Badminton Club Formed by South End and Dome

C.W.L. to Present "My Irish Rose" at South Porcupine on March 18th. Dr. Russell, M.O.H. for Tisdale. Other South Porcupine and Dome News.

South Porcupine, Ont., Feb. 20th. Special to The Advance.

We understand that plans are under way and practices begun, on a play to be produced on Monday, March 18th—just as near St. Patrick's Day as possible. This play "My Irish Rose," should prove as big a success as last year's "Lucky Emerald." The cast will be a little different but some of our leading dramatic and musical people will take part, and with Miss Teresa Burns as directress, it should prove a great success. This will be produced under the auspices of the Catholic Women's League. Keep the date (March 18th) in mind. The High School auditorium will stage it.

Mr. W. Bellsham, of Cobalt, optician, is coming this week-end to South Porcupine. He will be at W. W. Wilson's Barber Shop from 5 p.m. on Saturday—all day Sunday and on Monday until noon. Mr. Bellsham has been in business in Cobalt for the last 29 years and is well known in the North. He has been an optician for 57 years, and hopes to build a connection here in town, by visiting periodically for consultations.

Miss Marion Luhta, of Windsor, was visiting her parents in town last week. Mr. Oxy is visiting in Toronto this week.

Mr. D. Hicks left on Tuesday for Toronto for medical advice, at Christie Street hospital.

A Badminton Club has been formed between Dome and South Porcupine players and the community hall at the Dome is being used for this purpose.

A very nice bridge party was held on Tuesday night at the home of Mrs. W. Thomas, Dome Extension. The prize winners were:—1st, Mrs. B. Webb; 2nd, Mr. Hendry; 3rd, Mrs. A. Hoag. All enjoyed the event, and a lovely lunch was served.

We regret to hear that Mr. Basso, of Dome Extension, had the misfortune to slip on the icy road, when returning from a dance at the community hall at the Dome last Friday evening, and break his wrist. We hope he will have a speedy recovery.

Miss Evelyn Young entertained a number of her friends at her home at Pottsville on Wednesday last, to a very enjoyable Valentine party.

Miss Dora Slotnick has left for Toronto on a business trip.

Mr. George Humphreys is visiting friends in town this week from Kirkland Lake. Mrs. H. Blood, of Commercial avenue, entertained at a very enjoyable bridge party on Tuesday afternoon. Mrs. W. W. Wilson was the recipient of the first prize; Mrs. A. Ewing took second, and Mrs. Alexander, third. The hostess served a very nice lunch, and all enjoyed her hospitality and a pleasant afternoon.

Father Gelinas is away on vacation for some days, visiting his parents and relatives in New Hampshire, U.S.A.

Miss Vellis, of Cobalt, was the guest of Miss Minnie Levinson during the past week. Miss Vellis was also entertained by Miss Duxfield, of Schumacher.

Mrs. W. H. Johns, who has been on an extended visit to relatives and friends in Portland, Oregon, returned to town on Friday.

Miss Gladys Forster arrived in town on Tuesday night from Toronto. At a special council meeting held last week, Dr. N. Russell was appointed medical officer of health for Tisdale. A new truck was also ordered for township work.

A euchre party is to be held on Friday in the Rebekah hall under their auspices.

At the meeting of the Eastern Star Chapter on Tuesday it was decided to hold a benefit bridge on Tuesday, March 5th.

The Girl Guides held a little skating party among themselves on Tuesday. Skating on the Dome rink occupied the time from 6.30 to 7.30, when all adjourned to the Guide hall for a very nice lunch. All had a wonderful time.

Huntingdon Gleaner:—For 45 years, ever since he was a boy of 11, Fred W. Stansbury has been cultivating his "taste" for soap at a Cleveland, Ohio, soap factory. Every day he stands beside a huge kettle of a boiling soap mixture, scoops up a "spoonful" in a long-handled trowel and takes a taste. If the soap contains just the right amount of alkali, the drop of liquid that actually reaches the taster's mouth will nip the tongue with its sharpness. If it is flat to the taste, the veteran soapmaker knows the mixture requires more cooking. Stansbury now is superintendent of the soap factory, and although he could have the testing for alkali done by laboratory methods as in other factories, he still prefers to trust his own taster.

Hauptmann Taken to State Prison

Smiling at impending death, Bruno Richard Hauptmann is flanked by state troopers as he is taken from Hunterdon county jail at Flemington, N.J. He is en route to the state prison at Trenton, N.J. (22 miles away), where Judge Trenchard ruled that he must die in the electric chair in the week of March 18. Bruno posed obligingly for the photographers. At Trenton he was placed in the death house under heavy guard. This is his first picture in handcuffs. Aerial photograph looking down on the highway between and Trenton shows the line of official cars which escorted Hauptmann, condemned slayer of the Lindbergh baby, to Trenton. Bruno is in the car marked with the arrow.

