

## Staking Now at Widely Separated Points

### Town Payroll Cases at Cochrane Next Week

H. Perreault, Jr., and Romeo DeLuca to be Charged Jointly. Four High-grading Charges from Porcupine Camp for Same Court. Other Cases at General Sessions.

Henry Perreault, Jr., and Romeo DeLuca will be tried jointly at the general sessions of the peace at Cochrane next week. They both face charges arising from the alleged padding of the relief payroll here last winter and in previous years. Judge Caron will preside.

Prosecuting the two former employees of the town will be Crown Attorney S. A. Caldwell. Dean Kester, acting for the town, has assisted in the preparation of the case and will be present at the trial.

Osius Saueve will defend Perreault and W. O. Langdon will act for DeLuca. The Advance was told yesterday.

The sessions begin on Tuesday, November 26th at one o'clock, when the grand jury will sit on all cases and hear a summary of the prosecution's evidence. They will then return "true bills" or "no bills." The cases for which true bills are returned will be proceeded with during the week and the following week. The Perreault and DeLuca case, as second on the list, will probably begin on Thursday. It is expected that DeLuca will plead guilty and Perreault not guilty.

#### Antilla Case Up Again

The first case to come before the sessions will be that of Rex versus Antilla, in which it is alleged that Antilla severely cut a woman's face with a broken beer bottle during a brawl at Cochrane last year. This case was tried at the fall sessions in 1934 but the jury disagreed and it was traversed to the spring sessions. Some witnesses were not available at that time so the case was again traversed. It is expected that a verdict will be reached this time.

Elzlar Leblanc, of Machin township, will appear on a charge of indecent assault but he will elect speedy trial, it is expected, and will appear before Judge Caron at a later date.

William Rajola, of Hearst, charged with assault causing bodily harm, will be tried during the sessions.

Four men charged with high grading are up for trial: John Patakaukas of South Porcupine; John Zetzer of Detroit, committed for trial here some time ago; Arthur Goulet of Timmins, also committed for trial in local police court, a short time ago; and Antoine Maloche, of Timmins, who appeared before Magistrate Atkinson here this week.

### High-grading Case to be Heard Dec. 16

A. J. Moore Asks for "Speedy Trial" in Case Set for Cochrane Assizes Next Week.

The case of A. J. Moore, committed for trial in Timmins police court in September on a charge of high-grading, will be heard at Cochrane before Judge Caron on December 16th, it was decided on Monday of this week. Moore was to have appeared at the assizes at Cochrane next week, but in electing "speedy trial," his case is left over until December. His companion, one Arthur Goulet, faces trial before judge and jury next week.

### Moustaches Grow in Timmins at Present

Several Elegant Samples of What a Couple of Weeks Bring Forth. All for the Charity Turkey Stag.

Recent visitors to Timmins have been inclined to believe that certain of the population of the town have not yet become acquainted with the razor, or else there is a scarcity of barber shops in town. A survey shows that not only is there an ample supply of tonsorial artists but that the drug stores' sales of razor blades have not fallen off to any great extent.

The rumour that Timmins men didn't shave often was merely the result of the contest now under way for the Moose Charity Turkey Stag—the one where two dozen local men are coaxing bits of tough hair to grow on their upper lips.

The judging will be a tough job, from present indications, but on December 11th, one local man will hold a championship for on that evening in St. Anthony's parish hall, the contestants will line up to have their five and a half weeks' hard growing compared.

## Adult Classes Making Big Hit at Schumacher

Sewing Class has Big Array of Clothing for Work. Civics Class Very Popular. Physical Training Classes, Dramatic and Music Classes Largely Attended.

By the beginning of next week the needlework class of the adult education scheme at the Schumacher High School wants to have a big pile of clothing on which to work at the Wednesday night class. Supplies for layettes will be purchased but for older children and adults the class will need a considerable quantity of clothing to remake. Donations may be left at the high school from Monday on, or at the Schumacher Hardware or Chas. Arnott's store now.

The members of the class had an enthusiastic session last night as did most of the other sections.

In the civics class they couldn't begin to handle the discussion on "Why Poverty?" or the Economic Condition of Canada in Relation to the Rest of the World," so the argument will be resumed next week. As it was the discussion lasted far past the allotted time.

Other Classes Equally Popular  
Musicians are offering their assistance in the large music class and great progress is being made.

In the women's physical training section there was a larger attendance than ever before.

