**Some Adventures in the City of Bristol**  
Raey Account of a Walk Through the Streets of Famous Old English City.  
Timmins, Ont., April 3rd, 1935  
To the Editor of The Advance, Timmins  
Dear Sir:—A man once told me that Bristol is a city, situate on the River Avon. They have a chocolate factory, a shoe factory and a soap factory. They also have a cathedral and a university.  
Yet with all these things the children are half starved, dirty and bare-legged. They swear like troopers and they can't read or write.  
I wonder if you would allow your readers to take a short walk through a few Bristol streets with me.  
We start at the London Inn and go through East Street, Bedminster. We see stores selling much the same stock as we see on Third avenue, Timmins, but the ways of the storekeepers are different.  
Here is a butcher's store with no window. The meat lies on a marble slab in the window place and large sides of beef, mutton and pork hang on hooks in the place where the windows should be.  
The butcher stands outside, shouting: "Buy! Buy! What will you buy? A sheep's head or a bullock's eye? Roast, toast, boll or fry? We have the meat so give us a try!"  
"Yes, ma'am, that piece there? Bill, weigh up this lady's shoulder."  
Further on we see Will's tobacco factory and across the road and up a side street is a tan yard. You can't see it but you can smell it.  
We pass along and over Bedminster Bridge and on to Redcliff Hill. On the right hand side of the road is St. Mary's Church and in the churchyard is a statue of Thomas Chatterton, the poet. Strung across the road are I believe—three Roman arches. This is the old time toll gate entrance to the city.  
From here to Bristol Bridge, are mostly dark and dismal warehouses.  
We pass over Bristol Bridge and come to High street. High street is a short hill with a fountain at the bottom with the statue of an angel standing over it with an open bible in his hands. Half way up the street is the market and the jeweller's where I started to work as an errand boy at the age of thirteen at the rate of one dollar and a quarter a week and twelve hours a day.  
At the top we look straight ahead and see the Corn Exchange and the General Post Office, and strung across the street are three more Roman arches. This is the other entrance to the city.  
We turn to the right into Wine street where there are expensive restaurants and where ladies pay as high as fifty dollars for a hat.  
We turn right again into Castle street. This is the streets of hawkers. All day long they walk up one side of the street and down the other, pushing their barrows and shouting: "Four a panny, banany! Banany, four a panny."  
"All sweet and sound these lovely

**Many Prospectors Renewing Licenses**  
Renewals May be Made up to April 10th. Business Brisk at Local Recording Office.  
The usual ten days of grace in renewing mining licenses has been granted this year by the Department of Mines at Toronto. Mining licenses, even though bought late last year, expire by law at midnight on March 31st and all claims held on those licenses are then automatically thrown open for re-staking unless patented.  
In order to give prospectors a chance to hold claims, the government makes it an annual practice to renew all mining licenses applied for up until April 10. After that date new licenses must be procured and if claims staked during the previous year are to be held in the same name, they must be re-staked on the new license.  
Business has been good at the local recording office during the past few weeks, as many prospectors have been paying over the necessary five dollars for renewals.

