

Esteemed Pioneer of South Porcupine Dead

Gavin McIntosh, of South Porcupine Passes in Timmins Hospital. Bazaar to be Held on Nov. 27th. Pack of Brownies May be Started. Other South End and Dome News.

South Porcupine, Nov. 20th. Special to The Advance. The Union Jack is flying at halfmast on the flagpole at the High School today, to register the passing of one of South Porcupine's good citizens. Today at 6 a.m. Mr. Gavin McIntosh passed on to the Great Beyond in St. Mary's hospital, Timmins. The news came as a shock to us, who had received more hopeful news of his condition yesterday, but his heart condition prevented his recuperation from an operation and complications setting in, his case became hopeless. Our deepest sympathy goes out to his sorrowing widow and children. Homer, aged 20; Mary, 17; Betty, 13 and George, 6.

Homer and Mary left for their respective schools on Sunday after coming home to see their father, not expecting to hear this grave news. Mr. McIntosh has one brother in North Bay and a sister, Mrs. Hamilton, in Halleybury. He came to South Porcupine in 1911—one of the earliest of Porcupine's settlers after the fire—from Halleybury. He owned a feed and grain store and wholesale grocery store on Railroad street for years, only of late years giving up the store for horse and other wholesale trading. He was a good citizen, upright and honest, and a member of the United Church, holding positions of trust and usefulness in church work up to the last—one of the oldest members and on the Board of Stewards. He never attained municipal honours although once or twice he ran for council. For the past two years he has been

a trustee of the public school. He will be missed in very many ways and his cheerfulness and courage, especially noticeable during his last illness, were marked characteristics. His kindness, also, made him an outstanding figure. We have too few of the old-timers left of Mr. McIntosh's stamp, and his passing is most deeply regretted by those of his fellow-townsmen who knew him best. His remains go on the noon train to-day for interment in Hillsdale, near Barrie.

Mrs. Coffey left on Wednesday to spend a vacation in Renfrew with her mother, Mrs. Ferguson.

Mrs. Harris, of Gananoque, is spending a few weeks with her daughter, Mrs. F. E. Wright, of Connaught Hill.

Dr. McLaren arrived back in town on Ottawa on Monday after being called to his two sisters who had been hurt in a motor accident. Miss Elizabeth McLaren is still in hospital and will possibly be there for two months longer, but Mrs. Nesbitt, who received a severe scalp wound and bruises, is out of hospital and almost recovered from the effects of the accident.

We are very sorry to hear that Mrs. Haddon, of Connaught Hill, received word this week of the sudden death of her only sister, in Neweastle-on-Tyne, England.

Mrs. Ed. Harrison, who has been in Toronto for some weeks, where she attended a family reunion, returned home this week.

The big event next week is to be the bazaar, put on by the ladies of St. Paul's Sewing Circle. Many useful and ornamental articles have been made by this busy little band of workers (notably a very handsome quilt) and should find a ready sale. Tea will be served in the afternoon and a bridge and whist drive will take place in the evening. The day is Wednesday, November 27th, and it is hoped that as many as possible will patronize this affair, the proceeds of which will go towards the parish hall and rectory building fund.

We are glad to report that a pack of Brownies (Junior Girl Guides) may be started here in town. Miss Betty Martin and Beatrice Maxwell-Smith are getting into training for the Brown and Tawny Owl duties. Girls from the ages of 7 to 11—when they "fly up" into the Guides—are eligible and should give their names in to either of these young ladies as early as possible, as a pack's number is limited. Nothing need be said further as to the good that these organizations do in a community. Besides providing these little girls with wholesome activities they also play a very great part in training our women of the future in good citizenship. A Rangers' troop (girls over Guide age) is to be considered after Christmas.

Neil Train left on Monday for a vacation in Toronto.

Buddy Evans was taken to hospital on Monday for appendix operation. Latest reports are that he is recuperating nicely.

Marion Jordan, of the Dome, is progressing well in hospital after appendectomy on Tuesday.

Mr. Blake, principal of Schumacher High School, gave one of the most interesting and instructive talks to men ever given here, on Tuesday in the United Church when he held a body of men spellbound by his eloquent address and knowledge of the "League of Nations." According to the men, who all spoke most highly of Mr. Blake's lecture, the direct and comprehensive answers to questions put after the talk helped considerably to enlighten them on this too-little-known subject. We understood that Mr. Purdy is trying to get Mr. Blake to give this talk to his High School students in the near future. Then we may possibly give a few of the highlights for The Advance.

