

South Porcupine Sees Opening Game Junior Hockey

Deans' (the Younger) Honeymoon Down South

Paul (Daffy) Dean, star Cardinal pitcher, and his bride, the former Dorothy Sandusky of Russellville, Ark., honeymoon at Biloxi, Miss.

Ruling of C.A.H.A. will Not Affect Local Teams

Timmins and McIntyre "in the clear" so far as C. A. H. A. Suspensions are Concerned. All Players Here Qualified All Right.

Officials of the Timmins and McIntyre hockey clubs had some bad moments on Tuesday when word was flashed through that 22 N.O.H.A. players had been suspended by the C.A.H.A. for improper branch to branch transfer.

Visions of the Maritime trouble rose in some fans' minds but they were soon dispelled when the wires were made hot to Bill Thompson, N.O.H.A. secretary at North Bay. Queries were sent out regarding McCaffrey, Gauthier and Langford of the Timmins team but the club here were able to show satisfactorily that McCaffrey and Langford were all right and that they had complied with the Nov. 15th residence rule to the letter. Jimmy Langford, formerly of the Regina St. Pats, who has been doing a real job in the Timmins net this season, was employed here on May 1st. Gauthier has dropped out of the line up and played in only one game. McCaffrey released by South Porcupine to Timmins, qualifies all right.

Thompson told local officials that cards for Langford and McCaffrey were on their way Wednesday, so that there could be no question about eligibility of players for the Wednesday Kirkland Lake-Timmins game.

McIntyre is reported as unaffected by any suspensions. Angus Campbell of the mine team stated that he had no communication from either C.A.H.A. or N.O.H.A. officials.

Kirkland Lake is also reported as all clear but Noranda may lose some players.

C.A.H. officials at Ottawa refused to divulge the names of the players whom they were suspending until further investigations were made.

Early this week the Maritime Commercial league was broken up by action of the C.A.H.A. under the improper transfer paragraph and the famous maritime teams returned to a white-washed amateur outfit. A dozen players, imported from western points, were let out by the teams after the league's decision to remain with the C.A.H.A. It is said that two of the five teams originally entered will now be forced to drop out.

The T. & N. O. Bonselpiel to Open at Noranda Feb. 4th

The annual T. & N. O. Curling Bonselpiel is considered important enough to be given a place in the editorial column of The Rouyn-Noranda. In referring to the event, The Rouyn-Noranda says:—

"Now that the thrills and pleasures of the holiday season are ended and people are back again to the regular routine of life it may not be amiss to remind the citizens of the next event of importance in the twin cities, the big northern curling bonselpiel which is to open in Noranda rink on Monday, Feb. 4th. It will bring here several hundred curlers from all the towns along the T. & N. O. from North Bay to Cochrane, with possibly a few rinks from other centres, including Toronto and Montreal, and while the duty of extending hospitality and providing entertainment will rest primarily on the local curlers, the task will be a heavy one in which they should have the assistance of every citizen who can help in any way. Last summer for the first time in the history of the organization the Northern Ontario Fire-

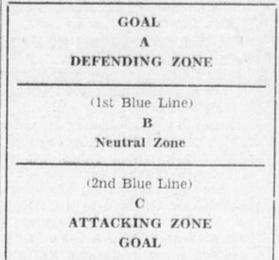

men's Association held its annual tournament in Rouyn and Fire Chief Thibault and his brigade had loyal and enthusiastic support in making the event an outstanding success. This will be the first time the northern curlers have crossed the provincial boundary for their annual 'spiel, and it is no doubt the wish of all townspeople that the visit of these curling enthusiasts, all representative citizens from their respective communities shall be made as pleasant as possible and that they will leave here with a good opinion of the twin cities and of Quebec hospitality. It is therefore to be hoped that all who can in any way contribute to this desirable end will do so, and that President Dempster and the various committees will have the co-operation necessary to make the first bonselpiel in northwestern Quebec a memorable success in every way."

Hockey Rules for Speeding of Game

Simplified Digest of the Rules Governing Play and Some of the Penalties for Infractions.

Some local hockey fans admit surprise at why the officials stop play at some times and why they allow it to go on at others. This year's C.A.H.A. rules, though not differing greatly from last year's have some new points that come from new interpretations.

