Plan Rectory Funds at South Porcupine

Young People's Society Starting Series of Bridge Parties. Death of Mrs. Delphine Croteau. Other News of South End and Dome.

South Porcupine, Ont., July 25th, 1934. Special to The Advance. Eight boys from town, under the command of Lieut. Harold McInnis left on Monday to entrain with the Algonquin Rifles for Owen Sound.

A funeral service was held by Father Gelinas in the R. C. church here on Monday morning for Mr. Bernard of Connaught, who died of heart failure on Saturday.

Mrs. Bert Longworth is holidaying in Noranda.

Mrs. Haneberry, with Newsham and Helen left this week for a vacation down east.

Miss Donlevy and her sister, Mrs. Mangan, left on Thursday last for Sudbury where Miss Donlevy will recuperate after her severe illness.

Miss Lovegrove, of Windsor, is visiting Miss Fraser at the Manse.

A large picnic was held on Wednesday at the pumphouse under the aus-

pieces of the Baptist Church (here and in Timmins). Over four hundred people were present five bus-loads and truck-loads of people taking advantage of the outing.

The members of the A.Y.P.A. met on Wednesday evening at the home of Mrs. Maxwell-Smith to discuss ways and means of helping the Rectory Building fund. It was decided to hold five evenings of bridge at different homes—possibly two weeks apart—and the first to be given on Wednesday of this week at the home of Mrs. M. Smith.

These same young people held a weiner roast on Friday evening at Wilson's Cove, most of them crossing the lake by canoe, and all had a lovely time.

Mr. and Mrs. Arthur Pierce and family, who have been visiting Mr. and Mrs. A. Blood and friends for the past two weeks, left for Takenham on Wednesday.

Mr. George Henderson, with his wife and family, were visiting friends and renewing acquaintances with the Dome people this week. Mr. Henderson was

electrician at the mine some sixteen years ago and is now resident in Toronto.

Mrs. Doran and Ruth, of the Dome, are in Sherbrooke, visiting Mrs. Doran's mother who is quite ill.

We are sorry to learn that Miss Irene Armstrong, nurse-in-training in St. Michael's hospital, Toronto, is quite ill and has been for some weeks, in that institution.

Mr. and Mrs. A. Lambert, who have been visiting at the Dome, left on Tuesday for their home in Noranda.

Mrs. Delphine Croteau, aged 78 years, died on Friday, July 20th at the home of her daughter, Mrs. George Rich, of Dome street, Connaught Hill.

The aged lady had been ill for some weeks and death was due to heart failure. Rev. Father Gelinas held high mass in St. Joachim's Church on Saturday morning, and the body, accompanied by Mr. Fred Croteau, went out on the noon train to Powassan where on Monday morning she was laid to rest in the family vault in that town.

The late Mrs. Croteau was well known and respected in South Porcupine, many of her family having resided here for years. She was the mother of ten sons, (only one having predeceased her), and one daughter, Mrs. George Rich. Of the sons, Fred, Paul Ed. and Wilfred were present at the funeral, another son, of Winnipeg, not getting here in time to be present.

The pallbearers were her four sons, a grandson Earl Croteau (of Winnipeg) and Mr. Ed. Pullin. It will be recalled that Zed Croteau, the son who is dead, was found at the end of last winter, dead in his prospector's shack in the Peace River District, death having taken place some time before he was found. Among the floral tributes to Mrs. Croteau were the following: From The Family; Mr. and Mrs. Ed. Pullin and family; Mr. and Mrs. Blakeman; Mr. and Mrs. Dick Smith; Mrs. Purinis and sons.

Mr. and Mrs. Rutherford Langdon are holidaying in Halifax, N.S.

The United Church congregation and Sunday School have arranged to hold their annual picnic on Wednesday, August 8th, this year. The place has not yet been decided on, but all parents and children are invited to keep this date open.

The Foley-O'Brien has just shipped in from Sudbury the third diamond drill to work on the property.

News has just been given us that the "Two-in-One" mine in Whitney (south of Wilson's farm) has struck coarse

gold six hundred feet from the powerline, and a fifteen foot vein showing coarse gold in another direction fifteen hundred feet from the powerline. W. D. Cochran, of New York, manager of this property, has been up with engineers to work recently.

