Works Held up for Lack of Information

(Continued From Page One)
and Third, 360 feet of eight-inch main, \$522; Cedar street, between Fourth and Fifth, 310 feet of six-inch main, \$1,090; Spruce street, between Fourth and Fifth, 430 feet of 10-inch main, \$1,999; Spruce street, between Fifth and Sixth, 170 feet of six-inch main, \$592.50; 15 hydrants, at \$200 each, \$3,000; work on crossings brings the total to \$10,583.50. Money is to be borrowed on promissory note at 5 1/2 per cent. until debentures are sold. The by-law was read twice and will be read a third time following approval of the Municipal board.

The "alterations and additions" are necessary for fire protection as well as for general purposes, the by-law states.

Ask Debentures for School

Formal application will also be made to the Municipal board to issue debentures for the erection of a public school, to cost, equipped, \$75,000, according to a resolution passed by the council following a request from the school board for such a building. The resolution at first said "for a school in the town of Timmins," but Mayor Bartleman pointed out that it would actually be in the Township of Tisdale, since the site purchased by the public school board from the Hollinger lines outside the boundaries of Timmins. Mr. Gauthier solved the difficulty by suggesting that the word "for" be substituted for "in." That's all right if he doesn't change it for the advice," smiled the mayor.

Ask Authority for Town Hall

A resolution moved by P. H. Laporte and seconded by Dr. Day was to the effect that the town should "proceed with the building of a town hall" in accordance with the wishes expressed by the ratepayers of the town in the vote taken last winter on that question. "This is required so that we can ask permission of the board to issue debentures," Councillor Laporte explained. "It does not commit us to go ahead with the work." The motion passed.

Recommend Asphalt Pavement

Directly after the council meeting, representatives of the Brennan Paving company of Hamilton addressed the members of the council in regard to the proposed paving work in Timmins. They recommended that a three inch surface, similar to that now on the main streets of the town, be laid again. It consists of a mixture of asphalt, sand, and crushed rock or gravel, mixed and laid while hot.

The present gravel streets make a sufficiently strong base to carry the road, the engineers said, and the town could be sure of having a road that would not break down for a long period of time. They believed that that either a flush concrete curb or a raised curb would give a more satisfactory job than finishing the pavement off at the side with gravel.

An account of other council business appears in another column of to-day's Advance.

LOCALS

Keith Ralston was a recent visitor to Noranda.

Howard R. Curry, of Toronto, visited friends in Timmins recently.

Born—to Mr. and Mrs. Real Lortie, on May 17th—a son.

Alex Clark was a visitor to Latchford last week.

Miss Edna Atwell, of Cobalt, was a Timmins visitor for the holiday.

Born—to Mr. and Mrs. Lloyd Hopkins, Connaught, on May 23rd—a daughter (Colleen Mildred).

Mr. and Mrs. Alex G. MacKiven, of Hamilton Ont., were the guests of friends in town over the holiday.

Born—to Mr. and Mrs. Wm. Rochelau, 86 Main avenue, on May 24th—a son.

Miss Evelyn Arnott, of Toronto, was a visitor to friends in Timmins during the holiday.

Born—to Mr. and Mrs. Maurice Cazalon, 11 Kirby avenue, on May 24th—a son.

Born—to Mr. and Mrs. John R. George, 26 Kirby avenue, on May 19th—a son.

Mr. and Mrs. C. Papineau, of Montreal, were visitors to Timmins over the week-end.

Born—to Mr. and Mrs. Jeffrie Colette, 48 Wilson avenue, on May 17th—a daughter.

Mrs. Stella Brown, of Kirkland Lake, was a visitor to Timmins during the holiday.

Born—to Mr. and Mrs. Edgar A. Brown, 172 Cedar street north, on May 25th—a daughter.

Mrs. D. G. Moore and children, of Montreal, visited Timmins friends this week.

Born—to Mr. and Mrs. Ernest Jamieson, 169 Pine street south, on May 21st—a son.

Mrs. L. Pickard left yesterday on her return trip to England, after spending a year visiting relatives in Canada. On her way home Mrs. Pickard will visit friends at Kirkland Lake and Halleybury. Recently she has been the guest of her nephew, F. J. Hornby, Timmins.

The Enghart correspondent of The New Liskeard Speaker last week says: "Mr. and Mrs. Burritt and family left on Monday to take up residence in Timmins."

