

Lions Club to Feature Summer Frolic Friday

Event at Riverside Pavilion to be Featured by Dancing, Floor Show, Games, Music, Comedy, Etc. Events at Meeting of Lions Club on Thursday Last.

An evening of real fun—dancing, floor show, games, and comedy will mark the opening of the new Timmins Lions Club drive for funds with which to carry on their community service work.

The Riverside pavilion is to be the scene of the "Summer Frolic" on Friday evening when an event such as has never been seen here before, is promised by the Lions.

Two orchestras—no less—will play, but one of them won't supply dance music, it's said. Just what the second band is for, those who attend the frolic will find out.

But there will be a real floor show. Mrs. B. Berlin, of Toronto, mezzosoprano, who has found much favour with Timmins audiences in the past, will be there as will Margaret Easton and Paddy Quinn, dancers, who are also favourably known to Timmins people. The Gauthier sisters, who sing harmony; Gwyn Kinsey, pianist; and Edward Nathanson, violinist, will also be there.

Limited Number of Tickets
Only a limited number of tickets will be sold, it has been announced, and

those that are available can be obtained through Lions Club members, each of whom has been given ten to dispose of.

Dr. J. Kelly is to be master of ceremonies and Wm. King has been directing the organization of the frolics.

At last Thursday's meeting of the club, when arrangements were nearly completed for the affair, Mrs. Berlin, who is a sister-in-law of Barney Sky, entertained the club with several Russian folk songs, excellently rendered and enthusiastically received.

Otto Theis of London, baritone, who was also a guest at the meeting, also sang a few selections. He spoke briefly on the North and his visit, and extended a cordial invitation to the members to visit him in London.

A Fine Idea!

A system of fines has been introduced by Dr. McKenna, chairman of the membership committee, in an effort to keep the attendance right up to the mark. A draw will be made at each meeting of all members of the club and the fines collected will be presented to that member, provided he is present at the following meeting.

The work of supplying at least one pair of glasses each week to some child in Timmins who is in need of them, is being continued, Dr. Kelly reported. F. H. Ball, president of the club pointed out that if the Summer Frolic is a successful event financially, this job will be done with a great deal more completeness than is at present possible, since all the money spent so far has been from the membership dues.

Wednesday and Saturday Dance Nights Next 2 Weeks

Regular dance nights at the Riverside pavilion will be Wednesday and Saturday only for the next two weeks, it was announced to-day. After that, it is expected a new programme will be announced, including at least one extra night for the Civic Holiday weekend, August 3-5.

Forty-three Placed Recently by Bureau

Employment Service Gives Prompt Accommodation. No Charge to Either Employer or Employee.

Forty-three out of the hundreds of applicants for work at the Employment Service of Canada bureau here, were placed in four days last week. Building trades and the farms and domestic service took the greater part of those who got jobs, either temporary or permanent.

Logging is quiet just now, and there is not much doing in mining, so far as the Service is concerned, though a few have been placed there too. Sometimes skilled workers can be supplied on a few hours' notice, while at other times it may take days or weeks to locate a man for a special job. In one case here recently, word was sent out to other branches of the service to see if a highly skilled electrical worker could be found.

Changes in domestic servants account for much of the work done by the bureau at present. There are on file the names and qualifications of many good workers and the local office can usually supply suitable domestics within a very short time of receiving a request. No charge is made either to the applicant or to the employer in any case.

As the harvest season approaches, work for short periods on farms in the surrounding district becomes more plentiful and will probably continue to increase for a few weeks yet.

Ottawa Exhibition to Open on Monday, Aug. 19

The dates for the Ottawa exhibition this year are Aug. 19th to 24th. Many from Timmins, and especially those from the Ottawa Valley, make a point of attending the Ottawa Fair each year, and so like to know some weeks ahead in regard to the dates and other particulars.

