Graduation Exercises of St. Mary's Hospital

Nine Graduate Nurses Given Diplomas and Awards at Interesting and Pleasing Event in St. Anthony's Parish Hall on Thursday Evening. Interesting Programme.

The seventh annual graduation exercises of St. Mary's hospital, Timmins, held on Thursday evening last in St. Anthony's parish hall, attracted a larger crowd than ever in former years. Despite additional seating accommodation there was not room for all the crowd turning out to the event. The Sisters and nurses had the hall beautifully decorated for the occasion, with the class colours, green and gold, the class flowers, maple leaf and red rose, and the class motto, "Semper Fidelis" (Always Faithful) prominent in the artistic decorative scheme.

Rev. Fr. C. E. Theriault presided for the occasion and his wit and humour added much to the pleasure and interest of the evening. After a brief but happy introduction by Rev. Fr. Theriault, a programme of outstanding merit and interest was enjoyed.

The processional march played by Rev. Sister Cecilia of the Cross opened the proceedings, the graduating nurses, accompanied by dainty little flower girls, and the nurses of the hospital and the nursing classes marching to the front of the hall to take their places. The opening chorus by the nursing class was a pleasing number, sweetly sung.

In his opening address, R. Richardson, mayor of Timmins, spoke of the high place of usefulness and service held by St. Mary's hospital and he ex-

tended sincere congratulations and good wishes to the young ladies graduating. Other addresses of much interest were given by R. E. Dye, representing the mining interests; Rev. Murray Tait, Rev. Fr. J. R. O'Gorman and Dr. H. H. Moore. All the speakers referred to the excellent work of the hospital and the gratitude due the Sisters and nurses for the good accomplished. Rev. Mr. Tait made a big hit with his humorous response to the witty introduction by Rev. Fr. Theriault. Dr. Moore urged greater support of the hospital and thought the municipality might express its appreciation in a tangible way.

An item of outstanding interest on the programme was the "Class Will" presented by Miss M. Clutchev. This clever humorous sketch won much laughter and applause.

There were nine graduates receiving diplomas and awards. The diplomas were presented by Rev. Fr. Theriault, Rev. Sister M. Liguori, Superior, winning the medals. The charming little flower girls were a very popular feature of this part of the programme. The flower girls were:—Jean Fraser, Mary Harper, Bernice Lapointe, Ruth Wilson, Ruth Holland, Babe Hannigan, Jessie McKie, Audrey Sherbin and Marie Wilson.

The graduates were:—Miss M. A. (Continued on Page Two)

Wedding Anniversary of Mr. and Mrs. W. Pritchard

Thirty Friends of Popular Couple Here Give Surprise in Unique Costumed Ceremony. Five of the Company Present at First Reception at Cobalt After the Wedding.

On the occasion of the twenty-fifth anniversary of the wedding of Mr. and Mrs. W. H. Pritchard, friends of the couple on Saturday evening last took occasion to observe the occasion in an unusual and pleasing way. The guests paid a surprise visit to Mr. and Mrs. Pritchard at their home at 19 Hemlock street, the guests forming a parade to the house, with "bride" and "groom" and "attendants" leading the way, and parading around the house to appropriate music furnished by Mrs. G. S. Lowe. The "bride" was G. S. Lowe and the "groom" was Geo. Lake, both beautifully gowned and adorned for the occasion. The "groom's" gardenia was a garden in itself, while the "bride's" bouquet of celery, tomatoes and other flowers of the field would delight the heart of the Horticultural Society. The page boy was one of the handsomest ever in a page boy's regalia. J. E. Gurnell taking this part in an appropriate manner.

The bogus bride and groom presented the original bride and groom with a beautiful and valuable Sheffield silver set, a combination relish dish and cover and entree set, as a mark of the esteem and affection in which they are held by the friends who were assembled to show their regard. The "young couple" were showered with good wishes on the occasion of their 25th wedding anniversary. Mr. and Mrs. Pritchard made appropriate reply. A delightful evening was spent by the thirty or more guests in the surprise party. Mr. and Mrs. W. H. Pritchard as usual proving most kindly hosts. An interesting feature of the list of guests was the fact that five of them, Messrs. Geo. Adams, G. S. Lowe, Thos. Blackman, J. E. Gurnell and Ed. Pritchard were among the guests at the wedding reception held in Cobalt 25 years ago for Mr. and Mrs. W. H. Pritchard.

A specially interesting and artistic feature of the occasion was the notable wedding cake made by Mrs. J. E. Gurnell. This beautiful specimen of the culinary artist's skill was decked with miniature bride and groom on the top, the figures holding between them a basket of beautiful flowers, the charming array of flowers being from Mrs. Gurnell's own garden.

Rabbi Freedman, of Ottawa, Visits Here

Makes Inspiring Address Here on the Zionist Movement and the Need for Funds to Help the Work.

Rabbi Freedman, of Ottawa, gifted speaker on the Zionist movement, addressed the Timmins Zionist organization last night at the synagogue on Cedar street. He told of conditions in Palestine in the past and present, and of what might be accomplished in the future.

Money is not needed for those who have been residents of Palestine for any length of time, he told them, but for the destitute who have flocked in during the past year or so from Poland, Russia and Germany. Despite the necessary increase in taxation made to support these people temporarily, Palestine is still one of the lowest taxed countries of the world. Rabbi Freedman gave much of the credit for this fine condition to the British authorities, who have helped to govern the country wisely and to the best advantage of all concerned.

Chas. Pierce, recently returned from Palestine, spoke to the gathering also and told many interesting features of his lengthy visit to the homeland. He appeared in Arab costume, with beads, headband and all, and was introduced as "Sheik Pierce." His was a most popular talk.

