

High School Athletes Win Championships

Timmins Lads Winners at New Liskeard Meet

Naser Ansara Senior Northern Ontario Schoolboy Champion, Leo Bandiero, Junior Champion is Outstanding Athlete of Big Sports Day.

Timmins high school athletes returned from the Northern Ontario track and field meet at New Liskeard on Saturday with a senior champion in the person of Naser Ansara, who tied with Kostjuk of Cobalt, and a junior champion, Leo Bandiero. Joe Lucciantonio came second in the junior race for points, while Baderski was third in the intermediate total points.

Height—10' 7" Discus—1. Ansara, Timmins; 2. Halouka, Cobalt; 3. Leivo, Timmins. Distance—86' 8 1/4"

Official Visit of O.E.S. Worthy Grand Matron

The Worthy Grand Matron of the Order of the Eastern Star, Mrs. Esther Wilkes, of London, Ont., to Arbutus Chapter, O.E.S., Timmins, will take place to-morrow (Tuesday) evening, June 8th, at 8 p.m., and all members of the Chapter and visiting members of the Order are asked to attend to meet the Worthy Grand Matron of the Order.

To Tell the Story of The McIntyre Mine

General Manager Ennis to Be the Speaker at Meeting of the Local C.I.M.M.

Mining men of the Porcupine will hear one of the most interesting stories of the North on Friday of this week when R. J. Ennis, general manager of the McIntyre Porcupine mines, will tell "The Story of the McIntyre." Mr. Ennis is highly regarded as a speaker and due to his long connection with the mine, will no doubt provide the members of the C.I.M.M. with a good deal of information and entertainment.

The Friday meeting of the Institute will be the closing one of the season's activities and will no doubt be one of the best attended of the year. It is to be held in the dining room of the Empire hotel. Dinner is to be served at 7.30.

The charge for the banquet has, as usual, been made as low as possible.

Death of Matron of South End Hospital

Miss Mary Wenger Passes Away after Illness of Two Weeks.

The death yesterday at South Porcupine of Miss Mary Wenger, matron of the Presbyterian hospital there, removed from the community one of the most dearly beloved citizens of the town. Although she had been ill for the past two weeks, it was hoped daily that she would rally. The end came as a distinct shock to everyone in South End, for Miss Wenger was known as a woman who gave up her life in service to the sick and was a true friend to everyone who entered the hospital.

Miss Wenger had been in South Porcupine nine years, going there from Toronto. For the past eight years she has been matron of the hospital, succeeding Miss Jean Templeton. She was 53 years of age and is survived by her mother in Toronto, a sister and three brothers. A fourth brother died just three months ago. Her sister had been with her for the last few days and will return to Toronto to-day. A special funeral service was to be held to-day by Rev. Archdeacon Woodall at St. Paul's church, following which the body was to be placed on the afternoon train for Toronto. Burial is to be at the old family home at Eaton, Ontario.

Further Changes in Local Police Force

Wm. Harris and Frank Devine Join Timmins Force. Gustave Anderson Resigns

Two new constables took their places on the Timmins police force last week, following a meeting of the police committee.

William Harris, former provincial officer stationed at Niagara Falls, and later of the Toronto force, a returned man, is the tallest man on the local force now, and possibly the tallest man in town. He's a neat six feet five inches.

Frank Devine, formerly of Walkerville police, who also served with the "tunnel police" at the Detroit-Windsor tunnel, received the other appointment. He too is a veteran.

Both men come to the local force highly recommended and after long experience in many parts of Ontario.

On Saturday evening the resignation of Constable Gustave Anderson who has been a member of the force for the past few months, was received, leaving another vacancy to be filled.

I.O.D.E. Make Generous Donation to the Shelter

Last week the Timmins Golden Chapter of the Daughters of the Empire made a very generous and helpful donation to the Children's Shelter. On previous occasions the I.O.D.E. has made similar donations that have been appreciated. Last week's gift to the Shelter was particularly valuable and helpful. It included:—40 yards pillow cotton, 2 dozen wash cloths, 8 pairs socks, 8 pairs golf socks, 20 pairs children's socks.

