

Fourth Straight Win by South Porcupine

Lad of Eight Addresses Kiwanis Club Meeting

Speech by Leonard Desaulniers One of the Features of Father and Son Banquet—Other Notable Items on Programme on Monday.

Monday's luncheon of the Timmins Kiwanis Club in their quarters in the new Legion club house took the form of the annual Father and Son banquet. There was a good attendance of both "fathers" and "sons." In addition to the ordinary run of fathers and sons, Reg Smith brought along his "son," Barney Sky, while young Geo. N. Ross was present with his "father," H. Searth. Arch Gillies, president-elect, occupied the chair in his customary friendly and able way. The programme furnished chiefly by the "sons" was one of outstanding excellence. Violin selections by David Gordon and George Scott were effective numbers given with distinctive talent. The piano solo by Gordon Eyre, a lad of six or seven years of age, was very popular and showed the work of a gifted young musician. Another outstanding number was the address by Master Claude Desaulniers. It was a really remarkable piece of clever public speaking. This lad of eight years of age did his part with the ability of an old and experienced speaker. Before he opened his pocket and brought out his watch which he laid on the table in front of him as a means of avoiding too long an address. It is a plan that might be followed with advantage by a great many speakers. Master Leonard, however, had no real need for the hint of a watch before him, because his able address was compressed into a very few minutes and he would have been listened to gladly for many times the space of time that he occupied. The address was so well done and proved so popular that The Advance gives the complete address herewith, as follows:—"Dear Mr. President and Members of the Kiwanis Club—I am not very old, but nevertheless it is the second time that I have had the pleasure of coming to the banquet of the Kiwanis, Father and Son. Congratulations and thanks to the organizers of this gathering. Although we are young we can appreciate the good spirit and the hearty understanding which reign among the members of this club. We will be guided in the future by the good deeds fulfilled by the members, and, later, we hope to follow the footsteps of our fathers, being good citizens and competent members of the Kiwanis Club." This little address by Leonard Desaulniers was exceptionally well given and was very heartily applauded.

Dome Curling Rink Open on January 4

Invitations Sent to Other Clubs in District and to the Mines to Attend the Event at New Rink.

South Porcupine, Ont., Jan. 2nd, 1935. Special to The Advance. We have just heard that the opening night of the Dome Mines Curling Club is set for Friday, January 4th. Invitations have been sent to our South End Club and to each of the mines in the district as well as Timmins Curling Club. The Dome Club intends to open the season in proper style. The officers for the season of 1934-35 are—Mr. H. F. DePencier, president; Mr. J. H. Stovel, vice-president; Mr. C. G. Kenesly, chairman of managing committee; Mr. F. H. Hall, treasurer and Mr. R. D. Vokes, secretary.

Only 75 Revolvers Registered to Date

Several Days, However, in Which Registration may be Made and Before Prosecutions Begin.

Up to yesterday afternoon, Chief Paul had registered a total of 75 revolvers and pistols at the town hall. There are many more still to come but the date locally has been extended to January 8, so as to give everyone a fair chance to place the numbers and calibre of their weapons in hands of the police before prosecutions are made.

As a protection for the owner of a revolver, the new system may mean much, for in cases where a weapon is stolen, it may be much more easily recovered, and where the theft is immediately reported, may make the owner's lot an easier one where the gun has been used illegally.

Registration will continue to-morrow, Saturday, Monday and Tuesday at the town hall from nine to 12 noon in the morning and from one to five in the afternoon.

