Notable Reduction in Tisdale Tax Rate

Some Remarkable Mushrooms Grown at South Porcupine. Other Items of Interest from South Porcupine and the Dome.

South Porcupine, Ont., Sept. 19th, 1934. Special to The Advance.

Miss Carrie Ferguson has accepted a position in Mr. C. Pexton's office next to the theatre.

The tax rate for Tisdale has now been struck and it will be a matter of much interest (and principal) to all ratepayers to note that this year the rate for S.S. No. 1 (tax) is 49.7 mills as against 78.9 last year. For S.S. No. 2 (Schumacher) the rate is 39.9 mills as against 45.2 last year.

A meeting of the council and the public school board of S.S. No. 1 was convened by Reeve Gallagher to discuss the trustees' requisition before passing the by-law authorizing the tax rate for the year.

The reeve thought that the public schools requisition should have been reduced by eight thousand dollars this being the saving to the board by the formation of a high school district in the township, the trustee board not having to pay Continuation School salaries and other maintenance charges of Continuation School and being in receipt of rent for C.S. building from the High School board.

The trustees explained that the extra expenditure for public schools this year will offset this amount. If this expenditure had not been necessary there would have been a further reduction in the tax rate for S.S. No. 1 of approximately 5 mills.

Mr. A. Owen is visiting Mrs. W. W. Wilson from Porcupine.

Mr. A. S. Fuller, of Buffalo and Toronto, was a visitor this week in town.

Mr. Peter Waters, of Lamoque Mines, Quebec, is visiting his uncle, Mr. S. Kennedy.

Mr. H. Esseltine (hockey player) returned from his holidays in Niagara this week.

Mr. Orville Bush, of Commercial

avenue, is back from New Liskeard and Toronto.

Mr. Sula Luhta has gone to Toronto to consult a medical specialist.

At the local police court the toll of "drunk" fines was three; one reckless driver whose case was adjourned from last week paid a fine of \$25 and costs; the liquor case which was adjourned from last week came up for hearing, and the defendant received a sentence of three months' hard labour. A reckless driver had his permit suspended for thirty days; one case of having liquor paid \$10.00 and costs.

Detective Swann, of the T. & N. O. was in town this week investigating a robbery from the T. & N. O. freight cars this week-end. Much of the recovered stolen booty is reposing in the police office here, but as no warrants have been issued nothing more definite can be given until next week.

Some remarkable mushrooms have been gathered in the surrounding fields in the past few weeks. After the few warm nights of last week a record one was found by Mr. Hamar Disher on Sunday morning. We measured and found it exactly 8 1/2 inches in diameter. Is this to be equalled we wonder for a local wild mushroom?

Miss Phyllis McCann returned this week from a visit to her sister in Port Hope.

Mr. and Mrs. W. J. Butler have returned from a trip to the States.

Mr. and Mrs. P. Varke, Maurice and Irene are on a motor trip to Michigan.

The Rebeckans are planning a euchre and contract bridge evening for tomorrow (Friday) night in their hall. (Approach from outside stairs).

Miss Dorothy Kaufman, with Miss Irene Kaufman, and Mr. Wesley Haynes, are on vacation in Toronto.

Friends of Mr. Reg. Vaughan will be glad to know he landed safely in Liverpool last Monday week.

Mr. and Mrs. Stark are on holiday in Toronto.

Mrs. J. Lang and Miss Annabelle Taylor were up on a short business visit from Toronto last week.

Kincardine Review.—A Rock Rapids, Ia., parent has named his fifteenth child "Finis." In case of a sixteenth, there is still "Index."

Harvest Festival at Schumacher Church

Annual Services at Trinity United Church, Schumacher. Visitors to and from Schumacher. Other Schumacher News.

Schumacher, Sept. 19th, 1934. Special to The Advance.

Mrs. S. Shanks and family left on Sunday, for a month's vacation in Canoto.

Mrs. A. H. Cooke and daughter, Doris, left on Sunday for Toronto, where Miss Cooke will commence her studies at the Shaw Business College.

Eddie Angrignon and John and Earl Monaghan returned Saturday from a fishing trip to Novar and Muskoka Lakes.

Bill Mair, who has spent the past month, at the Thompson-Cadillac mine, Quebec, returned to town on Sunday.

John Rubie spent the week-end in New Liskeard.

Mr. R. Heath and daughter, Jean, are spending a few days duck hunting at Fredericton, N.B.

