

Boys Supervised Summer Sport Brought to a Close

Kiwanis Sports Day is Big Success; Entry List Heavy

River Rats Take Baseball Championship. South Porcupine Wins Lacrosse Tournery. Track and Field Events in all Classes Prove Big Drawing Card.

After several dreary, dull days, Labour Day, when the big final Kiwanis track and field meet was held, dawned bright and clear, a perfect day for the programme of sports. From nine o'clock in the morning until dusk, a rapid-fire series of sports events gave Timmins fans plenty to watch and showed the elders just how much has been accomplished by the Kiwanis supervised summer sport.

Snob Hill baseball team and the River Rats started the day's events with the playoff for the championship of the town. River Rats, after a desperate end-of-the-season effort, came out on top of an 11-10 score in a game that went eight innings and had plenty of thrills. After taking an early lead, the Snob Hill team got a little too anxious and in the seventh allowed a tie score. Beaudin, Snob Hill centre fielder, saved the game once in the seventh, by making a bare-handed catch and making a quick return to hold a runner at third. In the extra innings, Snob Hill again took the lead, only to see it disappear in the River Rats' half at bat when a hit and two errors brought in the winning run. Several of the juvenile players look good already for better company and will no doubt be valuable contributions to the future senior teams of the district.

Both pitchers held up well all through the eight innings and hurled remarkably even ball, as the above figures show.

Track and Field Events Good

A few of the junior track and field events were run off in the morning, though the majority were left until the afternoon. Athletes from as far away as Cochrane were attracted to the open events and all were keenly contested. South Porcupine and Schumacher were both well represented. Times and dis-

tances made, though not records, were good in many cases, and go far to show how much talent there is in the district. The future for track and field men looks bright indeed.

Following are the results:

50-yard dash, boys 8 and 9 years: Paul Mascarello, Joe Luciantonio, Donald Warren.

100-yard dash, boys 17 and under: Ploplis, Joncas, Therault, 11 4-5 seconds.

440 yards, boys 17 and under: Ploplis, Therault, Ansara, 1 minute, 4 3-5 seconds.

South End Wins Lacrosse

South Porcupine boys, came out on top in the lacrosse tournament when they defeated Timmins 7-1 after Timmins had taken Schumacher out of the competition by a score of 4-1. The teams finished in exactly the order of their weight, though there was little rough play and no injuries resulted. The game little Schumacher team, far outweighed, put up a good stiff battle for the first game and Timmins, tired from the first encounter, were easy meat for a faster, well-trained South End aggregation.

Though Friedmans were forced to take two beatings from Kaplans in the softball double-header, the locals put up a grand battle.

All in all, the day was well arranged, and the events were run off more smoothly than was thought possible. The sponsors, the Kiwanis Club, extend hearty thanks to all those who helped in making it a real day of district sport. It is hoped that a similar event will be staged next year.

B. Dunn Wins Men's Singles Tennis Play

Bill Dunn won the men's singles event at the Timmins Tennis Club over the week-end when he defeated Mac Hertel in the semi-finals and Jean Lorraine in the finals. Lorraine won from Lawrence Udow in the semis, 1-6, 7-5, 6-1.

Finals in the ladies' singles events have been delayed, owing to the illness of Miss Pearl Grant, who will meet Miss Anne Scott, probably this week-end. In the semi-final game between the two Scott sisters, Anne defeated Jean in the first two sets.

Timmins Ladies to Golf Friday at Falls

Timmins ladies will be the guests of the Iroquois Falls golf club tomorrow when the annual field day will be held at the paper town. A large number of the Timmins golfers are expected to make the trip. There will be no competition here on the day.

Play for the Knox handicap trophy begins this week, and the draw was made yesterday. First round must be played by next Tuesday. All players will obtain score cards from the stewards before commencing a game.

Last Thursday's friendly game at the Cochrane club was a great success. The course, though somewhat rough still, has the makings of one of the best in the North and some very sporty matches were played. Mrs. Robinson of the Timmins club won the prize for low gross score, while Mrs. Pickering carried off that for few net. Just nine holes were played.

Cochrane ladies were hostesses at a tea in the club house after the game.

Showing Sportsmanship in Regard to Ducks and Geese

An editorial article on the sporting page of The Sudbury Star last week takes up the question of conservation of ducks and geese as follows:

"The persistent propaganda by Canadian duck conservationists has finally succeeded in a small measure with the announcement by President Roosevelt that duck hunting in the United States will this year be restricted to one month. In the northern states this will be from October 15 to November 15, and in the southern states it will be one month later.