Scene—Cattarello's Corner: 12.15 p.m. Wednesday. A young man walking along with a large bulge in front of his shirt.

Casual Onlooker:—"Got a chicken there?"

Young Man:—"No,"—opens his shirt and shows a large army service revolver.

Nemesis (in the shape of the Provincial police), driving hurriedly in a car and opening the door—"Get in here."

Investigation shows that on Tuesday in police court, said young man will have to prove that same revolver was not stolen from MacDougall's house last night, and a few other minor details.

URGED CONTINUANCE OF DISTRICT M.H.O. IN NORTH

Dr. Ward Walner, of Ayr, president of the Ontario Health Officers' Association, and Dr. A. E. Ranney, North Bay, one of the vice-presidents of the association, visited Toronto on Tuesday of this week to see Premier Hepburn and Dr. Faulkner, Minister of Health, with the view of having the Government retain the services of a District Medical Health Officer for the North. The two representatives pointed out that the North is in a vastly different position to the South in the fact that a great part of the territory in this part of the country is unorganized and constantly in need of medical supervision if the health of the people is to be maintained.

Huntingdon Gleaner:—When George Miller, a baker in prison at Mamaronck, N.Y., learned the warden's daughter, Lillian Casey, was to be married to Eugene Ruscoe, deputy warden, Muller asked permission to bake the wedding cake. This was granted and Miller turned out a cake four feet high weight 48 lbs., decorated with miniature castles, Greek pillars, which, next to the bride, proved to be the centre of attraction at the wedding dinner.

Provincial Police Replacing Wardens

Present System of Game Wardens Claimed to be Unwieldy and Extravagant. Another Chance for the Axe.

Recently there was a story published in Toronto to the effect that all the game wardens and others in the department had been discharged. Before the general indignation that would be roused by such a drastic move had chance to gather much strength the story was contradicted. It was explained that not a single game warden had been dismissed and that there was no intention to take drastic action until the question of re-organization had been studied. People in general feel that the interference with game wardens would be poor economy. As a matter of fact there are not enough of them at present,—so far as the North Land is concerned. Were it not for the work of the game wardens this whole country would soon be depleted of all fish and game just as certain other sections have lost all game and fish.

Apparently there is something in the stories told about the discharge of all game wardens. The latest story from reliable source in Toronto is to the effect that the work of the game wardens is to be taken over by the provincial police. As a matter of fact the provincial police can not do the work, for two reasons, the one being that they are generally not adapted or trained for this class of work, and the other being that the work is not the kind that should be made a part of police routine. It does not look well to see the various plans for going back years in the matter of fish and game conservation. It is to be hoped that the latest story, like its predecessor, proves to be at least premature. Unfortunately, however, the latest story is from The Toronto Globe which newspaper usually is very well-informed and accurate and also at the present time has the favourable notice of the government. In speaking of the matter The Globe yesterday had the following:—

"A far-reaching change in administration of the Department of Game and Fisheries, whereby the provincial police will assume the greater share of game-law enforcement, is reported to be contemplated by the new government."

"Under the new system, it is reported, the twelve district headquarters of the police would replace the seven district headquarters of the Game and Fisheries Enforcement Branch, and the seven district superintendents probably would be relieved of their duties. The results, it is claimed, would be more adequate enforcement of the law, since more, rather than fewer, would be in charge, and the saving to the department would be extensive."

"As organized at present, law enforcement costs the department nearly \$250,000 a year. Each district superintendent receives \$2,700, and his overseers, commonly known as game wardens, from \$1,200 to \$1,800 each. Beneath them are corps of deputies, receiving no set wage, but drawing fees for each case they prosecute."

"The general opinion of the new government is that the present system is unwieldy, wildly extravagant, and has been allowed to degenerate into a means of spreading political propaganda. The whole efficiency of the service would be increased, it is felt, if law enforcement were handed over to the officers who have charge of enforcement of all laws of the province, while at the same time a tremendous saving could be effected."

