## Kirkland's Sewage Problems Settled

Judge Godson Rules that the Mines and Township Jointly Pay for Construction of Tunnel Through Slimes.

Kirkland Lake's sewage disposal problems have been at least partially solved through a judgment handed down last week in Toronto by Mr. Justice T. E. Godson of the Ontario Mining Court. Under the judge's ruling Lake Shore, Teck-Hughes, Wright Hargreaves, Kirkland Lake Gold, Sylvanite and the township of Teck will all share the cost of constructing a tunnel to carry away sewage that used to flow into Kirkland lake and Amikoungami creek.

The question just settled is one that has caused no small amount of friction between the municipality and the operating mines. The township's sewage disposal scheme was designed so that the trunk sewer emptied into the east end of Kirkland lake. The mines listed above dumped their tailings into the same lake for many years, until now the lake is practically non-existent. The slimes gradually encroached on the sewage stream and in the spring time there were some rather disagreeable floods. Lake Shore attempted to dam back the tailings near their mill but even that failed to completely solve the problem. Other mines continued to

dump slimes in the lake, complicating the situation still further.

Last fall the township applied to the mining court for an order stopping the dumping entirely. This was refused, but Justice Godson promised action. Now the mines and the township are held jointly responsible for the building of a tunnel through the slimes to the creek and that will effectively give the sewage and surface water a clear passage.

The cost is to be divided as follows, Justice Godson rules: Township of Teck 10 per cent.; Lake Shore, 29.8 per cent.; Teck-Hughes, 26.7 per cent.; Wright-Hargreaves, 21.6 per cent.; Kirkland Lake Gold, 3.3 per cent.; Sylvanite, 6.6 per cent. The division of cost among the mines has apparently been worked out in proportion to the amount of slimes dumped in the lake by each mine.

## Building Permit Issued for New Mascioli Theatre

A building permit for a new theatre on Third avenue was issued this morning to Leo Mascioli. As is usual in the case of a large building, the permit was made out for a nominal sum, \$25,000, though it is understood the building will cost more than four times that amount.

Plans have not yet been submitted for inspection by the town engineer's department. Reference was made in The Advance last week to the preliminary work for the building of this theatre.

## Saturday Busy Day for South End Girl Guides

Featuring Sale of Hot Doughnuts. Bridge Party in I. O. O. F. Hall by Rebekahs. Lively Basketball Feature. Other News of South Porcupine and the Dome.

South Porcupine, Saturday, April 13. Special to The Advance.

The Parish hall today is the scene of busy activity. Girl Guides are busy taking out doughnuts hot from the kettle—dozens and dozens of them which have been ordered through the youngsters' own hustling. Good work! But a word of commendation also for the makers of these same doughnuts who are giving their time and efforts for the good of the "girl" community of our town—your girls and ours. Mrs. Naish, Mrs. Cummings, Mrs. Lowery and Mrs. Regan deserve your thanks. When last reported—over a hundred and fifty dozen doughnuts were on order. And more to come!

The bazaar planned by the Ladies of the Sewing Circle of the Anglican Church is now definitely to take place on Wednesday and Thursday, May 15th and 16th. We are giving the dates now so that other planned activities may not conflict. A big bridge evening is planned for the Wednesday night and a social for the Thursday.

Mrs. DePencier came back to the Dome last week from Owen Sound after attending the funeral of her mother at that town.

The next event for you to mark on your calendar is the annual Easter tea put on by the Ladies of the Anglican Church, at the Dome Community hall on Saturday, April 20th.

On Friday night a congenial little bridge party was held in the Oddfellows' hall, under the auspices of the Rebekah lodge. The prizes given were very nice and the winner of the gentlemen's first prize (Mrs. Sky) kindly donated it again to the lodge for their next party. Ladies' first was won by Mrs. M. Smith; second by Mrs. A. Tomkinson (of Timmins) and third by Mrs. Costain. Second prize for men was won by John Purvis and third by Mrs. E. Anthony who played as a man.

