leaving an estimated operating profit of about \$2 a ton, or roughly \$238,000 for the period. Operating costs a year ago were higher, at \$2.30 to \$2.45 per ton.  
Howey is thus earning approximately \$950,000 for a full year, on the basis of the quarter's figures, or 19c per share.  
F. Bauman returned on Monday of this week from Montreal, where he went to meet his wife and family coming here from Switzerland.