"In addition to shortening the hunting season numerous other preservation clauses have been introduced by Washington and much of the good work accomplished is directly traceable to the efforts of Jack Miner, Kingsville duck and wild geese lover, and other ardent Canadian sportsmen. It has long been contended that the ducks should be shared between Canada and the United States and it has been proven that over 90 per cent. of the birds killed have fallen victims to the guns of American hunters who had much longer open seasons and more baneful methods of destruction. Efforts have been made in this country for years to have a study made of the alarming decline in the duck population but until this year little or no co-operation was forthcoming from across the border.

"Under the new rulings the use of live decoys and baited fields are prohibited. Live decoys have long been a menace to the increase of the duck population as men owning large marshes have fed the birds, as a lure; have placed sunken blinds over their lands; then have rented out shooting privileges. As a result of these methods wholesale slaughter of birds has taken place and Canadian hunters have had no redress.

"Another forward step in the greater preservation of the fast dwindling duck herds of years ago is the bag limit regulation introduced with the present bill. Heretofore it has been impossible to enforce the bag limit regulation, but with the present 'possession' clause, it is illegal for a hunter to have more than one day's limit in his possession, which is 10 ducks and four geese. Shooting will be allowed only between 7 a.m. and 4 p.m., thus eliminating the terrific toll-taking as birds zoomed into their feeding grounds just at dusk. Likewise no gun will be allowed that carries over three shells.

"No automatic shotguns have been allowed in Canada for many years but until the present they have been one of the greatest sources of destruction among ducks on American marshes. The elimination of the automatic and repeater gun will do much to curb the slaughter.

"The present bill is the first attempt made to recognize the rights of Canadian hunters and will doubtless meet with well merited acclaim on all sides."

Says Duck Season Does Not Open Until Sept. 16th

Law Says Sept. 15th, but That's a Sunday and Shooting Consequently Unlawful. Warning to Local Sportsmen by District Game Warden.

The duck shooting season does not open officially until sunrise on the morning of Monday, September 16th, Game Warden Phil Boudreau said this week, as he issued a warning to duck hunters to "govern themselves accordingly."

According to the government's announcement a few weeks ago, the season was to open on September 15th, but since that date falls on a Sunday, it is automatically outlawed. Fishing may be permitted on the Sabbath, but shooting is definitely out of the question.

Infringements of the Game and Fisheries Act, under which the game warden of Ontario act, are being much more rigorously enforced in the Timmins district than has been the case for some time back. Several cases brought into police court during the past few months have elicited heavy fines.

BRASSIE CALLS FOR GOOD LIE

New Noranda Golf Course Looks Good

Club Recently Admitted to Membership in Northern Ontario Golf Association

Timmins golfers who have visited the new course at Noranda report it to be coming along fine and that, when it is brought up to the standard laid down by the designer, it should be one of the finest courses in the North. The club has recently been admitted to the Northern Ontario Golf Association, but it will be some time yet before the annual meet will be held in the copper town. It is expected.

