

South Porcupine Girl Guides to Attend Camp

Plans Made for Happy Time at Kenogmi Lake with Other Guides from District. Circus Train Killed Horse. Other News from South Porcupine and the Dome.

South Porcupine, Ont., July 13th, 1935. Special to The Advance.

Mrs. Verner left on Sunday to spend a few days in Williamsburg.

Mrs. Marino Pucini and children came back to camp last week after an extended visit to Toronto.

Miss Margaret Larsen, of Cobalt, is visiting her aunt on Connaught Hill, and Master Walter Larsen is spending some time with relatives in Cobalt.

Mr. and Mrs. Hall have come in from St. Thomas to make their home in South Porcupine with their sons, Bill and Harry, and are now building a home next to Mr. L. Pyke, by the railway tracks.

Mr. and Mrs. Burton and Margaret, of the Dome, left for Tenagami cottage, where they have a summer cottage.

Mr. C. V. Gallagher and Master Bob left on Saturday for a few days in Toronto.

Mr. J. McCurdie left for Montreal on Saturday for two weeks' vacation.

Mr. Albert Doran returned on Wednesday from a two months' vacation in England. He returned on the S.S. Ausonia, having had a glorious time in some of England's beauty spots.

Miss Doris Naish, with Miss Iris Naish and Miss Dorothy Angus, all of Toronto, are expected at the parental home on Sunday for two weeks' vacation.

Mr. Lawson Gemmill left on Sunday for three weeks' holiday with his parents at Snow Road.

Messrs John Fell, Sr., W. H. Johns, and A. D. Pearce left on Saturday for Hamilton to attend the Masonic Grand Lodge session.

Mr. Jim Morgan motored to Toronto on Saturday for two weeks' vacation.

Mr. Reg Vaughan left this week for a vacation in Hamilton where he will join his brother, after which both will motor to New Hampshire to spend some time with another brother on the New England coast.

Mr. and Mrs. Allan Pearce have returned from a vacation spent on a motor tour from Toronto to Hampton Beach, N.H.

Miss Jessie Hamilton arrived from St. Thomas this week, to spend the summer vacation at the home of Mrs. Percy Richards.

Miss Valeris Bessette is progressing nicely in St. Mary's hospital, Timmins, after an appendix operation last Thursday.

Miss Emily Cole has been accepted as a probationary nurse at St. Mary's, and entered last week.

Mr. Harold Roderick, of Toronto, is visiting friends in town.

The supper which the Eastern Star ladies gave at the parish hall last Wednesday proved to be quite a success, although it was unfortunate for the workers that they chose the hottest day of the year for holding it. The menu was excellent and all who patronized both tea and supper thoroughly enjoyed it.

Mr. and Mrs. Belsham, of Cobalt, were visiting their daughter, Mrs. Rogers, of Strachan avenue over the week-end.

We hear that the Girl Guides have definitely decided on their time and place of camping. Through the courtesy of a wealthy man of Kirkland Lake a camp at Kenogmi Lake has been offered them. Two log buildings will serve as cook-house and dining hall, with tents for sleeping accommodation. The girls will leave on Friday, July 26, for two full weeks of open air life, with good supervision and instructors for definite sports. Capt. Naish of South Porcupine is going as camp nurse, and

Commissioner Tomney, of Cobalt, will be there to supervise. Capt. Cranston, of Timmins, will go as swimming instructor. Over 80 girls from the district will be there, with about thirty-five from Timmins and South End. The girls are looking forward to it with much eagerness and the parents will appreciate the fact that their girls in addition to the splendid vacation, will be disciplined by strict guide rules, and in excellent hands.

Miss V. Dempsey, of Cochrane, was visiting friends in town this week.

Miss Sarah Slotnick left on Friday for a vacation in Toronto and Muskoka. Mrs. Cahill and children, and Mrs. Cunningham arrived back in camp this week. They attended the C.W.L. convention in Ottawa.

The Ferguson highway is once more open for traffic by the regular route through Pottsville. A detour was necessary round by the station for a few days owing to repairs being necessary on the bridge at Golden City.

Court of revision for Tisdale is to be held in the township offices on Tuesday, July 23rd, at 10 a.m.