Cattarello's basketball boys again came through with another win in the Porcupine Senior Basketball league on Wednesday evening at South End high school gymnasium when they took the strong Schumacher town team into camp to the tune of 35 to 17. This makes four straight. Mr. Runnals, of Timmins High School was kind enough to come over and refereed the game in his usual very efficient manner. There is another game at the S.P. High School gymnasium next Wednesday evening at 7.30 p.m., April 17th, when the Timmins High School team visit South End. For the Schumacher game the boys lined up as follows:—South Porcupine—forward, C. Cattarello; G. Koufman, 10; L. Whetham, 1; M. McCann, 5; cen-

tre, K. Myers, 7; O. Wright, 4; guards, V. Haneberry, 3; B. Thomas, W. Wilkinson; F. Jakes, 1; total 35. Schumacher Town—forward, Mr. Sparks, 7; Kavanagh; G. Leck; Wilkie; centre, Laine; Peacock, 8; guards, Block, 2; Calverly; Davidson; T. Leck; Gilbert; total 17. The game was lightning fast and at quarter time the Schumacher team was leading by two points. McCann then was fouled when about to shoot and made both shots good to tie the score. From then on the home team were never headed and went on to gradually increase their lead. The players looked very natty in their new uniforms which are all red with white side stripes on the shorts and the words "South Porcupine" in white on the front of the jerseys. Next Wednesday (17th) the team is hoping for a good turnout of spectators to support the growing enthusiasm for basketball in South Porcupine.

Mrs. Fern Graham and Mrs. H. Dishser spent the week-end at Porcupine Jet to attend the wedding of the former's brother, Mrs. Joseph Hiltz. Miss Thelma Cornell became the bride of Mr. Joseph Hiltz at Porcupine Junction at the home of Mrs. S. Robinson on Wednesday, April 10th. The ceremony was performed by the Rev. Mr. Jenner, United Church minister. Mr. Cecil Cornell attended the bridegroom and Mrs. Graham was the second witness. The couple will reside with the bridegroom's parents, Mr. and Mrs. Wm. Hiltz, of Goldlands, P. O. Ont.

The annual May-day dance of the Rebekahs will this year be a May-day card party instead.

The firemen responded in quick time to an alarm turned in on Thursday evening. It proved to be only a chimney fire in the Ostrom building on Golden avenue. On Friday afternoon a call was put in for another chimney fire on Dome street. Both fires were extinguished with no damage resulting.

The United service (Lenten) is to be held on Tuesday here in the Anglican Church with the Rev. Murray Tait as preacher. Good Friday services in the Anglican church will be held at 10.45 a.m. and 7 p.m.

Mr. McLean, of Clute, who has been in the hospital here since his accident at the T. & N. O. station, was taken on Friday to the Toronto General hospital for further medical examination and treatment.

From present indications there will be no annual flood this year on Railroad street, the winter's snow passing away in nice fashion this year.

## Rev. Fr. O'Gorman on the Last Days of Cruise

At the French Riviera. A Visit to Cherbourg. Then to Southampton and London. Six Days in England. The Last Lap of the Journey.

A large number of the readers of The Advance have been reading the very interesting letters written by Rev. Fr. O'Gorman telling of his Mediterranean cruise. The great interest taken in these letters has been attested by the large number of readers speaking to The Advance of the pleasure and interest from the letters published. Also, there has been a surprising number of people who have applied for certain copies of The Advance to complete their files containing the full series of letters from Father O'Gorman, many wishing to keep all the letters describing the trip.

Here is another of these interesting and informative letters:—

On Board, "Majestic"  
Cunard White Star, April 8, 1935  
Dear Friends:—Tomorrow we arrive in New York. Our cruise is about over. Nearly one half of our three hundred returned a week ago in the "Olympic." About forty are with us. And the others will return later.

After leaving Naples, March 20th, we touched at Willefranche, near Nice, in the French Riviera. Our stay in this lovely spot was all too short. Some spent an interesting (and unprofitable) evening in Monte Carlo. All at least enjoyed the famous Corniche Drive

next morning. After which we set out on the last leg of the cruise.

This was pleasant but uneventful. We negotiated the Bay of Biscay without trouble. The good weather stayed with us to the end.

But after we left Cherbourg, where the "Olympic" passengers took a waiting tender we ran into a heavy fog. This delayed our disembarkation at Southampton by several hours. But we reached London shortly after dark, March 28th.

Here the party quickly scattered. Some went up to the Grand National Race next day. Others visited London and the environs. I spent the six days in England visiting old friends.

This took me to Staffordshire, to Sussex and to Somerset. On the way to Bath with a party of "Samaritan" friends in a special bus, I saw for the first time Gray's churchyard at Stoke Poges and Windsor Castle. I was impressed with the external appearance of the Castle, but unfortunately saw none of the interior save St. George's chapel.

April 3rd saw me on the "Majestic," a palatial ship and the largest afloat. Good weather and agreeable company made this last part of my trip most enjoyable.

