Third Article of Gen. Ross' Report
This week the third in the series of articles dealing with the "Position of Unemployed Ex-Service Men in Canada" is given. Next week the articles will deal with what is being done in other parts of the Empire. The portion published this week deals with "The Classification of Men Affected," and is as follows:—

(1) **Physically fit and Vocationally Qualified for Employment**—These men are, of course, victims of the prevailing general conditions and must be cared for as the rest of the community. By reason of their service, however, and particularly the sacrifice of opportunity upon enlistment, they are entitled to preference in employment for which they are fitted, both in Government Service and in trade and business. Special facilities should be provided for this purpose.

(2) **Partially Disabled as a Result of War-Service and Pensioned**—The Federal Government has already recognized responsibility for this group but the system requires considerable improvement, in fact, should be scrapped in favour of a scientific system which would remove the taint of pauperism.

(3) **Partially Disabled but not Pensioned**—This is by far the largest and most difficult group. As pointed out, it is difficult to dissociate their physical and industrial condition from war service, a viewpoint which is widely held by Municipal authorities, employers of labour, and the public generally. They should receive special treatment and steps be taken to find them employment within their capacity.

(4) **Totally Disabled by Age or Disability**—Many of these can be provided for by the War Veterans' Allowance Act, and it is possible that this Act might be extended to take in those who are capable of light work but for whom no such work, is or can be made available.

More About Vimy Pilgrimage
Recently I was asked if it was correct that the rates of the Pilgrimage had been reduced about \$40.00. At that time, having had no official word it was impossible to state for sure if such was the case. Now however, this column can give those intending to take the trip the official rate as it is applied—that is \$100 all expense tour. After prolonged negotiations we have secured rates which we believe are the lowest that can be obtained, consistent with the nature of accommodation desired. It will be understood that these rates are not fixed by the companies but are governed by what is known as the Atlantic Conference and the ocean rate of approximately \$120 dollars return, is stated to be the lowest rate which the Conference will concede. In connection with any lower rate, we have received the following statement from the Ocean Steamship Lines:—"With reference to the statement that Ocean Rate quoted for the Vimy Pilgrimage is high, we beg to say that this ocean rate was specially reduced for the Canadian Legion and is the lowest price quoted for any passenger movement or individual transaction for the next year on the Atlantic. No steamship line can quote to any person or organization any lower rate." **Land Tour**—The remaining \$40.00 dollars of the \$100.00 inclusive rate as quoted is to provide for rail and road transport in France, billeting accommodation and meals in France, and beds and breakfasts for four days in England and accident insurance will also be provided in respect to these

passengers acceptable to the Insurance Companies for this purpose. In addition, an official badge, beret, haversack and guide book will be provided. This indicates exactly how the amount quoted is made up.

A Very Busy Month
Now that the remains of the Vimy celebration are cleared up, and all back again to normal, the officers and committees are now faced with several events. The first of which is the Chicken Stagette and Draw. Those who have been selling tickets are asked to turn the stubs into the secretary as soon as possible. The event takes place on May 4th in the Oddfellows' hall.

On Sunday, May 5th the fitting commemoration of the King's Jubilee will be held with the members of the branch attending divine service. The members will assemble at the Legion hall and will then be arranged in the various denominations, the time set for this being 10:15 a.m. They will then march to the various churches and as each is passed that group will enter. The churches planned to attend are the United Church, the Church of the Nativity and the Anglican Church. After the services, which will be of a special Jubilee nature—of blessing to the King and Queen—the parade will again return to the Legion hall. Let the branch have the biggest church parade of its history. It can be done and the occasion warrants a monster turnout of the veterans.

The Empire carnival which the Canadian Legion has been asked to plan is making good progress. Articles dealing with this are to be found in other parts of the issues of The Advance. Think up your comic suggestions. The officers have the main float planned. Thanks!

W. A. Devine, Box 1423

Present Union Jack to Ladies' Auxiliary

President of Legion Makes
Presentation. Pleasant
Programme and Social
Evening.

On Monday another of those pleasant socials which are being held weekly in the Legion hall, was arranged by the Ladies' Auxiliary of the Canadian Legion. The event followed a short meeting of the organization and at which the plans for the float which the ladies are arranging were laid. The float will depict "Britannia" and this honour was given to Mrs. George, after a very close vote, with Mrs. Keates, who withdrew in favour of the former. Mrs. George, who is a war widow, will have supporting her, four children dressed as two soldiers and two sailors. The ladies are very enthusiastic and intend to make a great showing.

