

Plan Better Lighting in the Business Area

Twenty-Two Youngsters Available Here to Adopt

Information of Special Interest for the Present "Adopt-a-Baby" Week. Ten Youngsters Under Seven Years Would Like Homes of Their Own.

This is "Adopt-a-Baby Week"—the week sponsored by Hon. D. Croll, Minister of Welfare for Ontario, with the double purpose of finding good homes for children who have no homes of their own and giving homes the joy of a child where there is that happiness lacking now.

Of special interest during the week is the fact that the District of Cochrane Children's Aid Society has 22 children available for adoption in good homes. For many years past the District of Cochrane Children's Aid Society has kept constantly before the public the fact that the Society always has a number of youngsters looking for the right sort of home. In the years since the organization of the society literally hundreds have been placed in good homes. In the special mention this week—"Adopt-a-Baby Week"—that there are 22 children available for adoption, it should not be forgotten that the society is anxious to secure exactly the sort of child that may be desired. If the local Society does not happen to have the youngster particularly desired, the society will help the applicant secure exactly what is wished through some of the other societies in the province. Any reasonable demand for any sort of child, any age, colour, complexion, type or what you

will may be secured from one or the other of the societies throughout the province. Application to the local society will mean assistance in facilitating the exact filling of the wishes of the home.

The youngsters available for adoption at Timmins vary in age, size, etc. They are all healthy and attractive youngsters. There are six boys and sixteen girls. The boys range in age from two years old to nine. The ages of the girls run from three years to fifteen. All are attractive and bright youngsters that will gladden any home. For instance, there are a couple of dark-eyed lads seven and nine years old that will appeal to any heart. Or if any gentleman prefers blondes he will find them in boys of two, four and six years old. Among the girls there are several pretty blondes with blue eyes and fair complexion that could be the joy of any home. Among the brunettes there are equally attractive youngsters who would like a home of their own and who would be loved in such a home. The youngsters available here are attractive in appearance, but that is not the most important fact about them. Still better they are all "as good as they look" and any home adopting any of them is not likely to regret it.

Motion Pictures to Be Exhibited at Meeting

Annual Meeting of Porcupine Fish and Game Association to be Held on Tuesday next, June 4th, in Badminton Club Hall.

The annual meeting of the Porcupine Fish and Game Protective Association will be held in the Badminton Club hall on Tuesday evening next, June 4th, commencing at 8 p.m.

One of the specially interesting features of the meeting will be the showing of motion pictures of wild life in the district. These pictures will make a special appeal to all interested in fish and game conservation, and there should be a particularly large attendance on Tuesday evening.

At the annual meeting on Tuesday evening the chief business will be the receiving of reports from the officers on the past year, and the election of officers for the ensuing term.

In the past year the Porcupine Fish and Game Protective Association has done a great deal of very useful and helpful work. The re-stocking of the waters of the district would alone more than justify the existence of the organization. The same may be said in regard to the work on the dam at Frederickhouse Lake. In addition there were many other matters in which the Fish and Game Association did very effective work during the year. The support given the game warden in carrying through his duties is one of the matters worthy of mention in this connection. W. F. B. Cossar is the president of the Porcupine Fish and Game Protective Association, and J. D. Brady, the secretary, and these officials have received the best of support and co-operation from the other officers and members of the association. With the excellent record of the past year the membership this year should be increased and still greater interest shown in the good work being carried on.

Municipal Board to Hold Session Here, on June 5th

As noted in previous issues of The Advance there will be a meeting of the Ontario Railway and Municipal Board at Timmins on Wednesday of next week, June 5th, in the council chamber of the town hall. The purpose of the meeting is to hear the application of the town for permission to issue \$20,000 debentures to finance the construction of an addition to Moneta public school.

Accident to Gas Car on First Trip North

New Service Between Cobalt and Timmins Being Kept up by Steam Train for Few Days.

The gas-electric car that was supposed to run into Timmins Tuesday night for the first time on the new schedule broke down on Monday on the way from North Bay to Cobalt, its southern depot. It was dead-headed back to North Bay for repairs and should be ready for operation within a few days.

In the meantime, steam trains are being used between Cobalt and Timmins on the "up" service, Tuesday, Thursday and Saturday, and on the "down" service, Monday, Wednesday and Friday. Trains Nos. 1 and 2, "Locals" between North Bay and Timmins are operating tri-weekly as announced under the new time table.

Advance Survey Closes 10 p.m. Saturday Night, June 1st.

Returns from Representatives Must be in Advance Office before 10 o'clock. Winners of Cash Prizes will be Published in Monday's Issue of The Advance.

The "Better Service Survey" draws to a close with its purpose accomplished. The names and addresses of the majority of Advance readers in Timmins, Schumacher, the Dome and South Porcupine are, or will be by Saturday night, on record in the subscription files of The Advance office and delivery of papers will be directed to each individual subscriber, whether by mail or carrier, from here.