J. D. O'GORMAN

## Nox-a-Pain TABLETS

FOR HEADACHE, RHEUMATIC PAINS, NEURALGIA, MONTHLY PAINS, STOMACH ACHE AND TOOTHACHE.

Without a doubt Nox-a-Pain Tablets are the most wonderful little tablets known to kill pain. They act so quickly and do not leave any bad after-effects.

**FOR HEADACHE**  
Generally one or two tablets taken with a little warm water will stop the most severe headache in from three to five minutes.

**MENSTRUAL PAINS**  
Taken at the beginning will save a lot of discomfort and pain.

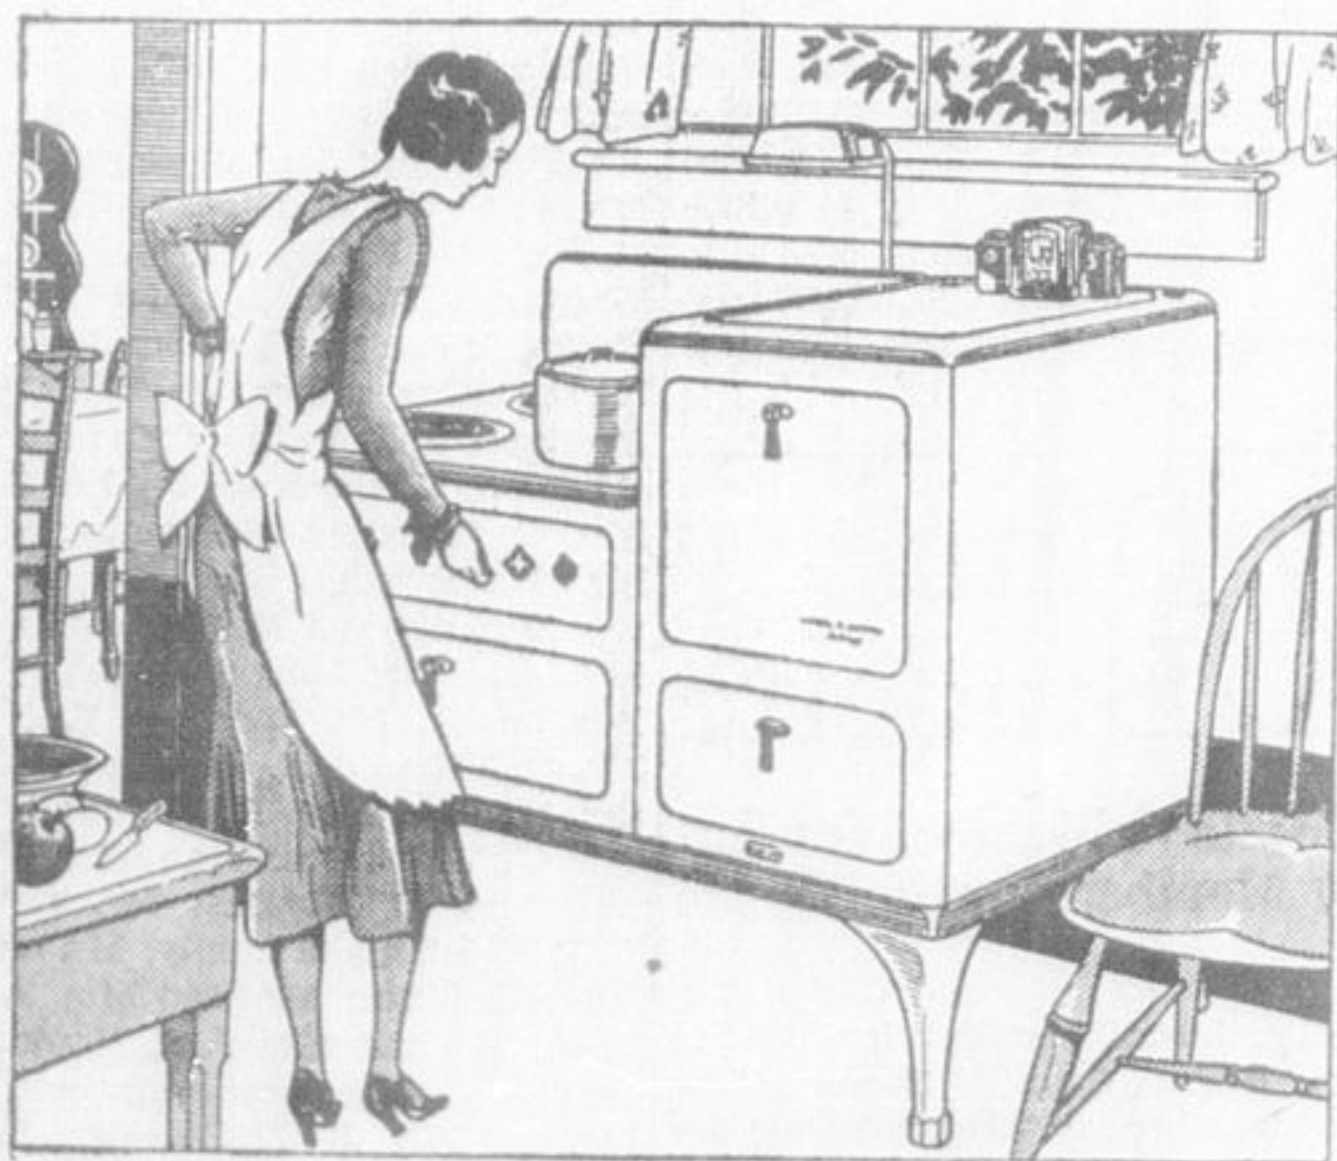

**TOOTHACHE**  
Two or three tablets taken with warm water will stop the most stubborn toothache in a few minutes. **NOX-A-PAIN Tablets are put up in three sizes 25c., 50c., and \$1.00** For Sale at the Goldfields Drug Store, Timmins, Ont.

to their beauty, were seen at the height of the public. Glimpses of Saanich Arm and the hills on the way "up island" were also shown. The advantages of the movie projector for work in the school were only too clearly demonstrated on Friday evening. The indelible memory of geographical wonders and the clearer conception of Canada given to students via this visual method should be of great use in aiding teaching in the Timmins school. A comedy, "Felix on the Farm," was another feature of the "picture show."

The concert will probably be the last of the season at the school for as examination time draws near, extra-curricular activities cease.

At the request of the Dept. of Education, Iroquois Falls is to become a High School district on June 29th, with a separate high school board. Previously, Iroquois Falls has had a continuation school taking up high school work under the public school board.

## LOW RATES make it more Economical Than Ever To Cook with ELECTRICITY

... and with it you also Save **FOOD TIME WORRY FOOTSTEPS**

## It Pays you to Own an ELECTRIC RANGE

Just think what a difference an Electrical Range will make in your kitchen. Think of the time, the worry, the footsteps it will save you. Think of how cool and clean it keeps the kitchen. Think of its perfect, even cooking heat, always available at the snap of a switch for just as long as you want it. Then come in and choose YOURS. Payments may be made in very moderate monthly amounts.