From the "Warkworth Journal":—"Mr. J. Gallagher, of South Porcupine has been spending the past week with his sisters, the Misses Gallagher."

The circus train, which came through from Timmins in the early hours of Friday morning was responsible for the death of a horse belonging to Mr. Cunningham. The animal had strayed on the track from the pasture and was hit, and hurt so badly that it was necessary for the police to shoot it.

Another horse, (a chestnut one instead of a white) caused no little amusement in town on the glorious twelfth. His owner, and rider thinking he was impersonating the great King Billy, tried to ride him into the different hotels in town. Although he got as far as the top step at the Gold Range, he did not succeed in getting in to any.

We offer our sincere sympathies to Mrs. J. E. Armstrong, and Mrs. T. Farrell, who suffered minor injuries, when the bus which was taking them with others to the Orange celebration in Kirkland Lake, was hit by a car about a mile and a half this side of Ramore. According to eye-witnesses the bus driver Kealey was not to blame for the accident; he got as far off the road to avoid the other car as he dared when he saw his danger. The car was coming toward the bus, and hit a bump in the road, swerved suddenly and crashed into the bus. The bus passengers braced themselves for the impact but Mrs. Armstrong got her face badly bruised and Mrs. Farrell suffered severe lacerations of the leg. The other passengers were more or less shaken up. The woman-driver of the car and her husband were taken to Matheson hospital, both badly cut. A passing car took our two South Porcupine ladies into Kirkland. Another bus was sent for from Timmins to take on the other passengers, as the damaged bus had to be repaired. Mr. J. Armstrong, Mr. Farrell and Mr. Rod McGillivray were other occupants from South End.

Concert in Moose Hall Wednesday of This Week

Announcement has been made of two concerts to be given in this district by the talented vocalist, Esteri Hukari, with Elli Hukari as accompanist. Esteri Hukari has delighted many audiences in this country and the United States after spending three years in study in Europe. The concert to be given in Timmins will be held at the Moose hall, Fourth avenue, on Wednesday evening, July 17th, commencing at 8 p.m. The programme for this concert was published in the last issue of The Advance.

The other concert by Esteri Hukari in this camp will be at the United Church at South Porcupine, on Tuesday evening, July 16th, at 8 p.m.

Miami Herald:—Be thrifty and the Government will tax you.

Shower Given at North Bay in Honor of Timmins Bride

The North Bay Nugget on Wednesday of last week says:—"Mr. and Mrs. L. W. Hurtubise entertained at the home of Mrs. C. McManus, 98 McIntyre street east, about 25 guests in honour of Emil Hurtubise, Nosbonsing, and Miss Jeanne Vachon, Timmins, whose marriage takes place July 16. The affair took the form of a linen shower and lovely gifts were presented to the guests of honour who responded appropriately. The cards with the gifts were read by Mrs. Hurtubise. Later refreshments were served by the hostess, assisted by Mrs. McManus."

Two Districts Hold Twelfth at Kirkland

Timmins Orangemen Delayed by Accident on Road. Several Lodges from the Cochrane District.

Timmins Orangemen, though delayed in reaching Kirkland Lake for the celebration of the "Glorious Twelfth," had a big time in the Teck town on Friday.

Timmins, Iroquois Falls, Shillington, and Porcupine Junction were the representatives of this district who took part. Iroquois Falls and Shillington ladies took cups in the competition for the "best dressed lodge." Kirkland Lake L.O.B.A. and L.O.L. both took first for appearance.

The "walk" was about two miles and although it rained just before the big event and began again at six o'clock the greater part of the afternoon was clear and fine—an ideal Twelfth.

After the parade, the crowd gathered at the park for speeches and sports. W. H. Dawson, past grand master of Ontario West, was the main speaker of the day, and his exhortations to the gathering were well received. He spoke only very briefly on the new separate school bill.

The Kirkland Lake lodge was the only one to turn out at the South Temiskaming district celebration in any kind of special uniform. They wore white caps and coats. Members of other lodges, including Timmins Lodge No. 2652 were dark suits with regulation aprons and sashes of the order. J. T. Andrews, master of the Timmins lodge, accompanied the twenty members from here who attended.