Portrait of Dr. Byrnes Given to Cobalt Church

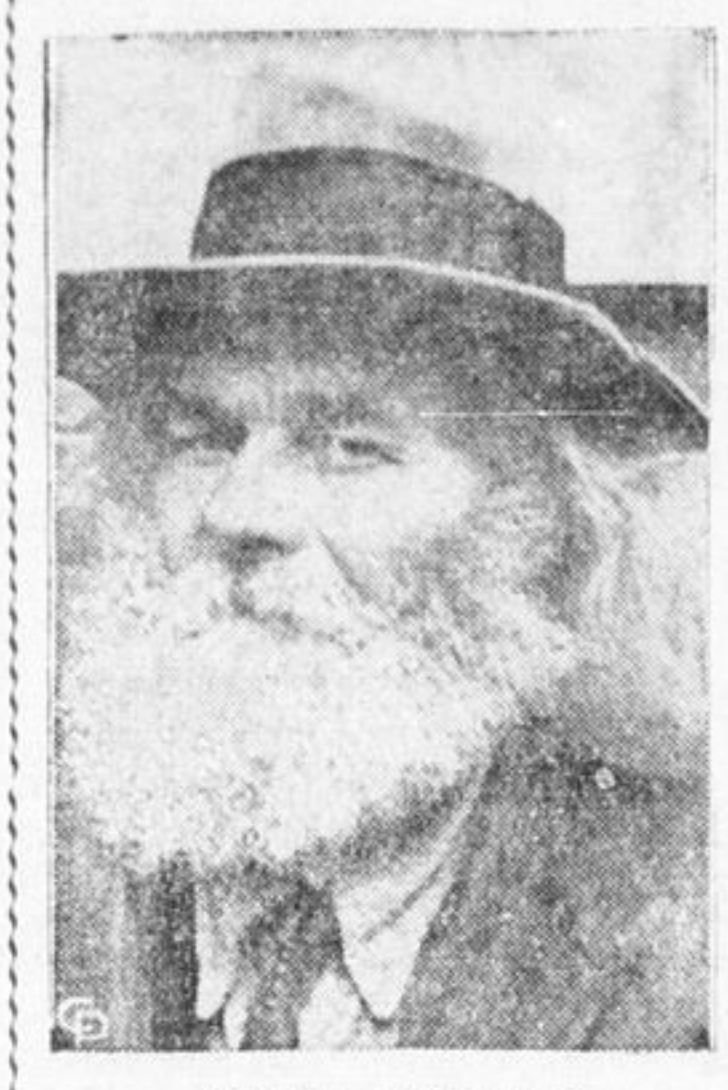

Yesterday presentation was made to the Cobalt United Church of a portrait of the late Rev. Dr. J. D. Byrnes, who was the pastor of the first Presbyterian church in Cobalt. The portrait is presented to the church, now the United Church, by Mrs. P. F. McEwen who was the first public school teacher in Cobalt and who is now one of the few who are left of the first Presbyterian church congregation in that town. The late Rev. Dr. Byrnes, who died last year at Tilsonburg, was for many years superintendent of missions for the Presbyterian church, and later for the United Church, in the North. Timmins Presbyterian Church, formerly Timmins Presbyterian Church, was named "Byrnes Presbyterian Church" in his honour.

Weatherman Thinks Weather to be Warm

Says It's Going to Stay Warm Now for a While. Sky Should be Clear.

This time it's going to stay warm, the weatherman believes. The next few days should find the skies clear most of the time and the possibility of heavy rains at least seems remote. The week-end was another disappointment to those who had planned on leaving town for fishing trips or a holiday at the surrounding summer resorts. Rain on Saturday night and light showers again on Sunday kept the ground damp. Temperatures have been: Thursday, max. 58, min. 40; Friday, max 63, min. 47; Saturday, max. 79, min. 56; Sunday, max. 61, min. 48; last night's minimum 48, eight o'clock this morning 49.

No Hitch to This Hiker

Quebec may be a long way from Vancouver, but distance means little to hard-walking Andre Rousseie, 65-year-old French-Canadian, who wants to witness the coast city's jubilee celebrations. He doesn't remember when he left his home province, but he's been walking ever since, and he refuses rides. Sometimes he goes off the highway just to miss them, he claims. Striking through Regina behind a year's growth of beard, he stopped one day to rest his feet and buy a pair of shoes which he will wear out in a month, according to his own word.

Campaign for C.A.S. Commences To-Day

Big Subscription from the Mines Already Received.

The campaign for funds to continue the good work of the District of Cochrane Children's Aid Society commences this week in town, a canvass to be made of the business places with a door to door canvass of the town to be made in another couple of weeks. The campaign already has a good start. In addition to the \$500 from the McIntyre and the \$200 from the Dome noted last week, the Society has a cheque for \$1000 from the Hollinger, representing the subscription of that mine for last year and this year. In view of the good work being done by the Society for the needy children of the district, the citizens in general is sure to be generous as in the past. The District of Cochrane Children's Aid Society has as its motto—"A fair chance for every child," and its efforts are given to assisting every youngster to an opportunity for the best in life. Sick and crippled children, youngsters whose home conditions are not right, boys who may run into trouble with the law, dependent and neglected children, come in for the attention of the Society. The work speaks for itself. A visit to the Shelter is one way to secure an intimate idea of some of the good work being done. The monthly reports of the superintendent, A. G. Carson, as published in the Advance at the beginning of each month, also indicate the scope and extent of the work.

Over a Hundred Scouts Greet Field Secretary

Notable Meeting of Timmins Boy Scouts on Saturday on Visit of Field Secretary Paddon. Banquet to be Held To-morrow Night, with Field Secretary to Give Address

Story of Shell Oil Heard by 150 Here

N. Y. Knox, General Sales Manager of Shell Oil in Canada Gives Interesting Address.

A hundred and fifty interested men of the Porcupine heard on Thursday night how Shell Oil has, during the past 38 years, risen from the humblest beginning to become the largest oil company in the world. They heard, too, through the medium of a \$50,000 talking film, how the company has invested millions of dollars in revolutionary refineries in order to produce a new lubricating oil.

