

## Expect Work to be Resumed on Roads

### 159 Reunion Committee Announces Programme

Interesting Events to Open the Old Home Week at North Bay. Drumhead Memorial Service on Sunday, August 4th. Veteran Band of 35 Pieces.

Word from North Bay shows that the programme for the overseas veterans in connection with the Old Home Week at North Bay is now complete. The 159th Reunion Committee has charge of the openings days of the Old Home Week and have a programme of special interest to returned men.

On Sunday, August 4th at 10.00 a.m. a church parade service is to be held at Memorial park, North Bay.

On Sunday afternoon at 3 p.m. there will be a drumhead memorial service in Lee park. The speaker for this occasion will be Rev. Capt. N. Clark Wallace. Arrangements are being made to broadcast this service over the northern network. Music will be supplied by the All-Veteran Band of 35 pieces. This band is recruited from all parts of the North Country. It is possible that there will be an open air concert given by this band in the evening. It is probable that this is the only band of its kind that has ever been organized. All members of this band served overseas, many of them with the 159th Batt., and many with other units from the North. Several from Timmins will be in this band, including F. J. Wolno, bandmaster of Timmins Band.

For Monday, August 5th, the programme is announced as follows.

8.45 to 9.45 a.m.—Bicycle races, 5 miles open. Boys under 16, sprints.

10 to 12 noon—Monster parade.

1 to 2.30 p.m.—Soccer game, Temagami Drags, North Bay, vs. Dominion Brewers, Kirkland Lake.

2.30 p.m.—Baseball tournament, Falconbridge, Petawawa, North Bay.

The famous Pigskin Peters will be in attendance.

3.15 p.m.—Sea Flea races.

6 p.m.—Banquet, 159th Batt., Masonic hall.

9 p.m.—Street dancing, wrestling matches, Sudbury Legion orchestra in attendance.

Six bands will be in attendance during the day.

All veterans are particularly invited to all the events on the opening days, except to the banquet which is for members of the 159th Batt. only.

D. B. LAWLEY WORKING AT PRESENT IN TWIN CITIES

D. B. Lawley, field secretary for the Canadian National Institute for the Blind, who has paid several visits to Timmins in recent years and has made wide circles of friends here, is at present in Rouyn and Noranda where he expects to put on a special campaign for funds, the event to be featured by a tag day on August 9th. Mr. Lawley has made friends in the Twin Cities, just as he did in Timmins and district, to judge by the comments in The Rouyn-Noranda Press. Mr. Lawley is expected in Timmins some time next month for the annual campaign here.

### Town Given Notice of Appeal by Hollinger

Income Assessment Appeal to be Taken Before Judge Caron at Cochrane. Date for Hearing Not Yet Set. Township of Tisdale Also Likely to be in Similar Case.

Hollinger will carry its appeal on income assessment by the town of Timmins to Judge Caron at Cochrane. It was learned this week as definite notice of that action was served on the town by the mine.

No date has been fixed by the district court judge for the hearing and there will probably be more than the ordinary delay owing to the fact that the township of Tisdale is understood to be going through the same procedure in regard to income assessment with the Dome mine as Timmins is with Hollinger. It is more than likely that the two cases will be heard at the same time.

The municipalities claim they are entitled to more income tax from the mines than they have been receiving, owing to a misreading of the mining tax act. Until now, municipalities have levied one and one-half per cent. on the mine's income up to \$2,333,333, then one per cent after that, a remainder in Hollinger's case of nearly \$1,866,666. Now, the municipalities claim that they are entitled to one and one-half per cent after that. Under the Timmins council's reading of the mining tax act, the town should get about \$25,000 more from Hollinger this year than they did last.

Should the municipalities' attitude be upheld by Judge Caron it will mean that hundreds of thousands of dollars more taxes will be collected by mining towns of the North than in the past. Dean Kester is representing Timmins in the case, while Hollinger has retained P. C. Finlay, of Toronto.

