

## Timmins has Two Best Gardens in Ontario

### Over 900 Entries at the Horticultural Show Here

Event Monday and Tuesday. Remarkable Display for the North. Arrangement of Exhibits Specially Good. Event Featured by Music and Scottish Dancing. Judge from Toronto Enthusiastic in Praise of Show.

In the number and quality of exhibits—in the excellence of the arrangement and display of the flowers and vegetables—in the attendance at the event and the general interest roused—and in the several special features of the occasion—the eleventh annual exhibition of flowers and vegetables held at the Timmins curling rink on Monday and Tuesday of this week under the auspices of the Timmins Horticultural Society was an outstanding and notable success and a credit to all concerned.

**Large Number of Entries**  
There were over 900 entries in the several classes at the show this year and the quality in general equalled the quantity. There was a display of flowers that would do credit to any southern centre, while the showing of house plants deserves special note. The display of house plants by St. Mary's hospital was especially attractive. The fancy baskets of flowers won very special notice, the entry by Mrs. Walter Rigg causing much pleased comment. The display of vegetables was outstanding. The cucumbers shown were the largest ever grown in the North and many think they were the largest ever grown anywhere. Entries in this line by Messrs. W. Irving and A. Proulx were specially noted. There was special attention given to the good display of ripe tomatoes, especially the perfect specimens from the garden of Geo. Corless. The displays of collections of vegetables was particularly good. Special attention was also attracted to the cleverly-made bird houses in the juvenile class.

The large and outstanding display of flowers, plants and vegetables by the Northern Flowers of Porcupine, with Mr. Noble in charge, was a special feature of the show.

**Notable Display of Flowers**  
A notable display of flowers by Mrs. J. Knox was another very pleasing part of the exhibits. These flowers were not in competition but they added to the effectiveness of the show and also gave much pleasure to all. The Timmins Horticultural Society awarded this display the Ontario Horticultural Society ribbon.

It would be impossible to refer to every item in connection with the show, but it is not too much to say that all were worthy of special note. It was no doubt the finest exhibition of flowers and vegetables shown in the North, and likely one of the finest in Ontario this year. This was the opinion of F. Haywood, of Toronto, provincial judge. Mr. Haywood also said that the gardens of W. Irving and Mrs. Laakso were the two most outstanding gardens he had seen this year in Ontario, not excepting Toronto.

A full list of the prize winners will be found in another part of this issue. Elsewhere, also, will be found the winners in the garden competition under the auspices of the society.

The arrangement of the tables and displays this year was just about perfect and added much to the effectiveness of the show. This undoubtedly meant much work and effort but from the point of effectiveness it was worth it.

#### Many Special Features

There were many special features of this year's show that added much to the pleasure of the large crowds enjoying the event. On Monday evening the show was formally declared open by Mayor R. Richardson in a brief but happy speech. Addresses were also given by the Judge, F. Haywood, of Toronto, and the secretary of the Timmins Horticultural Society, Geo. Hogg. Special mention is deserved by the Timmins Citizens' Band and their bandmaster, F. J. Wolno, for the notable programme of remarkably fine music given on Monday evening. The quality of the music was equal to the generosity in the number of selections given. The music was certainly a pleasing feature of Monday evening's event.

Tuesday evening the beauty of music was added to the beauty of the flowers. The Porcupine District Pipe Band provided an excellent programme of music for the second night. The pipers and drummers in their handsome costumes were popular. Another touch of special beauty and charm on Tuesday evening was the Highland dancing by a group of young pupils of the Margaret Easton School of Dancing. These gifted and well-trained lassies danced in costume to the accompaniment of the Porcupine District Pipe Band, and made a very decided hit with the crowd. The dancers were: Elsie Yates, Marguerite Mackenzie, Mary MacLean, Elizabeth Curtis, Jessie Scullion and K. MacMillan.