N. Y. Knox, general sales manager of Shell in Canada, addressed the meeting briefly and told how Marcus Samuel of London, who at one time operated a sort of second-hand store in the city, made the foundation of a fortune through selling little seaside souvenirs boxes on which a large number of shells were stuck. Business was good in that line, so Samuel finally bought a second-hand ship with which to trade in the Dutch East Indies. Return cargoes were shells, used in the manufacture of boxes at a factory employing about 60 girls. A sudden decision to enter the oil business, producing as well as distributing, led to an amalgamation of the Shell company with the Royal Dutch, a small oil producing concern in the East Indies. From then, less than 40 years ago, until now, the company has seen steady progress and distributes in every country in the world—except Russia. The revolution that made the U.S.S.R. left Shell with a loss of \$30,000,000 in properties and \$7,000,000 in cash.

A hundred Timmins Boy Scouts gathered at the Whelpdale rocks on Saturday afternoon when Field Secretary Paddon of Provincial headquarters was the guest of honour. The Scouts were forced to leave their meeting a little earlier than they had expected owing to showers but they did have the campfire and heard from Mr. Paddon a great deal about Scout work and ideals.

This afternoon Mr. Paddon is the guest of Scouts in Dome and South Porcupine.

To-morrow evening, the postponed June meeting of the local association will take the form of a banquet to be held, it is expected at the Green Apple Pie on Fourth Avenue, when the field secretary will be present and will address the Scouts, members of group committees and members of the local association on many matters of importance to the movement in Timmins.

Eleven-year-old Lads Found at Kirkland

Young Boys Set Out from Timmins to See the World. Travelled Hundred Miles. Now Safe Again.

Two Timmins lads, 11 years old, set out to see the world on Saturday. That same day, through the offices of kindly motorists, they had travelled a hundred miles. Frantic parents told the local police about it. Descriptions of the boys were sent out to police up and down the Ferguson highway and in to Iroquois Falls and Kirkland Lake. At eleven o'clock last night, police in Kirkland Lake sent word that they had found the lads there, and the parents immediately set out to bring their sons home.

Both the local police and the parents of the boys commended the cooperation received from the Kirkland Lake police department.

NORTH BAY TO OPEN THE INFORMATION BUREAU SOON

The North Bay board of trade's information bureau for tourists will open in the Noel block, Main street east, on June 15th, it was announced at North Bay last week.

Councillor Offered Brewery Managership

J. E. Brunette May Succeed W. F. McLarney in Charge of Local Gold Belt Brewery. Has Not Yet Decided to Accept. Will Continue to Serve as Member of Town Council

When Councillor J. E. Brunette was asked this morning in regard to a report that he would be the new manager of the Gold Belt Brewery, Timmins, in succession to W. F. McLarney, who has held that position for several months, Mr. Brunette said that the position was open and he had been suggested for the place but had not yet made a decision in the matter. He added that the question would likely be settled this week after the visit here of representatives of the brewery for which he is now agent for Timmins and district. In reply to a question as to whether the time taken by his new duties would interfere with his work on the council, Councillor Brunette said that if he accepted the place as manager of the Gold Belt Brewery it would make no difference to his service to the people as town councillor, as he would continue the duties of that office as heretofore.

Report to Lions on Recent Convention

Dr. Ray Hughes Gives Brief Review of North Bay Event. Officers of Timmins Lions for Year.

Elections in those offices not filled by acclamation at the nomination meeting of the Lions Club a short time ago were held at the Thursday night meeting at the Legion hall. Those who will direct the club's affairs during the coming year are: President, Dr. O. J. Stahl; first vice-president, William King; second vice-president, Dr. Ray Hughes; third vice-president, Dr. J. M. Kelly; secretary, Charles Yates; treasurer, Alex. Allen; directors elected for two years, Dr. Norman Russell, William Wren; directors whose term has still a year to run, William McDermott, Fred Stock; tall twister, Fred Wolno; Lion Tamer, Chas. Brown.

Dr. Hughes spoke briefly on the North Bay convention and introduced President F. H. V. Ball as Deputy District Governor of Lions in Northern Ontario.

A new member, Alan Cole, was welcomed to the club.

Miss Annie Laronde, who has been visiting her sister, Mrs. T. J. Lawlor in town recently, left this week to return to her home in Sudbury. She is visiting friends in Haileybury on the return journey.

PLANE WHICH CRASHED IN QUEBEC KILLING SEVEN

This is the big monoplane that crashed 150 miles north of Rouyn when seven men were killed recently. Wils Clarke, general manager of General Airways, is shown at left in the foreground. George Millham, mechanic-pilot, is standing alone to the right of the group. To the right of Clarke is Clare Severt, Timmins young man, who was killed at the McIntyre mine a few months ago. Severt and Jack Henslow, of Detroit, flew with Clarke and Millham last summer from Moosonee to the Eastman River, on the east shore of James Bay, where Henslow took this picture. The remainder of the group are Indians who came down to the landing to welcome the aeroplane.
