

Bonspiel at South End Proved Great Success

List of the Games and Winners and Some Notes on the Event. Some Damage from Fire in Carpenter Shop at Dome. Carnival at Skating Rink Successful Affair. Other South Porcupine and Dome News.

South Porcupine, Ont., March 18th, 1936.—Special to The Advance.—
 Mr. Atkin, of Feldman Bros. staff, left on Monday for Toronto to attend the funeral of his mother, who died in that city on Sunday after an operation.
 The grand bonspiel ended on Tuesday and has been without exception the finest event the curling rink has ever attempted. As we have stated before the greatest credit is due to the efforts of Mr. W. Fairhurst, who took most of the preparation for the event upon his own shoulders, and has personally contributed time, money and trouble to make this affair a worthy one. So great has been the success, and so keen the competition that we have assurance that it is likely to be an annual event. The closing night being St. Patrick's Own, the green was ap-

parent in the nicely set buffet lunch table which has been a great feature all through the bonspiel. As if lady luck had been impartial with her favours, a rink from each club—Dome, Timmins and South End—won an event and the finals showed the following winners:—
 Main event—prizes, four beautiful chromium and bronze smoker stands—won by the rink of Carl Eyre, Timmins, with Graham vice-skip, Fleming second and H. Hudson lead.
 Second in main event—prizes, four silver pitchers—won by the rink of Dr. L. Hudson, of Timmins, with McGuire, vice-skip, J. Dutton, second and H. Oben lead.
 Third in main event—prizes, sandwich grills—won by Sid McCoy, of Timmins, with Stevenson, vice-skip, Booth, second, and Brown, lead.
 Fourth in main event—prizes, table lamp—won by W. Lang, of Timmins, with Skelly, vice-skip, Charlebois, second and J. McGuire, lead.
 Dome special—Prizes, silver relish trays—won by Basso, of Dome, with Richmond, vice-skip, J. White, second, and McDonnell, lead.
 Dome special II—prizes, silver well and tree meat platters—won by rink of H. Miller, of town, with Lamothe, vice-skip, Purdy, second, and Gardiner, lead.
 Dome special III—prizes, silver casseroles—won by rink of L. Sauder, with F. Laforest, vice-skip, Strickland, second, and Crozier, lead.
 Dome special IV—prizes, curling trophies, cups with curling stones—won by rink of Harkness, Dome, with Powell, vice-skip, Mondoux, second, and Eames, lead.
 Consolation—prizes, silver baking dishes—won by rink of Cooper (South End) with Dr. Somerville, vice-skip, Arnett, second, and Reid, lead.
 Consolation II—prizes, four hams—won by rink of Fulton (South End) with Dwyer, vice-skip, Bernard, second, and Harper, lead.
 Speeches were made at the end of the bonspiel by the presidents of Timmins and Dome rinks and nice things

said about the way the affair had been conducted.
 Mr. Sol Sky has donated an Oddfellows cup to be competed for by rinks of Oddfellows from Timmins, Dome and South End. The first game is to be played on Sunday afternoon next.
 A fire broke out at the carpenter's shop at the Dome Mines on Monday evening around 10 o'clock. It supposedly started by spontaneous ignition in sawdust, oil, etc., in the roof of the building. Upon hearing of the fire the town brigade left immediately to assist, but the blaze was well under control when they got there. The damage is estimated at around \$1000—covered by insurance.
 The carnival at the skating rink put on by the Royal Order of Moose Tuesday evening proved to be a successful event. The rink was well filled by spectators and quite a number were in costume. The lacrosse game, advertised as at eight o'clock, took place earlier and many missed it but the score was a draw. A good game, though, was the general comment. The Porcupine District Pipe Band, always a drawing card, turned out to honour the event (although on an Irishman's day) and were greatly admired. Hot dogs, etc., were sold. The fun was great and a real carnival resulted.
 Many children were there and all in costume received a small gift. The prize winners were (as was only natural) two Irish gossoms with their colleens: No. 1, Jacqueline Demers, as the man, and Violet Dillon, as the lady; and No. 2, Valerie Bessette as the boy and Sarah Firth, as the girl.
 Lloyd Owens as a gypsy won first prize for boys and Frankie Richards second as "Mae West."
 Other children who are worthy of comment were little Leslie Costello, who made a very nice pirate; Nancy Christie, Donna Reid and Doris Spjuth, who were pretty little Irish lassies; Marion Richards, as the Ghost of St. Patrick; Marjorie Ewing as a negress; Walter Firth as a pirate; Frances Cunningham as a doctor; Kathleen Peocore as a nurse; Audrey Jamieson, as a Polish woman; Harry Disher as the Book of Knowledge and Charlie Brow as a lady in red.
 Adults in costume were: Ruth Doran, as an old-fashioned lady; Jean Stringer, as a jockey; Mrs. O. Proulx, as "Grandma"; Lily Brown, as an old-fashioned lady, with Betty Martin, as her escort, in regulation top hat and tails; Mrs. Rayner, as a squaw; Miss Ruby Naish; Chinaman, Jack Porter; and Garth Porter, as a pirate.
 A barrel race was won by Mr. O.

