Appointment Announced on Tuesday by Pemier Hepburn. Latterly District Superintendent of the Allandale Division of the C.N.R. At One Time on the T. & N. O., Where his Promotion was Rapid.

Announcement was made on Tuesday of this week by Premier Hepburn, the Service and Parade new chairman of the T. & N. O. Commission, that Arthur H. Cavanaugh, of Barrie, Ont., has been appointed general manager of the Temiskaming and Northern Ontario Railway. He will take up his new duties to-day. From all that is known locally of the new general manager, the T. & N. O. has secured a man of cutstanding ability and large experience. Years ago when J. H. Black was in charge of the T. & N. O. Railway, Arthur H. Cavanaugh was in the employ of the railway, starting from the bottom and working his way up in unusual fashion. He earned a place as a conductor on the the position, according to the accounts now given by those who knew him in the earlier days. In any event Mr. Cavanaugh left the T. & N. O., but his progress in other railway work seemed equally rapid. He has been for 25 years with the Canadian National and has served that railway in various In short all loyal groups and indivicapacities but always with credit to himself and satisfaction to the railway. Lately, Mr. Cavanaugh has been district superintendent of the Allandale

According to the premier's announcement, Mr. Cavanagh's salary will be \$10,000.00 a year, the same as that paid service at 3 p.m. Geo. W. Lee when he was in charge of the railway. The premier states, however, that there will be no perquisites of any kind, and that this means a saving of two or three thousand dollars a year to the railway. Mr. Cavanaugh will also be general manager for the Nipissing Central branch of the T. & N. O. without any additional salary.

It is understood that at the very outset Mr. Cavanaugh is to make a complete survey of the railway and its activities. He will then report back to the commission when steps will be taken to carry through his recommendations.

The first meeting of the new T. & N. O. Commission was held in Toronto on Tuesday of this week. Premier and so the meeting was held in Toroncommission is likely to have many of its meetings at Toronto on this account. | to the stormy weather.

The hall was made available through the kindness of the Loyal Order of the Moose and the Ladies of the Moose, both of whom have taken a keen and helpful interest in work for the children. Among the talking points suggested were:—the worthiness of the cause; the fact that every dollar collected would go to the funds for the work of children; that there had been three years, so that the public was not unduly importuned. Old-Timer of the North, Weil-Known and Esteemed, Dies at Home of Daughter, at the Age of 71 Years.

On Monday morning of this week, Oct. 29th, the death took place of Addison Seymour Stevens, one of the pioneer mining men of the North, who passed away at the home of his daughter, Mrs. W. H. Banks. Capt. Stevens was here on a visit to his daughter, Mrs. Banks, when death called him. The late A. S. Stevens came to Cobalt in the early days of that camp and was associated with mining ventures in that camp and in the other camps of the North. For some years he was in charge of the Hayden Mine in Ogden township, near Timmins, and he had hosts of friends here, as well as in other mining centres of the North, who will regret the passing of this pioneer mining man who held the regard of all.

The late Capt. Stevens was born in Londonderry, Nova Scotia, and was 71 years of age at the time of death. He is survived by three daughters. Mrs. Banks and Mrs. J. O. Robinson, of Timmins, and Mrs. Spinney, of Massachusetts. His wife predeceased him some five years ago when the family lived at Cobalt.

The funeral will take place at his old home in Nova Scotia, the body being shipped there on Wednesday's noon train. Many beautiful floral tokens expressed the regret at his death and the sympathy for those bereaved.
