We are agents for the famous Leichman Brand made-to-measure clothing.

## GORDON RUTLEDGE MENS' WEAR

61 FIRST AVE Next to the Mascioli Theatre SCHUMACHER

## Meeting to be Held Next Wednesday at South End

Called to Discuss Health Matters, Particularly Pasteurization of Milk. Mr. Byram, Toronto, D. Pomerleau, of Cochrane and Others to be Present. Other Items of Interest from South Porcupine and the Dome.

South Porcupine, Ont., May 20, 1936. Special to The Advance.

The funeral of little 'Billy' Dickson, the three-year-old boy whose death was announced last week took place on Sunday. In the absence of Dr. Fraser the funeral service was held at the house on Main street and was conducted by the Rev. T. A. Schumacher. Four boys—Nelson Farrell, Keith Bennett, Leonard Batrick and Stewart Reed—all friends of the little fellow—acted as pallbearers, and a large number of friends followed the hearse to the Tisdale cemetery where interment took place. Many floral tributes were sent from friends here and in Haileybury, among them being:—A pillow from "Mamma and Dad," from Uncle Bill and Aunt Bessie and family; Aunt Rose, Uncle Andy, Mary and Ralph;

Mr. and Mrs. J. Johnson and Mary Conley; Mr. and Mrs. Carl Carruthers and Jean; Mr. and Mrs. J. H. Dickson and family; Grandma and family; Norma, Earl and Boys; Mr. and Mrs. A. Bennett and family; Mr. and Mrs. Whaley and Mr. and Mrs. Cooper and families; Mr. and Mrs. H. Hazard and Denzil; Aunt Elizabeth and Shirley; "Clover Barley Women's Institute, Haileybury; Grandma, Uncles and Aunties; Mr. and Mrs. R. Whorley and family; Mr. and Mrs. Jack Whorley and boys.

Mr. Fred Kenning, who is recuperating from his serious illness and has spent the winter in Pembroke, arrived in Connaught on Sunday to spend a few weeks with Mr. and Mrs. D. A. Froot. A meeting is to be held on Wednesday next at 7.30 p.m. (27th) in the township building to discuss the general health of the community and the necessity of pasteurization of all milk sold. Dairymen and others interested are urged to be present as Mr. Byram from the Dept. of Health, Toronto, is going to speak on this subject. Mr. Pomerleau, of Cochrane and Mr. McIntyre, of Kirkland Lake, are also invited to be present and will speak. This meeting is under the auspices of the local Board of Health and Dr. Harper has been instrumental in interesting the council in the necessity of pasteurization of milk to check tuberculosis and other diseases.

We don't know who has been hardy enough to venture first into the cold waters of the lake to swim this spring, but we were told by an eyewitness that a gang of boys had found a pool of water in some rocks on the Springs road and were having a lovely time disporting as fish last Sunday afternoon. Congratulations to Mr. and Mrs. Art Ewing on the birth of a baby daughter in Tisdale hospital on Sunday, May 17. Next Sunday (May 24th) the Rebekahs and Oddfellows will parade to the United Church together for service. They are requested to meet at the Parish hall at 6.30 p.m. and walk over to be in time for the 7 p.m. service. Dr. Fraser will speak on the "Making of the Empire" as it will be Empire Day. Dr. Fraser, who has just returned from two weeks vacation, tells us that while in Kingston he attended a Theological Board meeting, also Convocation at Queen's University. Both have had quite a successful year. The University Registration is larger this year than it has ever been. An honorary degree was conferred on a minister—Rev. A. K. McLeod, of Brighton United Church—who was ordained 51 years ago. He is now Dr. A. K. McLeod, D.D. An L.L.D. degree was given to Mr. Jordan, Inspector of Schools in York Township. We extend sympathy to Mrs. J. Cunningham and Mr. T. Cahill this week upon hearing of the death of their sister, Mrs. Charles O'Hara, in St. Michael's hospital, Toronto, on Saturday. Mrs. Weir visited her mother in Utterson over the week-end. Mr. John Hartly is visiting his sister, Mrs. T. Cahill, from Campbell's Bay. Mrs. Cotnam, of Timmins, is visiting her sisters, Mrs. N. Sullivan and Mrs. C. Kavanagh, for a few days. Don't forget the Firemen's dance at the High School on Friday 22nd. Andy Congiano's orchestra is to be in attendance and a good time is assured. Join the fun with the Firemen. The committee of the Community Club at the Dome is putting on a big whist drive next Tuesday (26th) Lovey prizes are on exhibition in town and a lunch is to be served. A nice time was enjoyed by the Dome Extension ladies on Tuesday night at a bridge club meeting held at the home of Mrs. Jay. Honors went to Mrs. Webb, Mrs. Allen and Mrs. Jay. We are sorry to report the death of Mrs. Helmer's mother—Mrs. Pirie—at Shawville on Sunday. This has been expected since Mrs. Helmer and her brothers were hurriedly summoned a week ago. The news came on Sunday