Committees Named by Timmins I.O.D.E.

Many Other Matters of Interest at Meeting of Golden Chapter I.O.D.E. on Monday.

Committees were appointed for the year's work in the Timmins Golden Chapter of the I.O.D.E. which met on Monday for the first time in their new place of meeting, the basement of St. Matthew's church.

Following are the groups through which the work will be carried on, the first named in each case being convener:

Child Welfare: Mrs. S. R. McCoy, Mrs. Lawry and Mrs. Morison.
 Education: Mrs. T. E. Pritchard and Mrs. Tanner.
 Entertainment: Mrs. G. S. Lowe and Mrs. J. A. Theriault.
 Girl Guides: Mrs. D. Maxwell, Mrs. Dorechner.
 Membership: Mrs. Dorway, Mrs. Carriere, Mrs. McKenna, Mrs. Maxwell, and the Regent, Mrs. Traver.
 Refreshment: Mrs. Robert Copps.
 Sick and Visiting: Mrs. A. Brooker.
 During the meeting, Mrs. Traver addressed the chapter on certain phases of the constitution under which the chapter operates, explaining in detail some of the articles.
 Mrs. Lindsay was welcomed as a new member of the chapter.
 Three applications for membership were read and accepted.
 Three appeals for relief were read, including one from Hanna township, and one for supplies for a rural school. Action will be taken, it was decided.
 During the past year the chapter has spent \$66 in assisting Girl Guide work in town, it was reported.
 At the close of the meeting, a short musical programme was enjoyed during which Mrs. Keene, Mrs. Pritchard and Mrs. Ball sang. Mrs. Morin was accompanist.

St. Patrick's Day Party at Home of Mrs. Bardessono

A St. Patrick's day party at the home of Mrs. Pete Bardessono here on Tuesday night was thoroughly enjoyed by those who attended. Mr. Bardessono, at present in North Bay, had green carnations sent up from Toronto and these were given as favours to the ladies of the party. Prizes at cards were won by Mrs. H. Dick, Mrs. Albert Groulx, Mrs. Bob Winney and Mrs. Homer Gauthier. The guests also included Mrs. A. Dalpe, Mrs. Charbonneau, Mrs. Agnes Bastien, Mrs. L. Slobasky, Mrs. Leo Racicot, of Comaugh, Mrs. J. Mustato, Mrs. Gene Colombo, Mrs. Lefebvre, Miss Dorothy Stark, Mrs. Lloyd Groves and Miss Cora Groulx. Toward the close of the evening a buffet supper was served.

Loss of Pig, Cow, Dynamite, Bath House at Wawatit

Under the heading of "Wawatit Wails" in the current issue of The C.N.P.C. Review (the little magazine published monthly in the interests of the employees of the Canada Northern Power Corporation) there is the following paragraph of shocking interest: "Our sympathy goes to Bill Pettie, popular Hydro Electric employee at Wawatit. His half-grown pig ate a couple of sticks of dynamite and then went bothering the cow that was tied to the steam bath building; the cow, of course, kicked the pig when he was loaded with dynamite and the result is that there is no pig, cow or bath house. Mr. Pettie would not make a statement as to whether the animals, etc., belonged to him personally or whether they belonged to the Commission."

Have to Move North for the Winter Months Yet!