Kirkland Lake pipe band provided music during the day, but nearly every lodge in the big parade had its own pipe and drum band.

Friday was the 245th anniversary of the Battle of the Boyne.

Traffic and Other Cases Here Tuesday

Police Still Checking up on Traffic Rules for Safety of the General Public.

Police court to-morrow will have less than the usual number of cases, but there are enough to show that the police are busy all the time. The close check-up on breaches of traffic rules for safety still continues. There are two charges of reckless driving to come before the court; one man is charged with having defective brakes; another is charged with driving without the necessary permit; there is a speeder to come before the court; some accused of improper parking; and a case or two remanded from previous weeks.

There is also a charge against a local man of hitting his wife on the head with a frying pan, but whether the case will be proceeded with by the wife remains to be seen. The lady had a nasty wound back of the ear.

A rather unusual case is one in which a woman is charged with neglecting her children by not seeing that they are off the streets at night after the curfew. The other night these boys were pelting stones at cars long after the curfew had been sounded. The boys have been taken home by the police on more than one occasion.

One man will face a drunk and disorderly charge to-morrow, while there are nine common drunks.

A man found begging on street and a charge of vagrancy are also on the list.

There are also some cases remanded from last week.

music seem to remain the same from year to year but this year the show did seem better than before, despite the heat.

What Was Best? What was the best thing inside the big tent? The answer seemed to vary with almost every person. The Wards, of flying trapeze fame, got as many votes as any act. Their breath-taking double-quick changes in mid-air; twists and turns while going from one trapeze to the apparent safety of a partner's arms; the necessarily perfect timing of the returning swing from a second partner on the bar; they've all been seen before, but attract equal wonder and admiration every time.

Others chose the Walters-Cornado troupe's high bar display, with the antics of the clowns in the big safety net. They swung from bar to bar, with giant swings and flips, with a smoothness and rhythm that brought round after round of applause.

The Heel Catch Act Then there were the trapeze feats of Miss Esther Escalante, who performed the most treacherous of tricks with apparent equanimity. A swing, a somersault in the air to catch herself by the heels on the trapeze, was the feature of the act. Kiling Brothers and Michael and Garner, on revolving ladders, did some truly amazing turns.

Cloud swings and aerial ladders in an act that had 15 young ladies, was another of the displays that was "up in the air." So many and varied were the parts of this act that it was literally impossible to see everything that was going on.

Miss Bertha Matlock's slide on a tauntened rope from the dome of the big tent to the ground was another feature that brought much applause.

Just One Shadow The only shadow of the evening on an otherwise brilliant show came at the beginning of the aerial butterfly ballet, when Vivian Rosard, in the first ring, fell to the ground from a height of about forty feet. It was one of those acts where the performers are drawn to the top of the tent by clamping the teeth on a mouthpiece. Miss Rosard swung just once, the mouthpiece, a new one, slipped, and she fell in a crumpled heap just inside the ring. Her foot struck the heavy wooden edge of the ring. Not more than a third of the 6,000 people in the tent saw her fall. The wild animal acts in the heavy steel cage in the centre ring were well done. Capt. Terrell Jacobs and his performing African lions made a real hit, but Miss Mabel Stark's control of a number of Royal Bengal tigers proved even more popular.

Dancing Horses The Liberty horses, thirty in number, who did amazing drills at their trainers' command, who danced to music and who seemed to have an almost human intelligence came first in the trained animal acts.

Then there were the sea lions, balancing balls on their snouts, tossing big beach balls from one to another—and getting fed after every perfectly performed stunt. One animal insisted on "How Dry I Am" by playing the music on a jing instrument.

The winding greyhounds, going through their paces with a willingness were at treat to watch.

Of other animals there was a plenty—zebras, ponies, hippopotamus, all well-trained and certainly well-watched by the audience.

The Elephants Again The elephants did all sorts of things. One carried his trainer, Ali Ben Amba, all the way around the hippodrome track in his jaws. Under the direction of Walter McClain, 18 of the great beasts did acrobatics to music. They rolled over in unison, stood up on their front legs and on their hind legs, and in the end, bowed gracefully, believe it or not, to the audience. They concluded their part of the show with a column on the track by standing one behind the other, front legs on the first one's back.