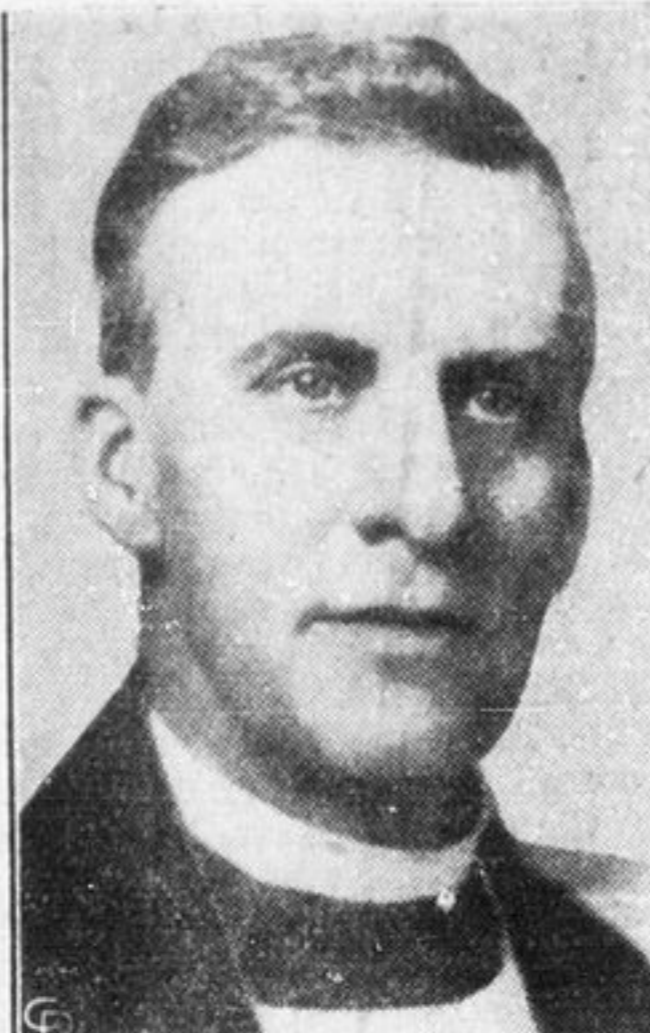

At South Porcupine Chief McInnis will take registrations during the same days and at the same hours, while at Schumacher police station the cards will be filled out for any revolver owners from Jan. 9th to Jan. 12th.

Mr. and Mrs. E. L. Longmore are leaving this week for a trip to Jamaica. They will be away about a month.

The Semi-Weekly Smile

Here's another Scottish one:—
MacTavish: "That's a fine building for ye. What do ye think of it?"
American (visiting Scotland): Say that's nothing. Why we've got thousands of buildings like that over in America, only bigger and better."
MacTavish: "Aye, nae doot ye have. That's a lunatic asylum."

Archbishop of Canada

ARCHBISHOP J. RICHARDSON
New metropolitan of the Anglican Ecclesiastical province of Canada is Archbishop John Richardson of Fredericton, N.B. This province takes in Nova Scotia, Fredericton, Quebec and Montreal.

Change Expected in Train Service Here

Number 47 Likely to Come in to Timmins After the 20th. No Official Announcement Yet.

While no official announcement has been made as yet, it is generally understood that there will be a change in the T. & N. O. timetable on and after Jan. 20th. The chief feature in the change, it is understood, is that Number 47 will run into Timmins and No. 46 (the train to Toronto) will leave here instead of Cochrane.

Schools Re-opened Here This Morning

Some of the Pupils Pleased to be Back at School. So They Say. Others Do Not Say So.

The hundreds of students at Timmins High and Vocational school, public schools and separate schools returned to school this morning after a two-week Christmas holiday.

At nine o'clock teachers faced their pupils with a "Happy New Year!" and a resolution that 1935 should be a banner year in every room in every school of the town.

Some of the boys and girls were anxious to get back. They had almost enough of too little to do and though they enjoyed good weather for the greater part of the two weeks, the organized sport of the schools is not easily replaced.

Amalgamating Two Vocational Classes

Several Not Continuing the Vocational Work as Positions have been Secured by Students.

W. D. McCallum, physical instructor for Timmins High and Vocational School will not be replaced this term. Principal W. W. Tanner announced just prior to the opening of school this week.

Owing to the fact that a considerable number of students have dropped vocational training since September Mr. Tanner has found it possible to combine two of the classes, thus being able to manage with one less teacher. It will be necessary for the board to engage another physical instructor in the spring however.

Even with one less teacher and the combined classes, there will still be overcrowding at the Timmins High School.

Mr. McCallum accepted a position on the staff of the Burlington High School when the board here agreed to release him at his request.

Mr. Tanner attributed the lowered attendance at vocational school classes partially to the fact that some of the students have obtained employment.

Born—In Timmins on Thursday, Dec. 27th, 1934, to Mr. and Mrs. Patrick Walsh, Elm St., north—a son (Ronald Albert). Both doing well.

Africa Calls Him

PAUL ROBESON
"Ambassador extraordinary to his fellow negroes scattered over the earth," is the ambition of Paul Robeson, above, famous American-born coloured singer and actor now appearing in London. He has been learning African dialects and declares he wants to end his days in a little grass hut village on the banks of the Congo river in Africa.

