

Dome Wins Over Macs After Being 2 Down at Half

Drumheller Visit Off; Two Games for Week

Non-Affiliation with D. F. A. Given as Reason for Cancellation of Western Coal Miners' Annual Series of Eastern Games. Dates Left Blank.

The proposed trip of the Drumheller Football Club of Alberta to Ontario has been cancelled. It was learned last week. The Dominion Football Association has advised officials of the P.D.F.L. that Drumheller failed to affiliate this year and consequently teams who are affiliated with the D.F.A. will not be permitted to play against the coal team from the West.

Drumheller was to have been in the Porcupine district on June 5th, June 6th and June 7th, Wednesday, Thursday and Friday of this week. Now those dates will be left blank, Edward Finchen, secretary of the P.D.F.L., says. That leaves only two games this week: Tuesday, Dome vs. McIntyre and Saturday, McIntyre vs. Timmins.

Gun Club Meets Still Seek New Members

Visitors Cordially Invited to Attend Wednesday Evening Shoots near Hollinger Compressor House.

With better weather almost every shoot, interest in the Timmins Gun Club is continuing strong and a few new members turn up almost every week at the ground near the compressor house, just off the Schumacher road.

Following are the scores made last Wednesday evening:

Dr. L. Hudson	Birds	Hits
F. Aylett	100	68
G. Biondi	50	27
J. Dalton	25	7
H. Herman	50	17
J. Clemens	50	30
K. Fitzpatrick	57	36
C. Surman	50	35
Reid	25	11
F. Dafeo	25	7

The club will meet as usual this Wednesday and all visitors are cordially invited.

Car Crashes Twice to Kill Two Drivers and Mechanic

Before the Indianapolis race began the car shown above killed W. H. (Stubby) Stubbs (TOP) and Leo Whittaker (LOWER), as it crashed during the qualifying trials as it leaped the wall on the south-west turn. The car in which Johnny Harmon, Norris, Pa., eastern driving champion, was killed the previous week was repaired and made ready for the race. Clay Weatherly, of Harmon, Ill., driving, and Edwin Bradburn, of Los Angeles, mechanic. This time the car went over the steep northwest turn and Weatherly was killed. The mechanic has a broken back. The accident occurred at about 100 miles an hour, in full view of the crowds, when the tires slipped in a patch of oil. Kelly Feltulo, a young Californian with no nerves and a heavy foot, won the race that is worth \$27,050 to him. He made the 500 miles in 4 hours, 42 minutes and 22 seconds, with an average speed of 106.240 miles per hour, a new track record.

SPORT ORE

From All Levels

No Exhibition Games Yet

First it was the Scottish that were coming North to play a game or so in the Porcupine—now it's Drumheller that's faded out of the picture. The Scots wanted too much money and the Western miners wanted too much advertising or something like that. So we'll have to be content with our own very good local brand of soccer.

A lad who knows his soccer and who played for Crosse and Blackwell's in the Toronto league last year opines that almost any of the teams here could give the big city teams a better run for their money than either would expect. He was quite surprised, in fact, that the North's teams were of such high calibre and he felt a little doubtful about being able to keep up the pace. He did, however, in that last game here between Timmins United and McIntyre and he may make a permanent berth for himself on the Macs lineup. His name is Fred Rowlinson and he's a young undergraduate biologist—possibly here to investigate the stories about overdeveloped blackflies and mosquitoes.

It's a Thought, Anyway

Bill Gladish, sports editor of the Sudbury Star, who has been running as fine a page as there is in the North, and who is always kicking about something or other, announced the other day that he'd be away from Sudbury for some weeks, perhaps months. On the same day, the women's sports editor of a large Toronto daily made an announcement of almost exactly the same kind. Bill always did do women's sport well—possibly there's a connection?

The Big League Opens

R. J. Ennis, general manager of the McIntyre mine, will pitch the first ball at the official opening of baseball in the Porcupine for this year. It was hoped that Hon. Paul Leduc could do the honours but it seems that it's impossible. Mr. Ennis has, in a big way, been responsible for the beautiful McIntyre diamond and he is famous throughout the district for his healthy interest in all kinds of sport, so aside from his position as resident head of the big mine, the choice is appropriate. The game on Wednesday is between the Macs and "Porcupine," the new South End-Dome aggregation that is expected to show real class. The admission price is lower than last year and the game starts at 5:15—sharp, they say.

Sudbury Softball Killed?

