North Mayors Hear of Investors' Rights

Noted Toronto Journalist and Economist Says Capital Must Have Security.

An appeal for greater regard of investment rights and a more equitable view of taxation was made by B. K. Sandwell, editor of Saturday Night, Toronto, in an address on Friday before the conference of Northern municipalities being held in Sudbury. Mr. Sandwell spoke at the luncheon meeting.

"Nobody knows who is going to be taxed next," asserted Mr. Sandwell. "The situation leaves the taxpayer in a state of complete uncertainty. We are recovering, but the recovery is slow and it won't speed up till we have one condition which we have not got now, and that is confidence in the people who will make long-term capital investments."

Sudbury, he said, was one of the few places in which that type of financing was going on. Capital was not being invested elsewhere, he said, because of the "dangerous disrespect of money debts" shown by the people.

"It is not the taxes that are imposed

but the taxes which are threatened that discourage investment," he declared. He made a plea for security against "a measure of public dishonesty" and "unknown and impracticable inroads into capital," as the only thing that would encourage returning capital investment.

Mr. Sandwell was introduced to the delegates by George E. Buchanan, K.C., city solicitor of Sudbury, a former college classmate.

Getting Back at Them
Expressing himself as favouring the opportunity of getting back on the municipal speakers, Wm. Sandwell stated that the luncheon was opportune since it was to be addressed by representatives of the press.

"It is time," he declared, "that we got started paying our way as we go. The chief trouble about owing too much as tax collecting bodies is that none of the people from whom we are going to collect the taxes know upon whom we are going to drop next."

"When we can restore the necessary degree of confidence in the equitable treatment of investments we shall find that the price level is due for a very definite and deciding jump," the speaker declared.

Under Handicap
Mr. W. E. Mason, publisher of The Sudbury Star, the next speaker, stated that Northern Ontario was under many

handicaps, among them the word "northern." Sudbury was not "north," he said, but was in the same latitude as Montreal, Ottawa, London, Eng., and south of Winnipeg, Man. This condition was not aided by politicians such as Mr. Hepburn who referred to it as "the sinkhole of the North."

Fifty years ago the cycle was "Go west" and eastern communities were bled of young men. One of the worst advertisements for the North was the picture to be observed from a pullman window, and people did not go beyond that vision to see what the country contained.

At the present time many great corporations are sending their representatives into the North, but they show an amazing lack of knowledge of the North Mr. Mason averred. He charged that it should be the duty of those in the North to break down their lack of knowledge.

Municipal administration, Mr. Mason said, in Northern Ontario was antiquated. Modern methods are going beyond the old system, and the deferred payment plan was the vogue. He advocated a 12-monthly payment plan for taxes to assure that the tax collector would be assured of his collections.

Only One Source of Revenue
New sources of revenue must be discovered for municipalities since the provincial government has taken away all means of taxation except real estate.

In the case of single men and women, he said, turning to the poll tax, that he did not feel that the \$10 charged paid for the services received. "I think it should be more," he said.

"Property to-day," he declared, "was not an asset but a liability, and something must be done."

Turning to relief—a new social cycle—he felt that there was only one thing to do—divide it into employable and unemployable. The former should be put to work and the latter cared for by social service. A definition between the two classes was necessary. Farmers flocked to relief when it began and urban dwellers took to it without compunction.

Marriage Yesterday at Church of the Nativity

Yesterday afternoon at two o'clock in the Church of the Nativity, Father Gabriel performed the ceremony when Joseph E. Vaisi, son of Mr. and Mrs. Dominic Vaisi, was married to Catherine Yolanda, daughter of Mr. and Mrs. Joseph Gorlando. Felix Ciccio and Miss Flora Spadafora were the witnesses.

Missing Kirkland Youth Located by Police at Bay

Last week Chief Wm. Clark of North Bay was able to locate Eddie Phippen, 16 years of age, son of Mr. and Mrs. Phippen, of Kirkland Lake. Eddie had been reported from Kirkland Lake as missing since last Monday. Acting on information from Kirkland Lake, Chief Clark eventually found the boy at the house of his grandmother in North Bay. Young Phippen, with a companion, Patrick Doyle, aged about 16 years, left Kirkland Lake together last week. Phippen told North Bay police that while he went to his grandmother's house, his partner, Doyle, had expressed the intention of "hopping a freight and going West." Young Doyle has not been located up to the time of writing, but the G.P.R. police have been notified and are keeping a sharp look-out for the lad. The C.P.R. police at North Bay have passed the word on to the railway police along the line and all through the West the C.P.R. will be watching for a boy of 16, answering to the description of young Doyle.

Curlers to Prepare for Biggest Season

T. & N. O. Bonspiel Here Next Winter so Local Club Elect Officers Earlier than Usual.

During the curling season of 1936-37, Timmins is to be the scene of the big T. & N. O. Bonspiel when the best curlers of the North gather to play for many trophies and prizes. In these days when curling is growing by leaps and bounds in popularity and every Northern Bonspiel is larger and more enthusiastic than the last, it's no small job making preparations for the meet.

So in order to get things moving right away, the Timmins Curling club is holding its annual meeting this spring instead of in the fall as is more usual. A week from to-night, Monday, May 18th, at 7.30, the curlers of Timmins will meet in the I.O.O.F. hall to elect officers and make arrangements for what will undoubtedly be the best season since the club was formed.

Not only shareholders in the club but associate members as well are requested to be on hand. Officers of the club at present are: G. S. Lowe, president; J. Amm, vice-president; Albert E. Cain, secretary-treasurer; S. R. McCoy, Geo. S. Drew, G. W. Ecclestone, directors.

