

A sip twice a day

KEEPS COUGHS, COLDS AWAY

BUCKLEY'S MIXTURE

But if by neglect of this simple precaution you catch grippe, bronchitis, cough or cold, don't take chances—take Buckley's. It's speedy—action starts with the first sip. It's safe—can be given to young or old. Agrees perfectly with the most delicate stomach.

Auspicious Opening of Palace Theatre

(Continued From Page One)
terprise.—Mr. and Mrs. Sol Shankman and family.
Hollywood, California—"Best wishes for great success on the opening of your new theatre."—Joel McCrea.
Hollywood, California—"Congratulations and best wishes on the opening of your theatre."—Mariam Hopkins.
Hollywood, California—"Congratulations on the opening of your theatre and best wishes for future success."—Samuel Goldwyn.
Hollywood, California—"Sincere wishes for success on the opening of your theatre."—Merle Oberon.
Hollywood, California—"All the luck

in the world on the opening of your theatre."—Douglas Fairbanks.
Toronto—"May we extend to you our best wishes for a splendid opening, tonight and for complete success in the future in the beautiful Palace theatre."—Harry Coleman.
Toronto, Ont.—"Congratulations on opening of your new theatre. Wish you every success. Regards to Pete and Gene."—Twentieth Century Fox Films Corporation.
Timmins, Ont.—"Although unable to be present we wish to congratulate you and your conferees on the magnificent new theatre. It is a Palace indeed, worthy of any place in Canada. Good luck from Sam Cohen and family."
President of Timmins Theatres Presented.
The chairman then presented Leo Mascioli, president of Timmins Theatres Limited, owners of the Palace theatre, who was greeted with rounds of sincere applause. Mr. Mascioli in a very brief but effective address that greatly pleased the audience thanked all for their presence and their kindness to him and his associates. He said that the best was not too good for Timmins, and he hoped to continue to give the best in programmes and service.

By One Interested in their Welfare

Floral Tributes to Leo Mascioli
The applause following Leo Mascioli's address had not fully subsided when it broke out again. The two pretty little five-year-old twins, Mary and Agnes Sullivan, daughters of Mr. and Mrs. M. C. Sullivan, 155 Maple street, south, bearing a basket of beautiful flowers. The charming little girls wore dainty dresses of pink organdie, with pale blue ribbons. On behalf of the vice-president of the Timmins Theatres Limited, Chas. Pierce, the secretary-treasurer, P. M. Bardesson, the directors Frank Byck and Nick Blahey, they presented Mr. Mascioli with the floral tribute as a mark of appreciation for his notable service and enterprise in their behalf.

Next the ushers of the theatre came to the platform with baskets of flowers from the Staff of the Timmins Theatres Limited; from the directors of the Northern Empire Theatres, Ltd.; from Sam Glazer, general sales manager of United Artists Film Corporation in Canada; from Columbia Pictures Corporation of Canada Limited, Toronto; from Mr. and Mrs. John Carnovale, Timmins, Ont. Also during the evening at the conclusion of the address, thanking Mr. Mascioli and his associates for the donation to the Shelter, pretty little Audrey Leiman presented Mr. Mascioli with a basket of flowers on behalf of the children at the Shelter to whom he has shown so many kindnesses.

Thanks from J. E. H. Chateauvert
J. E. H. Chateauvert, speaking in French congratulated the Timmins Theatres Limited on the opening of their beautiful Palace theatre and the enterprise and public spirit shown. Referring to the kindness of Mr. Mascioli and associates in allowing the use of their theatres for the people of St. Anthony's parish whose church was recently destroyed by fire, Mr. Chateauvert said he knew that the French-Canadian population appreciated this. "Mr. Mascioli has always been a friend of the French-Canadian population," said Mr. Chateauvert, "and they are friends to him." He also referred to the generosity shown in donating the proceeds of the opening night to worthy causes like the St. Mary's hospital, the Children's Aid and the Legion.

Vice-President Pierce Speaks
On behalf of the Timmins Theatres, Limited, Charles Pierce expressed the appreciation felt for the leadership and enterprise of President Leo Mascioli. Mr. Pierce thanked all for their support and friendliness in the past and hoped that the Palace theatre and its programmes will long continue to please the people and meet the entertainment needs.

Cheques Presented to Worthy Causes
The chairman then explained that with the usual generosity shown by Leo Mascioli and his associates the proceeds of the evening had been given to the St. Mary's hospital, the Children's Aid Society and the Canadian Legion. There was a cheque for \$200.00 for each of these organizations. Miss Burke, one of the supervisors at St. Mary's hospital, in full uniform of her profession, accepted the gift for the hospital.