### MANY MOTOR ACCIDENTS ON THE FERGUSON HIGHWAY

There were many accidents reported on the Ferguson highway last week, motorists blaming most of the mishaps on the condition of the road. Loose gravel was blamed for several accidents. Fortunately few of the accidents resulted in injuries to persons, though considerable damage was done to cars. On the stretch of road between Temagami and Martin River (about 20 miles) there were no less than five accidents one day last week.

### New Senator

HON. GEORGE JONES  
New Brunswick

### Hope for Recovery of Yolande Fournier

Little Girl Hit by Car at McIntosh Springs Last Week Passed Good Night Last Night.

Eleven-year-old Yolande Fournier, who was seriously injured last Wednesday when struck by a motor car near McIntosh Springs, is reported this morning to have passed a good night. Her condition is still far from being good, but more hope is held out for her complete recovery as the days pass, and unless infection sets in, she is given a fair chance of becoming well.

An operation was performed late last week on the injured leg. All will be pleased to know that the girl has good chances for recovery now.

### Life Guard on Duty at Mattagami River

Oscar Robertson Appointed to Necessary Service of Protecting Life at the River Here.

Oscar Robertson was appointed life guard on the Mattagami river late last week by the chiefs of the fire department and police force. The action followed council's order of Wednesday that a man be obtained for the job.

A life preserver has been supplied to Mr. Robertson, and he has been busy for the past few days making a regular patrol of the more popular parts of the river. The council believes that at least one of the drownings in the Mattagami could have been prevented this year had there been proper protection before now.

Mr. Robertson is a strong swimmer, knows the river's treacherous currents well, and has practised the business of life-saving for many years.

Instructions given by him to swimmers as to safety precautions should be observed by all those who make use of the river for bathing or boating.

Mr. Robertson does duty on the town side of the Mattagami and at the beach on the other side, but his patrol does not include the pavilion dock, which is used as a swimmer's own risk.

Miss Margaret Morrison is spending the summer in Muskoka.

### New Senator

HON. E. N. RHODES  
Nova Scotia

### New Constable Added to Timmins Police Force

Last week Leon Potvin was added to the Timmins police force in place of Constable Meranger, resigned. Constable Potvin, who came originally from Ottawa, has been resident in Timmins for some time. He has had former police experience on the Morrow and Beatty Co. staff. He is a married man with five children.

### A. Disano Dies as Result of Blasting Accident

Well-Known and Popular Resident of Timmins Since 1912 Passes on. Funeral on Sunday Largely Attended. Many Floral and Other Tributes.

Antonio Disano, aged 40, was killed in a blasting accident at the McIntyre mine on Friday afternoon at about three o'clock. His helper, F. Shura, 32, the only other man in the stope at the time, escaped with minor injuries.

The exact cause of the accident is as yet unknown and will probably not be clear until after the inquest. No date has been set yet for the inquiry required by law. It appears, however, that Antonio had shot at least a few holes successfully and had nearly completed his job, when in some manner or other, the two came too close to a hole when a charge exploded. A piece of rock caught Disano on the head, inflicting rather terrible injuries.

Prompt action of the helper in sounding an alarm and of the underground officials in getting the injured man to surface within a very short time of the blast, made it possible for expert medical attention to be given at St. Mary's hospital, but Disano died shortly after having been admitted.

The late Antonio Disano was born in Italy and came to Canada in April of 1907. In 1911 he worked for Leo Mascioli at Cobalt. In 1912 he came to Timmins and was employed for a dozen years at the Hollinger. From 1924 to the day of his death he was an em-

ployee of the McIntyre Mine. He was highly regarded by all who knew him. He is survived by his widow and a little girl a year old, and to these the sympathy of all will be extended. The family live at 170 Birch street, south.

The funeral took place on Sunday afternoon from the Church of the Nativity, Timmins, and was very largely attended. There were many beautiful floral tributes, including flowers from: McIntyre Porcupine Mines, the Disano family, John Disano, Joseph Disano (Sault Ste. Marie), Aunt Rose and Uncle Howard (Sault), Julia Disano (Sault), Angela DeLuca, Mr. and Mrs. Tony DeLuca, Mr. and Mrs. F. D. Rocco, Peter Sicoli and family (South Porcupine), Mr. and Mrs. John Martignago, G. Berlingieri and family, Vincenzo Spada, S. R. Ripetti, Tony and Elena DeLuca, Tony Di Berardini and brother (South Porcupine), George Fussell and family (Sault Ste. Marie), Mr. Ontonello and Mr. Spada, John Purifacchi, T. Salvatore, Mr. and Mrs. R. Abraham, Mr. and Mrs. Luizziere Colocoe, Giuseppe Valsi, Giuseppe Russti, Eugene Giallardo, Victor Dittulo.

