

BAZAAR OF FANCYWORK

To be held at the Finnish United Church, Bloor Street South Porcupine, Ont.

Thursday, May 23rd, 1935

Starting 2 p.m. till 7 p.m. Also Coffee and Tea will be served with Finnish Coffee Bread

Two Motor Accidents Near South Porcupine

Harry Dean in Hospital in Serious Condition. Mrs. Purnis Injured in Another Car Accident. Other Interesting Items from South Porcupine and the Dome.

South Porcupine, Ont., Wednesday, May 15th. Special to The Advance. Mothers' Day was observed here in the United Church on Sunday morning by a special service, by the children of the Sunday School. Mr. Ship, superintendent, was in charge, and the church was filled to overflowing. The choir made up of the "Jolly Juniors"—Mrs. Weir and Mrs. Smith's classes and Dome children—sang the "Mothers' Day" hymn during the service. Maurice Lonsdale read the Scripture for the day. Mrs. Purdy's class of intermediate girls sang a two-part song of "Mother" very nicely. Dorothy Couch gave a story and Viola Laffin a reading. The little "beginners" sang "Can a Little Child Like Me"—and Irene Libby, from Dome Ex., recited "Somebody's Mother," very sweetly. Leaflets had been distributed so that all the congregation might take part. Mr. G. Trueblood's rendering of "My Mother's Prayer" was most effective. Dr. Fraser being away, the evening service was conducted by Mr. Jack Leng from Schumacher.

banquet for the purpose of introducing new members was discussed, and may mature in the near future. A schedule for the coming term was also discussed. Don't forget the social and dance to-night (Thursday) which winds up the big bazaar in the church hall. There is to be a good orchestra—Hubert Cooke—Chic and his Merry-makers—providing the music.

An "announcement" tea was held on Sunday at the home of Mrs. Verner, Bruce avenue, from 3 to 6 p.m.—when the parents of Miss Rose Verner officially announced her engagement to Mr. Thomas Nallin, of Englehart, son of Mr. and Mrs. Max Nallin, the wedding to take place quietly on June 16th. We wish to add our congratulations to those of others, and sincerely wish Miss Verner the best of luck and happiness.

Mr. Harry Dean is in hospital suffering from very severe injuries to neck and shoulder sustained in a car accident late on Sunday night. Mr. Dean has been in the employ of Mr. Bert Laffin for about thirteen years and is well known here. On Sunday some friends called for him in a car, and they went "down the line" returning quite late. On rounding the corner on Gold City road by "Banner-man's" corner, the car overturned into the ditch, throwing Mr. Dean out quite a distance. He was picked up unconscious, and as soon as medical attention pronounced his condition serious, was taken to the Presbyterian hospital. Latest reports are that he is still in a precarious condition. The other boys in the car were not seriously injured.

Another accident happened on Sunday at the junction of the Dome and Timmins road, when a car in which Mrs. Purnis was riding—driven by her daughter Lucy—had to take the ditch

head-on to escape collision. Mrs. Purnis was badly shaken up and her arm hurt, but the other occupants escaped injury. The Girl Guides are planning a "hike" on Saturday afternoon, to be followed by a wetter roast. On Sunday evening they will parade in uniform to St. Paul's Anglican church.

Mrs. Maxwell Smith will spend the week-end in Toronto, visiting her daughter, Miss Petronella. Mr. and Mrs. Ed Rapsay left on Wednesday to visit the latter's father, Mr. G. Lamothe, of Mattawa, who is quite seriously ill. A number of the members of the Eastern Star Order visited at the installation of officers for Chapter 123, Timmins, on Tuesday night.

Mr. Bobby Smith has returned from Ncranda and is working at the Dome. The C.G.I.T. girls are holding a "Silver Tea", and sale of homebaking in the United Church on Saturday, May 18th, from 3 to 6 p.m. A special "Indian Display" is to be an attraction. Mrs. Wilfred Deacon left on Wednesday for Copper Cliff to visit her mother, Mrs. Bryson, who is seriously ill.

Miss Patricia LaForest celebrated her fourteenth birthday on Wednesday last week. She received many nice presents, but the gift which will be long remembered by the six girl chums who were invited, was the real "grown-up" dinner party which her mother gave her. The guests had a royal time and thoroughly appreciated "Pats" party.