In expressing thanks for the generous donation, G. A. Macdonald, president of the District Children's Aid Society, said that this was the third similar gift from Leo Mascioli and his associates at the opening of their theatres in Timmins. These kindly donations were greatly appreciated but so also were the many generous personal gifts of Leo Mascioli. He was always showing kindness and interest in the children at the Shelter and as an expression of their thanks and gratitude they asked him to accept their humble tribute of flowers.

Austin Neame, in accepting the cheque for the Timmins branch of the Legion, said that Leo Mascioli had always been a friend of the Legion and the returned men appreciated his interest and his kindness. He congratulated the Timmins Theatres Limited and the town of Timmins in the beautiful new Palace theatre and thanked the company for the generous donation.

Mayor Bartleman Declares Theatre Open
Mr. Langdon next called upon His Worship Mayor J. P. Bartleman to officially open the theatre, the mayor responding in very effective way. Mayor Bartleman said that he knew that all must appreciate the beauty of the Palace theatre and feel that it was a decided asset to the town. He complimented Leo Mascioli and his associates on their enterprise and public spirit. He made passing reference to the difficulties encountered in the first motion picture theatre in the Porcupine camp, the machinery breaking down and the show being forced to discontinue until repairs could be made. He contrasted this old-time equipment with the modern "Palace" theatre and its perfect apparatus. On the conclusion of his effective address the mayor cut the ribbon and declared the Palace theatre formally open for the people of Timmins and district. The audience then rose to their feet and sang "God Save the King" to the accompaniment of the orchestra. A coloured picture of King Edward VIII was thrown upon the screen. One of the happy gestures of the evening was the call by Mayor Bartleman for three cheers for Leo Mascioli and his associates, the response being given in very hearty way.

A Big Programme
With the formal ceremonies thus concluded the big audience settled down to enjoy a big programme of sound motion pictures. The list of those responsible for the construction of the theatre and its equipment was screened. Then followed interesting news reels, a sports feature, a "Pop-eye" feature, and the big picture of the

Much interest was created this week by the fact that the Timmins branch of the Canadian Legion was among the local organizations picked by the Timmins Theatres Limited to receive a portion of the opening night's takings of the Palace theatre. Leo Mascioli has always taken a great deal of interest in the work of the Legion here and as there has been some comment made in regard to the Legion receiving this very generous donation—\$200.00 for its relief work, I am of the opinion that the general public do not realize fully the extent of this part of Legion activity.

Helping the Other Fellow
While it may be true that the members of the local branch have a very happy time together and that there may be some who seem to feature the social side more than the serious it is a fact that when in session and matters of relief and assistance are before the members they as a body are all in accord with the thought of helping the other fellow. There is no show of joviality, but a serious consideration of the cases in question. There are some prominent men of the town and district who are fully aware of this fact. They send in donations regularly and this fact is always accepted by the officers and members in the usual customary manner—an open vote of thanks, recorded on the minutes of the branch books. It was about 8 years ago that the officers of the branch were called upon to help along an unfortunate family of an ex-serviceman. The case was so urgent that the seven officers in session took up a collection on the spot and the family were given food and fuel as a result. It was seen then that money would have to be secured to carry on this work. Dances at the old McIntyre hall were quickly planned and it is true that these were a source of special approval by the public. The Legion had gained a point in public favour. The finances began to come in but the calls came with it also. Poppy Day came and the Legion relief fund got a boost, several fine donations were received and from then on the vast amount of work carried out in this respect is a credit to any organization. A nominal figure quoted as \$1,500.00 a year from the time of the commencement would bring the total to the amount of \$12,000.00—truly an outstanding record. To prove the truth of the above statement, for the nine month period April to December 1935, \$1,078 was given out in relief alone. During some of the years of the depression the amount reached \$2500.00. The Advance, by its very generous use of space has given prominence to this special work of the Timmins branch of the Canadian Legion, in fact much of the success of Legion activities can be traced to the same source. While it has been the custom not to give publicity to those who have been assisted there have been some who have been so grateful that they themselves have openly voiced thanks. It may be this source of information that has brought the importance of the work to light. From the most unexpected sources have come donations and the latest splendid contribution from Leo Mascioli and his associates of the cheque of \$200 is just another example of how the business men and prominent citizens thank the Legion for this assistance of those in need. The Legion has been a leader in several community events and each and every one has been a success. It is a pleasure to know that there are men in the camp who take such an interest in the welfare of local organizations that comfort those in need and care—namely the Children's Shelter, the St. Mary's hospital and the relief work of

evening Eddie Cantor in "Strike Me Pink." All present felt that they had received a big money's worth in entertainment.

The Theatre Staff
The complete success of the evening on Monday was no doubt due in large measure to the efficiency of the staff. The ushers and other members of the theatre staff were in uniform for the opening and the new Palace theatre uniforms are in keeping with the elegance of the theatre itself, the blue colour of the suits blending very agreeably with the theatre interior. The handsome uniforms add to the effectiveness.