Still Another Fan Writes About Radio

Letter by Victrola in Last Thursday's Issue Upheld in Effective Way by Another Radio Owner.

Timmins, Ont., Feb. 20th, 1935. To the Editor of The Advance, Timmins.

Dear Sir:—I don't wish to take up much space in your valuable paper, but I would like to make some comments on two letters published in your paper in regard to radio reception. One of these letters was written by "Victrola," and the other was the answer by Mr. W. H. Wilson.

The letter by Mr. Wilson strikes me as funny as he says:—"For Victrola's information I can state that the worst offenders are the milk pasteurizing plants, refrigerators, coffee grinders, etc." Now if Mr. Wilson read Victrola's letter he would have read the same thing he wishes to inform him about, and Victrola goes one better as to say for a radio owner to check his light sockets and mechanical stokers. The latter are perhaps the worst offenders.

Mr. Wilson states the radio inspector was in town all week and found some bad noises. Like Victrola, I know the inspector was in town. He has been here on numerous occasions since the old pea-nut sets were in vogue, but what has he done? He's done his best, but the situation is just about the same. Mr. Wilson states that there is a radio act and there is a penalty for set owners who do not pay \$2.00 for a license, but the troublesome noise-maker is under no obligation, and he quotes some places that have by-laws to cope with it. Did not Victrola ask if the town council had it in its power to pass such a by-law?

In regard to the petition I did not sign it myself as I am of the same opinion as Victrola and can safely say that scores of others feel the same way, and if I understand and have read reports of Mr. Bradette's right, he has been fighting for a government radio station for all the North and not just out to stop the noises.

Mr. Wilson says if Victrola has any grudge against CKGB let him hop to it, that they are big enough to fight their own battles. This part of Mr. Wilson's letter seems to me to be the only part that differs what Victrola wrote. This is where I come in, in defence of Victrola, and there are scores who will bear with me.

Mr. Wilson evidently doesn't know, or does not want to know, what station CKGB does in the town outside his own section. I understand the local station did not get all-over-the-dial in his section, but it certainly did in other sections of the town, and not only that but it cut out all stations coming in strong during the day time.

He says he can tune out CKGB without difficulty. So can I by switching the radio off, but why should I have to tune out on fourteen different places from 600 to 1500 kilos, also on three short-wave meters? I have noticed in the past week, though, I can sit and enjoy daylight reception after the local station spent a few dollars to put in a wave trap.

I would like to ask Mr. Wilson a couple of questions:—Is there a law against a radio station harmonic all over the dial? How many minutes are allowed to advertising per hour? Can a transmitter be used for personalities or grudges? If Mr. Wilson answers these questions it will show perhaps how much he knows or cares.

Mr. Wilson evidently does not care about the outside world in this vast North getting Canadian programmes

by the tone of his letter. I have been in different parts of the North, and I say true and get the Northern Broadcasting Co. in the evening beyond thirty or forty miles radius.

In closing, let me say I know "Scotty" well. He likes good music and not canned stuff, and so do I. When you have to shut your radio off when Walter Damrosch's symphony is playing through CKGB cutting in on 700 kilos with a record played so many times that the needle has a struggle to stay in the track, it is just too bad.

No, "Scotty," you are wrong. Get a petition out for a government station and everybody will sign it, and then the government will look after the interference.

You say you get all the hockey matches. So do I. So how much do you want for \$2.00.

Yours,

"Orthophonic"

Hauptmann Gets Respite from the Death Sentence

A despatch from Trenton, N. J., says that Bruno Richard Hauptmann's appeal from a conviction of murder of the Lindbergh baby on Tuesday was thrown into the state's highest tribunal, the Court of Errors and Appeals. Chancellor Luther A. Campbell denied the application of defence counsel for an appeal to the Supreme Court which automatically places the case before the higher court.

The appeal will probably be heard at the next term of the court, which starts May 21.

Reilly is Missing

Two of the three New Jersey attorneys who represented Hauptmann in the six weeks' trial at Flemington, took the action.

The attorney—C. Lloyd Fisher, of Flemington and Frederick A. Pope, of Somerville—moved rapidly despite the absence of Chief Defence Counsel Edward J. Reilly, of Brooklyn.

Tuesday's action means that Hauptmann will have a respite from the death sentence until some time in September or October, as a further appeal to the Court of Pardons can be made if the Court of Errors and Appeals upholds his conviction.

At the conclusion of the hearing before Justice Trenchard, Pope declined to discuss the position of Edward J. Reilly, Brooklyn attorney, who was chief defence counsel during the trial. Fisher, however, was outspoken in his criticism of the chief defence counsel.

"Mr. Reilly has been impeding the defence since the beginning of the trial," he said, and charged that the Brooklyn lawyer had on one occasion given intimation to an unethical remark about the innocence of the man he was defending.