Still Seeking Kin of Late T. Teasdale

Brother Believed to be at Red Lake and Effort Made to Locate Him to Settle Estate.

With just one clue from which to work, the tracing of relatives of the late Thomas Teasdale, who was burned to death at Schumacher on November 11, is going ahead very slowly.

After the publication in The Advance of Dec. 20th that the North American Life Assurance Company were seeking relatives to whom the principal of a fully paid-up policy could be handed over, it was learned that Teasdale has a brother working somewhere in the Red Lake area. It has not been found yet on which property the brother is employed but a letter has been sent in his name to Red Lake in the hope that it may reach him.

One other man in Schumacher told A. Nicolson at the North American office that he had some information concerning Teasdale but to date he has not appeared with it.

Teasdale was born in England on June 24th, 1881. His wife, Emma, named as the sole beneficiary, died on April 8, 1934.

Winner of Cedar Chest Given by Women of Moose

The local chapter of the Women of the Moose No. 303 wishes to announce that the holder of the lucky ticket for the cedar chest and filling was Rodias Dubien, corner Maple and Tisdale Streets, Timmins. Good music was supplied for the evening's entertainment, and a very nice lunch was served. The chapter wishes to thank everyone who in any way helped in making this entertainment a success.

Timmins Loses 3 to 0 in a Goal-Tenders' Contest

Porkies Score All Three Tallies in First Period. Langford and Esseltine Have Heavy Jobs Tending Nets. Play Lags Through Second Frame.

South Porcupine, Jan. 2. (Special to The Advance)—The Dome Forkies continued to pile up victories to make it four wins in as many starts by applying the kalsomine to the Timmins Gold Diggers in a 3-0 game in the local arena to-night. At that it was a goal-tender's game all the way, Langford in the Timmins net saving the Gold Diggers from a worse beating and Esseltine in the Porkies' citadel drawing a shut-out by superb goal-tending. Time after time the opposing teams were in on these two net-minders only to draw a blank. The Porkies were undoubtedly the better team and as such deserved their win. Timmins Gold Diggers are handicapped by a shortage of players but at that three of the players on the Timmins roster received their transfers through the courtesy of the Porcupine club. The Porkies on the other hand have a surfeit of players, though to date, Woon and McCann are the only two imports who have appeared with the locals.

Score:—
1st Period
South Porcupine, Taylor, 8 minutes.
South Porcupine, Briden (Huggins) 8:30.
South Porcupine, Thomas, 19:15.
2nd Period
No scoring.
3rd Period
No scoring.

Ohio Man Says was Victim in "Gold" Sale

One Man Arrested and Two Others Sought in Case of Alleged Fraud in "Gold" Sale. \$1900 Involved.

Mike Yacknavich was arrested last night by the provincial police on information laid by John Zetzer, of Portland, Ohio, who alleges that Yacknavich and two other men sold him a quantity of lead or rabbit glided over and passed as gold filings. Zetzer says he paid \$1900.00 for this "gold" and that he was naturally defrauded thereby. When he found his mistake he swore out information against the three men whom he states were concerned in the fraud. Yacknavich was found last night by the provincial police and placed under arrest. The provincial police are seeking the other two men charged. In buying the "gold" referred to Zetzer is said to have paid at least part of the price in \$100.00 United States bills. Recently a hundred dollar bill was changed in a local store and afterwards there was the suggestion made that it might not be worth its face value, as hundred-dollar United States bills are not common here and few people are in position to be sure about them at a glance. However, this particular \$100.00 bill was apparently genuine enough, and it is thought that it was one of the bills brought to town by the gentleman from Ohio.

Temperature Went Down to 12 Below This Morning

Temperatures have all been low since Monday morning but this morning the mercury seemed to be on its way for a further drop when it touched 12 below zero with a strong north wind sending it down.

Yesterday there was a variance of only eight degrees, the maximum being 2 above and the minimum six below zero.

Allan Fish who spent the Christmas vacation in town, returned to his duties as principal of the Smooth Rock Falls school this week.

Second Period Spasmodic

The start of the second period found Lortie and McCann still doing time. Play was slow during most of the session with both teams showing spasmodic bursts of speed. There was no scoring and no penalties during the session.

The third period was fast though neither team made the score sheet. There were three penalties, two of which McCann collected, the other going to Kennedy.