J. T. Morton of Halleybury was the guest in town over the week-end of Mr. and Mrs. James Morton.

Born—to Mr. and Mrs. Elzcar Labine, 76 Bannerman avenue, on May 22nd—a son.

Mr. and Mrs. Hull, of Halleybury, were guests during the holiday of Mrs. Hull's sister, Mrs. E. M. Condie.

Mrs. L. E. Gordon sails on Saturday on the Empress of Australia for England.

Born—to Mr. and Mrs. Alderie Labelle, 5 Hollinger avenue, on May 20th—a daughter. The child died three days later.

Mrs. D. A. Jones was elected president of the Noranda Mines Ladies' Golf Club, and Mrs. W. B. Boggs, secretary-treasurer.

Fred Dwyer, of Schumacher, returned on Tuesday from a week's holiday in Boston where he was visiting his brother.

Mr. and Mrs. E. Leach and Mrs. Colbert have left Timmins on their way to Lancashire for a holiday. They sail to-morrow from Montreal on the Duchess of Atholl.

Mr. and Mrs. E. Blewett and two children sail from Montreal for Plymouth on the Aurania to-morrow. They will spend a holiday at Camborne, England.

Mr. and Mrs. M. J. Hickey announce the engagement of their second daughter, Kathleen Gertrude, to Frederick Peter Elston, elder son of Mr. and Mrs. Ralph Elston, both of Timmins, the wedding to take place early in June.

Born—to At St. Catharines, Ont., on May 26th, to Mr. and Mrs. E. J. Lynch—a son (Patrick James) Mrs. Lynch was formerly Miss Adrian Chartier, of Timmins, and Mr. E. J. Lynch is the son of J. P. Lynch, of Timmins.

Many friends in Timmins will be pleased to know that Mrs. T. J. McManus of Noranda, who has been ill in Youville hospital, was recovered sufficiently to be able to leave the hospital last week and return to her home where she is making excellent progress to complete recovery.

Among the Timmins and Schumacher students at the University of Toronto who returned this week to their homes in Timmins for the summer vacation are Fordyce Scott, Harold Newton, Jack Lake, Miss Barbara Campbell, Louis Guolla and Jack Marks.

Port Arthur News-Chronicle: In Ontario where trout are protected by law it may be a surprise to learn that elsewhere there is a bounty on the fish. In Alaska the bureau of fisheries pays two and one-half cents for each trout head, even after the fish is eaten. Reason, trout eat salmon eggs.

Sewer Connections May be Compulsory

(Continued From Page One)

Councillor Brunette suggested a fee of \$200 for the first machine and \$10 for each additional. Councillor Laporte suggested that the clerk be asked to write other towns, a course of action that was finally agreed to.

Chief of Police Paul, called to the council board, said he had had his constables try out the machines on different occasions. He had been told that the slugs that came from the machines were valueless but told the council that should the slugs be found to have a value at any time, the machines could be seized as gambling devices.

Cemetery Question Raised

The cemetery problem was again brought to the attention of the council by Ab. Wright, who asked if anything had been done in regard to the recommendations made some time ago by the committee appointed at that time to suggest improvements, in which they included: the establishment of a cemetery board; the securing of a proper deed to the property; and the making of an appropriation for immediate work at the cemetery.

The council agreed once again that something ought to be done about it and this time they appointed Town Clerk H. E. Montgomery and Gordon Gauthier to see what could be done about getting a deed. They did nothing about appointing a board, but will go further into the question at the next meeting.

Mr. Wright told of the highly unsatisfactory conditions that prevail at the place. Plots were of different sizes, walks were being disregarded, bodies were sometimes placed in plots occupied by other bodies, and in one case a child had been buried there by two men in a spot that did not conform even to the haphazard sort of plan being followed by those using the cemetery. Graves varied in depth from four to six feet, he said.

Mayor Bartleman suggested that the board of works be empowered to look after the cemetery, instead of a board but Mr. Wright pointed out that they wanted someone to whom they could go for advice—someone who could devote a considerable amount of time to the job.

May Force Sewer Construction

If the council acts on the recommendation of the board of health, every house in the area bounded by Lake Shore Road, Vimy road, Spruce street, Mountjoy street, First avenue and Seventh avenue, will have to be equipped with a sanitary sewer, by not later than August 1st of this year.

"This should be referred to a private meeting," Councillor Laporte suggested, "so that we may discuss it at length." "There have been a lot of complaints about the situation," said Councillor Cousins, referring to the considerable number of outdoor toilets still in use in the town.

