News and Notes of Timmins Girl Guides

Rangers to Try for Book-lovers' Badge. Interesting Meeting of Girl Guides

The following are the reports of the meetings of the Rangers and the Girl Guides for last week:

Rangers
The 9th I.O.D.E. Rangers held their weekly meeting on Thursday evening at the Hollinger Recreation hall. Some

business matters were discussed. The requirements for the 1st Class Badge were read over. It was decided that the Rangers would try for the Book-lover's Badge first, as this is necessary for the 1st Class Badge.

A game was played. The meeting next week will be taken by the Maple Leaf Patrol.

Girl Guides

Roll call was taken and then Captain Cranston took the attendance. Inspection was taken by Lieutenant Tilley. Horsheshe was formed and Elsie McFadden raised the flag, assisted by Winnifred Jackson and Marie McCann.

The Guides then went to their Patrol Corners. After this they divided up into three groups. Captain Cranston took Morse Signalling and Helen Landers took Morse Code with the buzzer set. Those taking the Health Badge studied for it. They will pass it this coming Friday evening.

A game was played under the direction of Helen Landers and then Miss Walker, the South Porcupine Guide captain, taught the Guides a new game which they enjoyed very much.

The meeting was brought to a close by the singing of "Taps."

CANADIAN METAL IS USEFUL IN HOLDING MISSISSIPPI

Over 200 tons of alloys which include Canadian nickel were used in rolling back the father of waters. In connection with the recent deepening of the Mississippi River channel below St. Paul, Minn., locks and dams were built with many parts of nickel steel and nickel alloy steel.

Planning Reception for South Porcupine Juniors

South Porcupine Proud of Good Battle Put up by Team in Toronto. Finals in South Porcupine Curling Competition. Other News of South Porcupine and the Dome.

South Porcupine, Ont., March 28th. Special to The Advance.

The T. & N. O. excursion on Friday carried twenty more fans from South Porcupine down to Toronto to see the second game in the hockey play-offs in which our boys will figure. No. 46 left in two sections to accommodate all passengers. Letters from the boys themselves say that the King Edward hotel is just a little bit of home—over sixty guests this week being from South Porcupine. Messrs. W. Johns, John Fell Jr., and J. McCarthy were among the number leaving yesterday. Several people have asked us to mention the fact that they appreciated being able to hear the broadcast of the games over the local radio station. Every home with a radio in South End on Tuesday night and on Saturday afternoon was "tuned in" on the game and cheers and groans were the order of the day. We have just heard the result of the second game 7-2 in favour of West Toronto. Of course we are sorry, but we are proud of our boys just the same. They made a pretty good showing, and put us on the map for a time anyway. And they will get just as good a reception on Monday night when they return as they would if they had been victors instead of runners-up. So get out the fire truck!

Mrs. Kramer (nee Myrtle Dysart) is in the local hospital recovering nicely after appendix operation.

Mrs. W. Lemmon and small son are spending some weeks visiting in Kirkland Lake at the parental home.

A very enjoyable luncheon bridge was given by Mrs. Libby and Mrs. Hedges as joint hostesses at the home of Mrs. Libby, Dome Ex., on Wednesday. A lovely lunch was served and twelve guests played bridge afterwards. The honours went to Mrs. Jay (first); Mrs. W. Thomas (second), and Mrs. Webb (third).

A board meeting of the Women's Auxiliary of the Diocese of Moosonee was held on Friday at the home of Mrs. Wm. Pritchard in Timmins, for routine business. Those attending from South Porcupine were—Mrs. W. H. Johns (president); Mrs. Woodall (vice-president); and Mrs. W. Fairhurst (treasurer). Others attending were Mrs. Blackburn, of Monteth, Mrs. J. Atkinson, of Kapuskasing, Mrs. Walters, of Iroquois Falls, and Mrs. Traver, of Timmins.

The final of the curling competition for the Taylor Hardware cup (Dome club) will be played to-night (Saturday) at the South End rink. The vice-skips' competition (also Dome club) for the Anglo-Canadian Wire Rope cup, was finished on Friday, Mr. W. Whyte's rink winning the cup.

The favourite indoor sport these last few weeks seems to be having "Aluminium Parties." An obliging young man cooks the dinners (and they are very good, too) and moreover provides them. Hostesses gather friends together and give them table accommodation. (Of course there is a catch to it, but this is not apparent at the parties!) Among those entertaining to date are—Mrs. J. Aitken, Mrs. R. Mansfield, Mrs. Johnston, Mrs. George Helmer, Mrs. Findlay McNeil, Mrs. Lemay and Mrs. J. Gibbons, all of town, and Mrs. Webb, Mrs. W. Thomas, and Mrs. Connelly, of Dome Extension.