For the outstanding success of the horticultural show this year, due credit should be given to the officers, executive and members of the Timmins

Horticultural Society. Perhaps a special word of commendation should go to the secretary for his good work and its results. The society in general, however, deserves full praise for the success attained, and the credit that is reflected on the community by an event as outstanding as the show this year.

### Only Nine Deaths in Timmins in August

Monthly Average is Twenty per month, but August Sets New Low Record for Month.

August brought fewer deaths in Timmins than any other month of the year. While the average is about 20 deaths per month, the total for August was nine. Despite the intense heat of a few weeks, not a single death was attributed to that cause.

A number of deaths each month are those of infants; otherwise Timmins death rate may be considered as extraordinarily low.

### A. C. Brown's Car Badly Damaged Monday Night

While travelling out to South Porcupine on Monday evening, the car driven by A. C. Brown, local lawyer, was forced against a rock by a large truck. The car turned a complete somersault and was badly damaged, though both occupants escaped without serious injury. Mr. Brown expects to be able to return to his office within a day or so.

The truck did not stop, according to Mr. Brown, but drove right on, apparently not noticing the damage it had caused.

### Over 4500 Pupils at the Schools in Town

School Supplies Proved to be "Big Business" in Timmins This Week as Schools Re-open.

Accurate attendance figures are not yet available for Timmins schools' opening, yet the total number of boys and girls in public, separate and high schools this year will probably be about 4500.

The whole forty-five hundred did not return to school on the same day, but to the teachers in whose charge they found themselves, the number seemed more like forty-five thousand. All pepped up by the long two months of hard play, the students were willing enough to return to their studies and all the other activities that go along with modern school life.

Book stores and drug stores were besieged with children from late Tuesday morning as they bought thousands upon thousands of scribblers, text books, paint sets, rulers, pencils and pens. Business boomed suddenly, as extra clerks did their level best to keep up with the demand for school supplies.

On the first day, none of the schools did much work, but on Wednesday, most of the classes settled down to the steady routine that will be unbroken until the Christmas holidays.

Mothers and fathers, harassed throughout the summer vacation by worries over what the overspring would be up to next, breathed heartfelt sighs of relief as the kiddies trooped off to school again, where, during at least six hours of the day, they are out of mischief's way.

### New High Production at the Buffalo Ankerite

Production at Buffalo Ankerite Gold Mines reached a new peak for the month of August, according to a report this morning, when 14,370 tons of ore milled netted the company \$92,000.

### Guests for the Week-end at James Bay Inn, Moosonee

Guests at the James Bay Inn, Moosonee, last week-end were: Mr. and Mrs. J. D. Mackey, Cochrane; Mrs. A. Michie and Mr. and Mrs. F. S. Seaborne, Kapuskasing; Ray Miller, Kent, Ohio; Walter M. Fuchs and Albert T. Fuchs, Detroit, Michigan; Miss Regina Flannery, Washington, D.C.; John Palmquist, Fort George; R. Thompson, Moose Factory.

### General Meeting of Legion Here Monday

Opening Session of Timmins Branch has Many Important Items of Business.

Timmins branch No. 88, Canadian Legion opens its fall season with a general meeting to be held in the Legion club rooms on Monday evening next, Sept. 9th, commencing at 8 p.m.

There are a number of special items of business and there should be a good attendance. All members of the Legion are specially invited to the meeting so that the opening meeting of the season may be noteworthy for the large attendance and the interest shown. Among the items of business on the programme for the evening are the following: Delegates' report on the provincial convention; initiation of new members; general business and welfare of the Legion.

### Only Two Minor Calls for Brigade This Week

Two minor alarms on Tuesday gave the fire department its only work of the week. A chimney fire at 173 Spruce street south at nine o'clock did no damage.

During the evening there was a call to the foot of Birch street for brush fire.

## Wants Both Routes for Trans-Canada Highway

Hon. Peter Heenan at Luncheon in His Honour Says North Will Not be Satisfied with Only One Route. Admits Needs of North and Asks Co-operation of All.

