## May be Hourly Service Timmins to South End

New Buses Being Added to Dalton Service. Burning Barn Causes Some Excitement at South Porcupine. Other Items of News from South Porcupine and Dome.

South Porcupine, Sept. 25th. Special to The Advance.

Miss Norma McPhail left this week for a visit at the home of Mrs. J. Gibson, New Liskeard.

We hear that four new buses are soon to be acquired by Mr. J. Dalton for Timmins to South Porcupine service, and that when they arrive, an hourly bus service will be probable.

Mr. H. M. Turner returned on Sunday from a business visit to Toronto.

Mr. and Mrs. Fairhurst left on Wednesday for a few days' holiday in Toronto. Mrs. Fairhurst will go from Toronto to Ottawa to attend the Jubilee (50th year) Convention of the Women's Auxiliary of the Church of Eng-

land in Canada which is being held in the Bate Memorial hall, in that city on Monday to Friday next week inclusive. Mrs. Fairhurst is a delegate from the Diocese of Moosonee.

A preliminary executive meeting is to be held at Prescott, which will be attended by Mrs. W. H. Johns, of the Dome, who, as president for the Moosonee Diocese, is a member of the Dominion executive. Mrs. Johns left on Sunday for Toronto, Prescott, and Ottawa.

The Misses Kathleen and Mary Gallagher left on Tuesday for Toronto to continue their studies—Mary at the U. of T. (St. Joseph's College) and Kathleen, who received her B.A. degree this year

to take a teacher's course at the Ontario College of Education.

On Sunday night at 8 p.m. an alarm was turned in to the fire hall. A big blaze and lots of smoke on Golden avenue caused a large crowd to congregate. A barn and cow stable belonging to Arvi Makela, opposite the Fini Boarding house had caught fire, presumably from a carelessly dropped match, but was soon under control. The owner had managed to get out a cow and its calf before the brigade arrived. The blaze and smoke, though, was sufficiently alarming for the news to travel through to Kirkland Lake that a "big fire" had occurred at South Porcupine. The Northern News of Kirkland called up the fire chief here on Monday to know all about it!

Mrs. Dunc Lemon, of Montreal, is visiting relatives in South End and Dome this week.

At the police court here on Tuesday a closed court dealt with the case of the Schumacher man who pleaded "not guilty" to a charge of indecent assault. The children concerned were present with their parents and were put upon the witness stand to testify. The magistrate reserved his decision until next week. Five drunks were also arraigned before his worship. All were fined \$10 and costs or 30 days. Two paid. Three went to jail. One speeder paid \$10 and costs. For having liquor in his car, another man was fined \$50 and costs. For being drunk in charge of a car another man will now spend fifteen days in jail.

Next Sunday (29th) is Rally Day for the United Church. In the morning a special children's service will be held at which parents and friends will be welcomed. Special music will be rendered

erated at the evening anniversary (Har-

vest) service.

Last Sunday the evening service in the Anglican Church was conducted entirely by the laity. Mr. C. P. Walker gave the sermon; Mr. Tom Neill read the lessons, and Mr. John Mason of the Dome conducted the service. Mr. Walker's son of Preston, who is an accomplished musician and is the regular organist at St. John's Church, Preston, played for this service.

Wedding bells are in the air for more than one of our young people in the near future. We learn today that Miss Sarah Slotnick whose parents Mr. and Mrs. Louis Slotnick, of Golden avenue, are among the earliest residents of South Porcupine, is to become the bride of Mr. Amos Brown, of Timmins, some time next month. Sarah is one of our most popular young people and is the second daughter of the Slotnick family.

Mrs. Herbert Blood, accompanied by her daughter, Mrs. Clayton Pierce, and her baby son left on Saturday for a few weeks in Winnipeg.

Mrs. S. Sky, accompanied by Mrs. Rayner and Mrs. Ewing of South End and Mrs. Tomkinson, of Timmins, with Mrs. G. Henderson, of Schumacher, attended a special Rebekah meeting at Kirkland Lake on Tuesday evening.

Mr. and Mrs. W. W. Wilson returned

from their vacation on Monday. Accompanying them was Mr. Charles Wilson, of Muskoka Falls, brother of Mr. Wilson, Mr. and Mrs. J. Simpson and son Stanley, of Gravenhurst, are also expected at the Wilson home this week from Kelso, where they are visiting Mr. and Mrs. McGanley. While in Toronto Mrs. Wilson was a visitor at the home of Mrs. (Dr.) Liberty who at one time resided in South Porcupine. She has been quite ill with rheumatic fever this year, but her friends will be glad to know she is recuperating nicely. She has kindly memories of South Porcupine and hopes to visit here next year.

Born—To Mr. and Mrs. Edwards, of Dome Extension, on Tuesday, Sept. 24th—a daughter.

Born—On September 20th in the South Porcupine hospital to Mr. and Mrs. G. F. Smith—a daughter.

Born—To Mr. and Mrs. R. L. Ship, of South Porcupine, on Sept. 20th—a daughter.