that she had passed away at 7 p.m. and the same night, Mr. Helmer, his daughter Irene, Mrs. O. Bowes and her husband, with his son, Cecil Helmer, left by car to be present at the funeral which took place on Tuesday at Shawville. Mr. Helmer's mother is also reported as being very ill in the same town.

Mrs. M. Clark accompanied her mother, Mrs. Ferguson, on Monday to Renfrew. Mrs. Ferguson has been visiting here at the home of her daughters, Mrs. Clark and Mrs. Coffey, most of the winter.

We regret to hear that Mrs. J. Jordan, of the Dome Mines is sick with scarlet fever. We wish her a speedy recovery.

Mrs. McCrae, of the Dome, is also on the sick list this week.

The Eastern Star birthday bridge party is to be held in the Masonic hall on Thursday next, May 25th, commencing at 8 p.m. The lunch is to be a feature of this party. Prizes are on exhibition in Cameron's window.

**Police News**  
Two drunks paid \$10 and costs in Tuesday's police court. For not having his brakes in good order a driver paid \$10 and costs. For having beer in a place other than his residence a man paid \$25 and costs.

Another, who was in charge of a car when in an intoxicated condition, after he had been told by police not to drive it—got 10 days without option and his driver's permit cancelled for 30 days.

A charge of reckless driving preferred against a taxi driver resulted in a fine of \$10 and costs and suspension of permit for 7 days. "As this is your livelihood," said the magistrate "I will be lenient and not make it 30 days. He was found guilty of driving on the wrong side of the road when meeting other vehicles.

For driving without a license and after a head-on collision with another fellow (with whom damages had been "fixed-up")—a \$10 fine and costs or ten days was given.

A case of unlawful assault was dismissed. A man was given notice to quit his house as it had been bought by another party. Upon a request being made to enter and see the house (after the months' notice was up) the inmate refused permission. Upon his own statement the buyer then kicked him. This was not borne out by evidence submitted, and it seemed as if the defendant had right on his side. At any rate the case was dismissed.

**Misfortune Strikes But Man Undaunted**  
Kirkland Lake Man Burned in Saving Children from Fire but Still Cheerful and Hopeful.

There is a man in Kirkland Lake who shows the spirit of gallant bravery, courage and cheerfulness under serious hand/cap. He is in the hospital recovering from burns sustained in saving his children when the house he occupied took fire. The house and all its contents were lost, the children getting out in their night clothes only. The man himself has been out of work for some months. Yet he is still cheerful in his hospital bed. "Everything will be all right if I can only land a job when I get out of hospital," he says.

The story is well worth reading in full. Here it is as given in The Northern News of Kirkland Lake on Tuesday:—

**All O.K. if He Can Get Job.**  
His optimism undimmed after a damaging blow to his hopes, when he lost everything in a fire in which he also suffered the painful burns which put him in the hospital, Alfred Olson, 83 Tower street, Kirkland Lake sat up in bed in Kirkland District Hospital on Monday and said "Everything will work out all right if I can land a job when I get out."

Olson, who came to Kirkland from New Liskeard, has been out of work since February, when he was laid off at a local mine but, by careful management, he was able to keep himself and the four children, to whom he is both father and mother, his wife having died four years ago, off the relief rolls.

Last week the woman who has been helping him with the children was away doing other work and he "made out" by himself with the four who range in age from five to ten years.

**Gave Kiddies a Bath**  
"Saturday night I gave them all a bath," he said, "and laid out their clothes for Sunday school. We were going to sleep in a little late on Sunday morning and that's how it was when the fire came they were in their night clothes."

The blaze, which was first noticed at 9 o'clock, started in Olson's side of a double house, the other half of which is occupied by Bert Shanks. It was while Mr. Olson sloshed water on the crackling wall board of the ceiling that he was burned by a huge chunk of burning material which struck him on the head.

"My hand was burnt as a clawed the board from my head," he said, "and my foot was scorched when I stamped on the burning material."

**Kiddies Ran Back**  
His chief concern was to get the four children safely out of the flaming kitchen. Terrified by the flames, they made the job harder by running back in for clothes afterwards but he rescued all four.