A very nice party was given by the staff of Sky's Store on Monday night at the home of Mrs. Bernard on Connaught Hill. The occasion was to "shower" one of their fellow employees, Miss Auni Korpi, who is to be married on November 29th to Mr. Eino Kemp. Auni has been on the staff for seven years and is very popular not only with her fellow members, but with all with whom she comes in contact. Her hostesses—Misses Jeannette Jacobs and Ruby Naish—with Mrs. Sky, gave her a very nice party—a lovely lunch and a kitchen shower of cream and black chromium and enamel utensils. Enough to furnish a beautiful kitchen. During the evening Miss Jacobs gave several recitations which were very much appreciated.

At the local police court on Tuesday a very long case took up most of the time of the court, concerning liquor being found in a woman's house in Schumacher. In dismissing the case the magistrate severely reprimanded the woman for her unsatisfactory evidence, with warning against coming up again in court. Bail for the boy who was driving the car responsible for the death of Mrs. MacDonald in Schumacher was renewed. An old man brought up by the police for vagrancy—no home, nobody to look after him, found spending the night in any place at all—was given a week by the magistrate to think things over. "You may go to a home or go to jail," said his worship. "You will be locked after and kindly treated in a home—but you will not be able to get a drink in either place."

The Remus Optical Department

offers you the skilled services of a graduate optometrist—an eyesight examination based upon a very thorough knowledge and the use of scientific instruments—a reputation for fair dealing which assures you of quality and satisfaction. You are cordially invited to inspect our optical department at any time.

Institute of Mining Urges Cut in Taxes

Convention at Vancouver Also Proposes Restoration of the Depletion Allowances.

At the Western convention of the Canadian Mining Institute, held at Vancouver, resolutions were adopted urging lower taxation for the Canadian mining industry. It was already shown that this was in the special interests of the Dominion as a whole, no less than for the development of mining.

Restoration of the depletion allowance for companies and shareholders to its former amount, 50 per cent. for gold mining companies and 33 1-3 per cent. for base metals, is also asked.

Another request made is for an agreement between the various provinces and the Dominion as to proper allocation of tax revenues.

A third resolution suggests efforts be made to simplify inheritance tax procedure by reciprocal arrangements to prevent duplication. Another suggests efforts be made to assure investors in mining developments that they will receive equitable and sensible treatment. A fifth urges that mining be not subject to discriminatory legislation.

Mail Parcels to the U.S.A. at Early Date

Post Office Suggests First Week December as Latest Time. U.S. Customs System Results in Delay.

It may be just an imaginary line that separates Canada and the United States, but at that line all parcels are held up sometimes for as long as three weeks, particularly during the Christmas season. The United States customs department is not nearly the wide flung service that exists in Canada. There are, in the country to the south, comparatively few "ports of entry" and they are scattered along the seaboard and the Canadian border.

In order to explain why Christmas parcels to the United States should be sent during the first week in December, the post office explains that when a package leaves here, it is consigned not to the United States postal authorities, but directly to the customs point nearest the place to which the parcel is directed.

Parcels from Timmins consigned to the United States go mainly to Detroit, Buffalo and Montreal. They are inspected by customs officials and a notice sent by mail to the addressee stating that a package is held for duty. The addressee remits an amount sufficient to cover the duty by mail to the customs point and then the parcel is placed in the mails for delivery.

Should a parcel be sent from here to Los Angeles, it might be held at Detroit for duty until a letter was sent to California and return.

Last year, Canadians were warned that they should mail Christmas parcels to the United States not later than December 10th, but it was found that this did not allow enough time. Now, the post office advises mailing during the first week of December.

The Canadian postal authorities and the Canadian customs authorities have no control over the situation. United States mails are just as congested as Canadian at that time of year so that the added customs delay makes it difficult indeed to guarantee prompt delivery.

British and foreign parcels are now being received at the local post office with steadily increasing volume. Most of them are for Christmas delivery.

Porcupine District Pipe Band Whist Drive, Nov. 22

The whist drives and other social events under the auspices of the Porcupine District Pipe Band are now well known and appreciated throughout the district, so there will be pleased interest in the announcement that the Pipe Band is sponsoring another whist drive in the Hollinger Recreation Hall on Friday evening of this week, Nov. 22nd. Refreshments will be served during the evening, and the list of prizes is particularly attractive.

Municipal Contest in Cochrane to be Lively

Word from Cochrane indicates that there is to be a lively municipal election in that town. The present mayor, R. M. Smith, has definitely announced that he is retiring from political life so far as the municipality is concerned. R. R. Mitchell, a former mayor of Cochrane, who dropped out of municipal affairs a couple of years ago on account of his health, is now back again, having announced his candidature for the mayoralty for 1936. John Lanning will likely be his opponent, which assures a lively contest, without specially endangering the mayor's chances for being elected again. There are also a number of names mentioned as likely candidates for the Cochrane council for the coming year.