In order to enforce the regulation, the town would have to pass a by-law providing penalties for those who did not conform, the clerk told the council.

Three Grants Made

A donation to the Canadian Legion of an amount equal to their taxes will be made, it was decided. This is the procedure followed in a large number of other towns, the council was told. The amount involved is more than \$400.

A donation of \$30 to the Porcupine District Pipe Band was authorized.

The sum of \$750, the usual amount, will be forwarded to the Cochrane District Children's Aid Society, it was agreed. Financial statements were forwarded to each member of the council and one will be placed on file by the town clerk.

The Canadian National Institute for the Blind was given permission to hold a tag day here on June 13th.

Permission for the Loyal Orange Lodge to hold a church parade here on July 5th was granted and also permission to hold a big parade here on Saturday July 11th, on which day the lodges of the district will gather here in celebration of the "Glorious Twelfth."

Oil will be applied to Timmins streets just as soon as they are dry enough to take it, Councillor Cousins told the council in reply to a question from Councillor Laporte.

"The car is on the siding right now" the chairman of public works said.

Mr. Laporte also complained of the condition of Elm street between Fourth and Fifth avenue where he said there was a heap of odorous rubbish.

Clerks Work on Wednesday

At the opening of the meeting Omer Gauthier came forward asking that the council put teeth into the Wednesday half-holiday by-law by making it necessary for employers either to give their staffs half-holidays or pay them overtime for work done at the time. He represented, Mr. Gauthier said, an organization of retail clerks in town who felt that a large number of stores have been treating their employees unfairly in asking them to work Wednesday afternoons at no extra pay.

"We believe that the half-holiday was granted for the clerks," Mr. Gauthier said, "and they're not getting Wednesday afternoon off."

"I think the clerks should have the holiday?" councillor Caron said, "but the council can't do anything about that."

"I think so myself," said the mayor, "but that's up to the employer. That's one thing with which we have nothing to do with—a man's relation to his employer."

Mr. Gauthier suggested that the council call a meeting of the merchants to see what could be done about it, but the mayor said that had been tried last year and the merchants had split 50-50 and had got nowhere. He also said that he understood there was some new legislation coming down now under which the lot of the clerk would be improved.

"I guess we'll have to take it up with the Federal Department at Ottawa," Mr. Gauthier concluded, and then

swung on to another subject: "The sales garages in Timmins keep open on Sunday. You can buy a car on Sunday but you can't buy a pound of butter. We don't think that's right."

"You might take that up Mr. Caron, will you?" the mayor asked the chairman of the police committee.

"None of them sell cars on Sunday," Mr. Brunette explained. They make the bargains on Sunday but close the deal on Monday. They're closing up on Sundays after June 15th anyway."

League Wants "Recognition"

The Citizens' League wants recognition from council, according to a letter received from C. Caesar as president of the league. The same letter urged that an "outside expert" be engaged to re-organize the departments at the town hall; and that the town provide public conveniences in parts of the municipality.

"Do you wish to deal with this in any way?" asked Mayor Bartleman.

"As a matter of fact all those things are either under way or have been under consideration for some time," said Mr. Laporte.

"I think the clerk should be instructed to reply," was the mayor's opinion.

Mr. Caesar had claimed that a previous letter of the league's to the council had not even been read but the clerk consulted the correspondence, found the letter and the councillors remembered having heard it at the last meeting.

"Write them and thank them for taking such an interest in our work," suggested Mr. Laporte.

"I think they're entitled to a reply giving our stand in each matter," said the mayor.

"What stand?" asked Mr. Caron.

"Well, in regard to the public conveniences, prospects are they will be built very shortly. The new town hall will provide that. They're entitled to ask about these things," the mayor replied.

"It sounds to me as if they're trying to run the town," was Dr. Day's opinion. "We'd have quite a time answering all the questions all the organizations in the town asked, wouldn't we?"

"Tell them to read the newspapers," suggested Mr. Caron. "They'll have the answers."

"We are a growing organization," said a man in the audience, "and we want recognition as such. We want an answer."

"I'm sorry," said the mayor, "but it's been suggested that you read the newspapers and apparently that's all the satisfaction you're going to get from this council."

Wifely Damage at High School

J. M. Belanger, secretary of the High and Vocational School board wrote asking that something be done about destruction at the school. Bricks had been removed from some of the corners, he said, and windows had been smashed. Chief Paul reported that the matter had been attended to after he had placed plainclothesmen in the locality at night for a short time.