"We were going to have dinner with the Shankses," he said, "for Mrs. Shanks has been helping me with the children but," and he could laugh as he lay in the hospital bed to which he will be confined for some time, "it all got cooked too soon."

Fire Chief Mathieson who answered the call, said the contents of the Olson home, a structure about 28 by 30, was a 100 per cent loss. In Shanks' side of the double house, where the walls were finished with plaster board, the damage was not so heavy, the fire chief said, although everything was badly scorched. Eight hundred dollars insurance was carried by the Shankses.

Mr. Olson was glad on Monday, when a reporter and the fire chief talked to him, that homes had been found for his children for the time being. The three boys are in a home arranged for by the local branch of the Children's Aid Society and Relief Officer Bill Birnie and a neighbour have kindly offered to look after the little girl while her father recovers.

"When I can get out around I'll get a job," was the comment on Monday of the father, who is a machinist by trade, and who is determined to make things break right for himself and the four children.

**Ankerite Merchant at Toronto Banquet**  
W. E. Thomson One of Those Attending Banquet of Merchants' Association of National Institute for the Blind.

W. E. Thomson, who has successfully carried on a store at the Buffalo-Ankerite Mine for some time past was one of those present at the sixth annual banquet to observe the anniversary of the founding of the Merchants' Association of the Canadian National Institute for the Blind. Mr. Thomson has been a member of the Merchants' Association of the C.N.I.B. for five out of the six years. There were forty-five blind merchants present, only six of the number being from outside Toronto. Mr. Thomson was one of the six and had the distinction of having travelled the farthest to attend the event. The banquet was held at Hunt's Cafe, Toronto, and it was very happy and interesting event.

Ian Grills, president, introduced the guests, who included L. M. Wood, president Canadian National Institute for the Blind; Captain E. A. Baker, managing director, and J. F. Clunk, employment supervisor, under whose auspices most of the "blind" business enterprises were inaugurated. Mr. Clunk told the association, a province-wide organization with 67 members, that their association was the only one of its kind and was attracting world-wide attention.