The Bernetti troupe of bareback riders did tricks on horseback a cowboy wouldn't dare. They leaped on and off horses in motion, jumped from one animal to another, turned flips on the big white horses' backs, and gave some fine displays of trick riding.

Living Gilded "Statues" The living statues, particularly the gilded men and women in the centre ring, remained remarkably still for minutes on end. Beautifully formed and gracefully posed, the spotlight shone on them as if they were true examples of ancient Greek statuary.

The Canestrellis, with their unsupported ladder act, showed how unsophisticated man's sense of balance can be developed. They climbed the jiggling ladders, did juggling acts on them and even their pet fox terriers showed themselves capable of climbing the magically poised ladders to join their masters and mistresses in the finale.

Lots of Jugglers—and Music Of juggling there was almost a superfluity. Flying clubs, plates, firebrands, huge four-beamed affairs, and series of sticks surmounted by a ball, were tossed about with equal skill.

Music was provided under the direction of Chas. Redrick. Opening selections before the circus proper included everything from opera to the latest popular music. A coloured band provided dance music for the "Fiesta of the Rio Grande," the opening number in which some remarkable dancing was to be seen.

The 26 clowns amused not only the youngsters but the oldest person at the show. The peculiar kind of humour, seen only when the circus comes to town, made as big a hit as usual.

The Porcupine District Pipe Band was part of the performance, too. They led the "Grand Entry" and "Pageant of Gold" around the hippodrome track.

Boy Scouts in Timmins

Third Timmins Troop of Boy Scouts took full advantage of the weather last week when about 20 of the boys went to Cowby lake on a camping trip. The Scoutmaster provided the transportation to and from the lake. Arriving at the camp, the first job attended to was the pitching of the tents. A swim before supper was a welcome relief from the heat. The first Council Fire of the troop was a fine affair and the newer Scouts got their first taste of how pleasant an evening about a Scout fire can be. Games and songs were carried off in a pleasant manner.

In the morning after breakfast, inspection of the tents found the Owl Patrol with the neatest looking array. Only one small accident marred the morning's sport, and the Scout whose foot was cut was given first aid by his comrades and sent back to town with the truck, and several of the boys who had to return. Scout's pace tests resulted in most of the Scouts receiving credit for that accomplishment, and one of the boys passed his compass test.

Exploring the surrounding country in the afternoon, the boys followed trails to Trout Creek and Trout Lake.

Mosquitos annoyed the boys somewhat more on Monday night than previously but various methods of protection were worked out and will stand them in good stead the next time. Following inspection the next morning and sports and Scout activities in the afternoon, the troop took the truck back to town.

Activities at the Friday night meetings of the troop are going along on schedule and many of the boys are passing tests every meeting night. Tenderfoot work has been done by most of the boys and new members are being added all the time. Games that only Scouts know keep the boys' interest in their troop at a high pitch.

The joint Timmins Scout Groups' camp is still under consideration, though no official announcement will likely be made before the end of the month. It is hoped that every Scout who possibly can will take advantage of the opportunity to spend two weeks in camp.

Scouters' Class During the spring it was announced that the last part of the Scouts' training classes would be held out-of-doors sometime during the summer. Since it is impossible for all the leaders to get away to a week-end camp at the same time, it has been decided to hold this part of the Scouters' classes in Hollinger hall on Thursday, July 25th. A large number of the Scouters have now had some camp experience, so that they will be able to introduce problems they have already met for discussion.

Scouter Rowe is at present attending the Cub Leaders' training course at Ebor Park and will be back in Timmins a week from to-day.

This Friday's meeting of the Mattagami troop will be held on the cyanide. It was decided last week. Sports for the August jamboree will be practiced. Last Friday some points in the art of Jiu-jitsu were shown the boys by Scouter Fisher, much to the interest of the troop.

Special Sale of unusual BAGS

This is a sincere reduction of from 20 to 25 per cent on these bags that were imported just a month ago from Europe. In the group are unique bags of home-spun, Monk's cloth, linen, sackcloth and other extraordinary fabrics and weaves. Also a number of white beaded bags and others of quilted silk. For this week only reduced as low as \$1.60.

