TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files.

Ten years ago The Advance noted that the new school at Porcupine Junction was nearing completion. The school filled a long-felt need in the community.

A. E. Prout ten years ago had the misfortune to lose one finger and have another badly crushed when a piece of cable broke allowing a piece of steel to fall on his hand. Mr. Prout was laid up for several days as a result of the accident.

A special train reaching Timmins on Friday evening, Oct. 17th, 1924, brought fifty-six members of the Kiwanis Clubs in the South to visit this camp on a brief tour of the North. Most of the visitors were from Toronto, while a few were from Hamilton, Barrie and other points. Dr. McInnis, mayor of Timmins, who had been on vacation in Toronto, returned on the Kiwanis train. On arrival here the visitors were welcomed by members of the local Kiwanis and then taken around the mines and the camp. In the evening the local Kiwanis tendered a banquet to the visitors. The event was held in the Masonic hall, with about 130 present.

The ladies of the Presbyterian church provided the dinner for the occasion and as usual did the fullest credit to themselves and to the town. President L. G. Neville occupied the chair. Official welcome to the visitors was given by Dr. McInnis. Among the speakers for the evening were:—Blake Halliday, District Governor-Elect for Ontario and Quebec Kiwanis, Mayor W. W. Hiltz, of Toronto, and Chairman Geo. W. Lee, of the T. & N. O. Rev. T. Terryberry, of Toronto, had been "kidded" considerably in regard to his position, and when called upon to introduce himself said:—"My name is Terryberry I represent one of the greatest and noblest organizations in Ontario—the Lord's Day Alliance."

Geo. A. D. Murray was next to Rev. Mr. Terryberry. He said:—"My name is Murray. I represent one of the greatest and noblest organizations in Ontario—the Moderation League."

On the second day here the visitors saw the motion picture of the mining industry and were taken through the Hollinger Mine. They also visited South Porcupine and the Dome. In the evening they attended the show at the New Empire and made the building ring with their singing of Kiwanis songs. The party went from here to Iroquois Falls.

While at work ten years ago in the yards of the Double Diamond Lumber Co., Fred Wallingford had his leg broken by the falling of a stick of timber.

The Agricultural Enquiry Committee of the Legislature visited Timmins ten years ago while on tour of the North. The committee included:—Hon. Dr. Jamieson, chairman; M. M. McBride, M.P.P.; Brantford; J. G. Lethbridge, M.P.P.; Glencoe; T. A. Thompson, M.P.P.; Almonte; Wm. Keith, M.P.P.; Newmarket; and W. D. Black, M.P.P. The committee was much impressed with the progress of the district and also with the agricultural possibilities. Lack of notice of their visit made it impossible to get them in touch with any large proportion of the settlers of the district around here.

Timmins football club defeated the crack Mimico team at Toronto on Oct. 18th, 1924, in the Ontario Cup series. It was a great game and won much credit from all the Toronto newspapers, except The Star, which give the item ten lines. The score was 2 to 1.

On the occasion of his marriage ten years ago, James Williams was honored by his fellows of the Timmins Citizens' Band, the bass trombone player being presented with a beautiful cut glass water set on mirror plate tray, together with sincere good wishes from the bandsmen to Mr. Williams and his bride, G. A. Macdonald, president of the band, referred to the good comradeship in the band and the special esteem felt for Bandsman Williams. F. J. Hornby, secretary of the band, made the presentation. Bandmaster F. J. Wolno also spoke briefly regarding the general esteem in which Mr. Williams was held.

Ten years ago The Advance had the following:—"Last week Mr. James Meehan, who was working with a firm of electrical contractors in town, met with an unfortunate accident that resulted in the loss of an eye. A piece of wire striking him in the eye destroyed the sight of that eye, and to save the other eye it was necessary to remove the injured optic. The operation was successfully carried out at St. Mary's hospital, and the young man is making the very best of recovery. Mr. Meehan's home is in Sudbury. He had many friends in town who will sincerely regret the unfortunate accident and wish him the speediest possible return to restored health."

The wedding of a well-known and popular young couple of the camp was referred to as follows by The Advance ten years ago:—"At South Porcupine on Monday evening Miss Belle Rooney and Mr. Matthew Thomas, Jr., were united in the holy bonds of matrimony. The ceremony was performed by Rev. G. R. McVittie, pastor of the Union Church. The couple left on their honeymoon trip to Cleveland, Ohio. Mr. and Mrs. Thomas, Jr., will reside in South Porcupine. The many friends of the young couple will extend the sincerest good wishes."

The new public library at South Porcupine was opened ten years ago. Rev. G. R. McVittie being largely responsible for the addition of this advantage.

Ten years ago The Advance had two special articles calling attention to the fact that those qualified to vote should see that their names were on the voters list.