Lieut. Governor of Kiwanis Visits Here

(Continued from Page One)

stories and much happy wit and humour, the Lieutenant-Governor dealt with the aims, purposes and ideals of Kiwanis, answering the question, "What is Kiwanis?" He pointed out that it was much more than a club for friendly social gatherings, though that part should not be overlooked. He did not think the term "luncheon club", however, was nearly broad enough. He preferred the thought and purpose behind the term "service club" and he felt that the club that did not serve the community and the people at large was not fully living up to the Kiwanis ideals. He gave a brief sketch of the foundation of Kiwanis and its remarkable growth, its expansion being due to the helpful ideals behind the club and the sincerity of the members in their Kiwanis effort to help build better communities and better citizens. The work for children, he considered, one of the best lines of Kiwanis endeavour, and one that brought its own reward in the satisfaction of children aided to better health and strength and opportunity in life. He mentioned two cases sponsored by the Kirkland Lake club as evidences of the pleasure that came from this branch of club activity. Two Kirkland Lake children, whose parents could not finance the expense of having expert medical and surgical attention, had been sent to Toronto for treatment for hip disease. They had been completely cured and these healthy, happy youngsters and their grateful parents more than repaid the club for all the cost.

The co-operation of all the members of a club, said the Lieutenant-Governor, was essential to the success of any club. "We look to the rank and file for true success," he added.

The Lieutenant-Governor touched upon Kiwanis International and its value. He referred to the part taken by Kiwanis in the erection of the Harding Memorial to commemorate a hun-

dred years of peace between Canada and its neighbour, the United States. "I am proud of Kiwanis, its aims, its ideals, its friendships, its inspiration, and its service to others," said the speaker. He gave an acoustic on the work Kiwanis, each letter of the word being used to begin a term or phrase that signified one of the purposes upheld and advanced by Kiwanis.

Before closing his interesting and inspiring address the Lieutenant-Governor took opportunity to refer to the district convention to be held in Halifax, Nova Scotia, in September. He hoped there would be a large attendance and he looked to the Timmins club to be as well represented at the event as possible.

After the luncheon the Lieutenant-Governor had a special meeting with the directors. The meeting was featured by community singing, Kiwanian Karl Eyre leading the singing and Billy Brown presiding at the piano.

Lieutenant-Governor Carter was accompanied on his visit to Timmins by his young son. After the luncheon he enjoyed a game of golf at the Timmins course, as well as being a visitor at the mines and at other places of interest in town.

At the next meeting of the Kiwanis, Monday, July 30th, the speaker for the day will be Kiwanian Bert Cooke.

Hollinger Winner Again Over Town

Second Game Between Hollinger and Town in the Porcupine Baseball League Shows 7 to 5 Victory.

For the second time in the Porcupine Baseball League schedule the Town team lost to the Hollinger on Friday evening last, the score being 7 to 5. The game on Friday evening was a much more closely-contested one than the previous match between the Town and Hollinger.

In the first innings the Hollinger took the lead making three runs and holding the Town to a duck egg. That looked like a repeat of the former game where the mine team had a walk-over but in the second and third innings the Town upset that idea by holding the Hollinger without score while the Town got two in each of these innings. The fourth and fifth innings were Hollinger, the Town not scoring in either frame while one in each innings was the count of the mine team. In the sixth innings, Hollinger got two and Town one. The game had to be called at the end of the sixth innings on account of darkness.

Hollinger 3 0 0 1 1 2-7 Town 0 2 2 0 0 1-5 Hollinger—Roberts, 3b; Webb, c; Donovan, cf; Stevens, 1b; Quinn, rf; Dardin, p; Anderson, 2b; Romaldi, ss; Shellest, lf.

Town—Perry, 3b; Lejambé, 2b; Souliere, lf; Sloan, p; Dillon, cf; Downie, ss; Shea, 1b; Blais, rf; Ryan, c. Umpires—Coswell and Mason.

confident when the first man, Stewart, was thrown out at first. Eddie Angrignon was purposely passed. He stole second, also purposely. "Buck" Thomas doubled to left field to score Eddie with the tying run. In an attempt to catch Thomas sleeping at second the pitcher threw the ball while the second baseman just watched it go by. On that play Thomas went to third. Shortly afterwards Thomas decided to steal home and the pitcher threw wild in his attempt to catch him, and the game ended with the Macs on the top of a 3-2 score. Umpire Scully was touched twice and each time his vocal powers were exercised. By the time the last innings was played he was wearing shin pads.