**Meeting of Ontario Library Association**  
Annual Meeting, Called for Toronto April 22nd and 23rd will have Many Interesting Features.  
The annual meeting of the Ontario Library Association for 1935 will be held at Toronto on Monday and Tuesday, April 22nd and 23rd, in the Toronto public library, corner of College and St. George streets.  
Mrs. W. Lyle, chief librarian of the Hamilton public library, is the president of the Ontario Library Association, and Miss Muriel Page, of the College and St. George library, Toronto, is the secretary.  
For the annual meeting there is a programme of wide interest. On Monday, April 22nd, the president's address will be given at 2 p.m. This will be followed by interesting addresses on library work by Miss Jessie L. Beatle, Mrs. Dora Hood, and others.  
The School and Intermediate Libraries Section will meet at 4 p.m. on the 22nd in the John Ross Robertson Gallery of the Toronto public library. It will take the form of a round table discussion on book clubs and picture collections in the high school library.  
The Circulating Libraries Section will meet at 4 p.m. on the 22nd at the Royal Ontario Museum for a gallery talk on "The Relation of Certain Exhibits to Library Work," by Dr. C. T. Currelly.  
High tea will be served at the Library Club House from 6 to 7 p.m., for librarians, members of library boards and delegates.  
The annual meeting of the Library School Alumni will take the form of a dinner on Easter Monday.  
On Monday evening, April 22nd, at 8.30, the second general session will be held at the Art Gallery of Toronto in Grange Park, when Arthur Lismar will give an address on "How the Library can Further the Appreciation of Art Among its Public." There will be refreshments served at the close of this session.  
The third general session will be held in the auditorium of the Toronto public library at 9 a.m. on Tuesday, April 23rd. After the secretary-treasurer has read her report, the reports of the other standing committees will be read. Rev. George W. Tebbs will give an illustrated address on "The Garden Beautiful." He will be followed by Mrs. A. Kennedy, of Kingston, who will tell how she made her library garden beautiful. The reports of the resolutions and nominating committees will then be read and the last general session adjourned.  
At noon on Tuesday the Circulating Section will hold their annual luncheon at the Royal York hotel, speaker to be announced later. All librarians are invited to be present.  
The Section for Library Work with Boys and Girls will meet at Boys' and Girls' House at 2.30 p.m. Tuesday. The subject for discussion will be "Story-Telling."  
The Regional Group of Cataloguers will meet at 2.30 p.m. in the Cataloguing Room. The subject will be "Government Documents."

**Amos Young Man Given Short Stay of Execution**  
Sheriff's officers were to bring Joseph Napoleon Emilien Tremblay, 22-year-old La Reine, Que., youth, by train from Quebec to Amos on Tuesday of this week to await his execution, April 16, for the murder of his brother, Albert, January 14, 1934. Emilien Tremblay, convicted December 4, 1934 before the Court of King's Bench here, was sentenced to be hanged March 1, but later obtained a stay of execution. Execution of Joseph N. E. Tremblay, sentenced to be hanged April 5 at Amos, Que., has been deferred to April 16 so that further study may be made of his case. It was learned at the Department of Justice. Further study will be given reports bearing upon the sanity of the convicted man.

**Cheerio Club Hold Their Weekly Evening of Whist**  
The Cheerio Club held their weekly evening of whist at the home of Mrs. Singleten, Laurier avenue, on Thursday evening, March 28th. The prize winners at cards for the evening were: Mrs. F. Bennett, first; Mrs. Lawrence, second; Mrs. W. D. Forrester, 3rd. Cards were played until 10.15 when the hostess served a very dainty lunch. A very pleasant evening was spent by all attending.

FASHION IS CONDUCTIVE TO THAT COOL LOVELY LOOK  
Fashion isn't getting half the thanks she should, clever lady she is, for today's higher beauty standards. A few years ago, when she called cottons to the rescue of wilting women, we little suspected that the vogue would "take." To-day, cottons command a very important place in every well-dressed woman's wardrobe. Old-fashioned conventions are over-ruled to such an extent that silks and satins have yielded to cottons for sports, street and even for evening wear. In place of creased and wilted crepes, one sees cool, crisp linens, crash materials, organdies, batistes. And these very sensible materials are effective, good-looking and ever so conducive to a cool, scrubbed, groomed look. In them the fashionable lady, as if in answer to a challenge, seems to say "No, I don't mind the heat, really, I'm quite comfortable, thank you."  
Not only the cottons themselves but the range of colours offered makes for freshness. The combination of blue and white is always a summer favorite, brown and white is lovely too, pastels,

**Report Issued on Mine Centre Area**  
Department of Mines at Ottawa Issues Report on District in Rainy River Section.  
Mining circles in western Ontario foresee a distinct enhancement of prospecting activities in the Mine Centre area, Rainy River district, during the 1935 field season, following the interpretation placed on the age-relationship of certain rock formations in the area by Dr. T. L. Tanton of the Bureau of Economic Geology, Department of Mines, Ottawa, in his recently issued preliminary report on the area.  
The Tanton report classifies the formations as quartz-porphry intrusives with granite phases in contradiction to Laurentian granites, the classification given by geologists who mapped the area some twenty-five years ago. The present classification, given to a belt of rocks lying to the south and east of Bad Vermillion lake, is of distinct economic significance.