On Friday night Rabbi Freedman was entertained at the home of Mr. and Mrs. C. Abrams, Schumacher, when nearly 60 prominent local people were present.

Following the one man he found Police suffering from a bullet wound and brought him to St. Mary's hospital, where the young man died on Saturday. Property bail of \$5,000 each was put up by G. New Palace Theatre Makes Fine Progress

Exterior of Building Nearing Completion. Roof Being Raised Now. Fireproof Material is Being Used.

They've raised the roof in the new Palace theatre already. It's not quite complete yet, but the interior work is now well protected from the weather and work has been begun on installing metal lath for the ceiling, which is some feet below the slightly gabled roof.

The amount of fireproof material going into the structure is amazing. Steel lath, steel beams, columns, joists, railings, metal sheeting on the roof, cement block and tile for the walls and for smaller divisions in the theatre proper; and concrete floors, both in the gallery and on the main floor of the house combine to make it do more than merely live up to specifications as laid down by the Ontario government.

No definite announcement has been made yet as to the interior decoration of the theatre, nor has the type of seat to be used been defined, but it is understood that the Palace will have everything in the way of patron comfort that it is possible to provide.

Notable Work Done by W.M.S. of the District

Matheson Hospital Maintained by W. M. S. Delegates to Annual Meeting at Matheson Visit the Hospital. Meeting Hears Encouraging Reports of Work in the District.

Delegates at the annual meeting of the Women's Missionary Society of the United Church, Cochrane Presbytery, held at Matheson on Friday, had a glimpse of what kind of work the society is doing right in the North Land. During the luncheon hour they visited the Matheson hospital, supported by W. M. S. funds, and found every one of the 18 beds full. Cramped quarters make the work difficult and some idea of how much use the hospital gets can be realized from the fact that in seven hours, during one day the week previous, there were six births.

Representatives from societies at Timmins, Cochrane, Hearst and Matheson-Monteith were present, as well as visitors from Iroquois Falls and South Porcupine.

Toronto Officer on Visit

Three visitors from outside the presbytery were welcomed. Mrs. Norman Russell, whose son, Dr. Russell, practices in Timmins, is an officer of the branch, which includes most of central and Northern Ontario, and she accepted the duty of installing the new officers for the year. Mrs. Russell, who spent many years in India with her husband who was a missionary, was well qualified to speak with authority on the value of the work being done in foreign lands. She has been visiting her son here recently.

Miss Isabelle Griffiths, of Toronto, travelling secretary for young people's work, gave an interesting talk on how the work is progressing among junior members of the church and had many valuable suggestions to offer in regard to carrying on societies in the Cochrane

presbytery. Chief among these was the suggestion made for encouraging the present "world friendship" movement, under which a common solution for a common problem is advised. Christian ambassadors of love, in all countries of the world, can do much to alleviate the present strained relations that exist, is a belief of those who take an active part in this recently revived movement.

House cleaning in Formosa

Miss Elliott, missionary home on furlough from Formosa, told interesting things about her job as nurse in charge of a 50-bed hospital in the Japanese mainland province. She spoke of the compulsory six months housecleaning system in Formosa, under which every house in the country must be turned upside down and inside out for inspection, a very necessary feature, for too many unused articles are likely to collect "under the bed."

Both Miss Elliott and Miss Griffiths are making a tour of the North at present.

Mrs. Monck President Six Years

The retirement of Mrs. S. Monck, of Timmins, president of the Cochrane presbytery W. M. S. for the past six years, was announced, but she will not retire altogether from active work of the group of auxiliaries, for she will serve the next three years in the advisory capacity of past president. Under her the society has grown and prospered and representatives of the auxiliaries expressed their appreciation for all she has done. Mrs. Monck occupied the chair during the Friday session.

Schumacher Station Entered at Week-end

Burglars Evidently Looking for Money, but Found None. Entered Through Back Window.

Some time between nine o'clock on Saturday night and eight o'clock on Sunday morning the T. & N. O. station at Schumacher was entered, the burglar or burglars breaking a window at the east side of the station to gain entry to the premises. The burglars were evidently looking for money but found none. Though they appeared to have made a close search they seemed to have been able to secure nothing of value with the exception of a shot gun that is missing. The burglary is being investigated by the T. & N. O. and local police.

Eddie Police Dies from Revolver Shot

Passed Away at St. Mary's Hospital on Saturday Morning. Lingered from Tuesday Night.

Eddie Police, who was shot in the back of the leg at the thigh on Tuesday evening last at Hoyle, died at St. Mary's hospital on Saturday morning. The revolver shot had taken a diagonal course, piercing the intestines in two places and the post mortem examination showed that the bullet had lodged in the spine. So firmly was the bullet, which was one with a steel jacket, imbedded in the spine that it had to be chiselled out.

The shooting took place at the time of a burglary at A. C. White's garage at Hoyle on Tuesday evening last week, the second occurrence of that kind at the garage in the course of a few days. Apparently young Police was climbing over the gate when the bullet hit him. He ran perhaps a hundred yards before he dropped. It would appear that although he was brought as rapidly as possible to the hospital here, he had no chance of recovering from the start, the bullet being imbedded in the spine and much internal bleeding having occurred.

The late Eddie Police was born 18 years ago in Haileybury, where his father, Joseph Police, was a popular resident from 1914 to 1934. Last year the family moved to Timmins. The young man bore an excellent reputation and had never before been in trouble of any kind. Indeed, until a couple of weeks before the tragedy he had not even been associating with any company liable to bring him into trouble.

The funeral is to be held to-morrow (Friday) from the Church of the Nativity, at 6:30 a.m.

ANOTHER PAST PRESIDENTS' DAY AT KIWANIS TO-DAY