Friends of Mrs. J. Jemmett (nee Hattie Baker) will be glad to know she is improving after two weeks in hospital. At the local police court on Tuesday one assault case (Schumacher) was withdrawn; two speeders paid \$10 and costs; one drunk \$10 and costs; and one man paid \$100 fine for having liquor

in other than his private dwelling. Owing to the fact that Archdeacon Woodall will be preaching in Iroquois Falls on Sunday morning, there will be no 8 o'clock service here. Evening service at 7 p.m. as usual.

Eighty per cent Said to be Signing Referendum

Petitions are being circulated at present in Toronto asking for a referendum on the question of having beer parlours. The temperance people claim that a referendum to do away with beer parlours would carry by a large majority, either in the city of Toronto or throughout the province, and the results of the campaign so far in reference to the petitions now being signed would seem to indicate that the temperance people at least have more than usual support behind them. The first person to sign the referendum petition in Toronto was the mayor of the city, His Worship Mayor James Simpson. Mayor Simpson, who is well known in Timmins and other parts of the North having spoken here on a number of occasions on labour questions and also with the Canadian Chautauqua, has been pictured in the very act of signing the petition for the beer parlour referendum. Since Mayor Simpson signed the petition it is claimed that fully eighty per cent. of all the people approached have signed the petition. The petitions are being taken around by a group of some thousands of canvassers. It is intended to have the petition circulated also outside the city of Toronto, it is understood. The plan of the campaign is to force first a referendum on the beer parlour question and then to have all the beer parlours in the province cancelled as being other than in the best interests of the people of Ontario.

\$60,000,000 Dominion Loan Being Floated

Eight and Twenty Year Bonds will be Issued. Proceeds for General Purpose

A new issue of \$60,000,000 Dominion of Canada bonds was announced on Tuesday of this week to be offered for public subscription on Wednesday. The announcement being made by Hon. E. N. Rhodes, Minister of Finance at Ottawa.

Funeral of Mrs. Mortson at Kirkland Last Week

The following is from the last issue of "The Northern News of Kirkland Lake:—Many mourners attended services at Swastika and Halleybury, where interment of the late Mrs. Allan Mortson took place last week. Mrs. Mortson was married at Cobalt in 1924, the Rev. Norman Rawson of the United Church performing the ceremony. She is survived by her husband, four children, three brothers and two sisters. Pallbearers at Swastika were Chief Shane, Sergt. Pinegar and Constables Tripp, Johnston, Cairns and White, the Orange Order taking part in the service conducted by Rev. W. A. Clements. Sergt. Pinegar accompanied the mourners to Halleybury, where the rites were conducted by Rev. W. A. Beecroft. Many friends from Latchford, Mrs. Mortson's home district, were present and the pallbearers at Halleybury were Sergt. Pinegar, W. Mortson, Mac Mortson, Cliff Mortson, Jack and Roland Bruneau. Floral tributes were received from The Reeve and Council of Teck, Kirkland Lake Detachment of Provincial Police, The Northern News, pupils and teacher Swastika Public School, Victorian Order of Nurses, Kirkland Fire Department, Swastika Fire Department, Swastika United Church, Roscoe and Katy, Timmins, Norman, Angela Junior and Uncle Angus, Mr. and Mrs. C. Mathewson, Laura and Gordon Martin, Mr. and Mrs. Michael Latchford, Mr. and Mrs. Chase, Miss B. McLeod, F. Drummond and Jimmie Lucusino, Mr. and Mrs. J. A. Pelkie, Latchford, Maurice and Mary Ann and family, Latchford, Mr. and Mrs. Petrin and family, Mr. and Mrs. P. J. Andoney, Mr. and Mrs. R. B. Bradley, Latchford, Jack, Kay Latchem, Alvin Leach and family, Timmins, Mr. and Mrs. O. R. Kelly, Walter O'Brien, Jack Roland and Morris, Latchford, the Mortson family, Latchford, the Schneider family, Latchford, Mr. and Mrs. Mortson, Arntfield, Que., W. Chenette, Latchford, Township of Teck Police Department, Kirkland Lake L.O.L. and Allen, Kenneth, Mabel, Evelyn and Joy."

Rapid Development God's Lake Gold Mine

Proving that Gold Mining Can be Conducted Profitably in Northern Ontario.