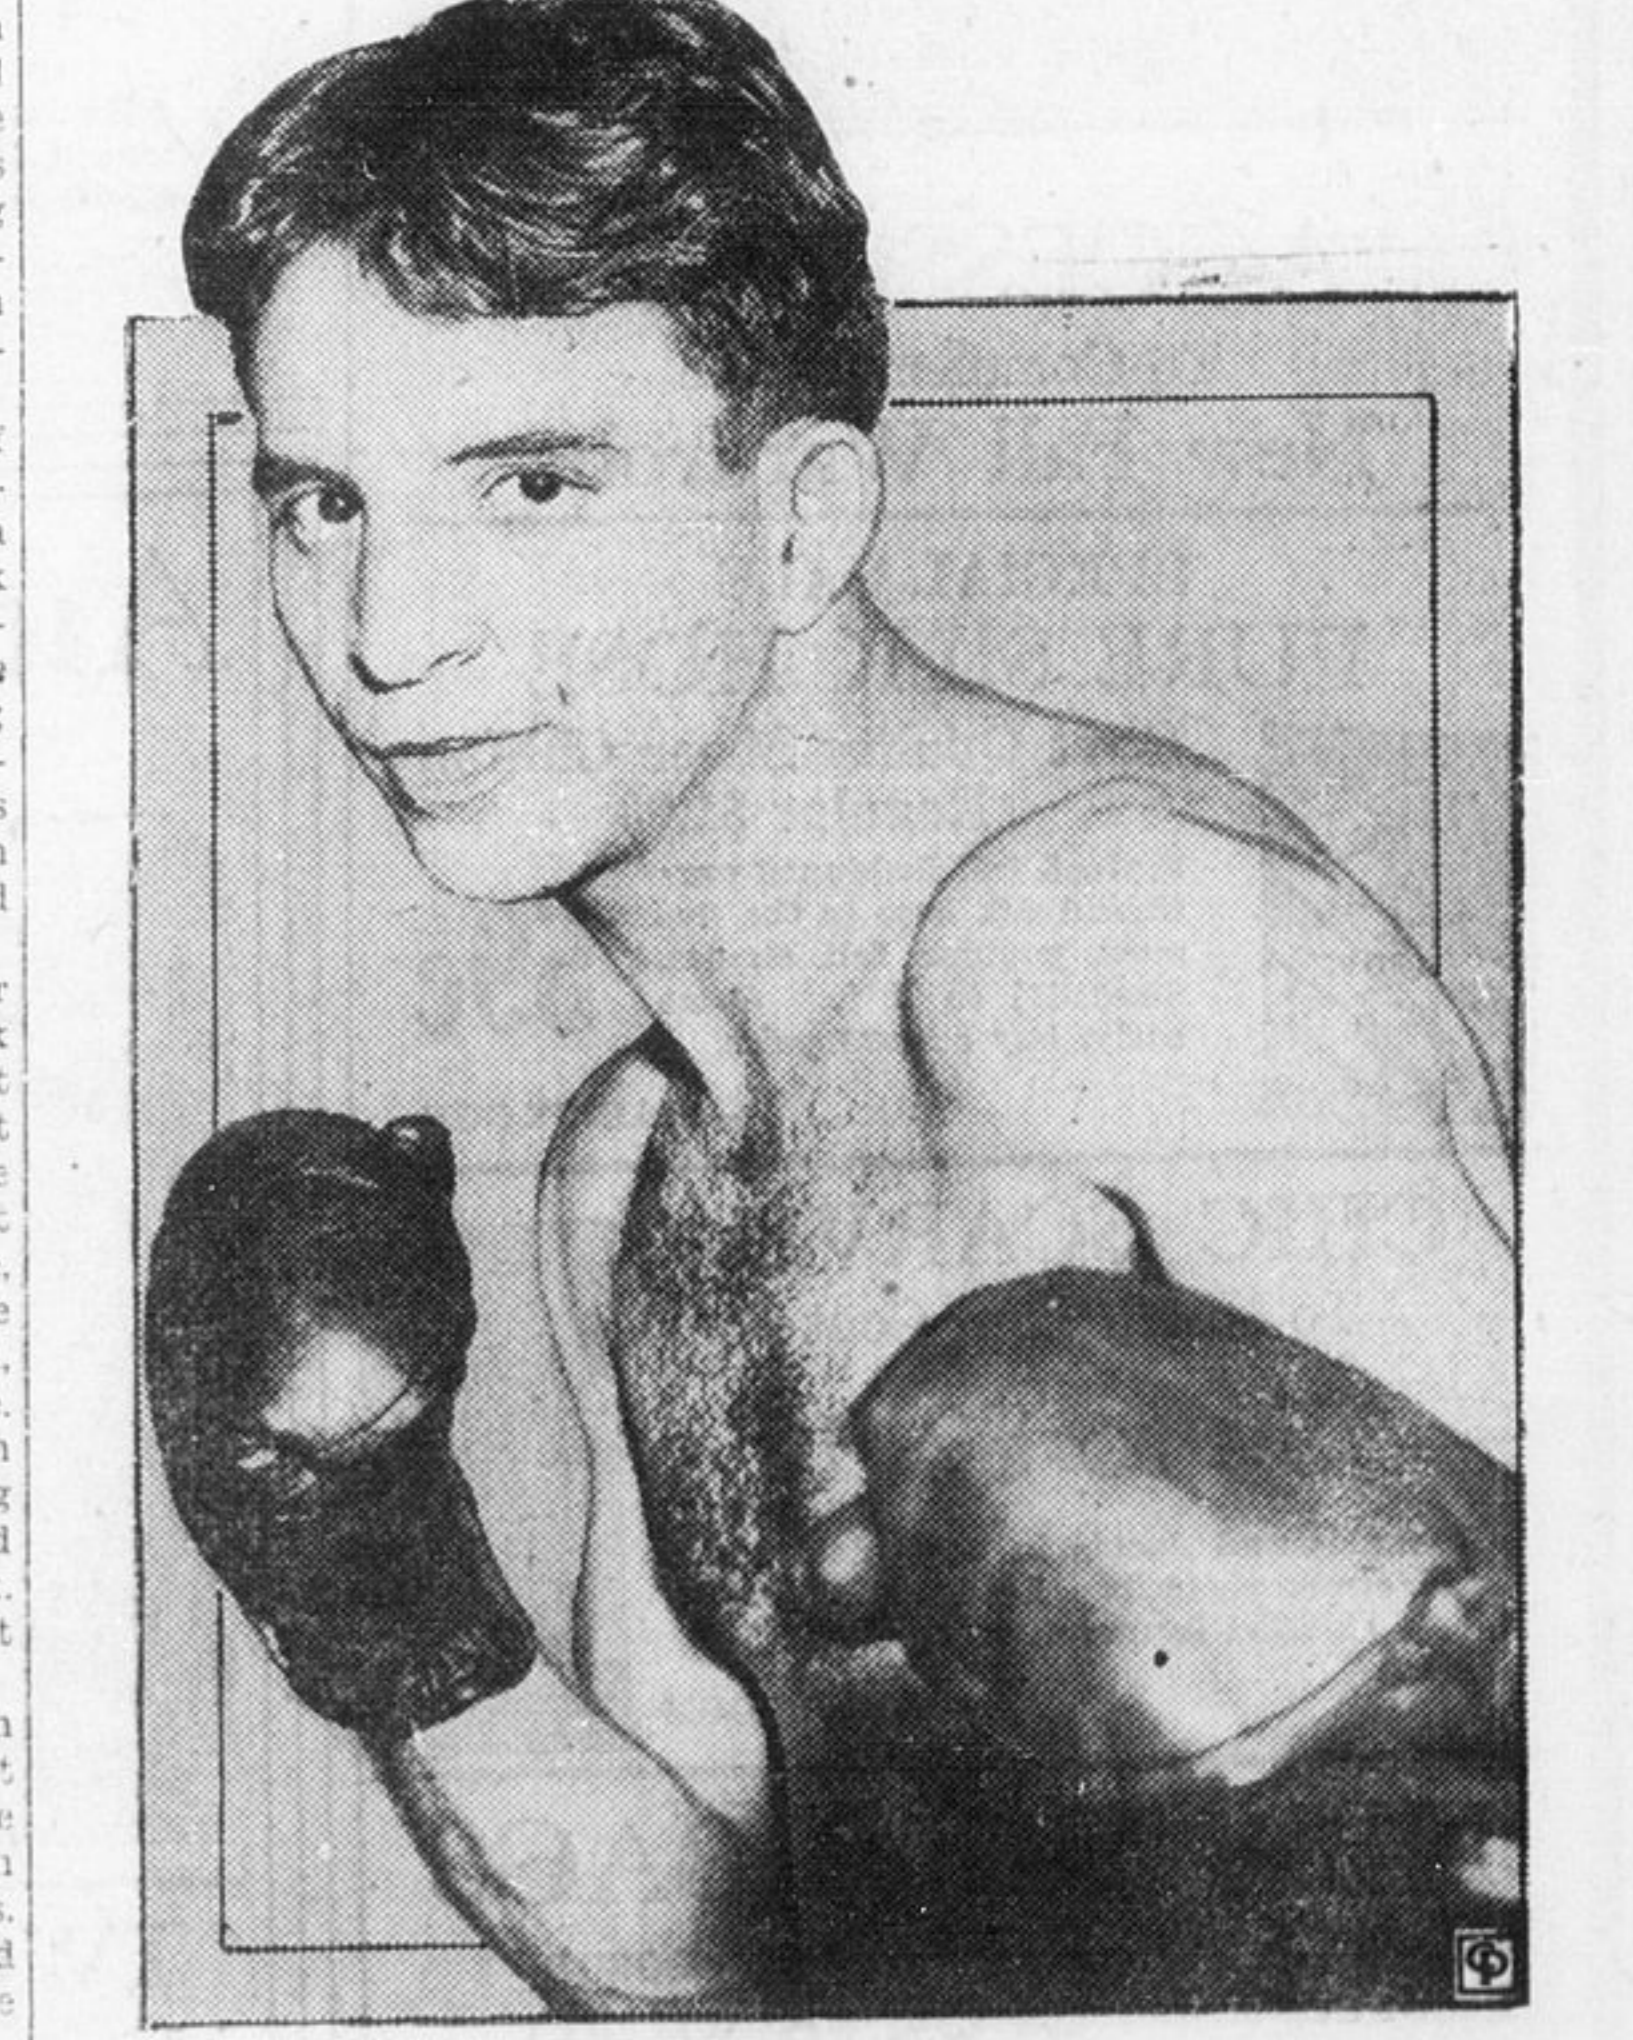

The following statistics on the nine-hole course may be of interest here: No. 1, 520 yards, par 5; No. 2, 205 yards, par 3; No. 3, 495 yards, par 5; No. 4, 445 yards, par 4; No. 5, 180 yards, par 3; No. 6, 440 yards, par 4; No. 7, 475 yards, par 5; No. 8, 135 yards, par 3; No. 9, 480 yards, par 5.