The town has been planned in definite carrier routes and boys have been selected carefully, by recommendation of the majority of subscribers, whom he has served, for the job of distribution on each. Each boy is responsible for the delivery of every paper in his territory. Subscribers will make the task easier of getting this plan into smooth operation if they will promptly report to The Advance office the failure of any issue to reach them.

There are a few who do not care to buy their papers in this manner of regular subscriptions, and they, of course, will be served as usual.

|------------------------|-------------------------|
| 1. Miss Irene Bell | 5. Miss Edythe Marshall |
| 2. Miss Margaret McGee | 6. Miss Lilja Pihlaja |
| 3. Miss Helen Bacon | 7. Miss Esther Shankman |
| 4. Miss Alma Turcott | 8. Miss Mary Romaniuk |

They can purchase single copies from the boys who serve their street at three cents per copy, or at the regular newsstands.

Only boys who are appointed to serve a territory may sell The Advance in that territory. Boys handling street sales may not deliver papers to homes on a route served by another boy.

We impose this restriction so that responsibility for the serving of certain areas may be confined to definite individuals and errors and omissions promptly checked and remedied. We ask the co-operation of every reader of The Advance in this respect.

At the close of this survey, too, we wish to extend our thanks to the public for the courteous and kindly co-operation given The Advance through the ladies who represented us, and for the interest shown in the boys who serve them as indicated by enquiries as to the disposition of the boys under this new plan.

The standing of the Representatives in the prize awards as we go to press is as follows:

Burglar Escapes Though Constable Uses His Gun

Man Attempting to Enter Private Apartments at Windsor Hotel Last Night Eventually Escapes through the Crowd at the Ball Grounds.

A man found attempting to enter private apartments at the Windsor hotel last night about half-past eight o'clock was chased by Constable Olson but succeeded in escaping across woodpiles and yards and through the ball grounds despite the fact that the constable used his gun, firing two shots at the fleeing man. There was a crowd on the ball grounds but no one apparently had nerve enough to attempt to stop the fleeing man, though it was easy enough to see that he should be stopped as the calls of the officer and the sounds of the shots must have been heard. The crowd at the ball grounds made it impossible for the officer to use his gun further in efforts to make the fugitive stop.

On three recent occasions money has been stolen from the private apartments of Mr. and Mrs. David at the Windsor hotel, though the thefts were not reported until this week. It is said that a total of \$100 has been taken from the private apartment of the proprietor of the hotel. As soon as the police knew of the thefts a plain clothes man was put on the job. Last night Constable A. Olson was on this duty and was stationed in the private dining room ready to capture anyone who would enter the apartments. It was thought that entry was made through the bedroom if the intruder came from outside. Constable Olson was accordingly surprised for a second when the dining room window was pushed up and a face and head appeared in the window. Attempt was being made to manipulate the blind so that entry could be made easily, when the burglar noticed Constable Olson in the room. At once the man turned to flee and Constable Olson called to him to stop. The man did not stop and the officer fired in the air to warn the would-be burglar that he had better heed the call to stop. The man did not intend to halt, however, and Constable Olson took up the chase in earnest. He chased the man through yards and over woodpiles, other warning shots being fired to no avail. The man dashed across Second avenue and into the ball grounds. There was quite a crowd on the ball grounds and it is hard to understand the situation, as the shots must have been heard. The man, however, was allowed to run across the ball grounds without interference, and he was able eventually to make good his escape. He had a fair start on the constable, and though the officer could see him escaping there was nothing that could be done to avoid allowing the man to escape. On account of the number of people on the ball grounds the fleeing man could not be "winged"

Town Conservatives Prepare for Contest

Officers Elected on Monday Night for the Coming Federal Election. Much Enthusiasm Shown.

At a re-organization meeting of the Timmins Liberal-Conservative Association held on Monday night, preparations for the coming federal elections were begun and a new executive elected to office.

The following are the officers for the year:—
President, Dr. James B. McClinton.
First Vice-President, Dr. L. H. Durkin.
Second Vice-President, A. W. Pickering.
Third Vice-President, H. Redden.
Secretary, J. T. Jackson.
Assistant-Secretary, M. J. Belanger.
Executive Committee: J. Cowan, A. Desroches, Richard Gauthier, Harvey Graham, Chas. Pierce, G. A. Macdonald, Dr. H. H. Moore, W. Ecclestone, F. Trumble, Fred Hall, J. McCoshen.

Making Park at the Cartier Memorial

Horticultural Society and Parishioners of St. Anthony's Working to Make Beauty Spot.

Working under the supervision of officers of the Timmins Horticultural Society, parishioners of St. Anthony's church are striving to make the plot around the memorial to Jacques Cartier "the nicest park in town." The job is now well in hand and has every appearance of being a first-class one. The stone cross, commemorating the voyage of discovery of Jacques Cartier made 400 years ago, was erected last fall in the southwest corner of the St. Anthony's Church grounds, facing Fifth avenue. The Horticultural Society, always anxious to add to the good appearance of the town, are planning to make the Jacques Cartier park a place of particular beauty and attraction, and in this they are securing the hearty co-operation of all.

