IN MEMORIAM

McKINLEY—In loving memory of Elva Florence McKinley, who passed away August 18th, 1926. Time speeds on! Eight years have passed. Since death its gloom, its shadow, cast. Within our home, where all seemed bright. And took from us a shining light. We miss that light, and ever will. Her vacant place there is none can fill. Down here we mourn, but not in vain. For up in heaven we will meet again. -Ever remembered by Mother, Father and Sisters Edna and Marion. -33p

North Bay will not have a rink this winter, as some expected, and others did not expect. The company formed to build the rink have not been able, apparently to get together sufficient finances. It is too bad.

Herbie Chulak, who was injured some weeks ago by being run over by a motor car, continues to make good progress to recovery at St. Mary's hospital.

Little Pat Percival, seven-year-old son of Mr. and Mrs. A. Percival, is ill at St. Mary's hospital, having had an operation for an abscess on the lower jaw. He is reported as making progress to recovery.

Toronto Telegram—Hon. Dr. Faulkner says he would like to see soapbox orators in Queen's Park on Sundays. It ought to be easy if members of Mr. Heppburn's cabinet don't mind continuing their week-day performance on the Sabbath.

There is only one beverage room reported as in operation at Kapuskasing. It is at the Radio Hotel. Two others are reported as getting ready to open. The Kapuskasing Inn is using its license to serve beer and wine at meals but may open a beverage room later.

The Northern News last week says: "Mrs. W. B. VanRassel, of Timmins and small son Bobby, who visited relatives here this week and last, went into Noranda over the week-end with Mr. and Mrs. A. VanRassel and family, 3 Station Road, to visit W. B. VanRassel at the Beattie Mine."

"Roads in very bad condition," seems to be the general report by travellers on the roads in the North. The highway from Porcupine Junction to Timmins and especially the part between Porcupine and Timmins is particularly bad the drivers say. Many add that it is a wonder that there are not more accidents.

If a dog chases a cat that's not news, but if a cat chases a dog that's news. At least they think so at Cobalt when last week one day there was the sight of a nondescript cat chasing a police dog across the road and away. The dog tackled the cat and the cat gave battle. The dog turned tail and ran with the cat chasing him and clawing him in the south end as he went north.

that alone warrants the fullest support."

Capt. Baker in a letter to The Advance refers to the support given the Canadian Institute for the Blind in the past year, and continues:—"You will be interested to know that in the fall of 1933 our home teacher visited the Northern district to specially instruct four blind persons, this teacher herself being without sight. A construction worker, whose eyesight had failed, was brought to headquarters and trained. He is now usefully employed in our Ontario broom factory. Since January last a totally blind man has had charge of the cafeteria at the Spruce Falls Pulp & Paper plant, Kapuskasing. During this year a young boy was sent to the Ontario School for the Blind on the advice and assistance of this Institute, while others were assisted and advised in numerous ways."

The work done in this district quietly but very effectively is but a sample of the benefit given the blind people of the Dominion through the Canadian National Institute for the Blind.

During previous visits to Timmins D. B. Lawley, field secretary for the Canadian National Institute for the Blind, made hosts of friends. These will all be very ready to greet and to welcome him again this month when he comes to Timmins. Last year Mr. Lawley spoke at the schools, Kiwanis Club and to other gatherings. He also visited and helped all the blind in this district. Thus he not only gave good publicity to the work of the Institute for the Blind, but he also impressed the public by the earnest efforts he carried through in showing by actual example the value of the work carried on by the Institute.

Dr. J. H. G. Harwood Wins Important Scholarship

Dr. J. H. G. Harwood, who has been associated here with Dr. S. Lee Honey, last week received word that he had won the annual scholarship of the Ontario Dental Association. This is a very important scholarship in the dental profession and to win it is looked upon as a noteworthy honour. Dr. Harwood had arranged to practise his profession here but on being awarded the scholarship he decided to resume his post-graduate studies. Dr. Harwood left here last week for Kingston where he will take up a post-graduate course under the scholarship. At the conclusion of this course, he may return to Timmins.

A modern type of wheel car for the children's ward at St. Mary's hospital has been added to the equipment. It was bought through a subscription list circulated by J. D. Brady and others. Trophies Presented

Immediately after the championship competition, Mayor W. Marr Brodie, of Sudbury, formally presented the trophy and prizes on the verandah of the clubhouse and compliments were in order. All received their rewards with the exception of Bob Tomlinson, of Idylwyde, who was out on the course for the consolation. Tomlinson won the prize for low score in the qualifying round.