Mixed Two-Ball Foursome Golf Event on Saturday

A mixed two-ball foursome will be played at the local golf club this Saturday afternoon, beginning at 1.15. It was learned this week. Members will ask their own partners.

Dinner will be served at the clubhouse following the play.

Big Day Coming for Day

JAVEY DAY

By BILL BRAUCHER, Central Press Canadian Sports Writer

Game little Tony Canzoneri is retreating toward the last barricade in his championship kingdom, fighting every inch of the way.

Camped on his trail is another youthful Barney Ross, ready to repeat the Waterloo that Canzoneri met when he tangled with the Jewish boy from Chicago's ghetto.

The youngster clamouring for a chance at the lightweight title, Canzoneri lost to Ross and won back, Is Davey Day, 22-year-old Chicago puncher.

Oddly, Davey is a stablemate of Barney's, and is being brought along in the same careful way that Barney was led to the championship. Sam Pian and Art Winch are the managers of both, Barney, the welter champion, and Davey, the comer.

Barney was still growing when he won the lightweight title from Canzoneri. Pian and Winch realized that he would grow too big to make the weight. The managers planned to have another youngster ready to snatch the crown when Barney no longer could qualify.

They found Davey Day after a careful search. They handled him with kid gloves, teaching him the things he ought to know, and in his education Barney Ross, with one of the best left hands in the business, helped materially. Fights were found for him that were not too hard, but hard enough to force his gradual improvement.

New Day is recognized in Illinois as the No. 1 contender for the title. Fighting since 1931, he has lost but two bouts. Three years ago Sammy Levine, beat him in Chicago. Last year he dropped a close decision to Tommy Corbett in Kansas City. He won 10 of his 12 fights in 1934, seven of his victories by knockouts.

Frankie Saglio, tough little lightweight from Cicero, Ill., held Davey to a draw in 10 rounds last July. Four months later the bout was repeated, and Day defeated his Italian rival.

Because of his popularity in Chicago, where Canzoneri also is well liked, Day may get his chance at the championship there. Joe Foley, promoter of the Louis-Levinisky bout, has been bidding for the match in competition with Nate Lewis, matchmaker at Chicago stadium.

Five and a Quarter Pound Trout Caught

Taken 10 Miles up Grassy River on Labour Day Week-End by Harry Herman

Lots of Timmins sportsmen went fishing on Labour Day week-end, but the prize goes to Harry Herman who brought back a five and a quarter pound speckled trout from a pool in the Grassy, about ten miles from the mouth. It wasn't the largest speckled trout Harry has caught either. One mounted and on display in his shop went six and a half pounds.

Other fishermen went up the Moose extension to Mileage 87 and though catches were numerous, no very big fish are reported.

Elsas Indian Convicted Again for Game Law Breach

While efforts on behalf of John Samakee, Indian, of Elsas, to carry his case to appeal, initiated by Rev. Canon George Prewer, are at present at a standstill in Sudbury, Samakee was again convicted by Magistrate T. H. Wolfe of Chisleau on charges arising out of having moose meat in a lumber camp, allowing moose meat to spoil and having a rifle.

Samakee was previously convicted of having a gun in a game preserve. Rev. Canon Prewer opposed the conviction and contended that under the Robinson Treaty an Indian could hunt and fish in Canada where he pleased. Canon Prewer declared that he would carry an appeal to the highest court on behalf of Samakee.

J. J. O'Connor, Sudbury, retained as counsel for the Indian, has offered his services without charge in the interests of the case. The costs of the appeal, however, have not been forthcoming. Efforts were made by Canon Prewer to interest several Sudbury organizations in the merits of the case but have not yet met with result. The Canadian Legion branch at Sudbury was also urged to take up the defence of the Indian, who is a returned soldier.

At Elsas, Samakee was fined \$10 and costs for having a rifle; \$40 and costs for having moose meat, and \$20 and costs for letting the moose meat spoil. Previous fines not having been paid, Samakee is now in debt to the crown in the amount of \$173 with the result that he elected to take a jail term of three months instead of meeting his fines.

Magistrate Wolfe flew from Chisleau to Elsas where the hearing was held at the Forestry branch headquarters.
