IN BED WITH NEURITIS EVERY WINTER

Until Kruschen Brought Relief

"For three years," writes a woman, "I have been sick in bed about three months every winter with neuritis in my hips and legs. Last winter I started taking Kruschen Salts, and got relief from the first dose. This winter I have not been in bed at all."—(Mrs.) D. M.

Neuritis is a result of impurities in the blood, circulating all over the system and setting up inflammation in the tissues, that causes those excruciating pains. Kruschen Salts can be safely trusted to set the matter right. Because Kruschen contains just what Nature needs to persuade your internal organs back into a healthy, normal condition.

Moving from North to South in a Cart

Two Dogs Drawing Effects of Small Family from Englehart to Farm Near Orillia.

Some special notice was attracted last week by the sight on the highway of a man and his small family travelling from the North to the South, the only means of transportation being two dogs in an odd cart and the use by the family of leg power. Tom Haskin, his fourteen-year-old son, Elgin, and his ten-year-old daughter, Thelma, are moving from a farm they occupied at Englehart to another farm on the shores of Lake Simcoe, in the Orillia district. All their worldly possessions were loaded on a queer-looking rickety old two-wheel cart drawn by two dogs, one dog being collie, etc., and the other being a police dog plus. They have already been over a month on the road, though not travelling steadily. They stopped for a greater or lesser time at various places along the route. At one place, Tomiko, where they had friends their stay was about two weeks. At Tomiko they gathered and prepared maple syrup with the hope of having enough of this commodity to buy food to last the trip. On cool days they have made as much as 18 miles per day, but on some of the warmer days the rate has been lower. They sleep in the open, having no tent with them, but by the use of blankets and gathering brush they claim to be able to sleep in comfort. Some nights are reported as somewhat chilly for this form of travel but they have by far the worst part of the journey over now, passing through North Bay last week.

Asked if he had a farm in the Englehart district Mr. Haskin is quoted as responding:—"Yes, we had one, but we didn't have enough resources to hang on until we could make it pay, so now we're going down to a piece of land we can about 20 miles from Orillia, and see if we can make a go of it there. If we can save some money we're going back up North and have another try at it."

From what Mr. Haskin is quoted as saying it would appear also that he is hoping to make good on the farm near Orillia and that his ambition is to get a good enough stake to return to the farm at Englehart and have another and a more successful trial of making a living on the farm in the North. It seems to be a pity for the North to lose a settler with the snap and enterprise of this man. Were there a bonus for land-clearing in effect it is likely that Mr. Haskin would be able to hang on a little longer and so win success on the farm at Englehart. In such cases a few dollars make all the difference in the world.

Grand-Aunt to Run Lunch Stand Near Dionne Hospital

The latest news from the Dionne quintuplets sector is that Mrs. Alex Legros, a grand-aunt of the famous five, will this summer conduct a refreshment stand near the Dafoe hospital where the children are kept. Mrs. Legros was one of the attendants at the births and those waiting to get a glimpse of the quintuplets will be able to talk to the grand-aunt and buy soft drinks and light lunches in the meantime. Questions like:—"How much are your sandwiches?" will be gladly answered at the refreshment stand. The refreshment stand will be on the Legros property which adjoins the farm of Oliva Dionne who is the father of the quintuplets. There is a field on the Legros property that will likely be turned into parking space. This is said to be the only available parking space near the Dafoe hospital.

Fire Destroys Old Plant and Buildings at Cobalt

Fire of unknown origin, starting in the mill, swept away the mill, machinery shop, shaft house and boiler room of the old Temiskaming and Hudson Bay Mining Company on the outskirts of Cobalt on Friday morning.

No estimate of the damage could be arrived at but it was known that \$3000 insurance was carried on the plant which was put up in 1912 and ceased operations in 1920.

Firemen from Cobalt who were called at 2:45 o'clock Friday morning could do nothing to check the flame's progress for there is no water connection in the vicinity of the abandoned workings.

