### Pipers to Play for Dances at Recital

Another Special Feature Added to Dancing Recital and Children's Dress Ball by Pupils of Miss Margaret Easton.

The Porcupine Pipe Band is always ready to do anything for the community and especially to give pleasure to the children, and so it will not surprise those who know the Pipe Band to learn that the Pipe Major and another skilled piper will provide pipe music for the Scottish dances at the first annual dancing recital and children's dress ball by the pupils of Miss Margaret Easton.

The pipers in their handsome uniforms and with the inspiring music of the pipes to thrill the youngsters will add a special feature of interest and effectiveness to the Scottish numbers. The Scottish dances will include reels, foursooms, strathspeys, Highland Fling and other Scottish dances. The children taking part will all be in Highland costume (14 of them), the kilts having been imported from Edinburgh, Scotland. The event will be a colourful one, many national costumes being in evidence as well as charming fancy costumes. There will be a number of national dances, all carried through with the closest attention to detail. The clogs for the Dutch dances, for instance, have been imported direct from the old land. The dances to be given by the well-trained and gifted youngsters in Miss Margaret Easton's classes will include Scottish dances, Spanish dances, Dutch dances, Irish dances, tap dancing, minuet, and skirt dances.

The dancing recital and children's dress ball by the pupils of Miss Margaret Easton will be held on Thursday and Friday evenings of this week (June 6th and 7th, in the Masnic hall, commencing at 8 p.m.).

### Lions to Support Work Children's Aid

(Continued from Page One) the Children's Aid was strongly endorsed by the Lions, and that if there was anything that the Timmins club could do to help along the C. A. S. at any time, it would be very readily and cheerfully done.

The constitution of the Lions requiring nominations for officers for the ensuing year, starting July 1st, to be made at the May meeting of all clubs, the president asked for nominations for the different offices. On the suggestion of Dr. Kelley the whole list of officers recently placed in office was nominated and there being no other nominations the present officers were re-elected by acclamation.

Lion Geo. Senior, Sudbury, made a brief but effective address. He said that the Lions Club at Sudbury had always worked in co-operation with the Children's Aid. He mentioned the fact that a special point was made at the Sudbury club of starting meetings on time. Those coming late were fined. He also referred to plans used by the Sudbury Lions and other clubs for raising money—big day on July 1st, boxing tournaments, etc. He complimented the Timmins Lions on their very successful Charter Night.

Lion F. W. Stock directed the attention of the club to the fact that the handsome and original style of souvenir presented to District Governor Howe on Charter Night came from one of the local Lions who had specimens of rich ore for many years and had generously donated these treasured samples.

### Smith and Elston Still Very Much in Business

Publication of a legal notice to the effect that Smith & Elston, Limited, were surrendering their charter has given rise to a false impression that the firm might be discontinuing business or changing personnel. This idea is very far from the facts. The surrender of the charter is simply a technical matter and has no bearing on the business of the firm. Smith & Elston are still very much in business and are continuing in business with plans for extending the list of their customers and increasing their steadily growing business. The firm is continuing under the name of Smith and Elston and with the same attention to customers and service that has built up the business.

### Police Force Using New "Black Maria"

Specially Built Patrol Wagon Went into Service in Town Last Week.

Neatly lettered, "Police Patrol, Timmins," a new specially built Chevrolet went into service at the town hall this week. The "black maria" lives up to its name in at least one respect—it has a really black finish.

The visitor's part of the vehicle is commodious, without being overly comfortable. A dozen or so patrons could be accommodated in a pinch. A single large door at the rear gives ample room to get wayward citizens into the body in almost any position or condition. Curved metal bars on either side and a wide step at the rear make it possible to guard the exit while in transit.

The new patrol wagon was ordered by the council about two months ago, after tenders had been received.

### Bishop Anderson at St. Matthew's Sunday

Conducted Confirmation Services at Morning Service Yesterday. Sermon at Evening Service Last Night.