For years The Advance has been urging the people of the South to move to this North to escape the rigors of the ordinary Southern winter. For instance, at the present time there are over two miles of cars stalled on the Niagara Falls highway while the coach lines between Toronto and Buffalo have to make detours and right-turns, not to mention the overturning in the deep snow. On the other hand up in the North cars are running as usual. The buses up here never miss a trip—they are not even off schedule all winter. There is snow up here all right but the houses and people are tall enough to see over the top of the snow. Anyway they know how to clear snow away. It's cold all right in the North, but the air is so dry that you never feel it, or at least so they say. In any case, however, it is a fact that a little snow lies up traffic in the South, while Northern traffic is never tied up for long. Also a few degrees below zero is so cold in the southern part of Ontario that people have to stay indoors, while in the North 30 or 40 below zero is not too cold for business or hockey, though when it gets that cold, it is too severe to get out to church. Iroquois Falls is still on the map and the people there are healthy and happy, though the thermometer last year was 70 below.

Burwash Prison Farm is Vindicated in Report

Reference was made recently to complaints against Burwash prison farm. Sam Lawrence, C.C.F. member for Hamilton East, asking for an investigation after being skillfully primed by a former prisoner in the institution. The government very properly ordered an immediate investigation and the report of the inspector has been given out. Deputy Provincial Secretary C. F. Neelds conducted the enquiry and a summary of the report is to the effect that while there was some carelessness in the medical department some time ago, apart from this the officials are deserving of praise for the way they are carrying out their duties. The report points out that T. M. Gourley, the superintendent, is an able and experienced prison administrator and has looked after his duties in effective way. Note is made of the fact, however, that some of the more hard-boiled prisoners decided to "try out" the new superintendent, but that he handled the situation in effective way and will eventually win the confidence of the prisoners as well as their respect. The most interesting part of the report is probably that referring to the former prisoner who originated the complaints. This ex-prisoner has a criminal record of nine convictions in the United States and Canada. The report states that he is a drug addict and that his stories were affected by this fact. Sworn evidence taken from 28 prisoners, however, disproved the stories told by the drug addict. Statements were also taken from 51 others who requested interviews. Among the 51 were several who complained that they were required to do work heavier than justified by their physical condition. In a few cases there was reason to believe that this might be the case, and the medical staff was required to give all a very careful examination to avoid the danger of this. The report also found a former medical man in charge had not shown good judgment in the case of a tuberculosis prisoner who had later died from the disease. The unfortunate man had been registered for work though not in condition for effort of that kind. The sick man, however, had been kindly treated by others on the staff.

The doctor in question, however, had been shown to have given excellent attention to other patients, and so the report says it is difficult to understand why he did not attend more closely to this sick man's condition and why he did not prescribe helpful foods for him, the latter being given voluntarily by members of the staff when they realized the condition of the unfortunate man. The general finding of the report is that there was no cruelty or brutality at Burwash and the prisoners generally were well used and cared for.

Retiring After 47 Years of Service to the North

Rev. Canon Charles Piercy, who has been rector of St. Mary Magdalene Anglican Church at Sturgeon Falls for the past 27 years, will retire after the Easter devotional period. He is 82 years of age, and has given 47 years of notable service to his church and to the North. Previous to entering the Anglican priesthood he was a newspaperman, working in Hamilton on daily newspapers and also being engaged in several weekly newspaper offices. He was ordained in 1889 and served first at Schreiber, then at St. Joseph's Island. He was the first resident Anglican priest at Sudbury and was responsible for the creation of the first Anglican Church there. He served at Burks Falls for six years. In 1898 he was transferred to Sturgeon Falls and remained there until 1902 when he went to Sault Ste. Marie to take charge of the Mission of St. John. In 1909 he returned there to remain as priest and missionary. Rev. Canon Piercy is widely known and greatly beloved, and he has the good name of having done more than any other single man in the North to spread the gospel of his church among the peoples of the districts in which he has lived. He will retire with the highest esteem of all for his long and useful life and his innumerable good deeds and helpfulness to all with whom he came in contact.

Baudette (Minn.) Region:—A woman in a North Dakota town claims to be 109 years old. When a witcher gets that old she doesn't care who knows it.

Semi-Annual Banquet of Merry-makers' Card Club

The Merry-makers Card Club held their semi-annual banquet last night at the Mackenzie tea room. A delicious chicken dinner was served. Later the members went to the home of Mrs. W. Jardine, 103 Cedar street, north, where cards were played. First prize was won by Mrs. Geo. Jopson; 2nd, Mrs. J. Sears; 3rd, Mrs. J. Pye; consolation, Mrs. S. Kitcher. Next meeting of the club will be on March 25th at the home of Mrs. R. Backhouse.