Dominion Secretary of Lion's Club Visits Here

Lion Frank Pigeon, of Toronto, Guest Speaker at Timmins Lions Club on Thursday Last. Big Summer Frolic of Timmins Lions Club to be Held at the Riverside Pavilion on Friday, July 26th.

Frank Pigeon, of Toronto, Dominion secretary of the Lions International, was the guest speaker at Thursday evening's Lions Club dinner. Formerly secretary of the North Bay club, Mr. Pigeon's present position takes him at one time or another to all the clubs in Canada, so that he has first hand knowledge of the fine community service work that is being done from coast to coast.

He remarked on the rapid growth of the Timmins club, extended congratulations to the members and best wishes for a successful year's activities. Mr. Pigeon has had much experience in the organizing of conventions and offered many valuable suggestions to the Timmins members in the event that they wish to hold a large convention here. Last year's convention was at Hamilton, when the Sudbury club carried off the honours for the club having the largest representation. This year the Lions will gather at Ottawa. Mr. Pigeon gave a resume of the programme at the 1935 convention and expressed the hope that Timmins would be well represented at Ottawa this year.

The big summer frolic of the Lions club is to be held at the Riverside pavilion on Friday, July 26th, it has been announced. The main attraction will be dancing but there will be lots of novelties and prize affairs as well. Tickets may now be obtained from members. Funds will be devoted to the service projects now under consideration, as well as to the regular work now being carried on—the supplying of glasses each week to some needy Timmins child.

Lion Wm. Wren was welcomed back to Timmins after a visit to Toronto, during which time he was married. Dr. Kelly and Dr. Hughes offered the official congratulations of the club to their fellow member, and presented two very useful gifts to Mr. and Mrs. Wren. Mr. Wren replied briefly, thanking the club for their remembrance and good wishes.

Car Crash at Corner of Sixth and Pine

Young Lady Hurt in Collision. Glass in Door of One Car Badly Shattered

A big crowd gathered at the corner of Sixth avenue and Pine street on Sunday evening when two cars crashed there. Miss May Cook, who was a passenger in one of the cars, was injured and had to have medical attention. She had a small but deep cut in the forehead and also suffered from shock.

The one car owned and driven by Andrew Kosiskoc, 100 Third avenue, Schumacher, was travelling south on Pine street, while the other car, owned and driven by Stanley Kiley, 19 Fourth avenue, was travelling west on Sixth avenue. In the crash Kosiskoc's car was thrown over on its side. With the help of some men attracted to the scene of the accident the car was replaced on the road. The arrival of the police cleared back the crowd, and also advanced steps to place the responsibility for the accident. As a result of the enquiries made by Deputy Chief Salley and Constable Olson, and tests made under their direction, a charge was laid against Kosiskoc for having defective brakes. There seemed to be little braking power left in his car.

DR. J. M. ROBB SELECTED AS CANDIDATE FOR EAST ALGOMA

At the convention of the Conservatives of the riding of East Algoma, Dr. J. M. Robb, formerly minister of health in the Henry cabinet, was chosen as the candidate for the coming Dominion election. However, he asked for two weeks in which to make a definite decision whether he would accept or not. In case Dr. Robb fails to finally accept, it is understood that A. A. Wishart, of Blind River, will likely be the choice of the party.

Mrs. Corman, of Windsor, Ont., is visiting her daughter, Mrs. A. G. Irving.

Two Arrests Made in Very Involved Case

Eli Ranger Taken in Charge at Request of Provincial Police at Matheson. Complaint by Arthur Goulet.

Acting on instructions from the Matheson detachment of the provincial police, Timmins police arrested Eli Ranger on Saturday afternoon about four o'clock, just after Ranger arrived in town. His brother, Noel, is being held in Matheson by the police on information given them by Arthur Goulet that he was robbed by the Rangers of more than \$1,000.

The arrests follow a rather involved transaction in which four and a half pounds of "gold" turned out to be brass but whether the eventual charges will be fraud or robbery, could not be learned this morning. The Rangers claim that the other parties involved first pulled the gun.

Noon weather forecast for Northern Ontario:—Moderate northerly winds, cloudy and rather cool, with showers Tuesday, then mostly fair and warm.

Mr. and Mrs. R. C. Mortson left on Friday for Orillia.