This will be the 48th annual showing by the Central Canada Exhibition Association and the directors and management are confident that Rt. Hon. Sir Robert Borden when he officially opens the 1935 exhibition will inaugurate the best week in the association's history. Never have grounds and buildings looked better and never have the directors been more satisfied that they have done the very best in the way of providing educational factors, interesting demonstrations, high class entertainment, novel displays and thrilling events.

Outstanding will be Creator and his band to be heard in two free concerts daily. The great maestro will bring a band of 42 artists and the directors are assured it will be the best organization he has ever brought to Ottawa. Many new numbers will be offered but of course his admirers will insist on hearing selections which his band plays as none other. For this year one program will feature the playing for the first time here of Creator's own arrangement of The Damnation of Faust, by Berlioz. In addition to the band Creator will bring an outstanding prima donna.

Revue of Revues

Featured for the night program in front of the grandstand will be The Revue of Revues which will include the New York Hippodrome sensation of a few years ago, the disappearing water ballet. Fascinating girls who back their looks with real talent, latest songs, dances and comedy; elaborate stage settings such as rarely are seen outside the largest theatres, special lighting effects, gorgeous costumes and novel numbers will combine in a great offering. The best in vaudeville, fireworks, horse racing and automobile races will round out the grandstand program.

New Government Sworn in for New Brunswick Tuesday

New Brunswick's first Liberal Government in 10 years was sworn in at Fredericton on Tuesday last week under Hon. A. A. Dymally as premier and minister of public works.

Other Cabinet members are:

J. B. McNair, Fredericton, attorney-general.

F. W. Pirie, Grand Falls, minister of lands and mines.

C. T. Richard, Bathurst, secretary-treasurer.

A. C. Taylor, Salisbury, minister of agriculture.

Dr. W. F. Roberts, Saint John, minister of health and labour.

A. P. Paterson, Saint John, president of the executive council.

W. S. Anderson, Newcastle, chairman of the New Brunswick Electric Power Commission and minister without portfolio.

The new Government succeeds that of Hon. L. P. D. Tilley, who resigned last Friday, as a result of the provincial elections June 27, when only five Conservatives were returned as against 43 Liberals. Every member of the old Cabinet lost his seat.

The Liberal party has declared an intention of establishing a department of federal affairs, and Mr. Paterson was mentioned as the most likely choice for the new post. Legislation would be necessary to create this department.

JERRY HUMPHRIES LEADER OF TREKKERS AT LISKEARD

According to a despatch from New Liskeard last week Jerry Humphries was in charge of some 40 "hunger marchers" on their way to join the "on-to-Ottawa" group at North Bay. There were two girls in the group. Jerry is having the time of his life making speeches and talking big to new audiences.

Money Taken from Safe at South End Last Week

Engineers Examine Property in Shaw Township. Motor Cyclist Injured in Collision at South Porcupine. Other News of South Porcupine and the Dome.

South Porcupine, Ont., July 20th, 1935. Special to The Advance.

Miss Betty McIntosh was appointed as delegate for the local branch of the C.G.I.T. and is attending Camp Lorraine on Lake Temagami.

The new building which Mr. Dalton is erecting on Bruce avenue as a bus stand and office is going up rapidly. It is being built of stone blocks and will be a great improvement at that end of town.

Mr. D. Bourne, of Denholm, Que., is visiting at the home of Mrs. Russell Clemm, Connaught Hill.

Congratulations are in order for Miss Margaret Lloyd of the Dome, who has been notified that she obtained her interim first-class teachers' certificate. Miss Lloyd attended Starford normal school last year.

Miss Jane Armstrong is another of our young people attending Camp Lorraine, Temagami.

The Sunday School picnic of the United Church will take place on Wednesday, July 31st, at the pump-house park.

Miss Minnie Levinson is in Toronto attending Normal School until the end of the summer.

Miss Helen Haneberry is spending a holiday in Noranda.

Mrs. Harry Jones (nee Miss Violet Davis) is returning on Sunday from a visit to her former home at the Sault. While at home she received many beautiful wedding gifts, among them one from the United Church choir, of which she was formerly a member.