Telegrams of condolence were also received from Joseph Disano and family and Julia Disano, both of Sault Ste. Marie.

### Four Charged with Reckless Driving

Also One Man Facing Charge of Being Drunk in Charge of a Car. Other Court Cases.

There are four charges of reckless driving for this week's court. Douglas McDonald, of Cochrane, was arrested last night after running over a silent policeman. His excuse was that he was too tired to drive carefully. It was found that his car had no brakes working. J. Nora's truck was found without proper brakes and the driver without permit. Both cars are being held until the brakes are fixed. W. Reid backed from a garage into another car. He had no permit to drive. E. Pearson failed to stop at intersections and was without tail light or permit. Felix Tanquay was arrested early this morning after a narrow escape from an accident. He said his last drink had been at 9 o'clock Saturday, but the police must think it powerful liquor as they charged him with being drunk in charge of a car. In addition to these cases and others mentioned elsewhere in this issue there are several remands from last week's court, as well as the usual run of drunks, etc.

### Child Succumbs to Burns Received Ten Days Ago

Following severe burns, received about ten days ago, Lydia, 1 year and 10 months old daughter of Mr. and Mrs. Eugene Taylor, died on Thursday. The funeral service was from the Church of the Nativity on Saturday.

Though everything possible was done to save the baby's life, it proved an impossible task, as the burns had covered too large a portion of the body.

### Harvey Waterhouse Died on Saturday, July 27th

Harvey Waterhouse, aged 41, of 11 River Drive, died at his home on Saturday after a short illness. He leaves a wife and family to mourn him. Mr. Waterhouse came to Timmins from Toronto some time ago.

The funeral service was held yesterday morning at nine o'clock, Rev. Bruce Millar of the United Church officiating.

### Number of Arrests as Result of Police Raid

Three Women and Two Chinamen Facing Charges in Connection with Prince of Wales Hotel. Manager Charged with Keeping Disorderly House.

At about 4.25 on Sunday morning, Chief Paul, Deputy Chief Salley, and Constables Olson, Culhane, Downey, Munro and DesRoches, armed with the necessary warrants, made a raid on the Prince of Wales hotel as a result of adverse reports on the conduct of the place. The police found it necessary to break a number of doors to gain speedy access to the premises. As a result of the raid five arrests were made. W. S. Hong, as manager faces a charge of keeping a disorderly house. Another Chinaman, found under the bed in a girl's room is charged with being "found in." Irene Kaffard is charged with being an inmate of a disorderly house. Myrtle Forbes and Muriel Langstreet were the other two arrested being charged as "found ins." Early Monday morning Hong was released on \$300 cash bail. The five charged will come before Magistrate Tucker at police court to-morrow.

In the raid the police seized an unusually large quantity of articles such as are usually associated with disorderly houses. The Chinaman found under the bed in the girl's room while the girl herself was downstairs had the further distinction of being a one-legged Chinaman, having at some time suffered the amputation of one leg.

### Overheated Gasket on Car Caused Fire Call To-day

Early this morning a fire alarm from the corner of Spruce street and Third avenue proved to be for the smoking engine of a car. A gasket had become overheated but no damage was done.

Thursday evening at 8.10 a chimney fire at 24 Commercial avenue gave the department a run. There was no damage.

During the absence of Chief Alex Borland on holidays, Deputy-Chief Wm. Stanley is doing day duty while Capt. Jas. Morton is looking after the night trick at the fire hall.

### Had Narrow Escape from Outboard Boat

Charge of Endangering Life Follows Incident on the River on Friday Last.

The driver of an outboard motor boat will appear in police court to-morrow to answer a charge of endangering public life, following the laying of an information by A. C. Brown, Timmins lawyer.