For the convenience of Advance readers we reproduce here a simplified digest of the rules governing parts of the play and some of the penalties for infractions of the new rules:—

The 1934 Rules of the Canadian Amateur Hockey Association permit forward passing and kicking the puck in all zones, limiting body checking to the defending zone to the puck carrier alone, and puts further restrictions on raggng the puck.

Starting in the defending zone the puck may be kicked or passed forward and taken inside the first blue line by any defending player. Should the puck be passed or kicked over the blue line any defending player who was in the defending zone when the puck passed the blue line may skate into the center zone and play the puck. If the player is over the line before the puck the penalty is a face-off at the point that the puck crossed the blue line.

In the center zone there is no offside and the puck may be passed or kicked forward by any attacking players. When the attack reaches the second blue line either the puck or the puck carrier must be first over the line. When the puck carrier or puck crosses this line all of the attacking players may cross the line and play the puck.

In the attacking zone only the puck carrier may be bodied by the defending team. In this zone, as in other zones there is no offside and the puck may be passed or kicked forward but not kicked into the net. When an attacking player commits an offence in the defending zone the puck shall be faced off at the blue line. If the defending player commits an offence the puck shall be faced off where the foul occurred.

The puck must be kept in motion at all times and the team in possession in the defending zone shall be allowed to carry the puck behind the net once but after that shall always advance the puck unless prevented by opponents. In the center zone they may pass the puck back and forth but it must not be carried back into the defending zone. The penalty is a face off ten feet in front of the goal of the offending team.

OXFORD AND CAMBRIDGE TO RENEW HOCKEY SERIES

The inter-varsity ice hockey game between Oxford and Cambridge will be played in London on Jan. 22 for the second time since the World War.

The Oxford team has been on a playing tour which has included seven matches throughout Europe.

Although Cambridge has been handicapped by the lack of a home rink, the team has been playing well on the Continent and recently beat Antwerp, 8-3. The new Olympic Stadium at Garmisch, Bavaria, has been placed at the disposal of the Cambridge team for practice.

Junior Schedule Not Fully Satisfactory

Neither Timmins Nor Iroquois Falls Completely Pleased. No official Word about Kirkland Jrs. joining This Group.

According to junior hockey officials here, no word has been received of any action taken by Kirkland Lake with the N.O.H.A. executives at North Bay to group with South Porcupine, Iroquois Falls and Timmins this year. They think it unlikely that Kirkland Lake and Rouyn will be admitted this year, as the season is so far advanced and play in this group actually begun.

With Tuesday night as the opener, at South Porcupine junior hockey at the end of the T. & N. O. got under way when South Enders took Timmins 6 to 3.

A schedule has been submitted and approved by the N.O.H.A. but it has been decided that it is not satisfactory either to South Porcupine or Iroquois Falls. It is to be revised and approved by all three clubs.

Not Worrying Much Over C.A.H.A. Story

Kirkland Lake Officials Unable to Get Much Information from Officials, but Ready to Stand Pat.

Kirkland Lake, Jan. 10. (Special to The Advance)—"We're not worrying much," was all Steve Vair, coach of this town's Millionaires in senior N.O.H.A. Gold Belt league play, would say after the news came through that the C.A.H.A. was suspending 22 Ottawa district players and some puckchasers from Western Canada now performing in the N.O.H.A.

According to the local mentor only one of the MacDonald boys, Kilby, would have to ask for a transfer which is the reason the despatch gives for the suspension—"playing without a transfer."

"We have had no official notice of any suspensions although we have some four Ottawa Valley boys on our team—Kilby and Ab MacDonald, Earl Armstrong and Aurel Myre," said Steve. "We didn't ask for any transfers because we understand the N.O.H.A. would look after that when we put in for cards."

So far as officialdom in the N.O.H.A. goes it is no better off than the humblest fan who's wondering what "all this suspension talk is about." A wire from here to Bill Thompson, N.O.H.A. secretary at North Bay, on Monday asking if any Kirkland Lake players were suspended and what was his angle on the C.A.H.A. suspension elicited the following reply: "W. A. Thompson refuses to comment on any suspensions by the C.A.H.A. Officially he knows nothing, he says, of any Kirkland Lake players being suspended, neither has the N.O.H.A. dealt with any applications for certificates nor have requests for transfers been made to the C.A.H.A. He will not speak until something official is received from O.H.A. or the C.A.H.A."