### Council Again May Consider Bailiffs

Special Meeting This Evening. Council Still Asking for Power to Issue Bonds.

A special meeting of the town council has been called for this evening when a number of important matters will come up for discussion, among which is the collection of taxes by the bailiffs, under way now for some weeks. It is understood that the result of the action has been satisfactory, but the council will go into the question fully to-night.

The Ontario Municipal Board is still being asked to grant permission for the issuing of \$50,000 in bonds to pay for paving work. Though it is too late this year, it is hoped that the board will allow the town to proceed with the work next spring.

At the luncheon given to Hon. Peter Heenan, Minister of Lands and Forests and Northern Development, at the Empire hotel, Timmins, on Thursday last, through the kindness of Leo Mascioli, there were several outstanding features. One of these was Hon. Mr. Heenan's challenge to the Dominion Government to pay half the cost of building both routes, the Lake Shore route, and the route from Hearst to meet the Lake Shore route. The North, he said, would not be satisfied with less. Another highlight was Hon. Mr. Heenan's commendation of the waste of money through work being done with inadequately-paid relief labour, his idea being that the work would be cheaper and better under contracts. Still another was the guest's plea for less politics and more co-operation. On the other hand the guest of the day heard some plain talking in reference to the bad condition of Northern roads, the need for more roads, and also a word of caution against undue hampering of the mining industry by burdensome taxation that forced the leaving of much ore in the ground.

C. V. Gallagher, reeve of Tisdale township, occupied the chair in his usual effective way, and his witty comments during the event added to its interest and value. Music for the occasion was supplied by Gene Colombo on the violin and W. H. Wilson at the piano. In addition to the guest of honour, Hon. Peter Heenan, there were about thirty guests present, those including:—Mayor Richardson, Rev. Fr. Theriault, Councillor J. E. H. Chateauvert, J. Knox, Dean Kester, Reg. Smith, S. C. Platus, D. E. Keeley, J. P. Burke, Councillor J. P. Bartieman, Councillor J. Morrison, Leo Mascioli, J. P. Lurke; D. Ostrosser, president Timmins Liberal Association; Jos. Gallagher, S. Kennedy, Dr. McDonald, South Porcupine; Dan Johnson, president Temiskaming North Liberal Association; J. R. Todd, D. Kerr, Schumacher; J. A. Hough, D. Critchley, Matheson.

The luncheon was worthy of special note for its excellence and won general appreciation for Leo Mascioli and the Empire hotel. The luncheon was served in the ladies' beverage room, specially arranged for the occasion.

After the luncheon had been enjoyed there were a number of very interesting addresses, in addition to that by the guest of the day. Among those speaking briefly but effectively were:—Mayor R. Richardson, Councillor Chateauvert, Dayton Ostrosser, D. E. Keeley, Leo Mascioli, Dean Kester, J. R. Todd, Dan Johnson, Sylvester Kennedy, G. A. MacDonald, John Knox.

Dean Kester spoke of the trip made by Hon. Mr. Heenan by motor and the fact that it would give him inside knowledge of the condition of the roads. He understood that Hon. Mr. Heenan was going to use an airship to leave the camp and humorously hoped that this was not due to the condition of the roads.

J. R. Todd spoke briefly about the James Bay country and said he could talk enthusiastically on this theme for hours as the subject was a worthy one. Hon. Peter Heenan after a jocular opening said he felt he knew something of the North having lived in this part of Ontario for 33 years. He spoke of the mining activities in the Patricia district and then turned to the relief work on public projects in that area. The camps were under the National Defence Dept., and he thought they knew little about the work. He thought there had been great waste. Speaking of one place where attempt had been made to cut down some pulpwood, he said, amid laughter that the pulp was growing behind them faster than it was being cut down before. He thought the proper plan was to give work of this sort to men who knew their business, pay fair wages for the work, and thus benefit all. Speaking of the lumbering industry he pointed out that the investments of millions had to be considered, and he had followed the plan of negotiating rather than attempting to change everything overnight. Hon. Mr. Heenan referred to the way the paper companies and power companies worked together, not always in the public interests. Some companies, he said, had larger tracts of timber than required and they had agreed to a re-allotting in the interests of the people and the industry. He paid his respects to The Mail and Empire for its attitude on the lifting of the pulpwood embargo. "They let their select friends export; we are giving everybody a chance," he said.

