

# Open House at Watt's Bakery

When the bread on your table is Watt's Bread you can be sure that it is made in the most sanitary and modern equipped shop in the North Country. So proud are we of our new bakery at 95 Wilson Avenue that we invite you to come in and inspect it at any time. You will be impressed by the meticulous care taken in the baking and the immaculate whiteness around you. Everything, from the white uniforms of the men, even to the floors, is spotlessly clean. You are assured of purity when you serve Watt's Bread.

Your Favour"

### Slaughterhouse to Be Built Near Here

(Continued from Page One)  
was decided. This was one of the recommendations of Mr. Franklin, who made a survey of the town's accounting system not long ago. From this account will be paid the interest on bonds as it falls due as well as the principal. It will be connected with the town's general banking account in the same branch.

**New Peajackets for Firemen**  
The permanent men of the fire fighting force will sport new peajackets in the near future, council agreed. Competitive prices will be obtained by the chief from local stores.

The quarterly payment of \$500 will be made as usual to the volunteer firemen.

A letter of condolence to Mr. and Mrs. John D. MacLean will be forwarded by the council, it was unanimously agreed, following the announcement of the death of Frank, the town engineer's son.

**To Build Slaughterhouse Now**  
The town will proceed with the building of a municipal slaughterhouse out

near the incinerator, it was decided. The land has not yet been obtained, but no difficulty is anticipated in that regard. When the place is ready, it will be possible to put the new meat by-law into operation, under which all meat sold in Timmins must be government graded or else killed at the municipal plant and graded by a town inspector there. The structure will be of galvanized iron but will probably be built so that it can be heated in winter.

**Parking Restriction at Churches**  
"We've got to do something to get rid of that congestion," said Councillor Chateauvert, introducing the subject of traffic conditions near the Roman Catholic churches on Sunday mornings. Masses are concluded at the same time at both churches and there is a rush of more than 1,200 people at once, he said. Motor cars parked near the churches are dangerous to life, the councillor said.

Signs will be erected near the churches stating that no parking will be permitted during church services. During the next week or so, a policeman will be placed there to warn drivers that they must not park on Spruce street between Fifth and Sixth, nor on Fifth Avenue between Pine and Spruce.

An order will be forwarded to England for \$25 worth of bulbs for the park at the station, on the suggestion of the Timmins Horticultural Society. The society officers present at the meeting presented a plan of the proposed flower beds and stated that they would look after the planting and care of the beds during next summer. The council heartily endorsed the plan and complimented the society on the many improvements that have already been made.

**Legion Parade Saturday**  
The Canadian Legion was granted permission to hold a parade on Saturday, September 28th, when they will honour the veterans of the South African war by placing wreaths on the cenotaph. They were granted permission to hold a parade.

Magistrate Atkinson will be asked to confer with the police committee next week on some matters in regard to police activities. One of them has to do with a case in which police found it necessary to draw a revolver and strike a man who was resisting arrest. The other has to do with damage done at the Prince of Wales hotel when it was raided by police. Some doors were broken in order to gain entrance.

**To Take Advertisement**  
The Town of Timmins will insert an advertisement probably setting forth the history of the Porcupine in brief, in a new local daily newspaper, council agreed. The price for a full-page advertisement was given by a representative of the publishing company as \$57. Some members of the council thought a full page was a bit too much and suggested that a half or even a quarter page would be sufficient. In the end, the matter was left in the hands of the finance committee, to whom a series of sketches will be submitted.

Councillor H. E. Chateauvert introduced the proposition, saying that he had been approached by advertising salesmen. A representative of the newspaper explained that it was to be the finest daily newspaper in the North and that the council might consider it a good thing to encourage a local industry and insert a message congratulating the publishers.

**Leduc Not Popular?**  
Councillor Bartleman inquired if anything had been heard from Hon. Paul Leduc in connection with matters the council had talked over with him on his last visit. The mayor said that there had been no letter, but that he was in town that night.

"I think we should just tell him what we think of him," said Mr. Bartleman. "I think he shows a real lack of courtesy, whereas Mr. Heenan seems to have acted very quickly."

At the next special meeting of the council, a decision will be made on whether or not the water line will be extended across the railroad tracks on Preston street. A petition, signed by nine residents of the neighbourhood, was presented, asking that a tap be made available for their use. They were willing to carry the water into

their homes, they declared. Relief problems again came up to the front. One man had six days' work a month with the town and found that would just pay his food but no rent. Since the death of the applicant's wife, his son-in-law had insisted that the man help pay the rent of the house. He thought that ten days' work a month would see him through. In the nine years he has been a resident of Timmins, the man has been employed on relief work for four.

Another man, who claimed to have been a resident of Timmins for 25 years stated that he had been refused relief. He had also been convicted in police court of having used profane language in the relief office.

"I asked you, Mr. Richardson, and you asked me where I came from. I said Gaspé and you said I'd better go back there and go on relief. Mr. Dunn told me the same thing," he said. Mr. Dunn, queried about the matter, corroborated what the man had said, but neither he nor the mayor had known at the time that he was an old-timer of the camp. He will probably be looked after.

A few relief case tax bills, placed by error in the hands of the sheriff, will be taken back.

A widow with four boys aged 14, 15, 16 and 17, asked to have one of her sons put on relief work. Only one of the boys is working at the mine she said, and they had a hard struggle of it.