Miss Claire Harty, is in the post office preparing to take the place of Miss Roma Cattarello, for whom, we hear, wedding bells are to ring in the fall.

Mr. Ross Gordon and family and sister from Chatham were recent guests of Mr. and Mrs. D. Gordon, of the Dome School, and Mr. R. Gordon, of the Paymaster Mine.

Mr. W. Chown, of Toronto has been visiting his sisters, Mrs. Rickward, and Mrs. W. Gordon at the Dome.

A burglary was committed on Monday at the priests' home here, during the absence of Father Gelnas at Ramore, and a sum of money taken from the safe.

A man, apprehended on Tuesday night for being drunk, and who was found to have a sum of money in a container similar to that in which the stolen money had been placed will

doubtless appear on Tuesday to answer both charges before the magistrate.

Mr. and Mrs. Belford, of Fort William, are visiting their daughter, Mrs. F. Williams, of Golden avenue, this week.

Mr. W. R. Biron, Jr., and Mr. John A. Cole, mining engineers, have spent ten days on the old Hudson Bay property in Shaw township, with five men sampling. The old workings have caved in, and a large sum of money will have to be spent in order to bring it back to being a working proposition. Both engineers have returned to Toronto and expect to be back in August with money for further work on the property.

Mr. Jones at one time on the Ottawa Journal, was in town this week.

Mr. Cahill, from Ottawa, was a visitor at the Gold Range hotel this week, the guest of his son.

On Thursday evening a collision occurred at the corner of Commercial avenue and Crawford street, between a motor cycle and a car. A Mr. Thompson, owner of the motor cycle, was rather badly bruised and shaken up, and the forks of the cycle twisted and bent, but no further damage is reported.

In addition to a number of new children's books which have been added to the library, the following list of new books are also available:

- Inglorious Milton Lauriston
- "We" Lindbergh
- A Man Nobody Knows Barton
- Rise of the House of Rothschild Corti
- Red Lily and Chinese Jade Milne
- Cleopatra Barrington
- Rice Milne
- By Soochow Waters Milne
- It Happened in Peking Milne
- The Seagull Norris
- Cherry Square Richmond
- The Water Under the Earth Ostenso
- The Album Rinehart
- The Golden Scorpion Rohmer
- Yellow Shadows Westcott
- David Harum Humphrey Cobb
- Paths of Glory Westcott

A miscellaneous "shower" of wedding gifts was given at the home of Mrs. McCaffrey at the Dome on Thursday night. The happy little bride-to-be is Miss Ivy Freeman, our popular telephone operator, and she will welcome the bride of Mr. Renee Quesnel, of the South End Garage and South Porcupine fire department on August 10th. About twenty-five guests were present at the "shower" and many lovely gifts were presented. Games were played and bridge, at which Mrs. Haneberry won first prize. A very nice lunch was served.

Barrie Examiner: In 1927 there were 95 deaths from diphtheria in Toronto. Last year there was not one death in the Queen City from this disease. This wonderful change has been due to the children being immunized by toxoiding."

Declines the Annual Meeting of Boards

North Bay Too Busy Over Old Home Week for Semi-Annual Meeting, Associated Boards.

North Bay Board of Trade has declined the invitation to hold the semi-annual meeting of the Northern Ontario Associated Boards of Trade in that city during the month of July, it was learned this week. The North Bay Board has said that during the latter part of the month they will be busy making preparations for Old Home Week and believe it would be better to hold the semi-annual there later.

They also suggest that North Bay be the city chosen for the annual meeting, usually held at the beginning of the year. W. O. Langdon, president of the Northern Ontario Associated Board of Trade, has written the North Bay board suggesting that the semi-annual be held in that city during August, or if not convenient then, in early September at the latest.

The annual meeting should be held, Mr. Langdon told The Advance, at a central point in the North. Timmins will not be chosen, since the annual was here last year. Ansonville is fairly central, as is English, but it is thought probable that Kirkland Lake will in the end be chosen as the most convenient spot.