Another indication of the result of a single team in a district or city league trying to get a championship outfit has come to light at Sudbury, where, despite all the fuss that was raised about the N.O.W.S.A., girls' softball is dying. The Canoe Club team was too strong for the rest of them and it was built for no other purpose than to clean up on the rest of the province. Now they can't get any competition in their own league. And even if they do, the fans won't come out to watch them take an easy victory. It's the old, old story of provincial or dominion championships, nice though they may be to

First Round in Geo. Lake Shield Complete June 16

Medal Play Competition also Serves as Qualification for Club Trophy Match After Handicaps Deducted from Gross Score for 72 Holes.

First round of the Geo. Lake Shield may be played on or before June 16th, the match committee of the Timmins Golf Club announced this week. Second round is to be completed by June 23rd, third round by June 30th and fourth round by July 7th. It is felt that this will give everyone entering ample opportunity to play the 72 holes required in the medal play for the shield.

All rounds may be played right away, if anyone entering wishes to do so. The dates have only been set as the latest at which a round is to be completed.

Although the Geo. Lake Shield goes to the player having the actual lowest score, the play also serves as a qualification round for the Club Trophy. For this purpose, handicaps are deducted from the gross score for

the 72 holes and the top sixteen net scores thus made are entered in the first flight of the Club Trophy, which is conducted under match play rules. Under these conditions, it is advisable that all golfers at the club should enter the Geo. Lake Shield medal play, even though they have little hope of winning the shield, otherwise it is impossible to enter the Club Trophy in which handicaps are taken into consideration.

The scores of the second sixteen in the Geo. Lake Shield play are taken for the second flight of the handicap event and the third set of sixteen for the third flight and so on.

Those playing for the shield must obtain from the professional at the club a marked card for each section of 18 holes before beginning to play.