Not satisfied with that a phone call was put through from here to Noranda to Lorne Miller, vice-president of the N.O.H.A., who had just returned from an N.O.H.A. executive meeting in North Bay.

Mr. Miller took the line that the despatch was a mistake. "We never asked for any transfers from the C.A.H.A.," he said. "So the matter can't have come to that body's attention through the official channels. Any of our transfers have first to go to the O.H.A. and then to the C.A.H.A. and I am certain they wouldn't have reached even the O.H.A. offices on Monday."

Northern Ontario's situation, he said, was not like the Maritimes where the C.A.H.A. told clubs players were refused transfers and the teams continued to use them.

New Hockey Rule is Voted a Success

Improved Play Noted as a Result of the New Offside Rule in the Canadian-American Hockey League

A marked improvement in the Canadian-American hockey league's play under the new offside rules, from the spectator's standpoint, has been noted by Judge James E. Dooley, of Boston, league president.

"From my observations," he said "the play has been speeded up, the continuity of action has been better maintained and there has also been a notable decrease in official whistle-blowing."

"Another improvement I have noted since the rules revision is the better balance of strength."

Under the new forward passing rules a team short-handed because of a penalty is really strong offensively and less inclined to resort to shooting the puck up the ice, a trick that delays the game and slows down the action.

"Six league games have been played since the new regulations were adopted and no criticisms have been received from either coaches or spectators. Reports from Quebec, Boston, Providence, New Haven and Philadelphia, the league cities, indicated that hockey patrons in general are pleased over the changes."

How They Stand

	P	W	L	T	F	A	P
Kirkland Lake	6	5	0	1	28	17	11
South Porcupine	6	5	0	0	25	13	10
McIntyre	6	2	3	1	19	25	3
Noranda	5	0	3	2	14	20	2
Timmins	6	1	5	0	13	25	2

The point system which has been in use in The Advance is the correct system of placing the teams, according to word received from W. A. Thompson, secretary-treasurer of the N.O.H.A.

It was thought by a number of hockey enthusiasts here that more points should be scored for a win between any two teams of the northern section of the group than those played between teams of the southern section, as Kirkland Lake, and Noranda play more games against one another than any other two teams in the group.

Mr. Thompson, in a letter to The Advance says "We have five teams playing in the Northern Senior Group under a schedule which provides for each team to play eight home games and eight away making sixteen games altogether. The point system is the one we are using—two points for a win and one for a tie."

At the moment, it does not appear that there will be any great scramble between any but the top two teams in the league, but should both Noranda and Kirkland Lake be able to trim South Porcupine when they (the Porcupines) are there over the week-end, Noranda might have a logical objection to the present point system of counting.

Noranda, though now at the bottom of the group with Timmins, might quite conceivably be equal in strength to South Porcupine, as all but one of their games have been played with the strong Kirkland Lake aggregation. If the schedule provided them with an equal number of games with all teams in the group there would be no argument at all.

Since the schedule cannot be revised that leaves only the point system, in case of a dispute.

N.O.H.A. Games This Week

- Friday, Jan. 11th
McIntyre at Timmins
- Saturday, Jan. 12th
South Porcupine at Kirkland Lake
- Sunday, Jan. 13th
South Porcupine at Noranda
- Monday, Jan. 14th
Timmins at McIntyre
- Wednesday, Jan. 16th
Noranda at Kirkland Lake

Porcupine Juniors Take Game from Timmins

Timmins Goalie Gave Wonderful Exhibition of Net Guarding. It was a Good Game to Watch, and Real Sport, Say the Fans.

South Porcupine, Ont., Jan. 8th, 1935. Special to The Advance.

Junior N.O.H.A. hockey was off to a good start in the local arena to-night when the Porcupine Juniors defeated the Timmins septette, 6-3. The score would have been very much greater, but for the amazing powers of young Barry in the Timmins net. He gave the best exhibition of goal-tending ever witnessed here in junior hockey and better than that seen in a great many senior games. If that youngster continues Roy Worters had better look to his laurels. Granted there were six goals scored against him but there was not a sloppy goal in the lot and he saved literally dozens of sure fire shots.

