Notable Reception to Premier Bennett

Liberal Leader Makes Very Graceful Address. Roars of Applause Greet the Premier.

It was a wonderful reception that was given Hon. R. B. Bennett, premier of Canada, who took his place in the House on Monday after several weeks absence due to illness and also to his visit to London, England, to take part in the King's Silver Jubilee event. The premier was greatly moved by the greeting given him and also by the

gracious words of Hon. Mackenzie King, leader of the opposition.

Scarcely in recent years has there been such a demonstration of regard and affection as showered on Premier Bennett on Monday.

With members on all sides of the House of Commons applauding Prime Minister R. B. Bennett intimated his determination to carry on in his high office.

After Rt. Hon. W. L. Mackenzie King, leader of the Opposition, and Robert Gardiner, U. F. A. leader had congratulated the Prime Minister on his return to Parliament, Mr. Bennett made a brief statement.

At the end he said: "I can only say, as far as my own personal health is concerned I did

consult the best opinion, and the opinion that I have received is that if I were able to precede with a certain amount of leisure and rest, and avoid too much effort, in the fullness of time I might recover my wanted strength and health.

"I think I should say that they urged me not to return at this time, but knowing as I did what conditions were in respect to this House on the date of the adjournment I felt it my duty to return whatever the consequence. I may not be able to give to the public business that measure of attention, that strength of purpose that has sometimes characterized my conduct, but I shall do the best while I am here."

The Prime Minister was welcomed by Liberal Leader Mackenzie King, who said all members deeply regretted his illness and welcomed his improved health. It also was fitting, Mr. King said, that Mr. Bennett should represent Canada at the King's Jubilee in London and the informal conversations on Empire questions.

Irrespective of parties, all members welcomed the Prime Minister back and hoped he would be able to lead his party for many years to come.

The Liberal leader also paid tribute to Sir George Perley who acted as Prime Minister during Mr. Bennett's absence, referring to his long public service to Canada.

Full concurrence in the sentiments expressed by Mr. King was voiced by Robert Gardiner (U.F.A. Acadia). He spoke for the Farmer-Labour group and declared all its members were delighted to see Mr. Bennett back and to know his health was improved.

A roar of applause from all sides of the House greeted Mr. Bennett as he rose to reply.

The galleries were crowded beyond capacity and the House appeared to be in a happy mood.

The premier's reception was nearly equalled by the applause given the

HIS LUMBAGO HAS NOT COME BACK

Keeps Free of it With Kruschen

There can be no doubt about the effectiveness of the remedy this man uses against lumbago. Read his letter:

"About four years ago, I had a bad attack of lumbago. After being in hospital for two weeks taking heat treatment, I started taking Kruschen Salts. Since then, I am happy to say, I have not been troubled with lumbago. I shall still continue taking Kruschen to be sure the lumbago won't come back."—A. C. C.

Why is it that Kruschen is so effective in keeping lumbago at bay? Simply because it goes right down to the root of the trouble, and removes the cause, which is an impure bloodstream. The six salts in Kruschen keep the bloodstream pure and vigorous by promoting a clockwork regularity of all the organs of elimination.

Hon. W. A. Gordon Named as Possible New Leader

Interviewed at Winnipeg last week, two Ontario federal members expressed the belief that should Prime Minister Bennett's ill health force him to quit office, the Hon. Wesley A. Gordon, federal minister of mines, labour and immigration, would be favoured as his successor.

The members, who stated that they expected the elections to be in September or October, were Dr. M. J. Maloney, South Renfrew, and Dr. J. D. Cotman, North Renfrew, both Conservatives.

Force Sewer Installation
Property owners in a large section of Timmins will be forced to install sewers before August 1st, according to a resolution adopted by the council and recommended by the Board of Health. The area affected includes the strip between First and Seventh avenues, from Lake Shore Road to Vimy Road in the north and Spruce street to Mountjoy street in the south.