Dancing Evenings at the Riverside Pavilion Now

Friday night dancing at the Riverside pavilion will not begin until June 14th, it has been announced. Sunday midnight dances, Wednesday evenings and Saturday evenings are regular dance nights. At Pierini and his Vagabond Kings play the Wednesday and Saturday engagements, while Gordon Archibald and his orchestra play Sunday midnights and Fridays.

By-Law to Standardize Street Lights at Stores

Public Meeting Last Night Discusses Question of Lights in Business Area. Council to Pass By-law to Regulate Lights in Front of Stores.

Merchants in Timmins will not be permitted to put up street lighting standards in the future until standard equipment and spacing has been decided by the council. There was not a large turnout at the public meeting called last night to discuss street lighting in general but detailed consideration was given the question.

As it is now, merchants install their own lights on the sidewalks in front of their stores. They pay the whole cost and the power bill—one dollar per month per hundred watts. Switches for the lights are on their premises, so that all lights on Pine street and Third avenue do not come on at the same time. It has been felt recently that some sort of standardization is necessary, to prevent the main streets from becoming too much of a hodge-podge where street lighting is concerned.

Walter Ecclestone was present and told the council that he was considering placing lights in front of his stores, but that he did not consider the single light standards to be the correct type. In this, A. K. Herrington agreed and stated that he thought the three-light clusters would be better.

So far as the town supplying the whole lighting system for the main streets is concerned, the mayor and council seemed to be of the opinion that the corporation could not undertake such a large capital expenditure at this time. J. P. Bartleman said that the town could not even pay the power bill that would be incurred by a system of lighting such as that suggested, in fairness to the taxpayers.

Another Link Approved Trans-Canada Highway

Word This Morning from Ottawa Suggests that Link from Schreiber to White River will be Built. Objection Taken by Some to This Section as Expensive and Not Useful

Word from Ottawa to-day suggests that an agreement has been reached between the Ontario and Dominion governments for another link in the Trans-Canada highway. This link is said to be one to run the road from Schreiber to White River. This was one of the points on which the delegation at Toronto last week put up special opposition, it being felt that the strip from Schreiber to White River would be costly to build and would not serve very promising country. Also, it was feared that it would be used to sidetrack the Ferguson highway as part of the trans-Canada highway. W. O. Langdon, president of the Northern Ontario Associated Boards of Trade, and Homer Sutcliffe, engineer, of New Liskeard, made a perfect case against this strip of road. Connection, they believed, should be between Schreiber and Oba rather than Schreiber and White River. According to advances from Ottawa, however, a federal order-in-council has been drafted approving the construction of the trans-Canada highway from White River to the Manitoba boundary. In the opinion of those who have studied the matter the approval should have been for the route from Oba to the Manitoba boundary. The highway is already built to Schreiber. Hon. Peter Heenan was in Ottawa this week in consultation with Hon. W. A. Gordon. One man commenting this morning on the despatch said, "Well, Peter put it over Wes, eh?"

Town to Tender Banquet to Hon. Paul Leduc, June 5

Hon. Paul Leduc, Minister of Mines for the Province of Ontario, will be a visitor to Timmins next week, and the event is to be marked by the town of Timmins with a banquet in honour of the visiting minister. The banquet will be held at the Empire hotel on Wednesday evening, June 5th, commencing at 6.30 p.m. Tickets are now on sale and are available to any wishing to attend. The event is for ladies as well as gentlemen. Tickets may be secured from Mayor R. Richardson, Councillor J. E. H. Chateauvert, Gordon Irving, or at either of the two brokerage houses on Pine street, F. O'Hearn's or Doherty, Roadhouse and Co.

Hector Scott, Toronto, was a Timmins visitor on Monday.

Collected \$16,159 in Taxes Yesterday

One of the Heaviest Days of the Year. To-day the Last Day for Payment without Penalty.

Taxes collected yesterday when a long line of ratepayers was at the town office totalled \$16,159.10 and is one of the heaviest days of the year. It was made so because Hollinger pay day was on Tuesday and the last date for payment of the first instalment of taxes without incurring penalty is to-day.

On Monday, \$8,112.57 was collected in taxes and on Tuesday, \$13,125.98. The total collected during the month of May to date is approximately \$72,000.

As Poland Mourned Pilsudski

Massed Polish officials accompany body of Marshal Pilsudski, late dictator of Poland, to Warsaw Cathedral where thousands of loyal subjects from all walks of life gathered to mourn their beloved leader.

Triplets and Quintuplets on Same Day

On Tuesday, May 28, the Chisholm triplets, children of Mr. and Mrs. William Chisholm, of New Glasgow, N.S., reached their first milestone and on the same day so did the famous Dionne quintuplets. The Victoria Order of Nurses fittingly celebrated this important event in the life of New Glasgow. The three babies are splendid specimens of babyhood and are being admired daily as they are taken for their airing on the main thoroughfares in their three-in-one baby carriage.