The Advance ten years ago said:—"A very interesting event took place quietly at 8.00 a.m. on Saturday, Oct. 18th, at the home of Mr. and Mrs. E. A. Urquhart, when their eldest daughter, Marion, became the bride of Frederick N. Whaley, of Timmins. Miss Bessie Urquhart, sister of the bride, acted as bridesmaid, while the groom was supported by his brother, Mr. James Whaley. The officiating clergyman was Rev. J. D. Parks, of Byrnes Presbyterian church. Immediately after the ceremony a dainty wedding breakfast was served, after which the happy couple left for a short trip to Ottawa, Montreal, and Toronto, the bride travelling in a very becoming coat of navy blue marvella, trimmed with grey squirrel, and hat to match. On their return, Mr. and Mrs. Whaley will reside at 162 Elm street south. Both young people are very popular members of the younger social set in Timmins, and have the sincere good wishes of a host of friends."

Among the local and personal items in The Advance ten years ago were the following:—"Constable Cushing on Saturday evening recovered a bicycle from the bush at the far north end of Maple street where some boys were seen apparently attempting to hide the machine. The bicycle which is a good one and in good condition, is now at the police station where it may be recovered by the owner." "Mr. Thorpe, formerly of Thorpe Bros., Haileybury, but now of Hamilton, was a Timmins visitor last week." "Born—in Timmins, on Saturday, Oct. 18th, 1924, to Mr. and Mrs. O. Mathews—a daughter." "Mrs. D. Maxwell and children left this week for a visit to her old home in Scotland. Mr. Maxwell accompanied them as far as Montreal." "Mr. A. L. Massie returned to Toronto on Tuesday morning after a visit to his brother, Mr. John Massie, Timmins." "Mrs. J. R. Keene and Mrs. J. E. Williams of Schumacher, returned this week from an extended holiday spent in England." "A metal garage is in course of erection on the lot alongside of the town hall, to house the police department automobile."

"Dr. J. A. McInnis, mayor of Timmins, returned last week from a vacation spent in Toronto and other points south. The mayor returned on the special with the Kiwanis Club from Toronto, reaching here on Friday afternoon." "Unusually rapid progress is being made in the erection of the new hotel, corner Fourth avenue and Spruce street. If the weather remains as at present it is possible that the building will be erected before Christmas." "Mr. A. J. Cullen, of the Bank of Montreal staff, left this week for the south on his way to Mexico City where he will take a responsible position in the branch of the bank there. During his residence in Timmins Mr. Cullen has proven himself the finest type of good citizen and he has made hosts of friends who will follow him to his new location with the sincerest of good wishes." "The value of the airship service was again made evident last week when C. Erickson, assayer at the Noranda Mines, Rouyn, was brought to Haileybury hospital within a few hours of the time of an accident that result-

ed in very painful and serious injuries. He had both arms badly burned in an explosion of oil. The flames from the burning oil also did considerable damage to the interior of the assay office and drafting room." "The Hollinger has kindly placed the rink at the disposal of the football team for Saturday for use for dressing-room purposes, the rooms on the grounds being likely too cold and there being no way of heating them for the occasion. The Hollinger has also shown its usual thoughtfulness for sport by allowing the use of the rink for training purposes this week, as accommodations there are better than at the athletic grounds at present." "Many have been out during the past week for the purpose of partridge shooting, but few have struck any luck. Partridge appear to be very scarce this season, and in addition there were too many out shooting before the season opened, foreigners being blamed particularly for this breach of the game laws. It needs a game warden stationed here to protect the fish and game in this district." "Mr. W. W. Orr, was called to Alwyn, Que., on Sunday, owing to the serious illness of his mother."

"Mrs. Briggs returned home to Toronto last week after visiting friends in Timmins during the summer." "Messrs Art Young, Jack MacLean, Chas. White, Fred Sexton, W. King, and Dr. R. B. Taylor, have returned from their hunting trip on the Transcontinental. As a trophy of the chase they brought back with them a 350 lb. caribou as proof of their art as hunters." "Secretary W. A. Field, of the Timmins Football Club, yesterday received a wire from President Doring of the Sudbury and District Football Association, congratulating Timmins on its win in Toronto on Saturday and hoping that Timmins goes right through to a win. The boys greatly appreciate this friendly expression of good wishes from the other Northern Ontario District." "Mrs. Geo. A. D. Murray and little son returned this week from an extended visit to Michigan." "Mr. R. Cornthalwaite, of the Bank of Montreal staff, returned last week after a holiday spent in Sudbury and other points south."

"A north-bound engine, running tender first, collided with a speeder operated by Nick Mironovsky, 19 years of age, near Dame last week. The Russian was thrown to the ditch and died soon after the accident." "Among the Kiwanis visiting Timmins last week was Mr. J. W. Corcoran, President of the Canada Printing Ink Co., Limited, Toronto who called upon The Advance during his stay in town." "Mr. and Mrs. W. Ramsay are back to Timmins after a visit of several months spent in the Old Country."

The following recipes have been received for Corn Muffins, Upside-Down Cakes, and Bran Raisin Bread:—

Corn Muffins.
1 cup sifted Quaker Flour
1 cup corn meal
2 teaspoons combination baking powder

1 teaspoon salt
1 cup milk
1-4 cup molasses
1 egg, well beaten
1 tablespoon melted butter or other shortening

Sift flour once, measure, add corn meal, baking powder and salt, and sift together three times. Combine milk, molasses, egg and shortening; add gradually and beat. Bake in hot greased muffin pans in hot oven (400 degrees F.) 20 minutes. Makes 12 muffins.