It is the idea of the Board of Health, Mayor Richardson told the council, to get a section of the town cleaned up this summer, then add other sections until the whole thickly populated part of the town is included. Outside toilets have been the cause of much complaint and it is thought that the health of the town in general will be better for their complete removal.

Councillor Bartleman suggested that some sort of instalment plan be worked out whereby property owners would not have to bear the full brunt of the cost at once.

"That was tried before," said Councillor Caron, "but after the sewers were in, the money didn't seem to come in so well."

The mayor said that the suggested instalment plan would be taken up with the solicitor.

Stop Signs to be Removed
Stop signs at the corner of Spruce street and Third avenue and at the corner of Spruce street and Fifth avenue will be removed, the council decided. It was thought that they were more of a danger than protection.

"I don't think they're any worse than the ones at the corner of Pine and First," said Councillor Morrison. "Last Sunday 50 or 60 were pinched there just because they didn't know the 'stop' sign had been changed to 'Stop!'"

think the stop sign should be on First." "It's on Pine because of speeding and dust," explained Councillor Caron.

Refers to Advance Interview
Reference was made by Councillor Bartleman to an interview with the mayor appearing in The Advance on Monday. "The Advance has made quite a show of British justice and that sort of thing," he said, "but the taxpayer should have justice at the same time. I got that information of the amount of money on reliable authority and I know that it was right."

"The amount is not definite and the definite amount will be made known as soon as the case comes up before the court," replied the mayor.

"I think the public should be kept accurately informed," said the councillor.

"Is it going to do them any good?" asked the mayor.

"No, and it's not going to do them any harm," replied Mr. Bartleman.

No Paving Yet

There has been nothing done yet in regard to paving any streets this year, the council was told by the mayor, after a query had been put by Mr. Bartleman.

"At the present time we're trying to get this expenditure in the schools through," he said, "we should have something definite on that this week."

It was suggested that a little paving be done every year, until the main streets and avenues of the town are completed.

To Extend Cemetery

More ground will be required at the cemetery in the immediate future, the council learned from Mayor Richardson who produced a sketch showing what additions could be made. At present there is three acres included in Timmins cemetery and it is proposed to make the total area 10 acres. The council will go out and view the place and decide how much land they think it advisable to add. The present property has filled so rapidly recently that there has been as much space taken in the last three or four years as there was in the previous 14 years, Town Engineer J. D. MacLean said.

New Small Industry

Victor Tillo will be sold a lot out in the south-western part of the town near the railway track, provided he erects a brass foundry on it, as he proposes. The price was set at \$250 cash. The council felt that they should encourage small industries like the foundry and although they had at other times received higher offers for the same lot, there had been no question of establishing an industry.

Relief Problem Worse

The stoppage of work on the back road brought a number of relief cases to the fore. Men had just received two or three days pay when the stop order came and they told the council they were right up against it. The mayor explained that the town was only employing about 45 men and could look after no more. Most of the cases were referred to Mr. Dunn or the relief committee. One man had his taxes to meet as well as a large hospital and doctor's bill, had no work and no prospect unless the town took him on.

Another was told to register at the employment office and wait his turn on town work.

"You'll have to get out and dig for yourself," the mayor told an apparently healthy and hearty man who wanted the town to look after him. Although he owes \$76 he managed to get through the winter without asking relief.

A Ukrainian, born in Austria but who came to this country at the age of ten, admitted he had never been naturalized. His father had citizenship papers but the council were not sure whether that made him a Canadian or not. He had had pleurisy and would not be allowed underground for three months.

A widow with three children at home, one aged 18, asked that the boy be given a town job. On looking into the case, the council discovered that the woman has five of her family employed at Hollinger and McIntyre, who should help to support her. She also receives \$25 a month from the Mother Allowance Board.

The Workers' Co-operative Boarding House Ltd., wrote regarding a woman they were keeping but for whose board they could no longer be responsible. Her bill is now \$25 and they asked that it be paid and that some arrangement be made with the town to put her on the relief roll. Referred to committee.