The complete Palace theatre staff and executive is as follows:—
President—Leo Mascioli
Vice-President—Chas. Pierce.
Secretary-Treasurer—P. M. Bardesson.
General manager of the Timmins Theatres Limited—Gene Colombo.
Manager Palace theatre, Frank Colameco.
Doorman—Maurice Lander's
Cashier—Miss Rose Pezzola.
Ushers—Joseph Martell, E. Landers, B. Connessi, W. Babcock, A. Persovski.
Chief operator—H. E. Babcock.
Assistant operator—Tom Mallin.
Notes
Among those from out of town who were present at the opening was Mr. Hatfield, of the Paramount Films, Toronto.

The Palace theatre was very anxious to have everything of the best and everybody seemed to give the best of co-operation to this end. The Northern Ontario Power Co. helped in the success of the theatre opening by installing special transformers to assure complete power supply.

There were two matinees each day on Tuesday and Wednesday. Each of these matinees the theatre was filled to capacity. On Tuesday afternoon there was such a crowd for the 4.30 matinee (nominal admission fee of ten cents for the children) that traffic was

blocked on the south side of Third ave. The youngsters started to gather at 4 p.m. and three of the town police had their hands full in keeping the youngsters in order. The crush was great, indeed, and although it was better yesterday the 4.30 matinee attracted a large crowd of youngsters.

The opening ceremonies of the Palace theatre were broadcast over the local radio station, W. Wren looking after this in capable way, those unable to attend enjoying at least part of the evening's programme over the radio.

SUBBURY MAN INJURED BY DYNAMITE BLAST ON ROAD
Andrew Godsake, 33, Regent street, Sudbury, was admitted to Toronto General Hospital Monday of this week with two fingers blown off and the remainder of his right hand severely damaged as a result of a premature blast of dynamite. The injured man was employed on highway work when the accident occurred.

Vienna Doctor Objects to Exhibition of Quintuplets
A famous Viennese psychologist, writing in a fiction magazine, hurled a bomb at the public exhibition of the Dionne quintuplets.

"Life in a glass house is not conducive to normal human happiness," declared Dr. Alfred Adler, in the March Cosmopolitan. "Five little guppies living in a fish bowl may not be distracted by constant exposure, but babies are not fishes. Children accustomed to being exhibited are never happy unless they elicit attention."

"To separate the little quintuplets runs counter to public sentiment," he grants, "but if we consider the happiness of the children it would seem more advisable to destroy the uniqueness of their position and make them forget that they are quintuplets."

Frown on Plan to Kill a Bear for Pathe News Reel
To-day it had been planned to set up a Pathe news reel camera near a tree in the trunk of which a bear is hibernating and film the bear by the news reel as the animal came out of the tree trunk, groggy and angry. Of course, it would be necessary also to shoot the bear, or, the camera man would not be likely to do much "shooting" hereafter in this world. The bear would be plenty mad at being disturbed in his annual winter nap and there would necessarily have to be protection for the camera and the cameraman, if anybody wants to use either of them again. The only effective protection in such a case would be to shoot the bear, and this is just what had been planned.

DIONNE QUINTUPLETS ARE REPORTED TO HAVE COLDS
The Dionne quintuplets are reported to be suffering this week from colds. In the case of ordinary children no attention would likely be paid by anyone but the mother to this form of minor ailment and the children would be as well as ever in a day or two. It would seem that the special attention being given the quintuplets is liable to make them more subject to ailments that would not affect less protected children, while at the same time it is also apparent that even the Dafoe hospital with all the modern equipment available, the special nurses, etc., does not give the youngsters immunity from common colds and other little illnesses that seem to be the general lot of all youngsters.

Toronto Mail and Empire:—This is indeed the age of unbelief and incredulity when a Canadian team has to be sent all the way to Germany to prove that Canadian hockey players are the world's best.

"In my opinion, it will be an inhumane act to cut down the tree and kill the bear," said J. MacNab Wilson, managing director of the Toronto Humane Society.

"I would consider the proposed expedition poor sportsmanship. However, I'm afraid there is no law to prevent it."

Always think the worst about everybody. Look for hidden motives—don't credit your comrades with any ideals. Remember—you know more than anyone else about everything. If they don't agree with you, they're wrong. Don't co-operate with any officer or committee—make them co-operate with you.

And by just doing the reverse of each of the above paragraphs the members will be able to more than pay off the Legion hall debt by 1937.

General Meeting Monday
Another general meeting of the branch is called for Monday evening, February 17th at 8.00 p.m. All are asked to be early. It is expected that the president will have some interesting news re the convention. See you all there!
