AT 62---IN BED WITH RHEUMATISM

AT 65-WORKING AGAIN

Why worry about rheumatism? This old fellow had it almost as bad as it could be. But he just found the right remedy, stuck to it, and now he's working again-at 65 years of age.

Let him tell you all about it:-"For two years and a half," he writes, have suffered from rheumatism. For eighteen months I could not turn over in bed, nor help myself in any way. My legs and feet were swollen, and I could not sleep or get any rest until I started taking Kruschen Salts. After taking one bottle. I went about on two canes. I kept on taking it, as I found the pains were leaving me. I have taken six bottles and now I have started work again. I am 65 years of age, and everybody that knows me says I am a wonder to get on, after what I was.

Do you realize what causes rheumatism? Nothing but sharp-edged uric acid crystals which form as the result of sluggish eliminating organs Kruschen Salts can always be counted upon to clear those painful crystals

Unemployment Still

Many in the South Being of the Order of the British Empire; Deceived as to Chances of O.B.E. for Order of the British Empire; Work in the North. Too Many Here Now.

The North is still suffering from an influx of transients coming here looking for work, though there is not sufficient employment here yet for all those erham, Toronto. already here. It is true that the North, and particularly the gold mining centres, has helped greatly in the stabilization of affairs during the depression. There has been notable expansion in the work of the mines with new employment created, but the influx of people from all over the world into the mining camps has offset any increase in positions open. So many people have flocked in here in the last two or three years that there have been two or three men for every job open. There is still unemployment in the North and little benefit to be gained from further unemployed flocking here. It will not even help the unemployed coming here Still the South continues to attempt to get rid of unemployed by inducing them to go North. There was a concrete case of this sort of thing noted at North Bay last week. A transient striking North Bay was asked why he was risking a trip to the North when the chances were all against him securing employment. In repy he produced a clipping from a Southern newspaper stating that the North was opening up and that there was lots of employment here. Again, it is well to warn those in the South that there are far more men than jobs in this North and that those who tell them otherwise are simply deceiving them and "passing the buck," irrespective of the injury to those deceived into making a long journey North with slim chances of employment.

Honoured at Falls

Observed 25th Anniversary of Entry into Priesthood. Many Evidences of the Esteem in which he is held

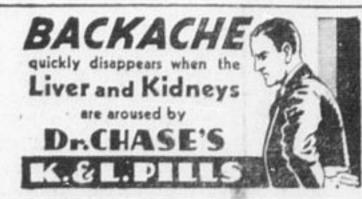

At Iroquois Falls last week special honour was shown Rev. Fr. A. A. Pelletier on the occasion of the 25th anniversary of his ordination into the priesthood. Rev. Fr. Pelletier has spent practically all the 25 years of his priesthood in the North and he is widely known and very generally estsemed. He was first stationed at Golden City in the early days when that was the centre of the camp. Later he came to Timmins where he spent several years, moving to Iroquois Falls as the first parish priest to be stationed there. Rev. Fr. Pelletier also looked after the Ramore parish before a parish priest

was stationed there. In observation of the occasion of Rev. Fr. Pelletier's 25th anniversary of the priesthood, pontifical high mass was celebrated at Iroquois Falls by Bishop Rheaume, assisted by Rev. Fr. J. R. O'Gorman, Timmins, as deacon, and Rev. Fr. C. E. Theriault, Timmins, as sub-deacon. After the service an address was presented to Rev. Fr. Pelletier by the congregation of St. Anne's. Rev. Fr. O'Gorman spoke in English, and Rev. Fr. Theriault in French, and Rev. Fr. Pelletier responded in both languages.

On Thursday evening at a gathering in the town hall at Iroquois Falls, Rev. Fr. Pelletier was further honoured. He was presented with a purse of \$400 from the congregation of St. Anne, while Rev. Fr. Theriault presented Fr. Pelletier with \$200.00 from the clergy of the district, all of whom appreciate the worth and zeal of Father Pelletier. At the meeting in the town hall, T. E. Silver, chairman of the committee made the presentation on behalf of the congregation. An address of appreciation was also read by R. Sawyer. Another feature of the evening was an address by Jos. A. Bradette, M.P.

On Friday the children of St. Anne's separate school presented Rev. Fr. Felletier with a purse of \$50.00 as a mark of appreciation.