The men's physical training course was literally mobbed. Gymnastics, volleyball, basketball and other activities were carried on until nearly midnight.

The study of Shakespeare's work was commenced last night by the popular dramatics section.

In fact the classes at the Schumacher High School have become such popular affairs that Wednesday night is becoming a poor one for parties and social activities.

### Austin Neame Again President of Legion

Elected Again by Acclamation at Monday's Meeting. Balloting by Mail for Other Officers.

As nominations for officers of the Canadian Legion Branch 88 were closed on Monday evening, it was announced that Austin Neame would again head the organization for 1935. He is the only officer accorded an acclamation.

Voting will this year be carried out through the mail instead of by distributing ballot boxes throughout the district. The mail system will give every member of the branch an opportunity of voting and is expected to prove satisfactory to all. It will also be a great deal less trouble than the system formerly in use.

The votes will be counted and the results of the election announced at the next general meeting on December 16. Interest in the coming vote was shown by the large attendance at this Monday's meeting.

### Rouyn Store Suffers Fire Loss of \$2000

New Store About to be Opened by Sam Bucovetsky Limited Damaged by Fire.

Two thousand dollars loss was sustained by Sam Bucovetsky Limited on Tuesday when fire damaged the stock of a new store in Rouyn that the firm was about to open. The staff had been working on Monday and Tuesday getting the stock in readiness for the opening and on Tuesday noon the place was closed for the dinner hour.

During that time it is thought the stove pipes became overheated and before the fire was noticed it had spread throughout the store.

The big store in Rouyn now operated by the firm was in no way affected by the fire.

Mr. Bucovetsky told The Advance today that he had not yet decided what would be done about opening the place which was to have been a general clothing store.

### Reports that Italian Armies Now Endangered

In the past few days persistent reports from overseas suggest that the Italian armies in Ethiopia are in danger from a force of Ethiopians that have gotten behind them in the mountains and threaten their lines of communication.

From Rome comes the suggestion today that the Italian armies are temporarily settled. Gen. Graziana's columns are said to be bogged down in mud and rain a few miles north of Corahai in Southern Ethiopia, unable to continue the quick thrusts of mobile units which several times approached the vicinity of Jigjiga, the army base.

From London, England, comes report of efforts to secure peace between Italy and Ethiopia.

Of brick tile and steel construction, the new building is 102 feet long, 40 feet wide and two stories in height. It is located on First avenue. The structure was begun only on November 5th and although it will not be entirely finished by December 1st, sufficient work will have been done to allow the business to operate.

### Stern Warning Given to Boys and Parents

Youngsters Turned in False Fire Alarm on Tuesday Evening. Other Calls During Recent Days.

Two lads, about eleven years of age were taken from school by police this week and questioned regarding the turning in of a false alarm at 7.10 Tuesday evening. They admitted the misdemeanor and not only they but their parents were warned by the police and fire department chiefs that it must not be done again.

The stove pipes at 20 Borden avenue fell down yesterday afternoon, filling the house with smoke. Firemen, answering an alarm from box 41, only found it necessary to replace the pipes and to warn occupants that the flues should be more firmly wired in place.

A chimney fire on Monday afternoon at 37 Lakeshore road did no damage; a stovepipe fire at 205 Birch street south on Tuesday was extinguished without loss and a similar alarm took one of the trucks down to 48 Banerman avenue last night.

Re-organization of the fire drill system at Moneta school following the opening of the addition has met with high praise from the department. The school was cleared of its 570 pupils in 38 seconds on Tuesday when an inspection was made. A drill immediately after the opening of the addition but before the system had been altered to take care of it required 85 seconds.

Timmins Golden Chapter I.O.D.E. has in past years held events similar to the "Pound Days." These days have been successful and pleasing because they have had full public support. The complete support of the public in general is asked for "Pound Days," Nov. 28th and 29th. Give your pound, or two pounds, or whatever you are able to give in the way of pickles, fruit, groceries or similar goods. The gift, whatever it may be, may be left on the two dates noted either with Mrs. Watt or Mrs. Keane, or with the Beatty Washer Store. It is another plan of the ladies of the I.O.D.E. to help along worthy causes and to assist in the support of good work for the community.

Keep the dates in mind—Nov. 28th and Nov. 29th—and remember the worthy causes to be assisted, St. Mary's Hospital and the District of Cochrane Children's Shelter.

Two Definitely in the Field for Mayor's Chair

Dr. J. A. McInnis and Councillor J. P. Bartleman the Only Two Announcing Themselves. Several Others Mentioned. Big Slate Possible for the Council.