Take advantage of it... for well-cooked meals with a minimum of trouble: for food that tastes better and goes farther because all nourishing values have been retained. End the tyranny of coal and kindling. Own an Electrical Range.

## Excellent Concert Held at High School

Programme of Special Merit by Pupils and Others was Successful in its Objectives.

Sufficient funds were raised at Friday's concert at the Timmins High School to send Mike Kostynnyk and David Gordon to Toronto during the Easter holidays, where they will represent the school in a large orchestra gathered from all over Ontario.

The two young violinists were featured on the programme at the school and their performance was greeted enthusiastically by the large audience. A solo by David Gordon was the opening number.

Two pupils of Miss Margaret Easton, Miss Elizabeth Curtis and Miss Barbara Honey, danced two well-rehearsed and difficult numbers. Girls of the high school, trained by Miss Smyth sang two selections in a delightful chorus. Another group of school girls, under the direction of Miss Goettler, performed a dance that showed further the wide range of talent possessed by Timmins girls.

The instrumental and orchestral part of the concert was an unqualified success. The orchestra appeared on the programme just twice, but both times they gave complete renditions of well-known selections. The first, "Evening Star," by Wagner, was exceptionally well done. The second, "Tales from Vienna," by Strauss, required nearly half an hour to perform and was heartily applauded as a fine piece of work.

A quartette, Mike Kostynnyk, David Gordon, Natalie Kostynnyk and Wallace Pospishil, also brought well merited rounds of applause. Mike Kostynnyk also played a violin solo. David Gordon and Stuart Scott's violin duet was a well performed bit. A dance by Jack Easton was another popular number.

The showing of movie reels was an unusual part of the entertainment. Educational pictures of Canada were featured and the first, "Niagara the Beautiful," was a beautiful series of