It was a nice game to watch and there was a fair crowd out to watch the juniors play, and they were not disappointed and for that "never-say-die" spirit the youngsters put the seniors to shame. They just don't know when to stop trying.

Timmins took the lead in the first

frame but it was short-lived the Porcupines tying the score, and going into the lead a few minutes later, but before the period ended Timmins made it two-all.

In the second period Porcupine scored twice and Timmins once, the period ending 4-3.

The locals just to put the game on ice went after a couple more early in the third session, and it closed at Porcupine 6, Timmins 3.

The stars of the local team were Mickey McKay, Buckman, Scout and Hanneberry.

The teams lined up:—
Timmins—Goal, Barry; defence, Delmonte and Groulx; forwards, Villeneuve, Kennedy, Gillan; alternates, Twaddle, Renaud, Walsh and Richards.
South Porcupine—Goal, Myers; defence, Nummella and McKay; forwards, Maki, Hanneberry, Doran; alternates, Richardson, Buckman, Miller and Scantland.

The game was handled by O. Proulx.

Results This Week of Ladies' Bowling

Kingpins Win Four Points and Business Girls, Gold Nuggets, Merry-makers Win Three Each.

The following are the results of the games on Jan. 7th, in the Ladies' Bowling League

Hockey Scores

- N.O.H.A. Senior
Kirkland Lake 7, Timmins 3,
South Porcupine 4, McIntyre 3.
- N.O.H.A. Junior
South Porcupine 6, Timmins 3.

Cochrane Hotelkeeper Objects to Bootleggers

From Cochrane comes word of a striking address at the inaugural meeting of the Cochrane town council on Monday. Arthur Stevens, proprietor of the Stevens hotel at Cochrane, and of other hotels throughout the North, appealed to the council against the allowing of freedom to the bootlegger and blindpigger. He said that Cochrane was over-run with bootleggers and he thought that apart from all other considerations this was most unfair to those in legitimate business. He mentioned to council that several men had come to him voluntarily with the information that they could go to places on Sundays or after hours and "get whatever they wanted." Mr. Stevens is well known in Timmins and those here who have heard him at Associated Boards of Trade meetings and other gatherings know that he can present a case ably and eloquently. Also, those who know Cochrane know that he has a real case to present in regard to the bootlegger and blindpigger. Mayor Smith assured Mr. Stevens on behalf of the council that the complaint would be duly considered and promised action "not just some time in 1935, but very shortly." Wouldn't it be noteworthy if Cochrane staged a "clean-up" similar to that recently under way in Timmins and Rouyn. If all the municipalities of the North would keep this "clean-up" going for a while, some undesirable types might be induced to go South to reside—one way or another.

CANUCKS TO BERMUDA

Laird Watt and Bobby Murray, youthful Canadian Davis Cup tennis players, have been invited to compete in the Bermuda lawn tennis tournament in February.

bowling —the most popular of all indoor sports

Bowling is not a fad. Like any other national game, it is here to stay. Its health-giving qualities are endorsed by medical men and enjoyed by everyone.

Come in to-night and bowl on Brunswick Alleys. Surroundings are clean, equipment is modern and cozy.

They Set a Record Breaking U.S. Swim Records

A total of 25 new records for American swim books and two new world marks were established at the third annual Miami-Biltmore U.S. Olympic stars aquatic meet. The above quintet of swimmers was the speedsters who provided the record-shattering three-day splurge. Left to right, they are Eleanor Holm Jarret, Los Angeles, who eclipsed her own 150-yard-stroke marks and set a new 100-yard U.S. record; Katherine Rawls, Fort Lauderdale, Fla., holder of a new 300-yard medley record; Ralph Planagan, Miami who set new marks in 300 yards, 500 yards and 500 metres, free stroke; Alice Bridges, Whitinsville, Mass., new 400-yard backstroke; and Lenore Knight, called America's greatest woman's free style swimmer, who chalked up a new record for the 500-yard in that class.

Riverside Dance Pavilion

GRAND FINAL PRIZE WALTZ

Wednes., January 23

\$50.00 CASH PRIZE \$50.00

Come and see the best dancers in the district compete for the money and the honour of being the best Waltz Couple in the Porcupine Mining Camp.