Upside-Down Cakes
1 1-4 cups sifted Quaker Flour
1 1-4 teaspoons combination baking powder
4 tablespoons butter or other shortening
3-4 cup sugar
1 egg, well beaten
1-2 cup milk
4 tablespoons butter
1-2 cup brown sugar, firmly packed
1 cup crushed pineapple, apricots or peaches.

Sift flour once, measure, add baking powder and sift again. Cream butter thoroughly, add sugar gradually and cream together until light and fluffy. Add egg; then flour, alternately with milk, a small amount at a time. Beat after each addition until smooth.

Melt 4 tablespoons butter in iron skillet; add brown sugar and stir until melted. Add pineapple and pour batter over mixture. Bake in moderate oven (350 degrees F.) 30 minutes.

Bran Raisin Bread.
1 egg
1 cup sugar
1-4 cup molasses
1 cup sour milk
2 tablespoons melted shortening
1 cup bran
2 cups Quaker Flour
1-2 teaspoon soda
1 teaspoon salt
3 teaspoons baking powder
1-2 cup raisins

Beat egg slightly. Add sugar molasses, milk, melted shortening and bran. Sift flour, soda, salt and baking powder. Mix raisins with flour and add to first mixture. Beat well. Bake in well greased loaf tin for 1 1-4 hours in a moderate oven (350 degrees F.)

The Hollinger directors visited the camp and mine this week.

Kirkland Youngster Helped by First Aid

Probably Saved Boy's Life by Clever First Aid Work After Youngster has Bullet Lodge in Leg.

There is good reason to believe that Willie Glover, 13-year-old son of Mr. and Mrs. William Glover, of Kirkland Lake, owes his life to the excellent first aid attention given him by Paddy Fallon, of the Lake Shore Mine. At any rate it is generally acknowledged that at the very least the boy is indebted to Mr. Fallon for the fact that he has a much better chance than the ordinary to escape a permanent stiff leg from a bullet injury suffered on Sunday of this week. Willie Glover and two other lads, Gordon Vinkle, aged 13, and Harry Ewing, Jr., aged 17, were hunting rabbits on the Columbus-Kirkland property about four miles from Kirkland Lake. Ewing's gun accidentally discharged as his wet hands slipped off the bolt of the gun. The bullet, a "twenty-two", entered about four inches above Willie Glover's knee cap and continued downward, eventually lodging in the joint. The other two lads kept their heads and went at once to the cabin not far away where Fallon was camping. They asked Mr. Fallon to help look after the injured boy and he did so in a way that has won him very general approval and commendation. Although he was without any sort of proper equipment for first aid work he took charge of the situation and gave the injured lad expert attention. First of all he looked to the stopping of the bleeding, binding up the leg with improvised splints, and later making a stretcher for the part of the journey to town that could not be made by canoe. The bleeding alone was a serious matter and had it not been for the very capable work of Mr. Fallon the loss of blood would have been a very serious matter. Undoubtedly it would have handicapped the lad's chances for recovery. Indeed, at Kirkland Lake it is believed by many that had the bleeding been allowed to go unchecked the boy would not be alive to-day. There is no room whatever for doubt but that less skillful first aid work would have been a very serious matter for young Glover. After Mr. Fallon had given the boy first aid, the lad was taken to the first aid station at the Lake Shore Mines. The attendants at the first aid station said they could not have made a better job of it than Mr. Fallon did with the inadequate equipment that he possessed. After the boy had been examined at the first aid station by Dr. Stanton, it was decided that the best way would be to remove young Glover to Toronto where the proper treatment would be available. It was considered that the only way to remove the bullet and give the boy a fighting chance to escape possible crippling was to operate and remove the bullet. As a consequence of this fact Willie Glover was removed to St. Michael's hospital at Toronto on Sunday.

J. Bernier Accidentally Shot Near Rouyn Saturday

An airplane transported the body of Joseph Bernier from Caron Bay to Rouyn on Sunday last so that an inquest might be held into the circumstances surrounding his death, the young man, it is understood, having been accidentally shot by a hunter who mistook him for a bear. Bernier, who was only 22 years of age, was an engineer and was engaged in survey work when the accident occurred on Saturday at Caron Bay in Northwestern Quebec. There are only meagre details obtainable in regard to the accident but these will likely be enlarged at the inquest when those near the scene of the tragedy tell the full story of the sad event. From the details available it seems that while Bernier was doing some work around the camp a shot rang out and the young man fell to the ground. It appears that bears have been very plentiful in the region of Caron Bay and it is believed that a fellow workman out shooting bears had mistaken Bernier for a bear and fired the fatal shot before the tragic error was discovered. The body of Bernier will be taken to L'Isle, Quebec, for interment at his old home there when the inquest is concluded.