Speaking on the road problem, Hon. Mr. Heenan said that the matter of building roads had been overdone in Ontario, and also that too many of the roads were built for reasons of politics than for real need. He referred to the "crookedness" of the Ferguson highway, but promised that it would be straightened out eventually in all men's interests.

### Kiwanis Officials Touring Canada

International officers of the Kiwanis club are trailing east across Canada after attending the service club's district convention in Vancouver. Photo shows Harper Gatton (LEFT) of Madisonville, Kentucky, international president, and Mr. Fred C. W. Parker, Chicago, international secretary.

## Archbishop Roumanian Church to Visit Timmins

His Grace Archbishop Policarp of the Roumanian Orthodox Church in Canada and the United States, to Dedicate St. Mary's Church, Timmins. Interesting and Impressive Ceremonies This Week-end.

His Grace the Lord Archbishop Policarp, Archbishop of the Roumanian Orthodox Church in Canada and the United States, will visit Timmins during the coming week-end for the formal opening of St. Mary's Roumanian Orthodox Church recently built at the corner of Maple street and Eighth avenue. The distinguished visitor will reach Timmins at 4:45 to-morrow (Friday) afternoon and will be met on his arrival at the station here by His Worship Mayor R. Richardson, Rev. John Pascari, priest of St. Mary's Roumanian Orthodox Church, Timmins, and other prominent citizens of the town, who will welcome the archbishop to Timmins on this, his first visit to the North. There will be a group of boys on horseback and in their national Roumanian costumes, and a group of girls in Roumanian attire, also at the station to welcome the distinguished visitor. These, with members of the church and others will form a procession, with cars conveying many in addition to the pedestrians, to escort the archbishop from the station to St. Mary's Church.