A number of South Porcupine friends were present on Tuesday morning at St. Anthony's Church, Timmins, to witness the wedding of Miss Jean Brisson. Miss Brisson is one of our own young people, although her parent, Mr. and Mrs. J. Brisson have resided in Timmins for the past few years. For many years they lived at "The Point", Golden City, and the children attended South Porcupine schools. The bride is a graduate nurse of St. Michael's hospital, Toronto, and will receive the good wishes of all who know her here. She became the bride of Julius Michael Cartan on Tuesday at 7:30 a.m., the officiating priest being Father Theriault. The bride looked beautiful in a dress of ivory lace, made on princess

## Sheffield Reproductions . . .

as a Wedding Gift of Distinction

Can you think of anything more appropriate as a wedding gift than silver? It reflects the perfect sentiment for that happy occasion. It suggests good taste on the part of the donor and expresses a wish for a life of happiness and fine living to the happy couple.

On display at Remus' there are so many beautiful examples of the silversmith's art, intricately wrought Sheffield, finely chased sterling, delicate silver deposit, that you will have no trouble in finding "just the thing."

## Horticultural Society Leader in Increase

Most Outstanding Increase in Membership Shown by Any Ontario Horticultural Society.

Timmins Horticultural Society has the honour of making the most outstanding increase in membership of any society in Ontario last year, and it may be noted that it is continuing the good work, not only in the line of membership but in making itself outstanding in all branches of the work for community advantage.

The Advance has just received a copy of the twenty-ninth annual report of the Horticultural Societies of Ontario for 1934, printed by order of Hon. Duncan Marshall, Minister of Agriculture. This report is very interesting, with a number of features of special interest to the North Land. It includes the report of the Ontario Horticultural Association, of which C. A. Byam, of New Liskeard, is one of the honorary directors, and also director of District No. 12, including this part of the North. Last year Mr. Byam was president of the Ontario Horticultural Association, and his address is a feature of the report. The Advance made reference to this address and other features of the occasion at the time of the annual meeting.

Probably the greatest interest in the North will centre round the report of the lecturer, John F. Clark, who is well-known in the North from his several visits here. In opening his report he gives the pleasing information that Ontario is becoming more and more horticulturally minded than ever before. He sees the citizens gathering health and pleasure and beauty from their work in the gardens. After speaking of his various tours of Ontario on behalf of horticulture Mr. Clark's report says:—

"Stress of times has curtailed the membership but increased enthusiasm more than compensates for this loss. The most serious decreases were noticed in city societies, where one organization has declined from almost 2000 to less than 100. Possibly the most outstanding increase was seen in Timmins, where the membership advanced from 68 to 244 and superseded many cities in Old Ontario. Towns with large memberships, averaging over 200, are Burlington, Midland, Orillia, Timmins, Waterloo, Weston, Woodbridge and Westboro. Although lack of employment has been detrimental to membership, the Ontario Horticultural Association continues to be the largest organization of its kind in the world."

In another section of his report Mr. Clark says:—"Officers are important to membership and hold the destiny of the society in their hands, therefore they should be wisely chosen. They need not be the best horticulturalists in the society, but must have executive ability and understand the importance of keeping the members inspired and interested. Officers must not attempt to do everything themselves, but should learn the secret of keeping members at work and making them feel their responsibility. If they are representative of the community, a membership is assured. This is displayed in a striking manner in Timmins, a mining town, where the officers consist of a blacksmith, carpenter, pumpman, barber, janitor, clerk and six miners. This society showed the largest percentage increase in 1934."

The report for District No. 12—C. A. Byam, New Liskeard, director—will also be of interest. It is as follows:—"This district is composed of the districts of Cochrane, Nipissing and Temiskaming, a very wide territory, necessitating a great deal of travel. During the year I have covered the district and observed the work of local societies. Working under adverse conditions the North has made a real contribution to horticulture in Ontario. Frost is sometimes seen every month in the year, yet excellent flowers are grown which amaze visitors from Old Ontario. Homes are becoming more attractive. Towns and villages are taking on a new appearance, largely due to energetic work of societies. The most northern society is located at Kapuskasing, 600 miles north of Toronto.

Sudbury Star:—The proposal has been made that the Ontario government permit the issuance of 1936 automobile license plates this autumn, in order to facilitate the sale of new model motor cars. The idea would seem to have merit, as it would give employment in the automotive business to many men this winter who might otherwise be idle.

# WHY IT PAYS to SHOP at EATON'S

Judge not by price alone! Consider what you buy—the quality—the freshness—the convenience—and surroundings of the store where you buy—Consider these and Eaton's we think will be your logical food shopping centre. Behind that Eaton low price is a quality and service that always satisfies—Eaton's—the store where it pays to shop.

Here is the way to save on food

## Holds that Airship Pilot is in Supreme Command

A despatch from Washington yesterday says that a close study of the authority given the pilot of an airplane convinced officials of the United States Bureau of Air Commerce that he is czar over his speeding domain as long as it is in air.

The study grew out of the death of Len Koenecke, former baseball player for Brooklyn Dodgers, in a plane flying near Toronto several days ago. Officials said the incident also established that the country or state over which a crime was committed has jurisdiction over it.

## FOUR INJURED WHEN CAR UPSSETS ON THE HIGHWAY

Four occupants of a car driven by Kevin O'Grady, New Liskeard, escaped with minor cuts and bruises when the car turned over at a sharp corner of the highway, three miles south of Earleton, Saturday night.

Mrs. O'Grady, who was in the front seat with her husband, received a severe shaking up as did Mr. and Mrs. Kenneth Biggs who were in the rear seat.

A heavy rain, which left the clay surface of the road in a slippery condition, is said to have caused the car to skid and turn over.

Slayer Sun:—And if this warm weather keeps up we shall have to start pushing the lawn mower again. Is there no justice?