Trinity United Church held their annual Harvest Home services on Sunday. The decorations of trees, flowers and fruit made a magnificent display of foliage and colour. There was a large congregation at both services. The services were conducted by the minister, Rev. M. Tait, who spoke on the bountifulness of God's gifts. The choir sang as an anthem, "Thou Art the King"; solo, "Hymn of Thanks"; Mrs. Calverley. In the evening the choir sang "O Lord, How Manifold"; a duet by Mrs. Nichols and Charles Roberts, "Bringing in the Sheaves"; On Monday evening a social evening was held and the flowers, fruit, etc., were auctioned, netting a nice sum for the ladies' funds. The ladies wish to thank all those who gave so generously.

Mr. and Mrs. C. Ward, spent the week-end in Englehart.

Mrs. M. McGuire, of Penetang, arrived in town last week to reside.

Zorro Ovas returned last week from Weston, where she has been a patient in the sanitarium, but is now much improved in health.

Mr. Tait, of Toronto, is the guest of his brother, the Rev. M. Tait.

Mr. J. M. Carton left on Monday for a vacation in the West.

Mrs. W. Green, Sr., and Miss M. Green, returned Saturday night, from a business trip to Toronto.

The Young People's Society held their first meeting of the season, on Tuesday evening. On Tuesday evening next all young people are requested to attend for the purpose of electing officers for the coming year.

Mr. D. J. Kerr arrived home on Tuesday from a business trip to Toronto.

Mrs. J. Groski is a patient in St. Mary's hospital, where she underwent an operation for appendicitis.

Mr. and Mrs. Museau, of Calabogie, are visiting Mrs. Museau's sister, Mrs. A. MacKenzie.

Mr. R. L. King, left on Tuesday for a hunting trip.

Mr. and Mrs. E. Letang of Timmins, and family, have the sincere sympathy of friends in town in their sad bereavement in the death of their son, Pat, who was a favourite among the people when they resided here a few years ago. Pat had still kept up his friendship with his Schumacher boys and they feel his death keenly.

Representative of Power Company

(Continued from Page One)

across the tracks at First avenue asked for a crossing on the T. & N. O. there. It was claimed that the crossing would save walking two blocks when the citizens were wanted to come to town. Council thought the people petitioning did not realize the danger at a crossing at this point. There are several tracks and almost continuous shunting of cars makes it very dangerous for a crossing. One of the citizens concerned said that he was sure the petitioners understood the situation. The matter was deferred, however, when the mayor said he would write the T. & N. O. head office at North Bay and in the meantime the council would arrange to meet and look over the site of the proposed crossing with the residents.

A gentleman present asked why the stable previously complained about had not been moved. It was a menace to health, he said. The mayor said the matter rested with the board of health and that body would see that it was moved away.

A man present asked if the relief officer was supposed to find a man work if he was willing to work. He was told that the relief officer would place men in touch with work if there was work available. This man said he had been working on the highway but had been let go. The mayor thought that a man could get work this summer if he tried and that it was unfair to ask the town to support men able to work. The man replied that he wanted work at a living wage. He told the mayor he had held a job once for nine years, but refused to explain why he lost it, further than to remark that if a man made a mistake once, he could change. He could not do heavy work and did not want to go to the airport as he would be no further ahead in the spring. "You would be living without being a burden on the town," said the mayor, who showed the position of the town and that money set aside for relief work and relief was nearly all gone. Councillor Bartleman said the former government had been blamed for not helping more with relief but this one was worse. The man was finally advised to see the Employment Bureau.

Citizens on Tisdale street between Pine and Cedar asked why they did not get a sidewalk after petitioning

for 15 years. The mayor said the town could not afford it this year, but it could be put on the list for next year. The clerk was asked to make a record of it.

Routine accounts were passed for payment, rebates authorized on sewer connections, taxes, etc., and other financial matters passed.

The town council was instructed to write Premier Hepburn that if government relief work was discontinued it would mean more money for direct relief in the district. A copy of the letter is to be sent to Hon. Peter Hycnan and to the local member.

The clerk was asked to add a note to the letter to the local member to the effect that the council would appreciate it if he would acknowledge receipt of letters sent him by council.

Chief Paul asked that the wages of constables be raised \$10.00 per month as they were working 11 hours per day now, instead of 8 hours. Council agreed to make this increase as the police are earning their money.

The clerk was instructed to write St. Mary's hospital extending regrets in the death of Sister Catherine.

A letter from the Dominion Fire Chief's Association asked council to reconsider the motion referring Fire Chief Borland. The letter was filed. Councillor Chateauvert suggesting it would be a nice thing to acknowledge the receipt of the letter by council.