Mr. Brown says that while he was swimming near the pavilion dock late Friday afternoon, he noticed a heavy canoe, powered by an outboard motor, bearing down on him at a considerable speed. He shouted, but the boatman, a young chap, apparently did not hear, for he held an unerring course straight for Mr. Brown's head. Had he not been a swift swimmer, it is believed by those on the dock who saw the whole affair, an accident, perhaps fatal, would have occurred.

Mr. Brown tried to locate the young fellow, but was successful only in obtaining his name. He laid the information immediately, since he believes that motorboats on that particular section of the Mattagami are far too carelessly handled for the safety of the many swimmers. Those who frequent the river these days say that Mr. Brown is doing a decided public service in taking action to protect swimmers.

Crown Attorney S. A. Caldwell will press the charge, it is understood.

### Dave Komonen to Enter Race Aug. 5

Frank Chalmers, formerly of Winnipeg to Run Against Champion at McIntyre Field Day.

Dave Komonen, marathon runner of Sudbury, whose fame is continent-wide, has accepted an invitation to appear at the big McIntyre field day on civic holiday, August 5th, in a race against Frank Chalmers, now of McIntyre but formerly of Winnipeg.

The meet gets under way at one o'clock and is expected to attract a large number of entries from all over the district. Among the Queen's and Varsity students at present employed in the mines, are a number of track and field men who are welcoming the opportunity of getting into shape. Murray Griffin, intercollegiate shot put champion, has entered the shot put and discus throw.

Miller of South Porcupine, and Doug Brown, Lloyd Chisholm, Fred Jaakkola and Aarvo Wuori of the Achilles Club here are expected to take part.

McIntyre park will be in the best of condition for the meet and altogether the meet is expected to be one of the finest that has been held in the district. Every event should be keenly contested.

It is the only big civic holiday event in the district and should attract a big crowd.

### TIMMINS YOUNG LADY GIVEN ABSOLUTE DECREE OF DIVORCE

Word received last week by the acting crown attorney at Halleybury, E. Pearlman, is to the effect that an absolute decree of divorce has been granted to the former Miss Violet Asseltine, of Cobalt, from her former husband, George Oros, of Schenectady, N.Y. The action was heard in the latter city in April and an interlocutory decree was granted at the time, the decree being made absolute on July 15th. For the past few months Miss Asseltine has been residing in Timmins.

### Promise Road Work and New Bridges for District

Case for the Timmins District Well Presented by Local Men and Programme Laid Out Earlier in the Year to be Proceeded with.

### GIRL GUIDES CAMPING AT KENOGAMI FOR TWO WEEKS

Girl Guides from Timmins, South Porcupine and other centres in this part of the North left on Friday last for a two weeks' camp at Kenogami Lake.

### New Senator

HON. ARTHUR SAUVE  
Quebec

Appropriations will be made in the near future for road work in this section of the North. The Advance learned late last week on reliable authority. Following a visit to Toronto of local Liberal officials, who laid the case for the Timmins district before the premier and the minister of lands and forests, it has been promised that the programme laid out earlier in the year will be at least partially completed.

Bridges will be replaced in all places where absolutely necessary. The highway bridge at Connaught is said to be one of those included in the new programme, which should be announced within a few days.

Maintenance on the Ferguson highway and its connecting links to the Porcupine is also provided for, it is understood.

Material for the new bridges is already on hand at Matheson, headquarters for the district, since enough timber was ordered to replace 14 bridges considered unsafe for heavy traffic.

Announcement as to when the work will commence will be made from Toronto.

### OPEN FORUM CONTINUED AT KIWANIS CLUB HERE

There was no special speaker at the Kiwanis Club at noon to-day, the open forum idea being continued as at the last meeting, and a number of suggestions being made by members of the club for the advantage of the community and other work carried on by the Kiwanis.

### Summer Frolic by Lions Proves Happy Success

Large Attendance, Attractive Programme, Good Music, Fine Dance Floor, Excellent Dancing Specialties. In Addition the Event Friday was Financial Success.