Trans-Canada Is Vital Issue
Hearst Board of Trade wrote the president recently concerning the announcement made a short time ago that the Trans-Canada highway ques-

tion would be on the agenda at the semi-annual meeting. "... the designation of the Ferguson highway as the real Trans-Canada route and the improvement of the Ferguson highway to meet Trans-Canada specifications... these are vital issues with us," says a letter from A. P. Wilson, secretary of the Hearst board.

Driver Injured When Car Turned Over Four Times

The Hailyburian last week says:—"Clifford D. Chenier of North Cobalt, clerk of the township of Bucke, was rather badly injured in a motor mishap on Thursday evening last, when his car turned over on Rorke avenue, opposite the Misericordia hospital. He had swung out to pass another car, it is said, and got off the pavement. It turned over several times before coming to rest. John Finnerty, a member of the Bucke township council was with Mr. Chenier at the time and escaped with a shaking up, but the driver suffered severe lacerations to the face and a deep abrasion over the right eye. Chief of Police MacGirr and Provincial Constable Harper investigated the crash. Mr. Chenier was taken to the hospital to have his wounds dressed."

Sudbury Star:—What with dandelions, thistles, plantain, etc., all competing for the same space, it is very courageous of a petunia to try to grow.

Removes cigarette stains

The Household by Lydia Le Baron Walker

Five uses of the Garden Bowl pattern in crochet and in tapestry-embroidered filet net.

A design which has immediate appeal for summertime work and is just the kind of decoration suited to seasons when flowers are all a-bloom, is the Garden Bowl pattern. It shows a conventionalized bowl of Chinese influence from which trail flowers and foliage, while a border of the flowers in miniature extends around the lower edge which is gracefully snapped. Full directions for making the design in plain filet crochet in one colour and for developing it in many colours in darned on net, sometimes termed Net Tapestry, or in cross stitch on canvas are all given on the pattern sheet.

Handsome Hand-Bags

Bags lend themselves admirably for development in this choice work. The bag should be lined with silk or satin and have a frame top. The bags of the year are large and consequently suited to the pattern. Plain filet net with the lower part embroidered in the coloured weaving permits sufficient depth of bag for practical purposes. Or the design can be embroidered on the filet net and then be applied in its entirety onto the bag. In the illustration such use has been made of the pattern and it is handsome indeed.

Circular Table Covers

When using the design for a circular table cover or dining table centrepiece, the centre of plain linen is square, with these shaped net-embroidered or filet crocheted portions sewed to each side of it. Or the square may be larger and the net portions inserted, thus permitting the linen to fill in corners which should be rounded at the edge and blanket stitched or trimmed with very narrow filet lace.