Officers for Ensuing Year

At the annual meeting of the association held during the days of the tournament Ralph Parker was elected president for the ensuing year and Bert K. Kidman, also of Sudbury, secretary.

After the business session there was a banquet followed by a very pleasing dance much enjoyed by the golfers and their ladies.

Next Tournament at Idylwyde Golf Club, Sudbury

It was decided to hold the 1935 tournament of the Northern Ontario Golf Association at the Idylwyde Golf Club, Sudbury, the dates to be decided upon later.

Some Notes of the Tournament

The golfers from Timmins speak very enthusiastically about the hospitality extended by the Sudbury Golf Club and the people of Sudbury. Some of them, however, were not so enthusiastic about the golf course.

Bob Lee, of North Bay, previous winner of the Northern Ontario Golf championship when the tournament was held at Timmins and also when it was held another year at Halleybury, went into the semi-finals, but lost to Charlie Langlois, of Idylwyde Club, Sudbury.

In Friday's play there was the interesting result that two sons defeated their respective fathers. Bob Nott was two up on his father, Dr. Nott, of North Bay, in the first flight, while J. Jessop defeated his father, B. Jessop, in the third flight.

"Gal" Galbraith, now of Sudbury, was among the several former Timmins golfers greeted by the present Timmins players.

This was the first time that the Northern Ontario Golf Association tournament was held at Sudbury. It is to be at Sudbury again next year, but at the Idylwyde Club course for 1935.

Properties to be Sold for Arrears of Taxes

(Continued from Page One)

Timmins council to join in protesting against the summary dismissal of these officers. The matter was referred to the contingencies committee.

Insurance rates from A. W. Lang were read and filed.

Routine accounts were passed for payment.

Authority was given for rebates for water rates in cases where water not used. Payments were authorized on account to the school board.

A rebate was authorized in the case of a charge for sewer connection the sewer having been installed and paid for in years past.

One of the important resolutions of the evening was the following:—

Moved by Councillor Belec, that the attention of the Ontario Government be called to the stoppage of relief road work between Timmins and South Porcupine, condition of said road being a menace to life and property. As the stoppage of work is resulting in hardship to many, this council urges upon the Government the necessity of an immediate resumption of operations. That a copy of this resolution be forwarded to the Hon. Mr. Hepburn and to the local member, and also to the Township of Tisdale asking them to co-operate.

Another important motion was to provide for the sale of properties this year for tax arrears.

It was moved by Councillors Laprairie and Chateaufort and carried, "that all properties in arrears for three years be sold for taxes, except those dependent on the town, and the treasurer prepare a list."

The resolution that created the most excitement was moved by Councillor Chateaufort and seconded by Councillor Laprairie and read:—"that the fire chief, Mr. A. Borland, be paid his salary up to Oct. 1st, 1934, and that he be advised to that effect, requesting him also that he turn in his uniform to the committee when the same is requested by the latter."

This motion came as a surprise, it being understood that the council intended to rescind its former motion asking for the resignation of the fire chief. The noise in the hall when the motion was read showed the public resentment at the attitude of the council. Councillor Bartleman asked that this motion should at least be deferred until the mayor's return, out of respect to the mayor, if for no other reason. Councillor Belec suggested that the mayor had stopped some people from talking about the fire chief and accordingly it might be well to clean up the matter before the mayor's return. Councillor Bartleman protested against the motion as leaving the town in the position of being without a head for the fire department. Councillor Laprairie commented that if there was no one in the fire department trained enough to take the chief's place then the chief must have fallen down badly on the job. Councillor Bartleman promptly replied that he had not suggested that the chief did not have a man trained to take his place, but what he (Councillor Bartleman) wanted to know was who the man was that the council had in mind to put in the chief's place. He thought that as chairman of the fire and light committee this was something that he should know. Fire Chief Borland attempted to speak but Councillor Laprairie said that the chief had not been asked to attend this meeting and should not be heard from. The fire chief responded by saying that he had been accused of something and he asked for British fair play. Councillor Bartleman repeated that any action on the motion would be taking advantage of the mayor's action and also was unfair to the public. "There are many people who want to complain about this action and you are not listening to them," said Councillor Bartleman.