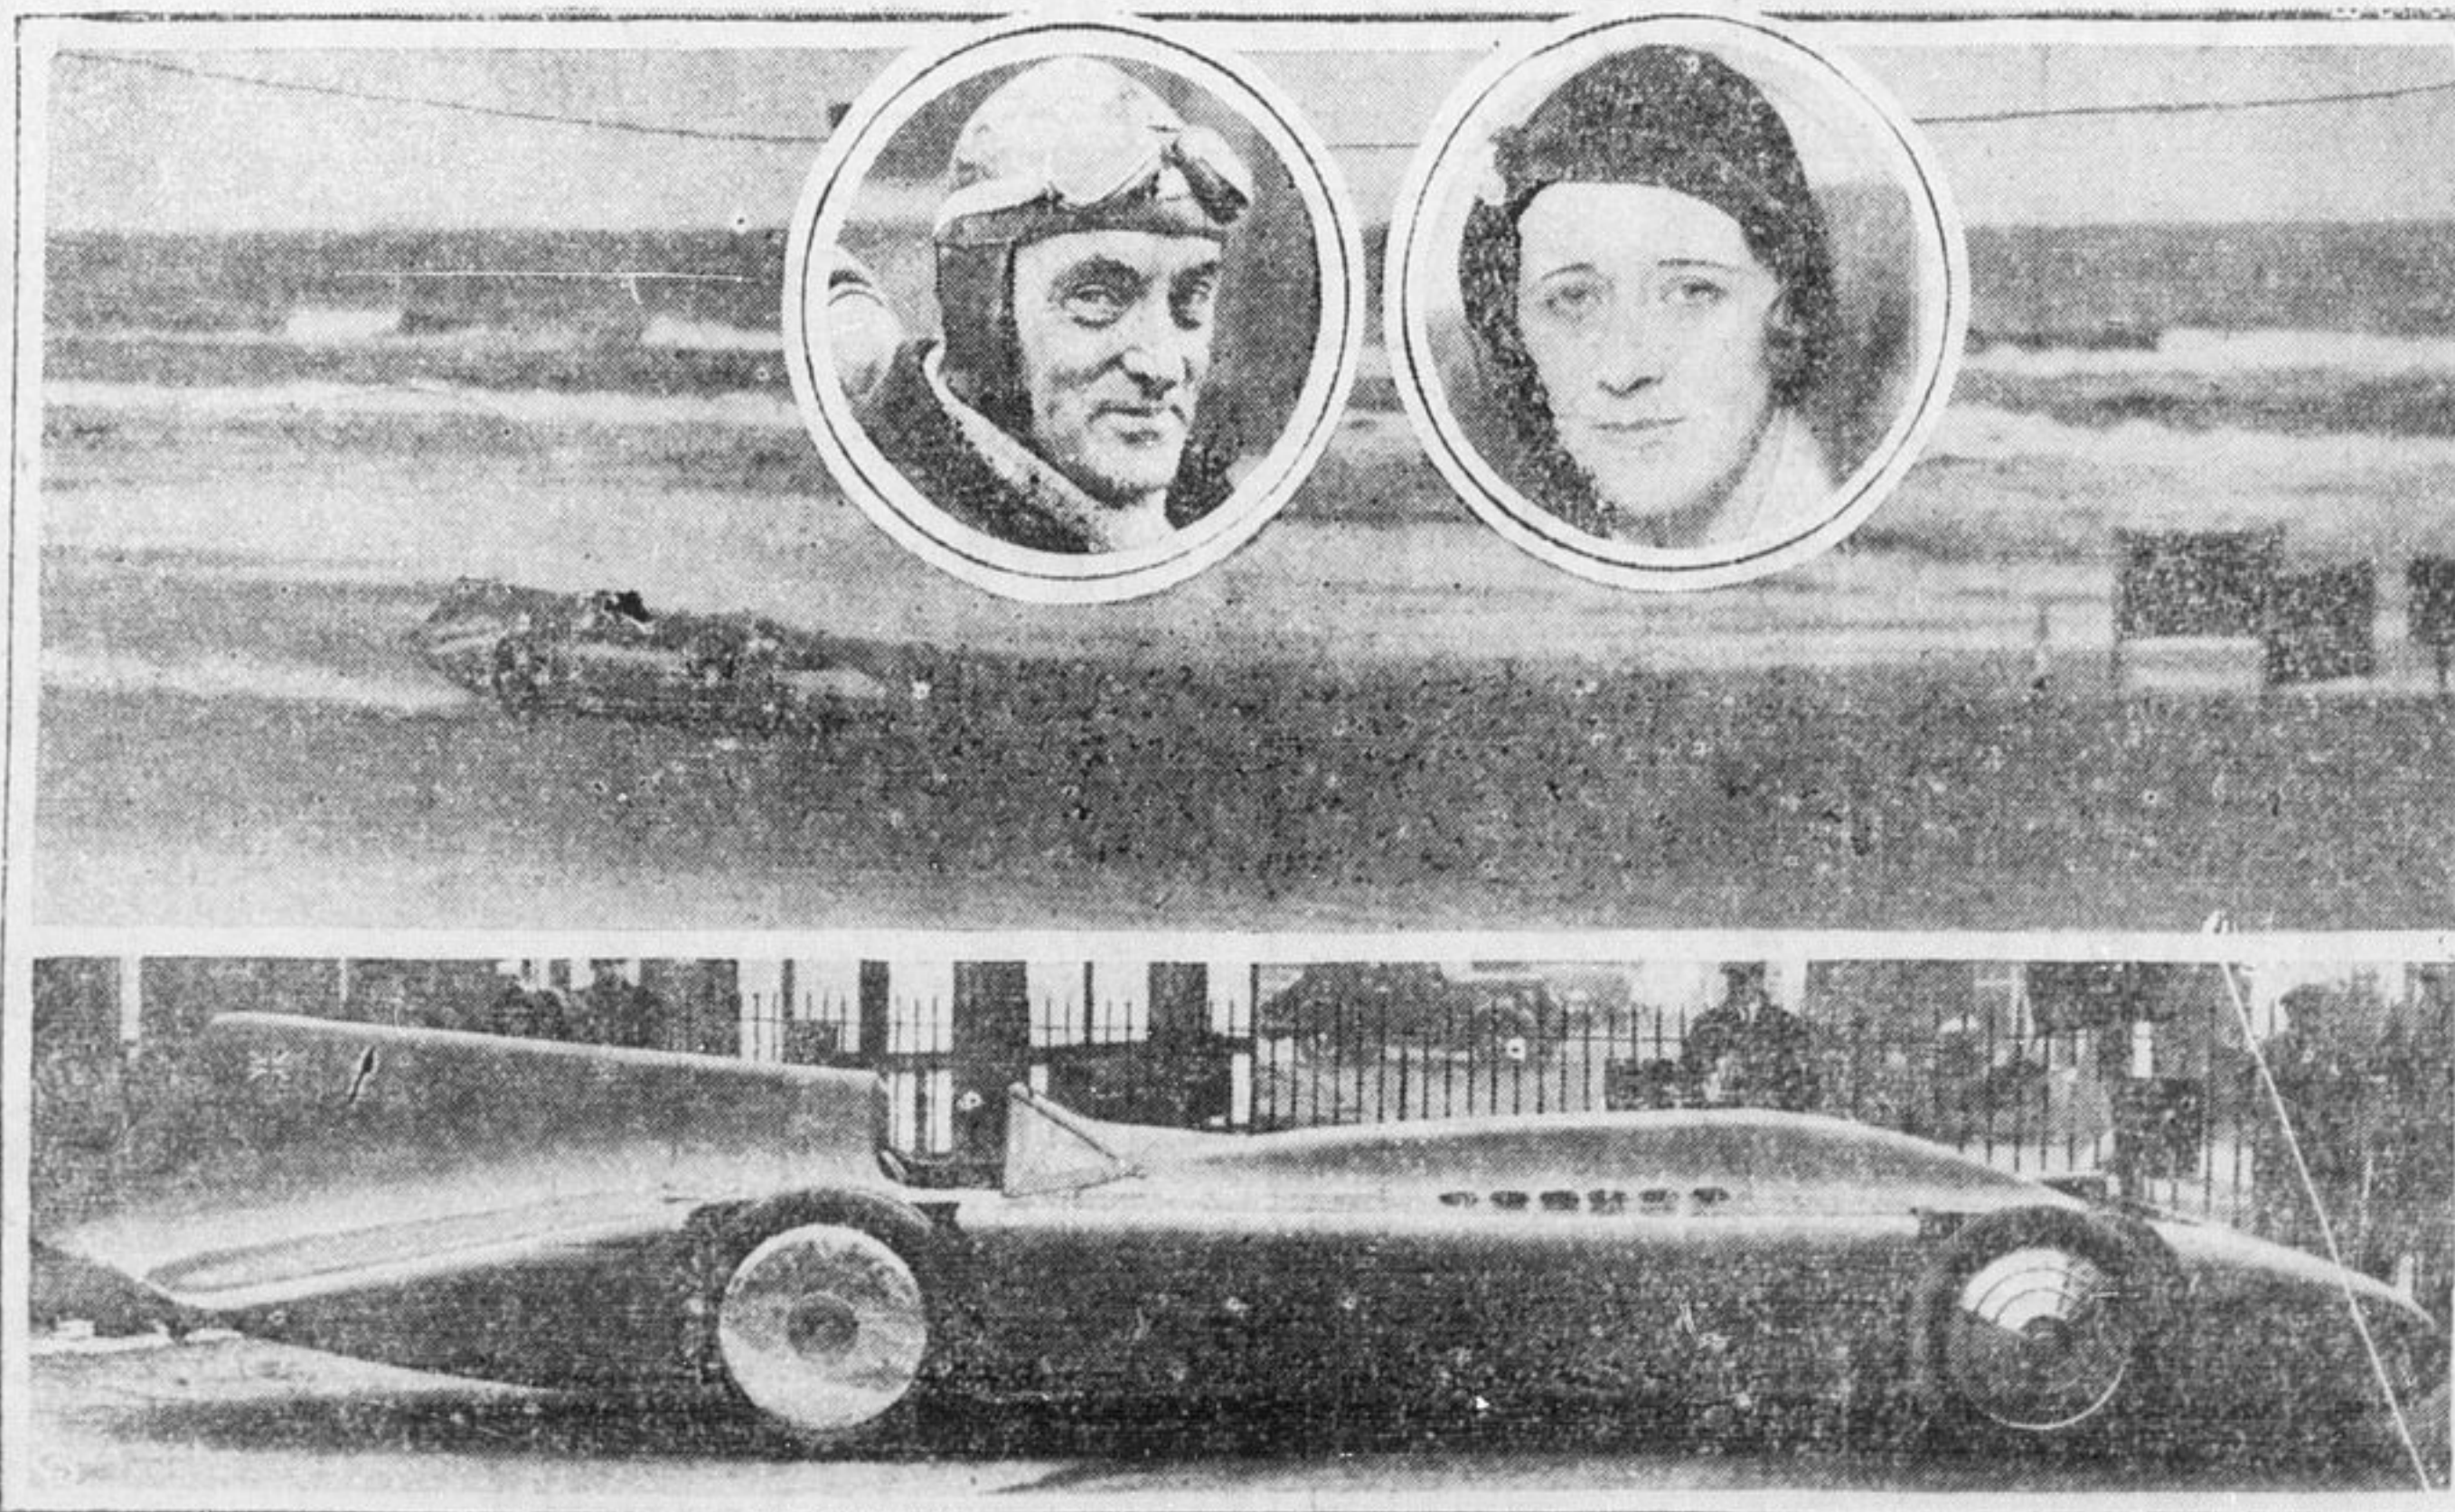

On Sunday, Sept. 8th, at 10 a.m., the archbishop, assisted by three priests of the church in Canada, will conduct a dedicatory mass at the church. After the holy services the church will be blessed by the archbishop and consecrated for the services of the Roumanian Orthodox faith.

Sunday afternoon at 2 o'clock a procession will be formed at the church and with the Timmins Citizens' Band at the head will march to the Hollinger Recreation hall where a banquet will be tendered in honour of the archbishop and St. Mary's Roumanian Orthodox Church. This event will be attended not only by members of the congregation of St. Mary's Church and by those of the Roumanian community, but also by leading citizens of the town and district. It is hoped to have members of the clergy of the various churches in the district among those in attendance at this event.

There are several hundred Roumanians in this part of the North, about 60 families belonging to St. Mary's Roumanian Orthodox Church.

The Roumanians here feel greatly honoured in the visit of His Grace the Lord Archbishop of the Roumanian Orthodox Church of Canada and the United States, and propose giving him enthusiastic and impressive welcome here.

### Campbell Hits the Five-Mile-a-Minute Mark—Is He Satisfied?

Sir Malcolm Campbell, shown above in the oval at the left has at last reached the 300 miles per hour mark for which he aimed so long. His official record for the two way journey over a measured mile at Bonneville Salt Flats, Utah, on Tuesday, was 301.337 miles per hour, 24 miles an hour faster than his record of 276.816, set on March 7th last at Daytona. The photographs show: TOP—the famous racing

car as it burned down the sands of Daytona Beach in a former trial. RIGHT OVAL, the famous racer's wife. BOTTOM, a profile of the giant car no other seems to approach. Though most of the parts are now several years old, refinements keep it far ahead of any other racing car yet designed.