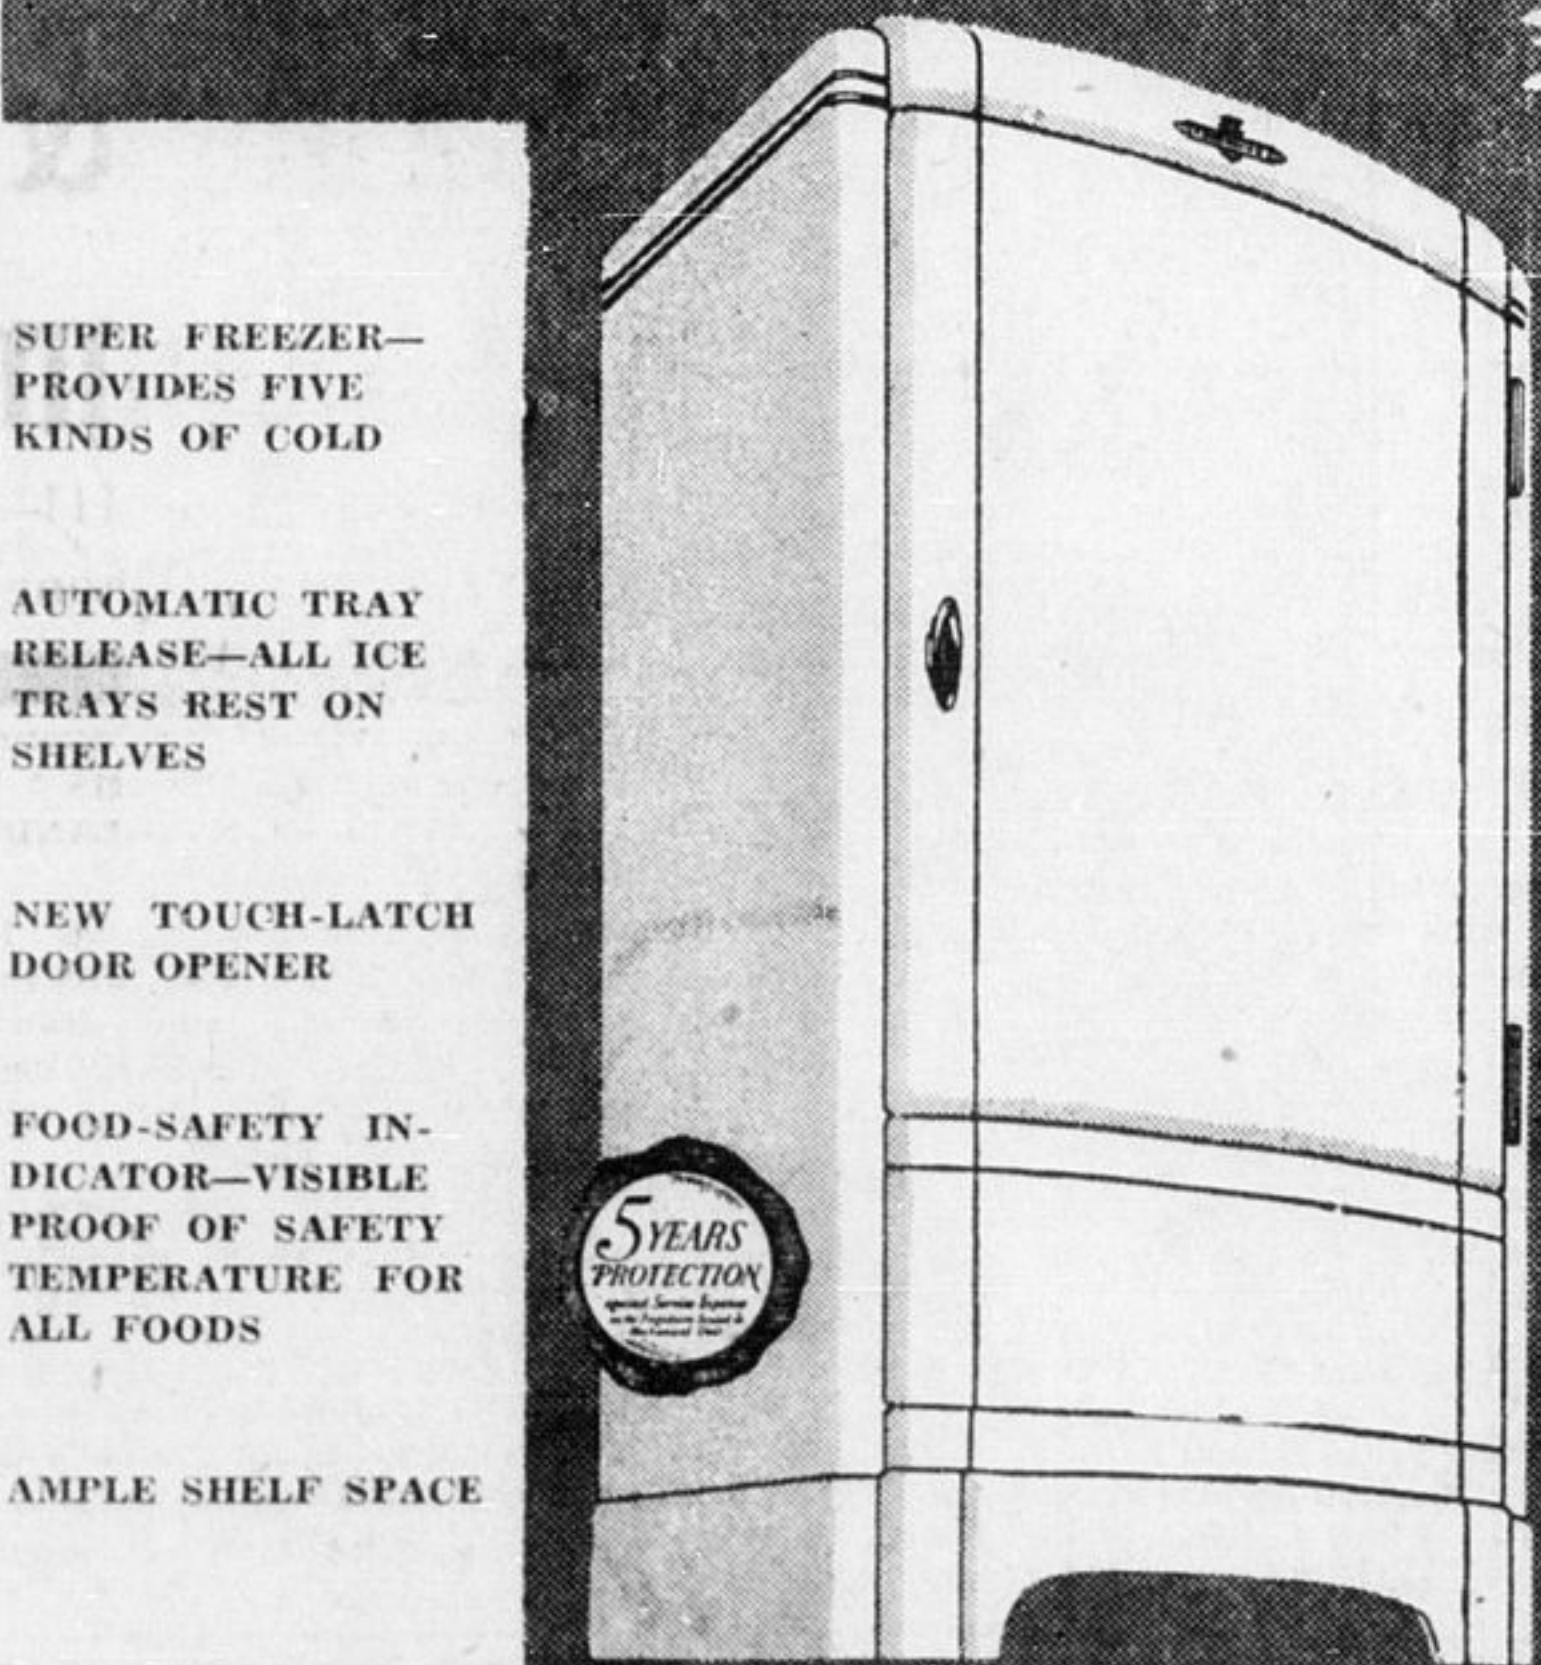

The Merchants' Association of the Canadian National Institute for the Blind includes the seventy-odd merchants who have been able to start in business for themselves under the auspices of the National Institute for the Blind. There were 67 of these in April but this number is now over 70. The latest addition is a man in Sudbury whose story is a remarkable one. Through his own courage and patient industry and the able assistance of the Canadian National Institute for the Blind this Sudbury man has been able to triumph over circumstances and to establish himself in a position where he is able to provide for himself and his family. He is self-supporting and supports his family of five children. Many with far less hand/cap are on relief.

While in Toronto at the banquet Mr. Thomson met D. B. Lawley, field secretary, well known in the North on account of his several visits here. Mr. Lawley expects to be in Timmins on his annual visit in the course of a few weeks. He will be given hearty welcome here by hosts of friends.

The Merchants' Association of the Canadian National Institute for the Blind has not only established the merchants on its list, but it has also established itself. Last year the turnover was well over the hundred thousand mark with a profit of around \$13,000, which looks like excellent business well and skillfully conducted.

St. Louis Star-Times:—The average United States citizen works 70 days a year to earn money with which to pay taxes, direct and indirect. He does this because he loves his Uncle Sam, because he is patriotic, and because, try as he may, he can't figure up any way of getting out of it.

## FRIGIDAIRE WITH THE "METER-MISER"

SUPER FREEZER—PROVIDES FIVE KINDS OF COLD