The past season was successful not only financially but also in the fine curling weather that prevailed until the final break-up. The account for the building of the new roof a couple of years ago has been completely cleared off, as have the taxes that were due the town of Timmins at the time of rendering the last annual report. Six more members took part who own stock, while the associate memberships are up by 18 to make the total number of curlers 160.

Local Girls Lose in Kirkland Lake Game

High School's Basketball Team Put up Good Fight in Second Match.

Although they were defeated 25-13 in Kirkland Lake on Friday night, the girls' basketball team of the Timmins High and Vocational school gave the other high school a real game that kept the spectators interested from beginning to end.

With the score at 19-12 at half time and a fair chance of catching up, the local girls fought hard. They were handicapped in the third period when Nellie Ploplis, guard, was injured and was unable to finish the game. The Kirkland girls had a distinct advantage in reach, since a number of players were much taller than those representing Timmins.

The team that left here Friday noon to return Saturday evening was: Forwards, Annie Lukon, Alice Villeneuve, Lorraine Charron; guards, Nellie Ploplis, Jean Hursley, Frances Romanchuk; spares, Dorothy Yantha, Lillian Nelson, Jean Clemens. Miss Ann Scott accompanied the team as coach. The game was the second in a home-and-home series. Both were won by Kirkland.

North Mayors Urge Completion of Roads

Resolution Brought Before Conference of Mayors at Sudbury Last Week.

Completion of highways now in the course of construction in Northern Ontario, with a view to giving outlet to many municipalities now isolated, was urged in the report of the Road Work Program Committee, at the Northern Ontario Municipal Conference in session in Sudbury last week. Mayor R. M. McMeekin, of Sault Ste. Marie, was chairman of that committee.

The resolution reads, in full: That all connecting links of roads leading from the various municipalities in Northern Ontario be brought to standard; that the following unfinished roads be brought to completion immediately as well as other sections deemed necessary in municipalities not mentioned in this resolution.

Completion of the Chapleau-Blind River road. To complete this road, 14 miles of right-of-way remains to be cut and graded.

Completion of roadway already graded between South Porcupine and the Pamour Mine, on south side of Porcupine Lake.

Completion of road between Sturgeon Falls and Field.

Completion of road in Sault Ste. Marie-Michipicoten areas.

Completion of road from Levigne to Noelville.

Repairs to the Sault-North Bay highway.

This resolution is submitted with two objects in view, namely: To give outlets to municipalities now isolated.

Regular Meeting To-Night of the Ladies' Auxiliary

The regular monthly general meeting of the Ladies' Auxiliary of the Legion will be held to-night (Monday) in the Legion hall. All members attending are asked to kindly bring their dues books for audit. A large attendance of members is earnestly desired, and the bringing of the dues books is also specially requested.

Tennis Club Has Plans for Big Year on Local Courts

Jean Lorraine is President of Enthusiastic Group Controlling Courts at Athletic Grounds. Extend Invitation to New Members.

Plans for a big tennis season in Timmins were talked over at the annual meeting of the Timmins Tennis Club on Friday night when officers were elected. Jean Lorraine is president this year, with Miss Pearl Grant vice-president. Harvey Webb was chosen as secretary-treasurer. Conveners of committees are: tournament, Mac Hurl; entertainment, Mrs. J. Brown; grounds, Jas. Brown; playing captain, Bill Dunn.

Dues are to be the same as last year: \$10 for men and \$5.00 for ladies. The first half is payable by June 1st, with the balance to be in the hands of the treasurer by July 1st.

Hollinger Baseball Club Will Not Operate This Year

Announcement Made This Morning by T. B. L. President Says Mine Club Entry Definitely Withdrawn. Local Interests May Place Team in League.

There will be no Hollinger baseball team in the Temiskaming Baseball League, it was definitely announced this morning by S. C. Platus, league president, who had been informed by Hollinger club representatives. Lack of good available players is said to be the stumbling block upon which efforts to assemble a team here have failed so far.

Although no players are to be imported to the T.B.L. after May 15th, students and some others are excepted from this ruling. It is still possible that local interests will take hold of the situation and place a Timmins team in the competition.

The entry from Iroquois Falls has not yet been registered, though it is understood the situation there looks favourable. Club officials there are to give a definite answer this evening.

SEIZE PUBLIC ENEMY NO. 1

Alvin Karpis, Montreal-born U.S. public enemy No. 1 as he was taken from the automobile in which he was transported from the airport, upon arrival via aeroplane from New Orleans. He was captured by G-men under command of J. Edgar Hoover.

Small Things Can Be So Important!

Like a baby... certainly the most important thing on earth! What a fuss is made over him! Here he is calm and unconcerned, while proud parents and doting relatives call all to witness that this is the most important, the most delightful child that ever was! Coo baby talk to him. Arrange his clothes. Brush his downy hair. Give advice on his feeding, sleeping, clothing, exercises, how to break him of sucking his thumb.

Size doesn't measure importance. Little things can mean a lot. Pennies and nickels and dimes... "small change" some people call them contemptuously... but the wise Timmins housewife doesn't dismiss them so easily. She knows that small change, like small babies, grows fast! She watches for ways to save.

She watches Advance Ads... messages that represent the leading merchants of our district. They bring news of new things that she will want—news of special values on things she needs! Truly a quick, pleasant, easy way to save! And that is why you too cannot afford to miss a single issue of The Porcupine Advance.