Langford, Arundel and Lortie were the Timmins best while Esseltine, Briden, Cattarello and Taylor were the Porky stars. The game was handled

Fesserton Opens Camp in Reynolds Township

Between 35 and 40 Men Cutting Jack Pine and Spruce. Fesserton Co. Expects to Cut Three Million Feet of Timber—May Erect New Mill.

The Fesserton Timber Company has recommenced operations in the Timmins area and now has between 35 and 40 men in Reynolds township cutting jack pine and spruce. Though inactive since 1930 when bad times made the business unprofitable, the Fesserton company has been considering re-opening for some time and now, with a better market to look forward to, they expect to re-establish their business here.

U. C. Fitzgerald, local manager for the Toronto firm, told The Advance yesterday that they expected to cut between two and a half and three million feet of timber this winter but that definite figures could not be given yet on account of the uncertainty of the market. In February definite plans will be laid for the number of feet needed and the mill necessary to handle the woods output.

If conditions seem satisfactory it is the intention of the Fesserton company to build a sawmill and planing mill that will employ about 50 men. It is

certain that at least a temporary plant will be set up to mill the timber already cut.

Machinery for the new mill has been on hand since the burning of the old one in 1930. The company had intended to re-build almost immediately after the fire but found it impossible to do so.

It was on the evening of September 2, 1930 that the original mill went up in flames. Local firemen and fire-rangers combined in a successful effort to save the machine shop and the huge stock of timber that was on hand, but the mill itself went up in smoke. The plant had been shut down for a week and the origin of the blaze was never discovered.

The new plant if completely erected, will have a planing mill. The old one was just a sawmill.

It all depends on the market, Mr. Fitzgerald told The Advance, whether the company will be able to go ahead with their plans for a big mill here or that will employ about 50 men. It is

Is King Carol Married to Lupescu?

A recent photograph, one of the few of them together, of Magda Lupescu, Titian-haired beauty, and King Carol of Roumania. According to a well-informed source, in Bucharest, Magda and Carol are married. Carol once renounced his throne for Miss Lupescu, and, by a coup, executed in 1930, Carol returned to the throne and made the boy king, Michael, his son, crown prince. Carol was divorced from his wife, Queen Helen, in 1928.

Golden Wedding Day of Mr. and Mrs. Robt. Gray

Presented with Purse of Money by Friends at Event Last Night. Have Been Ten Years in Timmins. Mr. Gray Followed the Sea for Many Years.

Last night at their home on the Vipond property Mr. and Mrs. Robert Gray celebrated their golden wedding—fifty years of happy married life.

Though there are four generations of them, only three were present at last night's dinner party when 25 friends of the family gathered to wish Mr. and Mrs. Gray continued good health and happiness.

Mr. and Mrs. Gray came to Canada from Scotland about 15 years ago and have lived in Timmins for the past ten. From the time he was a young man Mr. Gray followed the sea and has his deep-sea master's "ticket." When he first came to Canada he sailed on the Great Lakes from Toronto and since coming to Timmins he has been employed at the Hollinger.

They were married in Fraserburgh in the north of Scotland on Jan. 2nd, 1885. Mr. Gray is now 70 and Mrs. Gray 69 years of age. Two daughters, Miss K. Gray and Mrs. J. Goodman, and one son, Robert Gray, live in Timmins, one daughter, Mrs. Alex Wallace, lives in Aberdeen, Scotland; another daughter, Mrs. D. Arney lives in Australia and the fifth, Mrs. A. Darling is now in Toronto.

Twenty Grandchildren
Two grandchildren, Robert Gray the third and Tom Goodman, live in Timmins, five in Australia, four in Muskoka, the children of a daughter who died

last year, three in Toronto, and six in Scotland. There is one great-grandchild, born to Mr. and Mrs. Wallace Jr. in Scotland recently.

After dinner at the Vipond, which was served at six o'clock, Colin Sellar, a life-long friend of the family, presented Mr. and Mrs. Gray with a purse of money. Robert Gray, (the Second) was unable to be present as he is ill in the hospital.

Following the presentation, dancing and singing until about 1:30 concluded the celebration.

First Fire Call of 1935 on January 1st

Fire Trucks Among the First Commercial Trucks to Sport the New Motor License Plates Here.

The first fire call for 1935 was answered at 1:15 p.m. New Year's Day when a chimney fire at 72 Fourth Ave., caused the residents there some concern. There was no damage.

The fire trucks are among the first "commercial" vehicles to appear with the brilliant new orange and black 1935 license plates.