Hollinger Consolidated once again appealed its income assessment, but this was referred to the court of revision which sits in the fall.

Permission was granted the McColl-Fontenac company to erect gasoline tanks and pump at 14 Wilson avenue, under the supervision of the town engineer.

Several complaints about sewers were heard. One young man had been charged for sewers under the local improvement scheme when he could not get a sewer into his property on account of the level of the property. Another man wanted to extend a sewer to the rear of his lot but would have to lower it a foot and a half to do so. He wanted the town to help with the lowering. In another case a street connection had been charged for where the connection was actually off the lane, a difference of \$40.

Ask Road to deSantis

The council will forward a resolution to the department of highways at once, asking that the road to the deSantis mine be placed in good condition as soon as possible. A copy of the resolution will be sent to John Rowlandson, M.L.A. for Cochrane north.

Louis Helperin asked permission to erect a sign on the highway near the town's own sign but he was told the whole entrance to the town was to be altered.

A tax complaint was heard from a man who lives across the railway tracks in the south section of the town where there are as yet no improvements. He wanted a rebate.

It was reported that a man in St. Mary's hospital now being maintained by the town owns a considerable amount of property in "the old country." He is to be transferred to St. Vincent's hospital and in the meantime the town will try to collect for his maintenance.

It cost one man more than \$1,000 in a month and a half to learn that Timmins was no place to start another taxi company. He had paid in \$175 in licenses to the town and it was agreed that he should be given back \$150 of it.

A citizen was granted the sum of \$34.50 as half the cost of constructing a cement sidewalk, in accordance with the usual practice.

Volunteer firemen was voted \$136.80, as 90 percent, of the money received from the township of Tisdale for answering alarms in the township adjoining Timmins. Supplies were ordered for the fire department.

Accounts amounting to nearly \$10,000 were ordered paid.

Council activities dealing with proposed public works in the town, will be found in another column of to-day's Advance.

TORONTO MAKES RECORD IN LACK OF ACCIDENTS MAY 24

For the May 24th holiday Toronto made a new and pleasing record, the holiday passing without a single accident of any moment. A few minor accidents were reported, car accidents, fire-cracker affairs, and so on, but nothing worth really mentioning.

Conklin Shows Here Please Good Crowds

Weather Unfavourable but the Shows as Popular as Ever.

Conklin's Shows, playing at Timmins this week under the auspices of the Timmins branch of the Canadian Legion, have been playing to as large crowds as unfavourable weather would permit. The shows will be here for the balance of the week and hope for more favourable weather with the consequent bigger crowds. Conklin's, always popular in Timmins, has a bigger and better show than ever, more thrilling rides and novelties and special features. The aerial act is the special this year.

Ray O'Neill on Visit to Timmins and Porcupine

Ray O'Neill, formerly a well-known resident of the Porcupine Camp, but who has been away from here for some years, came back here last week on a visit. He was greeted by many old friends and acquaintances in the town and district. In recent years he has been in the Nipigon area, but he still has mining and other interests in the Porcupine camp. For some years he was on the staff of the Dome, and served as a councillor for the township of Tisdale. Later he was the Conservative candidate for this riding for the Ontario Legislature, and in 1925 he was elected as member for North Temiskaming at Ottawa, serving in that capacity for a year, but losing in the 1926 Dominion election when Jos. A. Bradette, the present member was first elected. Mr. O'Neill sees remarkable growth in the town of Timmins, indeed in the whole Porcupine camp, since his last visit here, and expresses the belief that still more notable growth and expansion will be seen in the next year or two in this district.

Long-Sight

Children and even some adults hold the reading matter close to the eyes when long-sighted. They do this in order to get a larger image of the print. Examiners who do not know the anatomy and physiology of the eyeball often give these patients short sighted glasses and thus make them worse.

This condition of long-sight is easily determined after the use of medicine in the eyes of children. This medicine relaxes the muscular spasm so that a proper examination can be made.

Eye physicians make a special study of these conditions and according to the highest medical authorities eye physicians only are competent to make these examinations.

Glasses procured for all patients that need them after careful examination at a reasonable cost at

Piles of Firewood Burned Near Connaught Friday

Fire destroyed a number of cords of firewood piled near the highway not far from Connaught on Friday of last week. The cause of the fire is not known, but motorists passing noted the fire and were astonished at the rapidity with which the fire burned, spreading quickly from one pile to another until the several piles of firewood were nothing more valuable than a pile of ashes.