A taxpayer wrote asking that his son be given some sort of job with the town. The boy had at one time been subject to fits but has now nearly outgrown them. He cannot get work at the mines on account of the infirmity.

Tax Bill Complaints

A number of taxpayers complained about their bills. One asked that he be changed from a separate school supporter to public school. Asked if he had received an assessment notice, he said he did not remember. His child had last year attended a separate school but is now at a public school. A woman asked that she be given a rebate on taxes as a business property she owns has been vacant since December. A resident of the land across the track asked that his bill be cut in accordance with the Court of Revision's decision two weeks ago halving the tax in the district. Most of these will be adjusted.

Investigate Tax Sale Case

The mayor had interviewed Dean Kester in regard to the complaint of a woman that her house had been improperly sold for taxes. The council can do nothing, it was advised, since the alleged mis-sale took place some years ago. It was referred to the finance committee to get more particulars. George Hogg, secretary of the Timmins Horticultural Society wrote asking that the town make them the same

Styl-EEZ
A SELBY SHOE

Correct for Summer Wear

There are so many thrilling summer parties—hundreds of exciting things to be done—and for every one of them the modern woman insists on correctness and comfort above all things; she wants to look and feel her best, so she chooses Styl-EEZ Shoes as the smartest, most comfortable solution to the footwear problem.

Reed Block Pine St. S

grant as in former years. It was either \$75 or \$100, the council didn't know which. Whatever it is will be sent, it was decided. The society tendered its thanks for the town's support in other years.

The Porcupine District Pipe Band wrote expressing their gratitude for the grant of \$300 made them to complete payments on their new uniforms. They hope to be able to offer the townspeople much entertainment in the near future, the letter from Thos. Arnot, president, said.

The case of a man now in the Muskoka Hospital at Gravenhurst was considered. He is well enough to leave there but must have treatments every 8 or 10 weeks. Hospital authorities believe that he would be just as easily kept in Timmins.

Got Stuck on Main Avenue
"Just tell him we can't pay it," instructed the mayor when the clerk read a letter from a man who presented a bill for \$2.50 for a wrecker to pull out his truck when it got stuck on Main avenue recently.

Permission will be granted Alex Scott to erect two gasoline pumps at 69 Commercial avenue. The town engineer will inspect the work.

Two sewer refunds were made for properties where there is no sewer main and a number of small water rebates were sanctioned.

The High School treasurer will receive \$2,500 on behalf of the board and the separate school treasurer \$6,000. Accounts amounting to \$6,467.16 were paid.

Adopt Board of Health Minutes
At the beginning of the meeting the question of whether or not the council should adopt minutes of the Board of Health and the Court of Revision was raised by Councillor Bartleman.

"They ask us to adopt the minutes of some other organization. Why it's absurd!" exclaimed the councillor.

"It's always been done before," explained the mayor. "Do you want that part taken off?" he asked Dr. Day, mover of the motion to pass the minutes.

"I don't see any necessity of taking it off," replied Councillor Day. The motion was carried.

Councillor H. E. Chateauvert was the only one absent yesterday.

FRIENDSHIP TEA BY C.G.I.T. ON SATURDAY OF THIS WEEK

Saturday of this week, May 25th, is the date of the "Friendship Tea," to be held under the auspices of the Canadian Girls In Training in the basement of the United Church. The girls of the C.G.I.T. are planning to have this event one of the most enjoyable events yet held under their auspices.

Powassan News:—What effect the new amusement tax levy will have remains to be seen, but we are afraid that it will discourage entertainment in the smaller centres. It will also have a detrimental effect on sports.

For Kidney Trouble Stop Restless Nights

Here's one good way to flush harmful waste from kidneys and stop bladder irritation. Howard's Kidney Tonic is a splendid safe and harmless diuretic and stimulant for weak kidneys and irritated bladder. Besides troublesome nights, some symptoms of kidney trouble are backaches, puffy eyes, leg cramps, and moist palms, but be sure to get Howard's Kidney Tonic—it's the genuine medicine for weak kidneys. Sold only at the Goldfields Drug Store.