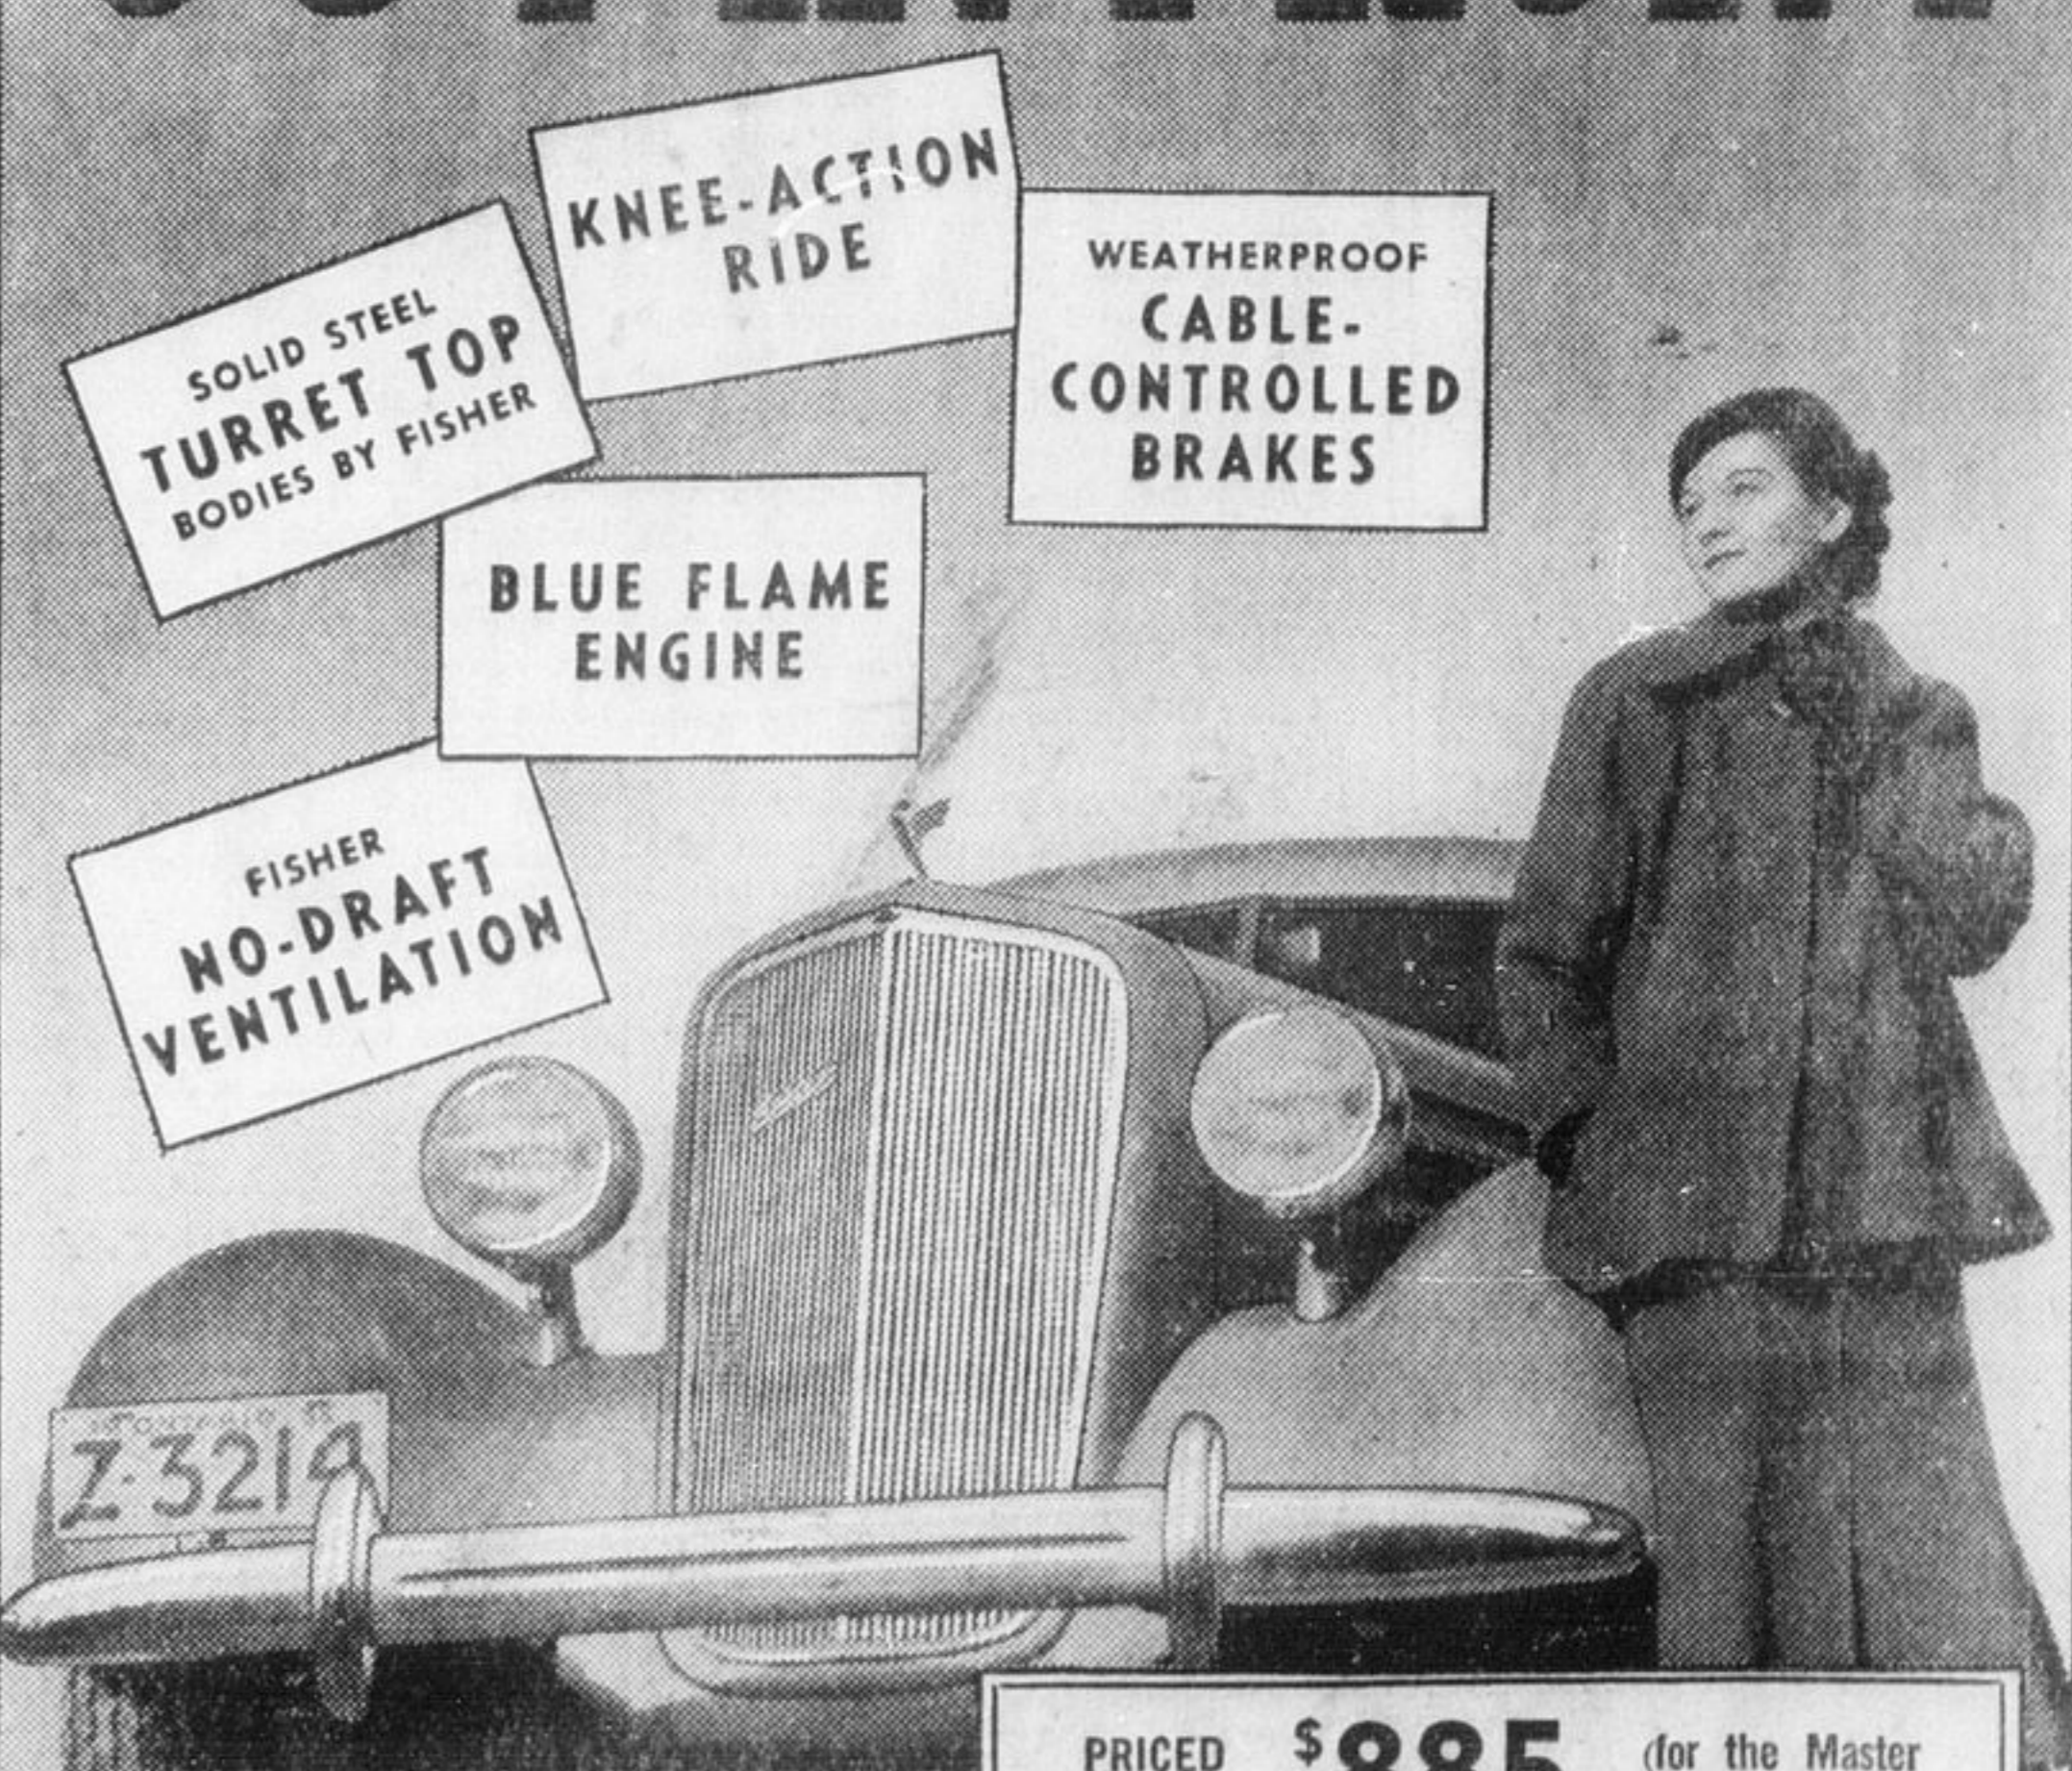

Right Rev. J. G. Anderson, Bishop of Moosonee, delivered sermons morning and evening at St. Matthew's Church on Sunday. His Lordship conducted the confirmation services at the morning service when a number of young people became members of the church. His morning sermon was addressed to them.

In the evening he spoke on repentance and remission of sins, a subject appropriate to the Ascensiontide season. He used as his text Christ's last words on earth and in dealing with their significance, pointed out that true repentance did not involve only a fear of consequence but should come as a realization that sin was evil and as such could not be permitted to exist.

Bishop Anderson will remain in Timmins until after the synod on Wednesday and Thursday.

Ottawa Journal:—Mr. Buchan has been made a Knight Grand Cross of the Order of St. Michael and St. George. Real distinction will come, of course, when he is made an honorary member of the Canadian Authors' Association.