Suggests "Redistribution in the Cost of Education"

Toronto, Feb. 21st—Hints of coming changes in the distribution of the cost of education in the province were contained in yesterday's speech from the throne by Lieutenant-Governor Dr. Herbert A. Bruce.

It was not stated just what the changes would be but it is generally understood that the government headquarters that the "re-distribution" will be in line with the request of the Roman Catholic Ratepayers Association made some time ago.

Death Robt. Brown Yesterday Morning

Resident of Porcupine for Over Twenty Years Passes at Gravenhurst Sanatorium. Funeral on Saturday.

The death yesterday morning of Robert Brown removed from the North Country a man 55 years of age who had spent most of his life working in Northern Ontario mines from Timmins to near Sault Ste. Marie. During the last three years he was in the Porcupine camp he was employed at the McIntyre mine as a shift boss. Eight years before that he occupied a similar position at Hollinger. His death occurred at the Gravenhurst sanatorium where he had been for two and half years. His death will be deeply regretted as he was widely known and popular with all who knew him.

He first came to the Porcupine from Cobalt in 1911 on a prospecting trip and later when he was employed at the Porcupine Crown, he brought his family to live in the camp. Since that time, except for one year at Sudbury in the nickel mines, he has been a resident of Timmins.

He was born at Markdale, Ontario, but his childhood days were spent on Manitoulin Island. As a boy he lived in Massey, near Sault Ste. Marie, and it was there at the Shakespear gold mine that he began working underground. He married Beatrice Tallon, of Massey, 33 years ago and lived there for some time afterwards before moving to Cobalt where he was employed at the Nancy Helen and Crown Reserve silver mines.

He was an ardent fisherman and knew the lakes and rivers of the district very well.

He was a member of the Masonic Order and the Timmins lodge will have charge of the funeral services.

In addition to his wife, one son, Clifford and three daughters, Klelah (Mrs. Archie Monahan), Etta, of the Northern Telephone Company, and Eileen, live in Timmins. Two sisters, Eliza (Mrs. W. Witty), and Ethel (Mrs. W. King) also reside here. Della (Mrs. Buckley) lives in Sudbury and Annie (Mrs. Dougherty) lives at Massey. Two brothers, John and George, are in Sudbury and the other, Ed., in Fort William. There is a grandson, Robert, and a granddaughter, Norma, children of Mr. and Mrs. Monahan. To the bereaved family and near relatives and friends the sincere sympathy of all will be extended.

The funeral service will be held on Saturday afternoon about four o'clock from the United Church. A short service for the family will be held at the residence at 37 James avenue. The remains were to arrive on this afternoon's train.

Only Two Fire Calls This Week and Little Damage

Rags burning under the kitchen table at 3.35 p.m. on Tuesday at 29 Fourth avenue, caused a little anxiety and the fire department, just across the road, was called. Approximately \$10 damage was done.

Yesterday a chimney fire at 18 Ninth avenue was easily extinguished with no property damage.

Toledo Blade:—"A Broadway publisher thinks some of our modern song hits will live forever." In other words, they'll leave a permanent scar.

The Cornish Social Club
are holding a Social Evening, Saturday, Feb. 23 in the Hollinger Hall.

There will be smokes for the men and chocolates for the ladies and suckers for the children. Dancing and games for adults and children. Prizes for all games.
Gold Belt Rangers will be in attendance.
(For Members Only)
Will all members please bring refreshments.

Ontario Profits from the Gold Clause Decision

On Monday The Advance had what is known among newspapers as a "scoop" in the announcement of the decision given by the Supreme Court of the United States in the matter of the gold clause. The decision had reference to clause in contracts and bonds in reference to the payment in gold. On the one hand the United States government had forbidden payment in gold of commercial debts, all gold being called into the treasury. On the other hand those appealing to the Supreme Court held that the government could not disallow contracts made in good faith and acceptable to both parties. Further claim was made for the payment of gold notes (such as those used in the payment of the Lindbergh ransom money) in gold as stated on their face. What the appellants really wanted was the payment of notes and bonds in terms of dollar value before the government took over all gold. This would mean the payment of about \$1.60 for every dollar face value of bonds and notes. The decision, as The Advance noted, upheld the administration fully.

The matter is of special importance in the North where the sustaining of the value of gold is of benefit. Ontario, as a province has also special interest in the decision. If the United States Supreme Court had upset the right of Congress to out-

Welsh Male Choir Gave Good Programme Sunday

The programme given over the air on Sunday afternoon last by the Porcupine Welsh Male Choir delighted all who heard it. The selections by the choir were given with the usual effectiveness that characterized the work of this talented musical organization on all occasions. Under the able leadership of Ron Jones the Welsh Male Choir reflected credit upon itself and upon its director and management. In addition to the sacred numbers by the choir there were solos of outstanding merit by Ron Jones, A. Bellamy and Tommy Williams and a pleasing duet by Ron Jones and Harry Jones.