Gold mining can now be conducted profitably in Northern Ontario at distances up to 150 miles from a railway and possibly at greater distances. God's Lake Gold Mines in Northern Manitoba illustrates this point well. The distance by winter road from the Hudson Bay Railway is 130 miles; but so cheaply can supplies be taken in over the level winter road by tractor train, and so little is required per ton of ore treated (20 lbs.) that the charge for this freightage per ton of ore treated is only 30 cents. This 30 cents thus measures the additional cost of operating at a distance of 130 miles from the railway, compared with operating at the "jumping-off" point.

The broad features of the God's Lake mines are described by W. E. Baker, geologist for the company, in a paper entitled "Geology of God's Lake Gold Mine Ltd." in the May bulletin of the Canadian Institute of Mining & Metallurgy. Discovered in the summer of 1932 by the well-known prospector, Bob Jowsey, the deposits were diamond-drilled in 1933, indicating ore of fairly high grade in payable quantity. During the winter of 1933-34 a mining plant and supplies totalling 1260 tons were hauled from the railway, and levels were opened at 150 and 275 feet depth. As this confirmed the presence of sufficient ore for two year's supply for a 150-ton mill, the machinery for this was hauled in during the past winter and will be ready for operation by the early autumn. A water-power nearby is also being developed to provide ample power at a low cost. Thus in three years from the time of its discovery a profitable operation will have been established in this remote locality.

Mr. Baker's paper gives in some detail the geological features of the deposit, which is within an area of the gold-bearing rock formation that underlies about half the extent of the lake, which is 14 miles in length, and stretches southward to Kneeh Lake, where similarly attractive deposits are now being developed. The gold is in quartz veins connected with porphyry dykes. Where these veins cross a certain bed of tuff, they carry payable values, and elsewhere they are barren, so far as they are opened at present. The knowledge of this fact, of course, is a great aid in following the ore underground and in finding additional deposits, and it illustrates well the invaluable aid a mining geologist can give in developing a mine.

For Health and Comfort Screen Doors and Windows

One of the ten plagues of Egypt in Old Testament times was the plague of flies. Over and above the discomfort suffered, it is more than likely that much of the disease visited on the Egyptians was due to this same source—flies.

To-day we still have flies and mosquitoes with us. But we know how to keep them out of our homes, by screening our doors and windows. The Ontario Safety League is issuing an appeal this spring throughout Ontario to ensure this necessary health precaution. The burden of the appeal is "For Health and Comfort, Screen Every Door and Window."

PRE-HOLIDAY SALE OF SPRING FOODS

EATON GROCETERIA advertisement listing various food items and prices. Items include Marmalade (39c), Red Raspberries (22c), Bran Flakes (11c), Lucerne Cheese (27c), Corned Beef (21c), Clover Honey (21c), Corn Starch (27c), and White Tuna Fish (19c). It also lists meat specials like Blade Roast (15c) and Chuck Roast (12c).

EATON GROCETERIA advertisement listing various food items and prices. Items include Toilet Tissue (19c), Medium Prunes (23c), Assorted Biscuits (19c), Me Java Coffee (29c), Family Blend Tea (39c), Club Sodas (21c), Magic Baking Powder (28c), SNAP Superfine Powder (25c), Potatoes (\$1.08), Grapefruit (19c), and Oranges (21c). It also features Dr. Jackson's Alkali Forming Roman Meal.

The Ontario Safety League is issuing an appeal this spring throughout Ontario to ensure this necessary health precaution. The burden of the appeal is "For Health and Comfort, Screen Every Door and Window."

NOT A RHEUMATIC PAIN FOR 4 YEARS

70-Year-Old Man Praises Kruschen

A man who once suffered severely from rheumatism writes:—"For a long time I suffered with rheumatism, and at one time was laid up for about nine weeks. About five years ago I was advised to try Kruschen. I did so, and have continued using them ever since. Kruschen did the trick, as I have not had a rheumatic pain for over four years. I am nearly 70 years of age, and feeling fine, and always able for my day's work—thanks to Kruschen."—A. S. Kruschen dissolves away those needle-pointed crystals of uric acid which are the cause of all rheumatic troubles. It will also flush these dissolved crystals clean out of the system. Then if you keep up "the little daily dose," excess uric acid will never form again.