A light was asked on Mountjoy street between Second and Third avenues. Referred to fire and light committee.

A local insurance agent gave rates for insurance on new smoke stack at incinerator. Town Engineer MacLean, asked about the matter, said the stack had lightning arresters, was guaranteed for five years against a 100-mile-an-hour wind, and it was fireproof. Councillor Bartleman thought the town could take a chance on it without insurance.

C. W. Pexton asked to be given a share of the town's insurance business when they decided on redistribution. This matter is to be taken up at a private meeting, council decided.

New lighting rates were submitted from the Northern Ontario Power Co. and quite a discussion followed. Councillor Laprairie suggested that the council thank the power company for this voluntary reduction. Councillor Bartleman didn't think so. He claimed that under the new rates some people would actually have to pay more than before. He also thought that the council should meet a representative of the company in the near future to discuss the power question. Councillor Maltais commented that the coming reduction did not make any difference to the municipal light costs. It was finally decided to meet a representative of the Northern Ontario Power Co. on Sept. 24th if that date were satisfactory to him.

The clerk was authorized to notify all the insurance firms carrying town insurance to have all policies expire on October 1st, 1934.

New Directory for Timmins Under Way

Timmins Gets Ontario's First Catalogue. Combines Civic, Provincial, City Directory, Telephone Book, Data, Etc.

Ontario's premier gold camp shows the way in other things besides mining. News has just been received by W. O. Langdon, President of the Board of Trade, that Timmins, Schumacher and South Porcupine are within the next few months to have an official city catalogue much the same as the system adopted in the Maritime Provinces last year. The new Timmins catalogue will combine the information previously contained in the regular city directory and telephone books, such as names of streets, names of citizens, with occupations and phone numbers, lists of officials of the town, the Province, etc., as well as lists of all kinds of business firms, government organizations, hospitals, clubs and sundry organizations. The new book will contain phone numbers for firms, householders, and for hundreds of roomers, boarders, adult sons and daughters, who are not now listed at all.

The Might Directory people who previously published the regular Timmins directory, and who are to be the official publishers in several other cities, will do the actual job of compiling and printing the new catalogue. Officials have been in the town for the last few days arranging to take the census.

In view of the fact that this is the first town in Ontario to actually have the new style of catalogue, all business firms and householders are requested to supply the information asked for as accurately as possible. Several larger Ontario cities, such as Toronto, Ottawa, etc., will have these books within the next year, but Timmins should have its issue within the next two months.

In addition to local advantages, the new catalogue is to be sent to business reference libraries in the larger cities all over Canada and the United States. In 450 cities there are already business reference libraries doing nothing but supplying business reference information, and firms who want to get business information use them continually. The Timmins book to start with will go to a good many of these, and later to more of them, so it should act as a good business getter to Timmins firms and Timmins branches of outside firms who, it is hoped, will be able to increase their activities and staff in Timmins as a result.

This plan was started in the Maritime Provinces, where it was felt that one catalogue of the city carrying all information about the city, its business activity and its people would make it much easier to do business and to attract business to the various cities from outside points.

Fifty Cases at This Week's Police Court

Nine Sent to Jail, Including Four Women. Police Still Checking the Reckless Drivers. Other Court Cases This Week.

The council chamber on Tuesday this week was crowded, the defendants and witnesses alone filling the available seats. The usual crowd of spectators had to be content with standing in the halls and at the doors.

There were over fifty cases on the list, and there was variety as well as numbers to the charges.

F. L. Hill, who was accused of passing quite a number of "rubber" cheques (the kind that bounce back) was given thirty days for fraud.

A young woman from Cobalt drew thirty days as a vagrant, being found in a lane at an unseemly hour and unable to give reasonable account of herself. Three other females drew jail terms, two of them lacking the \$10.00 and costs imposed for drunkenness, and the other, Isobel Johnson, being given three months on a charge of keeping liquor for sale. The latter charge was laid by Provincial Constable Pretorius.

Joseph Norkum, on two charges, one of misappropriation of funds collected for Rudolph & McChesney, and the other for forging cheques on the same firm, was given not less than a year nor more than two years. He was taken to Kirkland Lake yesterday to await sentence there for robbery with violence. He and John Ivanoff were convicted at Kirkland Lake last week on this robbery count.

For stealing gas from cars by means of a tube used as a siphon George Auger was given 30 days.

M. Prentice, charged with being a hit and run driver, was fined \$25.00 and costs.

The Russell House was fined \$100.00 and costs, or thirty days, for the sale of liquor to a minor.