With nomination day to-morrow, the talk in regard to municipal matters has quieted down this week rather than increased. It may be that the people are a little tired with some of the tall talk that has taken place. On the other hand there is growing enthusiasm for Dr. McInnis for mayor, on account of his past services and his high standing.

Only two candidates have announced themselves for the mayoralty campaign—Dr. McInnis and J. P. Bartleman. Other names are mentioned but without authority. In some cases names have been used as possible candidates where the men concerned have given no thought to the matter, and in other cases where they have been undecided on the matter and said so plainly. As noted in The Advance Councillor Chateauvert has made no definite announcement. Mayor Richardson has definitely announced his retirement as mayor. Dr. Laprairie told The Advance today that he is considering entering the field as mayor but had not definitely announced himself. "We will know to-morrow," he said.

Among those mentioned as likely to be nominated for council are: R. Richardson, Dr. E. A. F. Day, Wm. McDermott, J. E. H. Chateauvert, Alfred Caron, John Morrison, Pete Lacroix, A. A. Paquette, Dr. S. L. Honey, Len Cousins, U. Aubrey, H. Charlebois, W. Blais, Geo. S. Drew, W. H. Pritchard, E. L. Longmore, David Laprairie and Alex Belec. Few of those mentioned above will consider remaining in the field. The Advance understands, although it is probable that a good part of last year's councillors will again be candidates.

Nominations for mayor will be held at the town hall to-morrow (Friday) from 10 to 11 a.m. Nominations for councillors and public school trustees will be from 12 noon to 1 p.m. The election will be on Monday, Dec. 2nd. Candidates have until Saturday night at nine o'clock to file their qualification papers.

## Staking Activities in the Porcupine Area Recently

Two Widely-Separated Sections the Scene of Much Staking. Thomas Township Sees Activity in Staking. Nearly Forty Claims Staked in Pharand Township.

Two widely-separated parts of the Porcupine district have been centres during the past few days for staking activity. The southeastern part of Thomas township, on Trout creek, a branch of the Whitefish river, is the spot chosen for the staking. The township is southeast of Nighthawk lake.

In Pharand township, on the border between Cochrane and Temiskaming districts, far over to the western part of the district, nearly forty claims have been staked recently, representing an area of about 1600 acres in the vicinity of Deacon lake. Pharand and the township adjoining immediately to the east, Childerose, are about 32 miles almost directly southwest of Timmins as the crow flies.

### Killed by Timber in Fall of Loose Rock

Louis Rubic Meets Death at McIntyre when Loose Comes Down in Stope.

Struck by a timber when some loose fell in a stope on the 1500-foot level at the McIntyre on Monday night at 10.55. Louis Rubic, aged 39, of Schumacher, was killed.

Three other men were in the stope at the time, two machine men and Rubic's partner, so that it was possible to get medical aid within a few minutes after the accident happened. None of the others was injured. None of the loose actually struck Rubic but the timber crushed his head badly.

An inquest is being held at Schumacher this afternoon at four o'clock.

None of the miner's immediate family reside in Schumacher. His wife and children live in his native land, the province of Croatia. Two cousins, Joe Rubic and Mrs. Lasky, live in Schumacher.

The funeral service was held this afternoon from the Roman Catholic Church in Schumacher.

### Timmins Boys' Band Now Well Under Way

Financing Being Arranged. Meeting of Fathers of Band Boys Called for Sunday at 4 p.m.

The fathers of Timmins' young bandsmen of the future will meet in the Hollinger hall at four o'clock Sunday afternoon. W. King announced yesterday. Sponsored by the Lions Club of Timmins, the boys' band is already making fine progress. Six lads have begun taking instruction and many more will begin in the near future.

Two of the Hollinger men have made substantial donations in support of the band and this money, together with other amounts that will be raised by the Lions and the boys themselves this winter, will go to equip the band properly.

The meeting of the fathers is expected to accomplish much in the way of moral support of the band movement. The ideas behind the proposal and the advantages to the boys who take part will be discussed in detail.

### This Week's Students' Night at Schumacher

To-morrow night's programme for student's night at the Schumacher High School will be a fine one, it is predicted. "Dutch Garden" is the title of a lecture to be given by J. S. Kitchen. Other activities, including athletics for boys and girls and dramatics, will be carried on as usual.

Christmas test examinations are under way at the high school at present, so that other student activities are at a minimum.