At the social at which the friends of the Auxiliary were present, President A. Neame, supported by 1st Vice-president, J. Cowan of the Canadian Legion, presented the ladies with a beautiful silk Union Jack. J. Cowan introduced Mr. Neame and in a very neat speech told of the splendid work Mr. Neame had accomplished. He said it was an honour for him to be asked to assist in this presentation. President A. Neame in a stirring address of loyalty, patriotism and pride, spoke touchingly of the Union Jack. Upon the outbreak of war, he was in the U.S.A. He returned to Canada, and at Niagara Falls when he saw the old flag flying bravely he felt a deep feeling of pride and joy of once again being under the Union Jack. He gave several instances of the history of the flag and asked the Ladies' Auxiliary to accept this flag and standard from the members of Branch 88.

President Mr. France, on behalf of the Ladies' Auxiliary, in a speech of deep feeling thanked the Legionnaires for their thoughtful and beautiful gift. Another very interesting part of this presentation was the singing of all present the stirring song of the Empire "Rule Britannia."

The flag, is one of silk, three feet long and two feet wide. It is mounted by a Maple Leaf and a metal base is also provided for the holding and supporting of the oak pole.

Several local artists contributed to the programme. These included Ruth Koski, Mrs. Gregson and Peggy Shaw.

All these ladies were enthusiastically encored and obliged with other numbers. A Bellamy and T. Johnson also rendered selections. Jimmy Ormston and Tommy Stephens gave several dance numbers and helped materially in the evening. W. A. Devine played later for the old time dances and other numbers. It was a real happy evening and enjoyed by all.

A very dainty luncheon was served by the Ladies' Auxiliary which was much enjoyed. In this connection mention should be made of the kitchen committee, under the supervision of Mrs. W. Wilkinson. Mr. A. Bellamy made a capable M.C. Among these winning small prizes during the evening were Mr. and Mrs. F. J. Hornby, Mrs. Keates and Mr. Sandford.

Notable Numbers by Symphony Orchestra

Programme of Outstanding
Merit Given at the South
Porcupine High School on
Monday.

South Porcupine, Wednesday, April 17th, 1935. Special to The Advance.

It must have been a great disappointment to the leaders of the Porcupine Symphony Orchestra to see the poor crowd that attended their concert on Monday in the South Porcupine high school. In spite of it they went ahead with their fine programme—one of the finest yet heard in South Porcupine. Mr. Ross—the leader—deserves special credit for the excellence attained in the numbers given. Words very poorly express the way in which the items were rendered—they must be heard to be appreciated. Sufficient to say that we have heard much music that was produced by far more famed orchestras that did not give us as much pleasure as this orchestra did on Monday night. It would be a real treat to music lovers to hear them, and we would like to see a crowded hall or theatre at their next concert. They deserve it. With no creed or national prejudice, the only thing required of the performers is love of music and ability to produce it. They have Russians, Italians, Scotsmen, Finns, Jews and Englishmen in the orchestra. The music they give is proof of the time spent in perfecting their ability. They only need support. May we suggest that the concerts which attract most people in South End are those given in the local theatre after church on Sunday evening. We know they are planning another concert soon in spite of Monday's disheartening audience. But Porcupine has something in this Symphony Orchestra that is worth while. Encouragement should be given to make it endure. Mr. R. Langdon was chairman on Monday, but relinquished his office early in the evening, as he had to leave. Mr. Rose took his place, and very ably gave the necessary verbal descriptions of the pieces produced. Outstanding in perfection were the four Indian love lyrics by Amy Woodford Finden—always a pleasure to hear when finely and delicately played as this orchestra performed them. Some fine cornet work was heard in this. Mr. Rose's own violin solo—"Momen Musical"—was a perfect rendition. Mr. W. Pospiszel with two cello solos—"Serenda" and "Ave Maria," was, as usual, wonderful. The orchestra also gave—Paul Linche's "Father Rhine"; Franz von Suppe's "Light Cavalry"—(descriptive); Franz Ledars, "Gold and Silver" waltz; Ludwig's "Voice of the Bells"; and an orchestral selection from Plotow's "Martha."