AUTOMATIC TRAY RELEASE—ALL ICE TRAYS REST ON SHELVES

NEW TOUCH-LATCH DOOR OPENER

FOOD-SAFETY INDICATOR—VISIBLE PROOF OF SAFETY TEMPERATURE FOR ALL FOODS

AMPLE SHELF SPACE

MEETS ALL FIVE STANDARDS FOR REFRIGERATOR BUYING

5-Year Protection Plan

## TERMS AS LOW AS 20c A DAY

The New Frigidaire cuts current costs to the bone—its mechanism comes to you protected against service expense by a remarkable NEW FIVE-YEAR PROTECTION PLAN. The New Frigidaire is positive fast-freezing—is the latest in every detail and is without exception a beautiful modern cabinet design—these are only a few of the sound reasons why you should KNOW ALL ABOUT THE NEW FRIGIDAIRE before you choose any refrigerator.

## "SORRY, HANK, YOU'RE ONE STEP TOO LATE"

Centrefielder Hank Lieber of N.Y. Giants took to the air in an effort to beat the throw on his infield b'ow in the second inning of an inter-borough clash with Brooklyn Dodgers. Buddie Hasset, crack rookie first baseman, pulled in the shortstop's snap throw, however, and Hank was called out while still off the ground.

Sudbury Star:—And now since Italy has conquered Ethiopia, we are waiting the production of the first opera performance at Addis Ababa.

Kitchener Record:—We are willing to wager a cookie that a certain proof-header got an earful the day this appeared in the social columns: "The dinner was attended by forty-eight members."

for whose safety he sustained dangerous burns on Sunday.

"I certainly hope something can be done for him," said Chief Mathieson as he remarked on the way downtown after the interview, on the cheerful way the man, certainly not floored by luck, looks at things.

The Olson children are Alfred, 10; Lillian, nine; Allan, eight and Douglas five.
