

A Merry Christmas and a Happy and Prosperous New Year

Yes, you've all heard this wish before, but what more can one say? After all, if everyone had a Merry Christmas and Happiness and Prosperity during 1935, wouldn't it make a wonderful time for us all. Every mother's son of us would benefit, not only in the general prosperity and wellbeing, but also in the enhanced happiness and contentment.

We therefore extend our sincere good wishes to one and all of our readers for:

*A Merry Christmas and a Happy
and Prosperous New Year!*