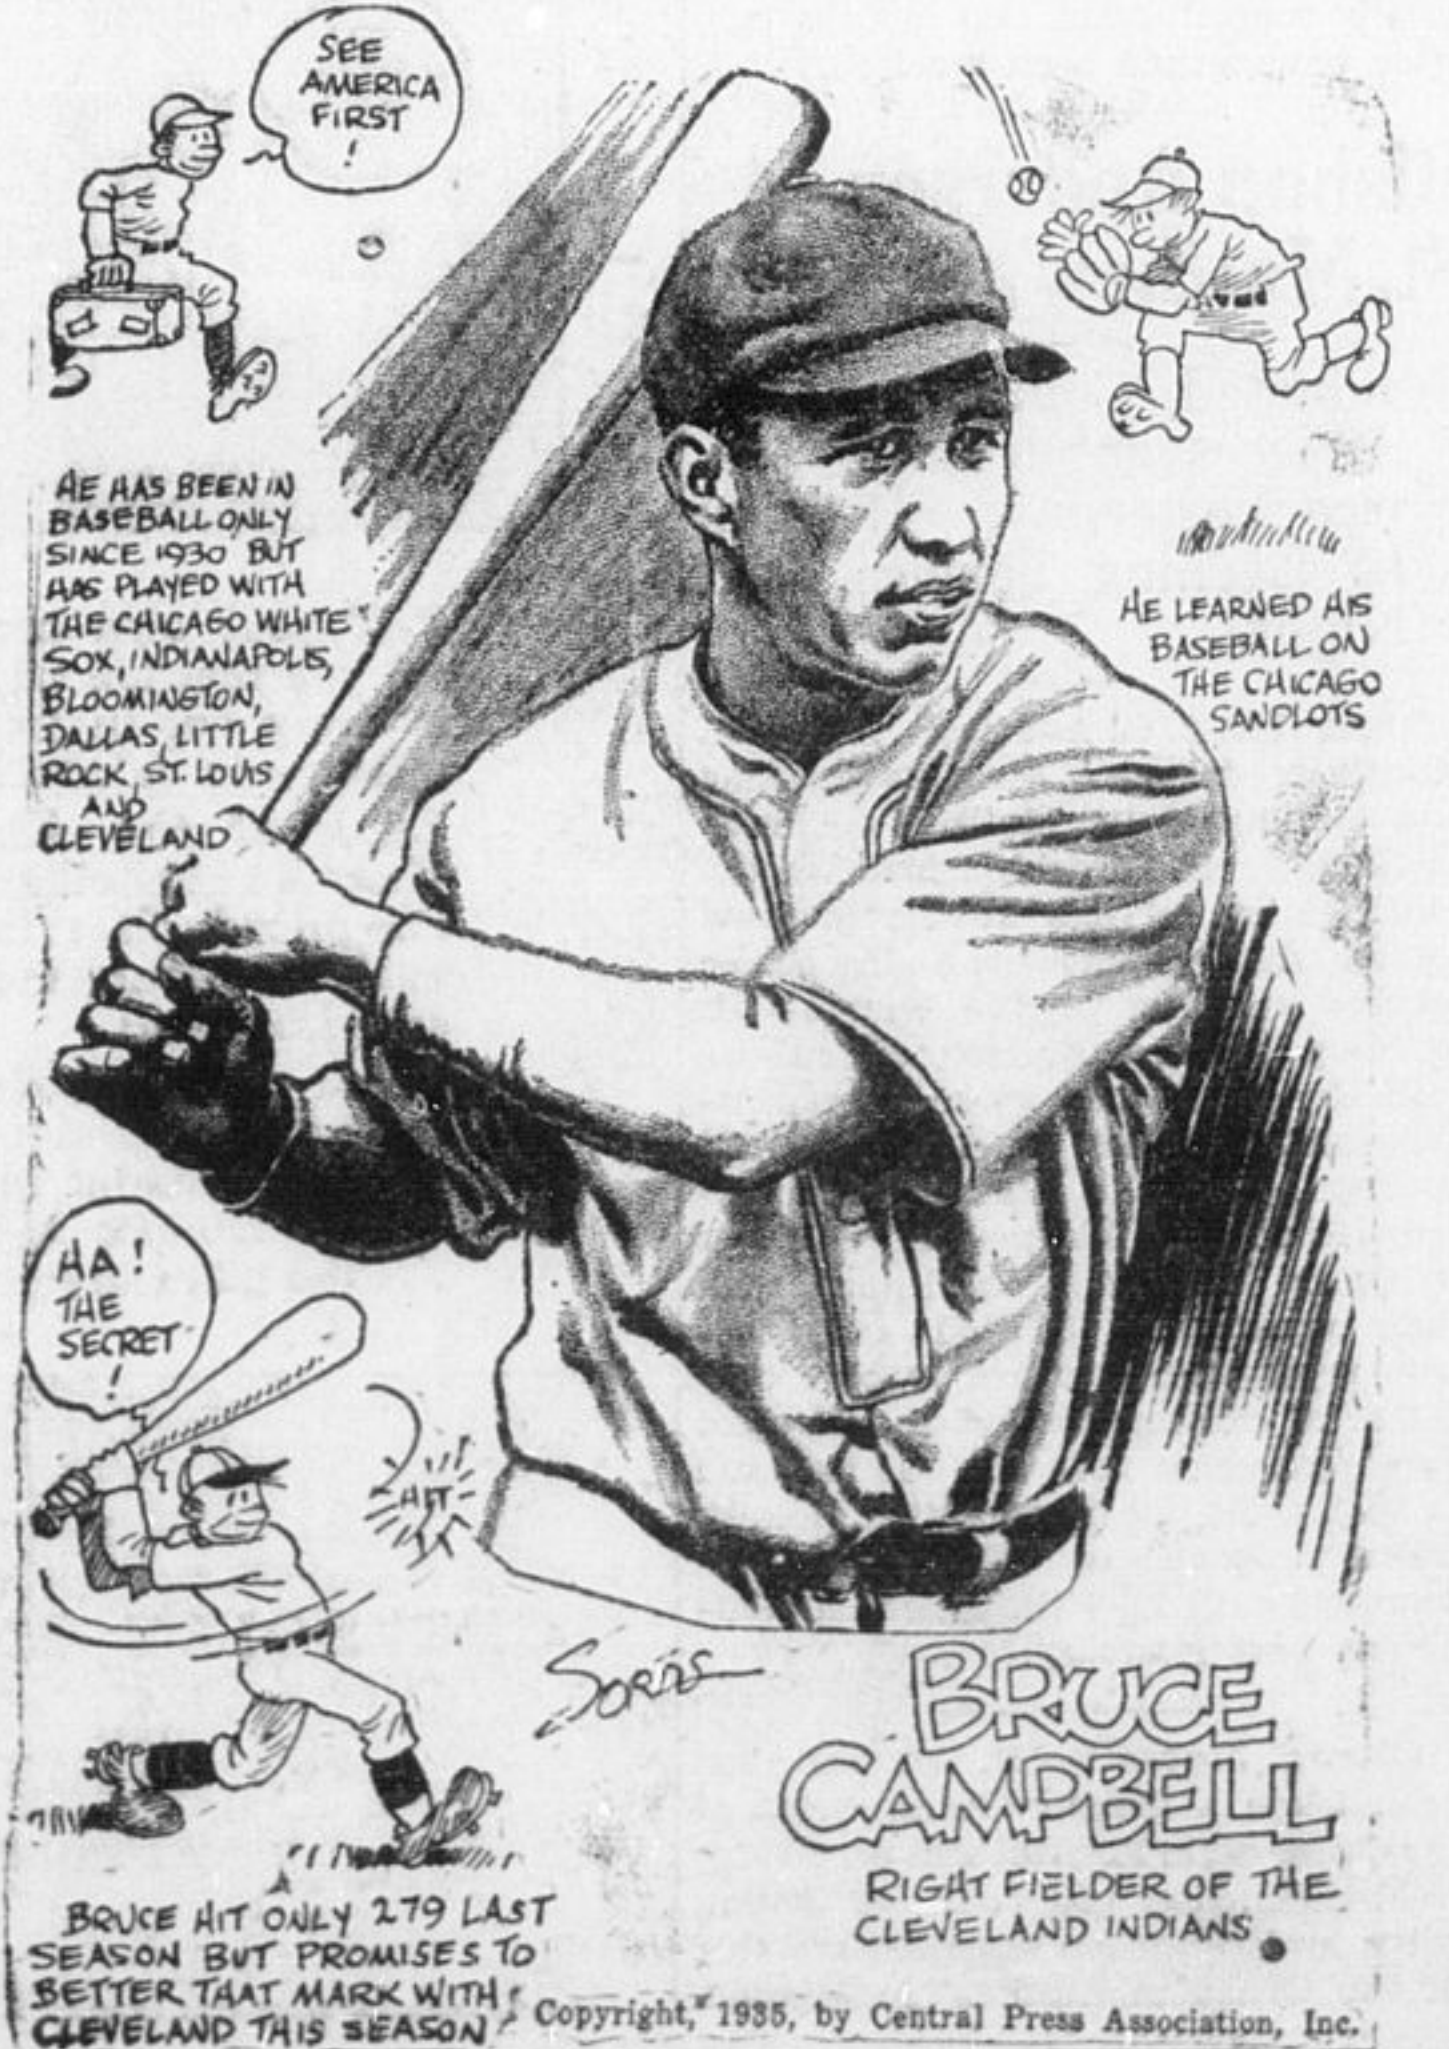

have, killing a town or district league. Games with outside teams are the only things worth while then, and with distances what they are in the North, regular inter-town games throughout the season are well nigh impossible.

Empires May Be New Team in Girls' Ball

Last Year's Fire Hall Team Turns Out Almost Intact for First Practice Friday Night.

Last year's Fire Hall team turned out practically intact for the first practice of the Timmins girls' softball on Friday night and some new talent showed up too—some of it good, some not so experienced.

Three newcomers seem certain to catch places on the 1935 edition—Irene Salley, a left-fielder by position who played with Ottawa Shamrocks last year; Esther Larson of Ansonville, who fills a catcher's berth well; and a girl from Cochrane who has had a lot of experience in the game.

May Be "Em'ires"

"Empires" may be the name of the team that Leo Mascioli is backing and although the colours have not yet been decided, it's certain they'll be bright if the majority of players have their way about it. Next practice is scheduled for to-night at 6:00 o'clock. Leo Campbell, last year's coach, is on hand again this year to do a good job of keeping the players to the mark.

A meeting has been announced for Tuesday evening at 8:15 in the town hall, at which it is expected representa-

Dunstan Brothers, Play First Canadian Soccer

McIntyre Team, Good in First Half, Cracks in Second and Goes Down to 4-2 Defeat on Home Grounds Saturday Evening. Lone, Chambers, Richmond and Payne Score for Dome.

Down two goals at the ends of the first half, Dome's soccer team came from behind to win the game against McIntyre on the Macs own grounds Saturday night by a score of 4 to 2. Dome really didn't get working properly until into the last half. In the first, the Macs, with a good many changes on their line since the last game they played, seemed to have the powerful Dome team just where they wanted them, but the Macs cracked badly after the first period whistle blew.