Cross Stitch Design

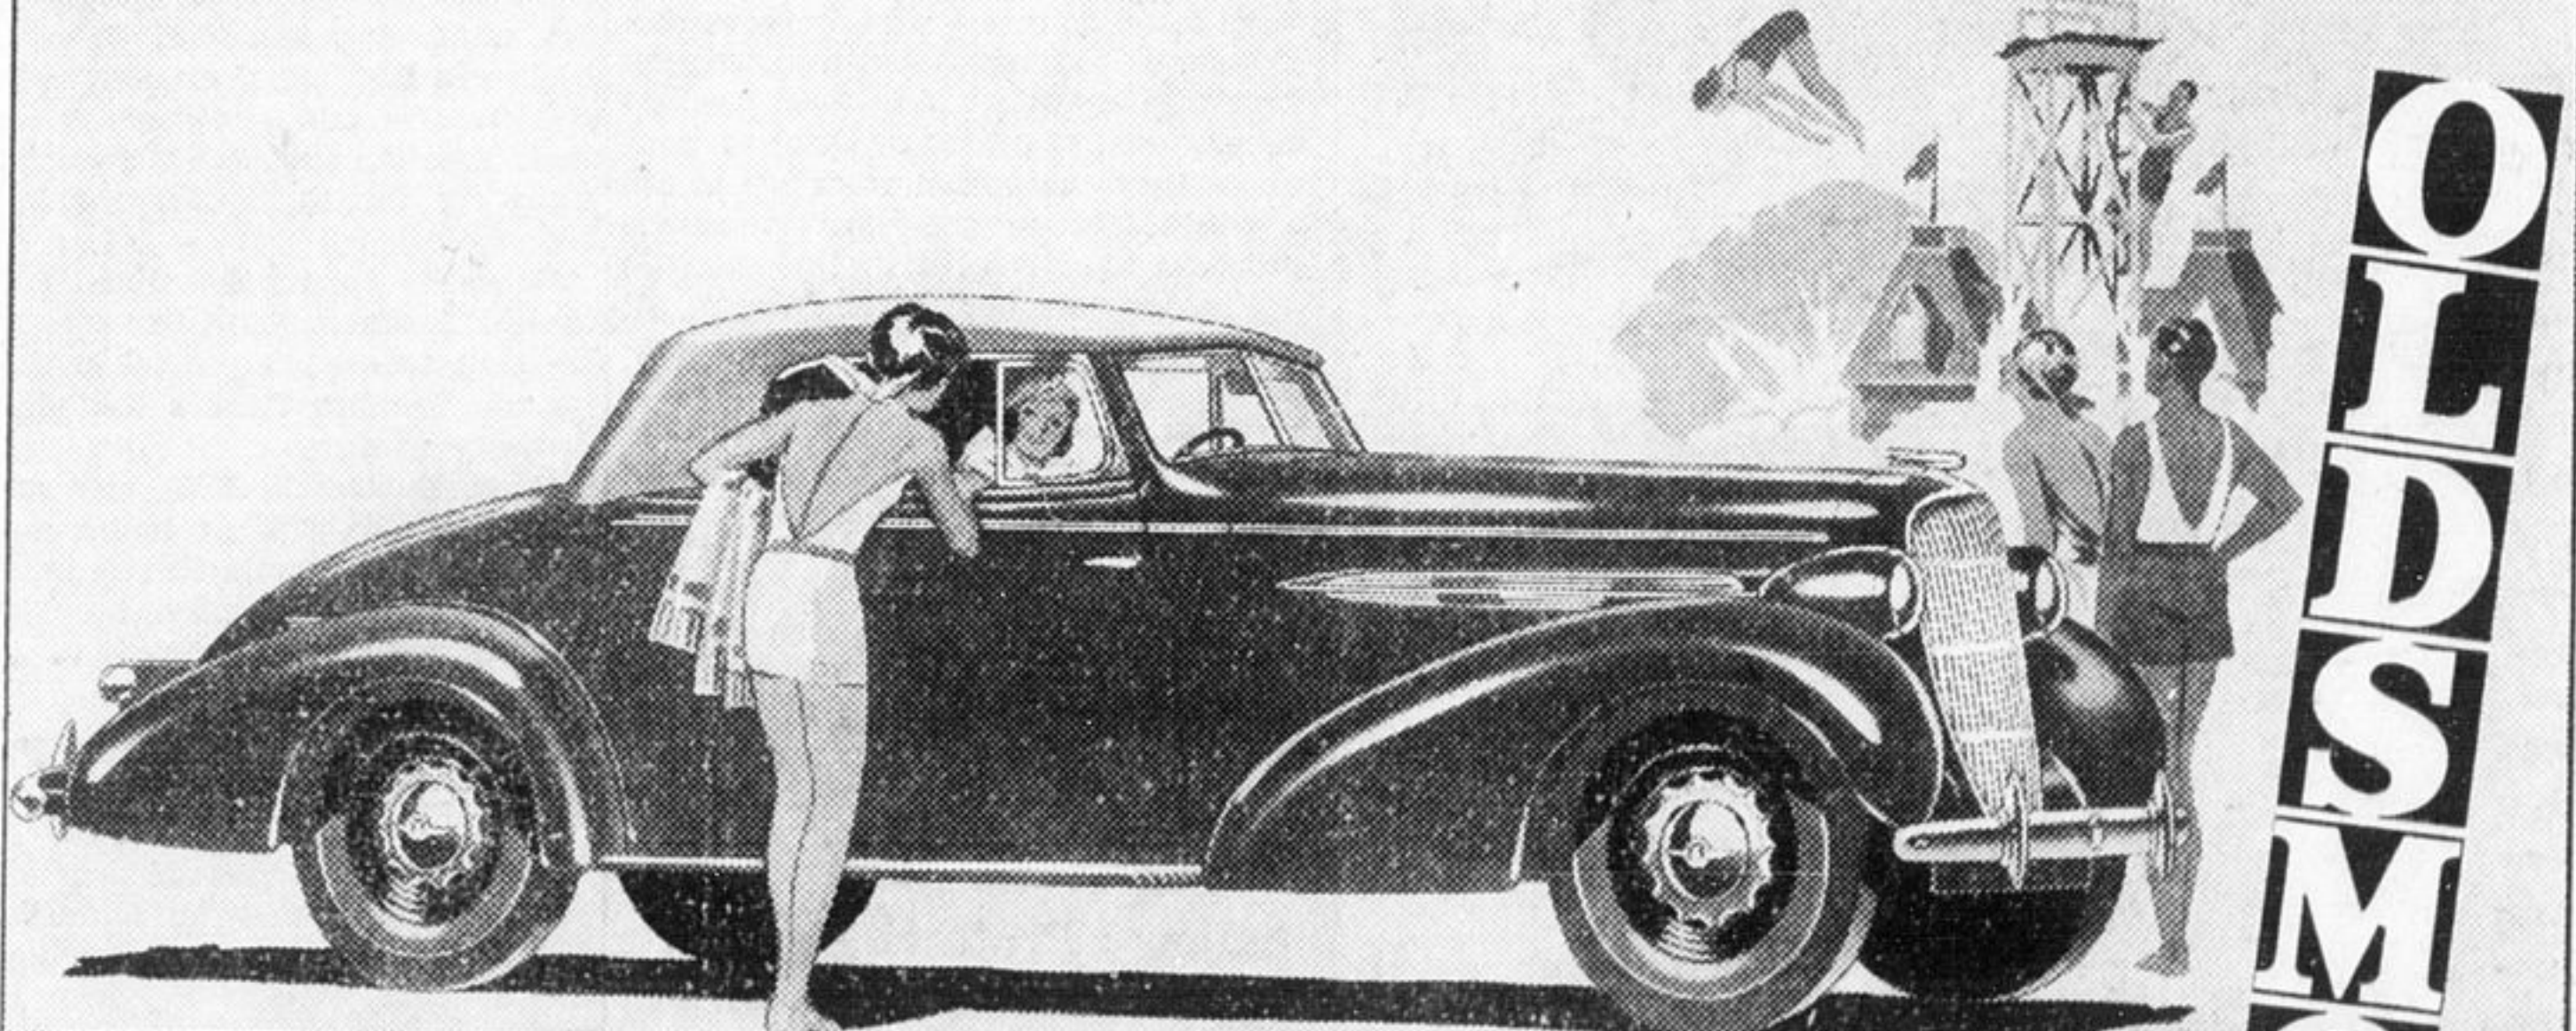

For sofa pillow covers, cross stitch the design along each side. A fascinating touch of novelty is given the work when filet net is basted where the pattern is to be cross stitched, and after the design has been completed and edged with buttonhole stitches to fill each outer mesh, the net is cut close to the buttonholing. This leaves the net as the background of the work through which the foundations of the pillow cover shows.

Bridge Prizes, Gifts, Etc.

Let me suggest that the articles given are handsome for Christmas gifts, bridge prizes, fairs, etc., as well as for one's own home. The time taken for the work is slight for the beauty of it, and it is fascinating to do.