Miss Teresa Burns is busy training a children's choir at the Catholic church for Easter music. Over thirty-five children's voices will be heard in St. Joachim's church on Easter morning, singing the mass of "Our Lady of Loretto"—special solo work being given by Valerie Bessette, E. Rapsey and P. Laforest.

Lionel Sauriol, who has been working in South Porcupine all winter, left on Tuesday for his home in Ottawa.

Mr. G. Bucknam (hockey player) has returned this week to his home in Toronto.

The Young People's Society of the United Church is busy preparing a play which will be produced in the last week of April.

On Friday night, owing to the power being shut off earlier in the day, the residents of town were without water for some hours. When the power goes off, the pumps at the springs stop, and if the gasoline pump is not set up at once the water supply gradually dwindles. This happened on Friday and when the power came on again a fuse blew out at the station. The town gang had to get out there and fix things hence the water shortage. The only serious inconvenience was to the local hospital, and the firemen saw to it that a supply of water was taken there sufficient to carry on.

A very nice whisky drive was held on Friday night in the parish hall, sponsored by the Re'ekah lodge. These little monthly card parties are very enjoyable and although patronized fairly well are really worth a better turnout. The prizes given are usually good, and an evening's fun and social time is always to be enjoyed at these affairs. The first lady prize winner on Friday was Mrs. Harry Robinson; second, Mrs. Smith; and third, Mrs. J. Johnston. The men winning honours were Mr. A. D. Pearce, first; Mrs. J. McGinn, second; and Mrs. T. Farrell, (playing as man) third.

The firemen were busy this week in South Porcupine. Three fire calls in one day (Monday) being quite a record. The fires were all of a minor nature, however, stopped before any damage was done. One—on Connaught Hill—was a chimney fire, put out by a "pyrene," which a young Scout (Sterie Evans) rushed to the house as a good Scout would, in time to save the firemen any more trouble. The second occurred on Golden avenue in the sheds of the house of Mrs. Hill. Some child-believe it could be a source of worry.

Mr. E. S. McCarthy, who has been in charge of operations at South Keora, returned to Toronto on Friday.

Mrs. R. Mansfield took in the excursion and will visit her sister, Miss Ingrid Klinga, over the week-end.

Mrs. Carl Carruthers entertained twenty-three guests on Thursday night to a very novel "Chilli-con-carnie" supper.

All guests were members of the United Church Ladies' Guild, who thoroughly enjoyed both the excellent supper and the social evening which followed.

Miss Cora Simpson left on Friday for her home in Gravenhurst after spending some weeks with her aunt and uncle, Mr. and Mrs. W. W. Wilson, of South End.

A Glee Club, under the musical direction of Mr. Hale, is to be started in South Porcupine, if sufficient members can be found to make the effort worth while.

On Tuesday night a meeting was held in the High School but only a few prospective members turned up. With the exception of making Mr. T. Kelly secretary and Mr. John Fell, Sr., manager, no further business was done. However, another meeting is to be held on Tuesday night and it is hoped that more music lovers will attend.

Friends of Mr. C. Kavanagh, who has been off work and sick for the past three months, will be glad to know he is fully recovered and is able to be back at work today.

Mr. and Mrs. Gaunce, who have been spending the winter with their daughter, Mrs. A. Lyman, Strachan avenue, leave this week for their home in Cochrane.

Mrs. Sullivan spent some days this week visiting friends in Cochrane.

Scout, Guide and Cub News

Scouts met as usual on Thursday. Badge work (and are they working hard to get them before the jamboree!), and boxing taking up most of the evening.

The Guides met on Wednesday under the leadership of Lieutenant Walker. Flag was raised by color party. A Bennett, K. Hill and H. Haneberry. Instruction in drill took up some time, when games were played under the leadership of Irene Disher of the Snowdrop Patrol. Campfire followed, in charge of Audrey Bennett of the Forget-me-not Patrol. "Taps" closed the meeting.

The Cubs met as usual on Friday evening under Cubmaster McCulloch, and most of the meeting was taken up with instructions in signalling given by Scoutmaster Lemmon.

