## Meeting of Council at South Porcupine

New Constable to Succeed the Late W. Brooks. Other Township Matters at the Council Meeting.

South Porcupine, Ont., Feb. 27th, 1935. Special to The Advance.

A council meeting was held on Monday with the reeve and all councillors present. Correspondence was read from:—The Porcupine Symphony Orchestra expressing thanks for the donation to their funds. An invitation from the fire departments to a joint banquet and meeting at Schumacher on Wednesday evening, (Feb. 28th) of the fire departments, council, school boards—public and high—principals of schools and representatives from the mines.

A Pearce and T. Cappone were present re band donation. Council granted the donation as formerly and the secretary of the band is to be notified that a financial statement be sent to the township annually.

A woman whose husband is in a sanitarium is to get relief until arrangements can be made for her to get mothers' allowance.

Mr. F. Thompson, of New Liskeard, Chief Smith of South Porcupine and Chief Jucksch of Schumacher, were present to explain to the council the new system of controlling and financing the Temiskaming Firemen's Association, and to ask them for assistance and backing.

A letter from Timmins was read regarding a meeting between the councils of Teck, Timmins and Tisdale to discuss questions of municipal finance. Acting P.C. Woods was hired as permanent police officer for the township replacing the late Mr. William Brooks, a tribute to the memory of whom was paid by the reeve and council.

## New Legislation at the Ontario House This Week

Hon. Peter Heenan, Ontario Minister of Lands and Forests in the Ontario Legislature, at Toronto on Monday introduced a bill to amend the Provincial Parks Act.

Aim of the bill, the minister said, is to lift the restriction on the amount of

liquor which may be taken into a provincial park.

He said the matter is fully dealt with in the provisions of the Liquor Control Act.

Hon. A. W. Roebuck, Attorney-General, introduced a bill to amend the Justices of the Peace Act. Questioned by Wilfred Heighington (Cons., Toronto-St. Davids), Mr. Roebuck said there are now about 350 Justices of the Peace in the province. They are mostly all paid. The salary in the north is \$150 and \$100 in the south.

"No politics?" queried Leopold Macaulay (Cons., York South). "None whatever; there is none in the administration of justice," the Attorney-General replied.

Mr. Heighington pointed out to the Speaker that the rules provide any applicants should be confined to the members of the House.

Replying, Mr. Hepburn said "days of reactionary Toryism have passed and I hope they are gone forever." He said strangers were quite welcome in the galleries.

Mr. Heighington replied he had not said strangers were unwelcome. He merely pointed out there should be no applause from the galleries.

## Two Candidates for the Nipissing By-election

At the official nomination on Monday afternoon there were only two candidates nominated for the by-election in Nipissing to fill the vacancy caused by the death of Theo Legault. One of the candidates was J. Harry Marceau, Liberal, North Bay, and the other was J. Lawrence, C.C.F., Widdfield. The Conservatives are not running a candidate. It is considered a safe Liberal seat under present circumstances. If the C.C.F. wins it will only be because of very strong disapproval of the Hepburn Government. The government is making a battle to win and their chances are the best. By odd coincidence both the Liberal and C.C.F. candidates are ill and are not likely to be able to take any part in the campaign. This makes the battle of special interest, perhaps, but it would seem to be all in favour of the Liberal candidate who no doubt has the best organization.

## John D. Rockefeller Confined to Home?

Reports from Florida indicate that John D. Rockefeller, world-famous millionaire oil tycoon, no longer plays his daily game of golf or takes his usual walk about his Florida estate. While nothing definite can be learned, it is thought the 96-year-old millionaire is confined to his home. John D. had often expressed the desire to live to be 100. It is estimated that he has given away an amount equal to his present fortune. A recent photograph of Rockefeller and his Florida home are shown above.

## Dionnes Refer Questions to Their Windsor Lawyer

A despatch from Chicago says:—"Busier than they have been since they came to Chicago—making twenty stage appearances daily—Mr. and Mrs. Olivia Dionne, parents of the Dionne quintuplets had not time to-day to stop to discuss their appeal to the Ontario government, by which they hope to gain control of their five famous daughters, but referred all questions to their newly-engaged lawyer, Paul Martin, Windsor."

"When the Dionnes first came to Chicago, they were making three appearances daily on the stage of a loop theatre. Now they are making twenty daily in ten widely separated theatres."

"No. Dionne has no time to talk—the car is waiting now to take us back to the south side," protested Leo Kevin, former schoolmate and now "personal adviser" to Mr. and Mrs. Dionne, as he hurried them out of a Cicero theatre. "Anyway, Paul Martin (the Dionne's newly engaged lawyer) will do all the talking about their getting their family back."

"The current Chicago tour was, for the Dionnes, vastly different from the visit two weeks ago when they were greeted by city leaders, given a suite at a fine loop hotel, and had strawberries with every meal."

"Most of their time was spent in brief appearances on the 10 different stages. The rest was used up in transporting Mr. and Mrs. Dionne and the other members of their "act" from theatre to theatre."

Then there is the view of the guardians to be considered. According to another press despatch, W. H. Alderson chief guardian of the quintuplets, said that he considered the present move of the Dionne parents an unwise one. In his opinion the guardianship of the famous babes should be continued beyond the present expiry date, (July 26, 1936).

"All we are concerned with is the health of those babies," Mr. Alderson declared. "We do not intend to see them exploited."

He does not believe the five babies will be exhibited in any way this summer.

Mr. Alderson branded as untrue newspaper statements in which Mr. and Mrs. Olivia Dionne allegedly claimed they had been brusquely treated at the Dafoe Hospital at Callander. They have always been extended every possible favour and courteously treated he stated.

Asked as to the amount now in trust for the quintuplets, Mr. Alderson declined to reveal this information.

"We are responsible only to the courts for statements," he explained and added: "It would be unwise to make the matter public."

## MARBAN MINES ISSUE STATEMENT FOR THE YEAR

For the six months ended Dec. 31, Marban Gold Mines reports a net loss of \$23,417, before providing for depreciation and development charges. During the period the company produced bullion to the value of \$112,089 from 27,400 tons of ore milled, with mill-heads of \$2.56 per ton, old gold price.

The profit and loss account as at Dec. 31 shows a deficit of \$39,343, with a charge of \$6,677 for development and of \$10,088 for depreciation being added to the net loss as above.

Costs during the period totalled \$126,308, leaving a loss from mining operations of \$14,718. Edward G. Kinkel, president in commenting on this status: "The mining and milling costs of operations for 1934 include excessive development and other charges, and cannot be considered indicative of future operating costs. It appears that the expense of dewatering the mine, for the clean-up of underground workings, re-tilting the stopes and a portion of the capital expense were included in these costs."

Have you found the  
SUNNY PACKAGE  
on your grocer's shelf?

It's a delicious ready-to-eat cereal. Millions of Canadians have found Kellogg's ALL-BRAN a safe, effective means of correcting common constipation—the kind caused by lack of "bulk" in the menu.

Laboratory measurements show that ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN also supplies vitamin B and iron.

The "bulk" in this tempting cereal is more effective than that found in fruits and vegetables—because it resists digestion better. Within the body, it absorbs moisture, and forms a soft mass. Gently, this cleans out the intestinal waste.

Isn't this natural food better than taking patent medicines? Two table-spoonfuls of ALL-BRAN daily are usually sufficient. Chronic cases with each meal. If this fails to give relief, see your doctor.

Enjoy ALL-BRAN as a cereal, or cook into appetizing recipes. Kellogg's ALL-BRAN contains much more needed "bulk" than part-bran products. In the red-and-green package. Made by Kellogg in London, Ontario.