It was not possible to use any other means than buckets for the fighting of the fire. It is said, however, that the firemen really saved the life of the caretaker at the mine, as they awakened him when they came on the scene. He stood a chance of losing his life in the blaze as he was sleeping through it all and in a few minutes would likely have been beyond waking.

Guardians Awarded Over Four Thousand

W. H. Alderson Receives \$2,500 for Work in Caring for the Interests of Quintuplets.

Last week The Advance noted that the accounts in connection with the famous Dionne quintuplets were submitted to the judge of the surrogate court for approval. The judge last week gave his decision in the matter, as noted by despatches from North Bay.

For their services in the interests of the Dionne quintuplets, the original board of guardians appointed to guard the welfare of the famous babies when they were but a few days old were last week awarded compensation totalling \$4,400, by Judge T. F. Battle in Surrogate Court for the District of Nipissing. At the same time as the compensation was granted, Judge Battle gave his approval to the accounts as presented by the guardians.

W. H. Alderson, Muskoka Beach, chief of the guardians, was granted \$2,500 by the court "in compensation for time and effort expended on behalf of the Dionne quintuplets. The other guardians were awarded lesser amounts, G. K. Morrison, Callander, \$1,000, and Oliver Dionne, grandfather to the quintuplets, \$400.

These three were the official board of guardians as first appointed, and were guardians of "the estates and persons" of the quintuplets. Dr. A. R. Dafoe was considered by the court to be a guardian of the "persons only" of the babes and for his services in this capacity was ordered paid \$500. This sum is in addition to the \$200 per month which Dr. Dafoe has received for his medical services to the babes, and is intended as compensation for services rendered in addition to medical care and attention, Judge Battle explained.

Expense accounts covering actual out-of-pocket expenditures were submitted to Judge Battle totalling \$1,780, but during the course of the Surrogate Court hearing were withdrawn, and any claim to compensation for them relinquished.

The individual accounts were—W. H. Alderson \$1,517; Dr. A. R. Dafoe, \$151; G. K. Morrison \$97, and Oliver Dionne \$15.

Under the terms of the statutes passed at the last session of the Ontario Legislature the estates of the quintuplets are now turned over to Minister of Welfare D. A. Croll, to be administered by the guardians appointed by him—Judge J. A. Valhi, Dr. A. R. Dafoe, and Oliva Dionne, father of the quintuplets.

Wedding Monday at Church of Nativity

Miss Mabel Beadman and Mr. John Kostuik United in Marriage on Monday, May 6th.

A wedding of general interest throughout the North took place at the Church of the Nativity on Monday morning at nine o'clock when Mabel, daughter of Philip Beadman, 4 Montgomery avenue, became the bride of John Kostuik, son of Mr. and Mrs. Stephen Kostuik, of Cobalt.

In the presence of a large number of the bride's friends, as well as students of Ontario universities who are friends of the groom, Father McManus performed the ceremony. The bride, given in marriage by her father, was accompanied to the altar by her sister, Margaret, as maid of honour. Arch. Kirkland was groomsman. The bride wore a dress of robin's egg blue with long sleeves and flowing lines. Blue shoes, beige accessories and a bouquet of Tailsman roses and lilies-of-the-valley completed the costume. Her bridesmaid wore rose crepe with beige accessories and she carried a bouquet of sweetpeas.

Miss Eileen Carriere played the "Wedding March," and during the mass that followed, Miss R. Kelly played the organ music.

Wedding breakfast was served to about 30 friends at the bride's home. Mr. and Mrs. Kostuik were to leave to-day for Cobalt where they will spend a short time with the groom's parents before making their home at the Howey mine, Red Lake, where Mr. Kostuik will be employed as a mining engineer.

Both the bride and groom have been popular residents of Timmins. Mr. Kostuik has been employed here during summer holidays while an undergraduate of Queen's university. As an athlete, a student and a leader in student activities at Queen's, he gained nation-wide cognizance. The bride has been associated with T. & N. O. Telegraphs for some time and has been well known and popular for her charm of manner.

The best wishes of a large circle of friends go with the young couple to their new home at Red Lake.