The Brownies met on Friday at the parish hall. Brown Owl took inspection and the Sixers went to their corners. Sixers marked their charts and practised knots. Brown Owl then instructed them in the three exercises which the Brownies must know to pass their second-class tests. Games followed. Fairy Ring was formed and the "cleaning-up" song sung. The Brownies Squeeze closed the meeting.

In addition to His Excellency the Governor-General (Lord Tweedsmuir), those at the head table at the recent banquet at Ottawa of the Canadian Institute of Mining and Metallurgy included Capt. J. G. Ross, president of the Institute and chairman; the Hon. T. A. Crerar, Minister of Mines; J. Y. Murdoch, president of Noranda Mines, Ltd., Toronto; Hon. Paul Leduc, K.C., Ontario Minister of Mines; W. M. Archibald, of Trail, B.C.; Hon. Michael Dwyer, Minister of Mines for Nova Scotia; Col. G. E. Cole, Director of Mines for Manitoba and president-elect of the Institute; Hon. J. S. McDiarmid, Minister of Mines for Manitoba; Balmer Neilly, Toronto; J. V. N. Dorr, New York; Hon. Charles Stewart, Hon. C. C. Ross, Minister of Mines for Saskatchewan; Major-General A. G. L. McNaughton, A. B. Purvis, Montreal; R. J. Ennis, P. A. Gaby, Jules Timmins, Dr. Charles Cammell, R. A. Bryce, Watson Sellar, Col. C. H. Villiers, J. B. Lynch, J. C. Nicholls, E. W. Garner, E. V. Neelands, G. M. Thomson, J. C. Nicholson, A. E. MacRae, H. C. Grout, N. T. Avard, Allastair Fraser, R. W. Steele, Hugh Park, E. A. Creery, I. M. Marshall, P. W. Gray, C. E. Rodgers, Joseph Errington and E. Wilsow-Spragge.

Stratford Beacon Herald:—"Dienkephalon" is said to be the name of a newly-discovered gland located at the back of the head, which is believed to be the cause of worry. We know nothing about the gland referred to, but if it occurred on Golden avenue in the sheds anything like its name, we can well of the house of Mrs. Hill. Some child-believe it could be a source of worry.

Sketch of New President of the Mining Institute

Geo. E. Cole, for some five years mining inspector in this area and well-known throughout the North, being prominent on account of his connection with the militia, the Canadian Legion, and a number of other worthy causes, has wide circles of friends in the Porcupine district, and these will be interested in the following sketch of his career as given by The Northern Miner:

Institute Head is Capable Miner

"George E. Cole, president-elect of the Canadian Institute of Mining and Metallurgy, has had a long and honorable career in Canadian mining. As operator, teacher and technical expert for government, through thirty years of broad endeavour, he has maintained the same high reputation for industry and honesty. He enlisted in 1915 and served in France with the engineers. In 1930 he was appointed director of mines for the Province of Manitoba, and for six years now he has capably fulfilled the duties of that office.

"Mr. Cole was born at Aylmer, Quebec in 1879 and graduated from McGill University in 1906 with the Bachelor of Science degree on mining. He obtained the Bachelor of Arts degree from the same university in 1902. As a student he worked for the Granby Consolidated company, at Phenix, British Columbia, and after graduation was employed by that company for three years. Returning east, he worked in the Ontario silver districts of Cobalt, Gowganda and Peterson Lake. Later he was with the Canadian Exploration Company at Lazy Lake in Ontario.

"In 1913 Mr. Cole was a member of the staff of instructors at the Halleybury mining school and in 1915 he left the North to enlist in the 159th battalion of the C. E. F. He was later transferred to the engineers and went to

English Spode

Spode China is cherished the world over by lovers of beautiful things. The Billingsley Rose pattern (sketched at the right) relies not only on the delicacy of the hand painted rose spray for its quaint beauty. Its charm is enriched by the exquisitely embossed Arabesque pattern of the mould inspired by the Italian Renaissance. The whole presents a design of rare colouring artistically shaped.

We suggest Spode as a gift of exceedingly fine taste or as a distinguished appointment for your own home.

France with the 3rd tunnelling company. On his return to Canada he was stationed at Halleybury with the D. S. C. R. and in 1920 joined the Ontario Department of Mines as inspector. In that capacity he covered the Sudbury and Porcupine mining districts for eight years. In 1925 he went to Manitoba as chief inspector of mines and in 1930 was appointed director under the Minister of Mines and Natural Resources.

Juvenile thieves at Galt had a unique method of operating until they were caught. One went to the front door of a house offering to sell a magazine, while the other entered the back door and stole.