A perfect evening for dancing in the well-aired Riverside Pavilion, good music, a fine floor show that kept entertainment going strong all evening without a break, and a gay crowd, made the Lions club dance on Friday evening one of the most successful social successes of the summer in Timmins.

Financially the Lions did well too and the funds raised will go a long way toward helping the public service campaign which has as its object the applying of glasses to needy school age children of Timmins who are hampered in their work through poor eyesight.

### Dancers Make Evening Hit

Margaret Easton and Paddy Quinn, dancers, did the hit number of the floor show. A graceful modern waltz opened their offering, to be followed by a fine portrayal of "La Cucaracha." The duo were called back to show the latter modern dance again and even then the crowd wanted more. The dancing of these two artists was decidedly and deservedly popular.

Fred Wolno and his German band tried to horn in at the beginning of the dance programme, and a real battle of music ensued. The dance orchestra won in the end, and the discordant horn tooters were forced to retreat.

The athletic number of the programme brought a new champion to light. Streaking around the dance floor at breakneck speed, taking the corners on two wheels and generally putting it completely over on those who attempted to win by entirely unethical methods, S. G. Fowler romped home first in the kiddie car race. Joe McGraw came in second, and Wm. McDermott made a good third. Mr. Fowler undoubtedly has the technique of kiddie car racing down to a science.

The Gauthier sisters sang two numbers in close harmony early in the evening, in their usual fine manner.

### Russian Folk Songs

Mrs. B. Berlin of Toronto, who is the guest in Timmins of her brother-in-law, Barney Sky, sang a group of Russian folk songs that brought much applause from the audience. The expression she injected into the quick-tempoed songs was a real delight.

Gwyn Kinsey, pianist, played "Rachmaninoff's Prelude" during one of the intervals, and Miss Blanche Dufresne, torch singer, had an appreciative audience for her two selections.

Dr. Jos. Kelly and W. Wren introduced the artists and handled the programme in fine style. There was little delay during the whole evening.

Cold drinks and light refreshments, served in the basement of the pavilion, were popular attractions, as was the wheel of fortune during the earlier part of the dance.

Ice cream, sandwiches and cake, un-

touching at the "Summer Frolic", were sent to the children at the shelter Saturday morning.

### Weatherman Says Weather to be Fine for Some Days

It will continue fine and warm, said the weatherman this morning, for the next few days at least. There may be showers toward Thursday. Sunday night set a new low mark in temperature for the month, when the mercury dropped to 41. It is expected that nights this week will be warmer than last.

Between Saturday evening and Sunday morning, .48 inches of rain fell. Accompanied by a northwest wind, it served to cool the air considerably. Yesterday it cleared up about 10 a.m. and by noon the weather was fine.

Temperatures have been: Thursday, max. 75, min. 49; Friday, max. 84, min. 47; Saturday, max. 82, min. 58. Sunday, max. 72, min. 41; last night's minimum, 52; this morning at eight o'clock, 60.

### Tied up Traffic on Highway Last Week

Cobalt Young Man Finally Found in Ditch and will Face Charge of Being Drunk.

Alleged to have run into four automobiles in a short distance just north of Cobalt last Thursday night, Cecil Peters, Cobalt youth, is held provincial police, on counts of being in charge of a car while intoxicated and of falling to return to the scene of an accident. He will appear before Judge Hartman in Halleybury. Mrs. Cote, riding in the front seat of the coupe Peters was driving, sustained severe cuts about her nose and after receiving first aid treatment from Donald Russell and William Smith, returning from the Smith-Cobalt mine, was taken to the municipal hospital; here, later being discharged.

Police say that Peters was overtaken on the main road a half mile north of Mileage 104, where the collisions are said to have occurred. He had travelled that distance, it is alleged, with one wheel running on its rim. The accidents occurred about 10 o'clock and for a time the traffic on the Ferguson highway was tied up. Among the cars struck by Peters, was that of Mayor Wainwright, of Cobalt, who came on to town, and locating Provincial Constables Clarke and Harper, the traffic officers on road patrol, notified them of the affair. They started out at once and found Peters in the ditch near the Silverland cemetery. Some of the cars sustained damage.