A pile of sand on Pine street, the result of an excavation, was brought to the attention of the council. It was thought that in cases such as this, the place should be boarded in to prevent the sand from blowing around.

Disturbances, still alleged to be occurring on some nights near the Finn hall, will once more be investigated by police, on request of the council.

A condition on Mons Avenue sidewalks where runaways formerly were will be investigated.

Accounts were paid as follows: Imperial Bank, \$420.88; public school, on account, Moneta addition, \$15,000; S. G. Fowler, for work done in making list of properties sold for taxes and their disposition, \$60; general accounts, \$3,721.20, \$2,144.74 and \$1,282.

### Goldale Club Meeting at Home of President

The Goldale Club met on Wednesday at the home of the president, Mrs. E. Finchen, Cedar street, north.

The prizes were won by: Mrs. France, first; Mrs. Singleton, second, and Mrs. Bennett third.

The hostess, assisted by Mrs. Bennett, served a very tasty lunch, during which Mrs. Forrester carried off the honours for tea drinking. It's an old English custom? No, it's a gift!

### Protect Children From Diphtheria

Dangerous and Deadly Disease may be Wiped out with the Co-operation of All.

Again the local board of health, the Medical Health Officer, the local medical men and the town nurses are asking the full co-operation of the public in the battle against diphtheria. Again announcement is made that children going to school may receive free inoculation from diphtheria if parents or guardians will sign the consent cards now being sent out. Children of pre-school age may also secure free inoculation for diphtheria at the clinic, 28 Fifth Avenue, on Thursday and Friday afternoons, Oct. 3rd and 4th, between 3 and 4 o'clock.

Doctors are agreed that despite the fact that diphtheria is a dangerous and deadly disease, it may be wiped out, and with the co-operation of all it would not take long. Children between the ages of nine months and six years should all be inoculated to prevent diphtheria. The inoculation is safe, harmless and lasting. It gives life-long immunity from the disease. This has been proven in scores of towns and cities where diphtheria, once common in these places, has become a rarity following the proper use of inoculation. The case is proved in Timmins, where there has been practically no diphtheria cases for years, though the towns similarly situated pay heavy toll in sickness and death to diphtheria. Inoculation here has done much. It can do more. All the doctors, nurses and others concerned are giving the greatest possible measure of co-operation. If parents will also co-operate to the fullest extent, diphtheria will be fully conquered so far as Timmins is concerned. This week the board of health has issued, through the town nurses, consent cards for parents to sign in cases of school children who need the protection of inoculation against diphtheria. The prompt signing and returning of these cards will help a lot. Notices have also been sent around town in regard to the inoculation of children of pre-school age on Thursday and Friday, Oct. 3rd and 4th, between the hours of 3 and 4 o'clock.

Halleybury diocese is the youngest in Canada but enthusiasm is apparent. "In Northern Ontario we are only beginning to realize the strength of such an association as ours and this strength will increase and be a powerful asset to Holy Mother Church in her work if we keep alive this interest," said Mrs. Hollands-Hurst in conclusion.

### Catholic Women Here at Convention

(Continued from Page One)  
was spent to assist our pastors. Our national obligations to the Sisters of Service, scholarship fund, national budget, Regina relief fund and per capita tax were responded to very creditably, and we joined our League members in a donation to the farewell presentation for Lady Bessborough."

Social welfare in the communities is one of the main objects of the league—jayettes, clothing and financial aid was given to needy families. Interest in baby clinics, the supplying of an emergency maternity box to public health nurses, gressing of children so that they might attend school, and actual preparation of children in the work of the church were also taken part in by the league.

Each member league aided the local hospital, Noranda raising \$500 for that purpose. Timmins branch raised \$289 for the Children's Aid Society. "Each subdivision made Christmas time much brighter in their locality," said the speaker.

In education, most of the subdivisions did some work, the president recalled. Oratorical contests in entrance classes, and prizes for high school pupils ranking highest in Christian doctrines were given.

"Nationally our League in the past 15 years has proved a real force in the orderly united expressions of Catholic ideals," she said. "It is established in 31 dioceses throughout Canada, with a membership of over 30,000 women."

A total of \$1,588,591 has been given to local work in the 15 years the order has been in existence. \$55,282 has been contributed to the Sisters of Service, \$1,000 a year for five years will be given the Regina fund, and to date \$9,500 has been given a Nova Scotia fund.

Halleybury diocese is the youngest in Canada but enthusiasm is apparent. "In Northern Ontario we are only beginning to realize the strength of such an association as ours and this strength will increase and be a powerful asset to Holy Mother Church in her work if we keep alive this interest," said Mrs. Hollands-Hurst in conclusion.

**Musical Numbers**  
Mrs. Hobson of Schumacher rendered two very delightful solos, accompanied at the piano by Mrs. J. Marshall of Schumacher. Violin and piano selections were given by David Gordon and Herman Walters.

Following the business session of Tuesday morning, a delightful luncheon was tendered the visitors at the home of Mrs. R. E. Delahunt. The rooms were beautiful with autumn blooms and the luncheon itself a most enjoyable affair. Assisting the hostess were Mrs. F. M. Burke, Mrs. J. E. Newton, Mrs. A. Dorschner, Mrs. P. J. Dunlop, Mrs. Arthur Moran, Mrs. A. W. Lang, Mrs. H. Egan, and Mrs. J. Clemens. Mrs. Hollands-Hurst thanked Mrs. Delahunt for her charming hos-