Two men were each fined \$100.00 and costs for illegally having liquor.

The case of Nicholas Ferris was given another remand, this time to Sept. 25th.

A woman charged with reckless driving was remanded to Oct. 2nd.

Three speeders paid \$10.00 and costs each. So did one man charged with reckless driving. Another reckless driving charge was dismissed, while a third was remanded to next week.

Driving without lights brought a fine of \$1.00 and costs, while a similar charge was remanded to next week.

A young man charged with trying to evade a board bill was dismissed. Another fraud cases was withdrawn.

In a Master and Servant's Act case one employer was given eight days in which to pay \$25.00 owing in wages.

A charge of failing to provide for wife and family was adjourned to next week.

M. Veno was fined \$20.00 and costs for assaulting P. Curtis. Another assault case was remanded.

A man and a woman charged each other with disorderly conduct, both cases being remanded to next week.

Two paid \$2.00 and costs each for failing to stop at intersections.

One man paid \$5.00 and costs under town by-law for disorderly conduct. Another was dismissed.

Eleven drunks paid \$10.00 and costs each, while another ordinary drunk case was remanded a week.

Mrs. Thomas W. Hardy returned last week from a month's vacation spent in Ottawa.

Broke Seal on T. & N. O. Car to Get in Out of the Rain

A man was arrested last week and tried in police court at North Bay on the charge of breaking a seal on a T. & N. O. freight car at Temagami. He was arrested by a T. & N. O. constable. The man claimed that he simply broke the seal on the car so that he could get in out of the rain. If every man who wanted shelter from the rain in this North were to break a freight car seal this summer there would not be enough freight cars to go round. However, the magistrate at North Bay discouraged the idea of breaking car seals to get in out of the rain by sending the seal-breaker to jail for fifteen days. The man first gave his name as Maurice Seguin, of Rouyn, and then mumbling, changed it several times. The authorities will likely look up his record in the meantime and find out who he is and what he has been doing or attempting to do on his visits north of North Bay.

SMITH'S FALLS WINS THE E.O.B.A. CHAMPIONSHIP

Flood ball team after winning from McIntyre here went to Ottawa to represent the North in the Eastern Ontario Baseball Championship series. They lost one game, 5 to 0, and the second 12 to 1, to Smith's Falls, and then decided to default and leave Smith's Falls as the year's champions.

Sudbury Star:—Three of the Dionne quintuplets are now considered to be "normal babies." But they'll probably never be so normal that their every moment won't be considered news.

Doctor Said She MUST REDUCE

Overweight is not merely a matter of appearance—it affects health, too. Excess fat robs the system of energy—the internal organs grow lax and slow down under the burden—and undue strain is put on the heart. Here is an instance. A woman writes:—"I have been treated by specialists, who tried to reduce my weight, as I suffered with heart attacks. But no matter what they gave me, nothing would reduce me. Since taking Kruschen, everyone wherever I go exclaims about how much flesh I have lost. I took it at first for rheumatism, and it has done me a world of good, as well as greatly reducing my weight. Before Christmas I weighed 224 lbs. Now I am considerably less—in fact, a coat I had worn last year I have had to take to be altered before I was able to wear it again. I have not really made any difference with my diet, so there is only Kruschen to thank."—(Mrs.) M. S.

The six salts in Kruschen assist the internal organs to throw off each day the wastage and poisons that encumber the system. Then, little by little, that ugly fat goes—slowly yes—but surely.

High-Grade Samples from Week's Run of the Press

Sudbury Star:—Just as we thought social manners were improving, a Seattle man has been given six months in jail for biting off the groom's ear at a wedding party.

Ottawa Journal:—For every man who is unable to stand prosperity there are millions who would like to try.

Smiths Falls News-Record:—Premier Hepburn's government is sure not forgetting the ladies in Ontario's encouragement to drink more beer. Separate beverage rooms for women will be ordered by Liquor Control Commissioner Odette. We are not questioning the fact that the ladies should be considered in "all things" but this new order is going a little too far, and undoubtedly will encourage young girls as well as older women to consume the frothy liquor. We say "shame on you Mr. Liquor Commissioner!"

Salesman Wanted

Canadian financial company with offices from coast to coast wants to interview men looking for a permanent connection on their sales force. Previous selling experience not necessary, but men must be over 25 years of age, neat appearance, fair education and good references. To the right man in Timmins we have an excellent proposition to offer with unusual money-making opportunities. Full particulars and remuneration discussed during interview. Apply giving age and full particulars to Box L. C., care of Advance, Timmins.