Two new lads on the McIntyre team, R. Dunstan and E. Dunstan, who were playing their first game on Canadian soil, contributed heavily to the Macs' success in the first half. They arrived from Cornwall, England, on Tuesday and they certainly play a sweet game. A few more workouts with the team and they will undoubtedly be the star forwards of the team. "R" plays outside right and "E" inside right.

Macs Score off Dome Player

Though Dome took the opening play the Macs cleared quickly and Rodgers and Searle went down together. The pass to Henry at centre was well timed but Foster at left back broke it up. The second McIntyre attack was more successful. Rodgers kicked for the goal from the left side of the field. Baxter went over to the right side to receive the kick where it appeared to be going but the ball bounded off Munroe's back into the net for the first score of the evening.

Chambers made the first real try for the Macs but McAdam was right on the spot to stop him. Baxter turned aside the first two efforts of the Dunstan brothers to score, though his habit, early in the game of using his foot only to keep the ball out of the net, made Dome supporters rather uneasy.

The McIntyre backs were just a little too good for the pressure plays the Dome put on after that goal. Galbraith, Chambers and Woodley put on a very nice combination show, as did Cockburn and Chambers, but they failed to get even close in. A long period of centre field play followed the Dome's first efforts to tie until Chambers opened up the game when he got close in for a shot that forced Bannerman to do some hard work. Richmond followed and his shot bounded off the bar. Woodley got right in on top of Bannerman as the goalie attempted to kick, bodied him and forced him to drop the ball. In the mixup that followed, the ball was cleared.

The Dunstans Score
The final score of the half came when the Dunstan brothers and Henry were well down toward the Dome goal. Both Dome backs moved up the field to chase the ball but all three Mac forwards stood stock still until the ball was kicked out in front of them, put-

ting them inside. A pass from E. Dunstan to R. Dunstan made the goal easy and the half ended 2-0 for McIntyre. To most of the crowd, it looked as if the Mac forwards had been yards off-side, but in standing their ground as they did, they were playing a real game of football.

Dome Organizes in Second Half

The second half was a different story. Dome pressed hard right from the first and soon had the Macs disorganized. McAdam and Hampton as backs worked hard but the concerted attack soon began to tell. Richmond and Chambers were in time and time again, yet Bannerman managed to keep his net clear. The Dome's first goal came on a long swift kick by Lone that just cleared the bar.

The Macs' attempt to retaliate was short-lived. R. Dunstan made the best attempt but his shot was a little high. The goal that tied the game was as pretty a piece of work as was seen all evening. Chambers to the right centre, passed a long one to Payne, close to the net. Instead of shooting, as he was in good position to do, Payne made a short pass to Richmond and Bannerman didn't have a chance to save.

Chambers Scores
Payne was in on the next Dome score too, when he passed to Chambers at the net, to put Dome into the lead they never lost. The Macs tried hard to even the score, and both Rodgers and Searle and Searle at inside left had good chances at Baxter. E. Dunstan's shot in particular was a dangerous one and it forced Baxter to the ground. His fingers just tipped the ball around the side of the net.

In the last few minutes of play, one player from each team had to be taken from the field. Hampton for the Macs and Chambers for the Dome had to have substitutes come in. It was Richmond who carried the ball down for the final score of the game. Munroe was at the net and kicked hard to make sure.

The Teams
Dome—goal, Baxter; backs, Barnes, Foster; halves, Munroe, Crawford, Cockburn; forwards, Richmond, Galbraith, Chambers, Whyte, Woodley; substitutes, Lone, Payne.

McIntyre—goal, Bannerman; backs, McAdam, Hampton; halves, C. Dawson, Morrison, J. Dawson; forwards, R. Dunstan, E. Dunstan, Henry, Searle, Rodgers substitutes, Bennett, Ion.

GOLF FACTS NOT THEORIES!

Number 617
Here are results that make teaching worth while. L. F. Anschutz writes: "I have been a consistent reader of your Golf Facts as published in our local paper. "Last August, in my 70th year, I broke 'the jinx' which has been hanging over me for 28 long years in playing golf. In 1906 I shot an 81. August last I made a 39-41 score and you can just bet your bottom dollar that gave me a big thrill. You have full credit. I have a little practice room in my house where I am trying to 'develop the habit' which you suggested in your recent articles." In 28 years at golf you're bound to know how little value is to be had from orthodox teachings. To afford a man with such understanding a means of being young also gives me a big thrill. Next: Heavy Clubs.