The score: R H E Falls 0 10 0 0 100-2 6 2 McIntyre 0 0 0 0 100 2-3 11 3 Batteries—Laroque and Johnson; Malloy, Wood and Adamson.

Totals

Summary Earned Runs—McIntyre 2, Falls 2 Three base hits—Monaghan. Two-base hits—Thomas, Malloy, Yurinchuk. Stolen Bases—Cybosky, Angrignon (2), Fortier, Lortie. Double play—Fortier to Lortie. Walked—by Laroque 3; by Malloy 1. Sacrifice—Monaghan. Struck out—by Laroque 2; by Malloy in 5 innings 4; by Wood in 4 innings 7. Time of game—1 hour, 50 minutes. Umpires—Scully, plate and Burns, bases.

Hanover Post:—The first thing Mr. Hepburn should do, in the opinion of the Meaford Mirror, is to get a really good picture taken of himself. But maybe "Mitch" can't help it that he looks that way. Like many more of us, he probably figures that a good-looking man never takes a good picture.

Preliminary Offering of:

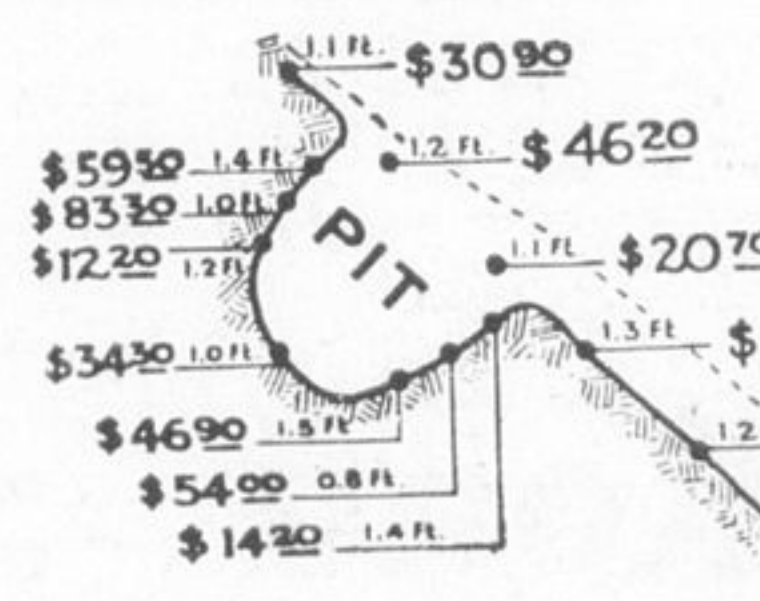

300,000 Treasury Shares

GROUNDHOG GOLD MINES LIMITED

(No Personal Liability)

CAPITALIZATION

Authorized—3,000,000 shares par value \$1 Issued - - - - - 1,350,000 Shares

PROPERTY Twelve claims covering approximately 480 acres on the south-east shore of Horwood Lake, in the Groundhog River area, Northern Ontario.

DEVELOPMENT

Surface stripping and trenching has exposed the vein for 96 feet, channel samples averaging \$18.26 a ton over 1.94 feet.

A 9 ft. pit on the north end of the vein exposure averaged \$24.75 over 1.19 feet.

A 16 ft. shaft averaged \$24.05 over 3.1 feet. The vein has a greater length than 96 feet as both ends pass under heavy overburden and have not as yet been explored.

PROGRAM

On the recommendation of Mr. C. H. Hitchcock, who has been retained by the company to supervise operations, Groundhog Gold Mines, Limited, has undertaken further exploration of the property by diamond drilling.

Upon confirmation of commercial values obtained on surface, active development by shaft sinking and underground workings will begin.

GROUNDHOG GOLD MINES, LIMITED, covers the original gold discovery and is the pioneer development of the Groundhog River district. The surface showings are particularly interesting in comparison with those encountered in any camp at the same stage of development in Northern Canada. Of this present offering of 300,000 shares 23c per share goes into the treasury of the Company, thus, if all subscribed, giving a total of \$69,000.00, which is ample funds for the present immediate development. The Company reserves the right to reject or cut down any allotment.

OFFERING PRICE: 25¢ PER SHARE

Orders for participation in this offering should be placed through your own Broker.
